Each student should become familiar with policies, regulations, and instructions as stated in this catalog. Counselors, advisers, and other personnel are willing to assist students in planning programs of study and to aid them in other phases of college life. HOWEVER, THE FINAL RESPONSIBILITY FOR MEETING REQUIREMENTS FOR GRADUATION AND ADHERING TO OTHER ACADEMIC REGULATIONS RESTS WITH THE STUDENT.

Northwest Mississippi Community College reserves the right to amend, revise, delete, and/or waive any policy or procedure when deemed necessary to comply with federal, state, and local enactment which may have become effective since the publication of the policies.

Northwest Mississippi Community College further reserves the right to amend, revise, delete, change, or substitute any policy or procedure contained herein for any reason. The College further reserves the right to change the fees, rules, and calendar regulating admission, registration, instruction, and graduation from the College and to change any other regulation affecting the student body. Changes become effective when approved by the administration of the school and generally disseminated to the students by publication or other similar manner. Changes apply not only to prospective students but also to those who are already matriculated in the College.

In compliance with Title IV, of the Civil Rights Act of 1964; Title IX, Education Amendments of 1972; the Americans With Disabilities Act of 1990; Title II of the Age Discrimination Act and Section 504, Rehabilitation Act of 1973; Northwest Mississippi Community College makes available its curricular and extracurricular programs and its facilities to every qualified person regardless of race, sex, color, creed, national origin, or disability. Northwest Mississippi Community College complies with all applicable laws regarding affirmative action and equal opportunity in all its activities and programs and does not discriminate against anyone protected by law because of age, creed, color, national origin, race, religion, sex, disability, or status as a veteran or disabled veteran. Further information is available on page 28 of this Bulletin.

**Safety Statement**

The safety and security of students, faculty, and staff is very important to Northwest Mississippi Community College. A copy of the Annual Security Report, published annually by the Campus Police Department, details Northwest policies and procedures regarding campus safety. A copy of the report, which contains the annual crime statistics report, is available on page 283 of this Bulletin and upon request from the Campus Police Office (662-562-3314). The Annual Security Report is published in compliance with all applicable federal laws regarding campus safety and security.

The most current version of the Bulletin is available on the Northwest website at www.northwestms.edu.

Dr. Gary Lee Spears

Dr. Gary Lee Spears is serving as the college's eighth president. Under his leadership, the main campus has seen a transformation with the construction of new academic and career-technical buildings and beautification of green and common areas. As head of the state's third-largest community college, Dr. Spears leads support of the college's mission of providing students with a quality educational experience at an affordable cost while meeting the needs of the local community.
History

Northwest Mississippi Community College has its roots in the system of agricultural schools which were set up throughout this rural state in the early years of the 20th century. First organized as Tate County Agricultural High School in 1915, the school began to offer college level classes in the fall of 1926. With encouragement from the State Department of Education and leadership from Porter Walker Berry, who became the college's first president, this initial endeavor proved to be successful. Two years later Quitman County pledged its support for the expanded class offerings. Meanwhile the Mississippi Junior College Commission urged school officials to convert the established classes into a complete two-year program. As a result in the fall of 1928 a fully-sanctioned junior college, later named Northwest Mississippi Junior College and accredited by the Mississippi Junior College Accrediting Association, opened its doors to 59 students.

Like all public institutions Northwest has been influenced by the political and economic climate in the state. When the Great Depression struck Mississippi with particular virulence, students were allowed to pay for their board by donating garden and farm products to the dining hall, while the government's public works program provided funds to supplement the school's budget. During World War II an accelerated program was introduced to allow young men to complete their educations quickly so that they could join the war effort. As returning veterans enrolled in large numbers after the war, the curriculum was expanded to fit their needs, and new buildings were constructed from government surplus materials.

Throughout this time the course offerings, the physical facilities, and the extracurricular activities of the school were growing. By the end of its third decade of operation the curriculum had expanded from a basic program of liberal arts and agriculture to include science, art, and journalism in addition to a variety of vocational-technical courses. The original three buildings had been supplemented with a cafeteria, additional dormitory and classroom space, sports and recreational facilities, and acreage for a model farm. In 1953 the Southern Association of Colleges and Schools commended Northwest as a "bargain in educational facilities" and granted the college its coveted accreditation. During the next few years the college continued to prove that it deserved this honor by broadening its capacity to serve the needs of the 11-county district it had grown to encompass. A bus route began to provide free transportation for commuters, while night classes and off-campus courses offered extended educational services. Recent innovations include accelerated classes and non-traditional scheduling to accommodate adults, as well as short non-credit courses of interest to all ages. Northwest's first distance learning programs were offered on the Internet in the spring of 1999.

Today Northwest serves students at four campuses: the main campus in Senatobia, DeSoto Center at Southaven and Olive Branch, and Lafayette-Yalobusha Technical Center at Oxford. Yet after nine decades of growth and in the school's eighth administration, the mission of Northwest remains true to the vision of its founders. Northwest strives today, as it did in 1926, to bring higher education closer to the people as it serves the academic, employment, physical, cultural, and special needs of the citizens of northwest Mississippi.

—Lucie R. Bridgforth
Accreditation

Northwest Mississippi Community College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award the Associate of Arts degree, the Associate of Applied Science degree, and certificates in career education. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, GA, 30033-4097, or call (404) 679-4500 for questions about the accreditation of Northwest Mississippi Community College. The College was initially accredited by the Mississippi Junior College Accrediting Association in 1928 and by the Southern Association of Colleges and Schools in December 1953. The latest reaffirmation of the SACSCOC accreditation was in 2007. The college is also a member of the American Association of Community Colleges.

The Associate Degree Nursing program was initially accredited by the National League for Nursing in 1978 and has maintained that accreditation. The program is currently accredited by the Accreditation Commission for Education in Nursing (ACEN) located at 3343 Peachtree Road NE, Suite 850, Atlanta, Georgia 30326 (phone number 404-975-5000) (www.acenursing.org) and the Board of Trustees of State Institutions of Higher Learning, State of Mississippi located at 3825 Ridgewood Road, Jackson, MS 39211-6453 (phone number 601-432-6198, www.ihl.state.ms.us).

The Automotive Technology program and the Chrysler Mopar CAP program are each MASTER accredited by NATEF, the National Automotive Technicians Education Foundation.

The Aviation Maintenance Technology program is accredited by the Federal Aviation Administration (FAA).

The Cosmetology program is accredited by the Cosmetology Board of the State of Mississippi.

The Practical Nursing program is accredited through the State Department of Education, Career-Technical Division, The National Association for Practical Nurse Education and Services, Inc. (NAPNES), National Federation for Licensing Practical Nursing Corp. (NFPNA), and the Mississippi Licensing for Practical Nursing Association (MLPNA).

The Respiratory Therapy program on the DeSoto Center campus in Southaven is accredited through the State Department of Education and holds national accreditation by the Commission on Accreditation for Respiratory Care (www.coarc.com), 1248 Harwood Road, Bedford, Texas, 76021-4244: Telephone number 817-283-2835.

The Emergency Medical Technology-Paramedic program is sanctioned by the Mississippi State Board of Health, Division of EMS, the State Department of Education, and the Committee on Accreditation of Educational Programs for the EMS Professions. The program meets or exceeds those standards established by the National Highway Traffic Safety Administration/U.S. Department of Transportation.

The Heating, Air Conditioning and Refrigeration Technology program has met the instruction, curriculum, student, faculty and facility standards set forth by the Partnership for Air-Conditioning, Heating, Refrigeration Accreditation (PAHRA). PAHRA's programmatic accreditation certifies that the following training areas have been evaluated: Residential Air Conditioning and Heating.

Except for the credits in some technical, career, and foundation courses, freshman and sophomore credits earned at Northwest Mississippi Community College may be transferred to any other college or university and applied toward an academic degree.
Mission of Northwest Mississippi Community College

The mission of Northwest Mississippi Community College is to provide the students of its eleven-county district and beyond with opportunities for obtaining affordable quality education to meet their diverse needs. The comprehensive community and technical college offers students educational experiences through traditional campus-based and distance learning opportunities. Northwest is committed to achieving the following goals: to promote excellence in educational programs; to maintain quality educational support services; to continue responsive administrative processes; to ensure efficient use of financial and physical resources; and to assure institutional effectiveness.

Northwest Mississippi Community College meets the educational, employment, career, cultural, and special needs of its students and the community through the offering of:

- Academic and career technical curricula leading to certificates, diplomas, and associate degrees;
- University-parallel courses and programs meeting requirements of the first two years of a baccalaureate degree;
- Workforce Development training designed to meet current and future workforce needs in business and industry;
- A comprehensive program of remedial and developmental education;
- Continuing education and service programs for the community;
- Student support through tutoring, guidance, counseling, career information and placement; and,
- Services including library services, cultural and enrichment opportunities, information technology services, and extracurricular activities for students and the community.

General Education Outcomes

In keeping with the National Educators Association’s recommendations for the skills needed for the 21st century, the College’s general education curriculum focuses on the “Four C’s”: critical thinking, communication, collaboration, and creativity. Northwest believes these skills are necessary for a successful transition from high school to a four-year university, as well as success in the work place.

- **Critical Thinking:** Students will use critical thinking to analyze evidence and solve problems.
  Learning Outcomes:
  - Students will demonstrate an understanding of the basic principles, concepts, discovery process, power, and limitations of the life and/or physical sciences. (Natural Science)
  - Students will apply arithmetical, algebraic, and/or statistical methods to solve problems. (Math)

- **Communication:** Students will articulate thoughts and ideas effectively in written and oral form, in a variety of contexts.
  Learning Outcomes:
  - Students will deliver an oral presentation that uses appropriate research, as well as credible and appropriate supporting evidence. (Public Speaking)
  - Students will write compositions containing a focused thesis supported by a logical sequence of well-developed paragraphs. (English Composition)
• Students will organize, manage, query and present information, using contemporary software applications such as spreadsheets, word processing, and electronic presentation software. (Computer Skills)

• Collaboration: Students will gain an awareness of the common human experience by acquiring a knowledge and understanding of that experience, both individually and collectively, in the context of time, space, and culture.

Learning Outcome:
• Students in history classes will describe major ideas, forces, events, and people that have shaped American history in the context of time, space, and culture. (Social Science)

• Creativity: Students will understand and appropriately apply modes of expression—descriptive, expositive, narrative, and self-expression—in written, visual, and/or oral communication, and respond critically to such works.

Learning Outcome:
• Students will describe the formal elements of the fine art(s), and develop an awareness of both the values and functions of works within their historical and/or social contexts. (Fine Arts)

Northwest Campuses

DeSoto Center-Southaven

After receiving numerous requests from area citizens to do so, the governing authorities of Northwest Mississippi Community College, under the guidance of President Henry B. Koon, decided in 1974 to consider establishing an attendance center in DeSoto County. After much study, it was concluded that in this demographically dynamic area a facility such as DeSoto Center would enhance Northwest. DeSoto Center opened in 1975.

In 1990, by a directive from the Board of Trustees, DeSoto Center was dedicated to the late President Koon.

In August 1995, a new $7.3 million facility was completed on Church Road, approximately four miles south of the former DeSoto Center campus. The 94,000-square-foot structure, financed through the efforts of the taxpayers of DeSoto County, is situated on a beautiful 48.5-acre site. This site, donated by the W.E. Ross family, offers the college opportunities to expand as DeSoto County continues to grow.

The architectural design of the two-and-one-half story facility is post-modern with early Wrightian influences. The focal point of the building is a glass and steel tower that forms the atrium and commons. A closed-circuit TV system provides security for the building and parking lots.

With the opening of a 47,000 square foot addition in 2005 and completion of the unfinished basement, the facility now totals 154,885 square feet.

College Parallel Programs

Students at DeSoto Center can take the courses needed for the majority of the pathways for academic transfer offered by the College. All of the courses required in the core curriculum are offered at the Center. In addition, courses for the first two years of the four-year degree offered through the 2+2 Program with the University of Mississippi-DeSoto are available in the following areas: Accountancy, Business Administration, Education, Criminal Justice and General Studies.
Two-Plus-Two Program

For students planning a two- or four-year degree, Northwest Mississippi Community College and The University of Mississippi act as educational partners with a two-plus-two program. Northwest offers the first two years of the college academic program, and UM provides the third and fourth years, along with graduate study. The Associate of Arts degree is awarded by Northwest, while the University grants baccalaureate degrees in Business (Management: HR, Marketing, Managerial Finance, & MIS), Liberal Studies, Education (Elementary Education), Accountancy, General Studies, Journalism (Integrated Marketing Communications), Social Work, Paralegal Studies and Criminal Justice (Law Enforcement, Corrections, & Homeland Security). Master’s degrees are offered in Education (Curriculum & Instruction-Elementary and K-12 Administration), Accountancy, Criminal Justice, and Journalism (Integrated Marketing Communications).

Technical Programs

DeSoto Center/Southaven offers the following technical programs: Accounting Technology, Business Management Technology, Cardiovascular Technology, Funeral Service Technology, Hotel and Restaurant Management Technology, Business and Marketing Management Technology, Medical Office Technology, Computer Technology, Administrative Office Technology, Respiratory Therapy, and two career programs, Practical Nursing and EMT-Basic.

DeSoto Center-Olive Branch

In an effort to meet the training needs of the citizens of DeSoto County and surrounding areas, a vocational-technical off-campus site was established in the Olive Branch Metro Industrial Park. The site officially opened in the fall of 1985. DeSoto Center-Olive Branch offers an Aviation Maintenance Technology degree program and a Commercial Truck Driving course.

Lafayette-Yalobusha Technical Center

The Lafayette Yalobusha Technical Center opened in the fall of 1983. The original 25,000-square-foot building was located on seven acres in the city of Oxford. An additional 11 acres of land was purchased for a 31,000-square-foot expansion completed in the fall of 2002. A complete renovation of the original building was completed in 2005 and included an addition for Physical Plant operations and incorporated a truck dock. The third addition to the complex, completed in 2009 adds 11,000 square feet for expansion and relocation of the Cosmetology program, additional classrooms, computer lab and faculty offices. The current facility has wireless capabilities throughout, sits on 17.6 acres and totals 69,000 square feet.

College Parallel Programs

Students at Lafayette-Yalobusha Technical Center can take the courses needed for the majority of the pathways for academic transfer offered by the College. All of the courses required in the core curriculum are offered at the Center.

Technical Programs

Lafayette-Yalobusha Technical Center offers Administrative Office Technology, Medical Office Technology, Business Management Technology, Cosmetology, Health Care Assistant, Practical Nursing, Paralegal Technology and Surgical Technology.
The Main Campus
Fifty-six buildings totaling 1,068,000 square feet are scattered over 190 acres. Facilities have expanded from three original buildings to a sprawling network of buildings in a pedestrian-friendly college campus environment.

Buildings and Grounds
The campus is accented with landscaped areas and flowering beds. A focal point at the Student Union is the pedestrian mall featuring brick benches, trees, and flower beds. There are numerous athletic facilities for both intercollegiate competition and intramurals and recreation. Areas are provided for baseball, football, basketball, tennis, softball, sand volleyball and soccer.

The James P. McCormick Administration Building, one of the original buildings on the campus named for the former Dean of Students, is the familiar landmark of Northwest Mississippi Community College. In it are the offices of the President, Vice President of Education, Dean of Career, Technical and Workforce Education, the Business Office, Personnel Office, Office of Institutional Research and Effectiveness, Computer Center, and the Foundation & Alumni Office. Built in 1915, this facility once served as the primary classroom building for Tate County Agricultural High School. In 1993 the building was designated a Mississippi Landmark by the Permit Committee of the Board of Trustees of the Mississippi Department of Archives and History. In 2009 a preservation and renovation project of the entire building was completed and included a two-story addition with a public elevator and ADA-compliant restrooms.

McLendon Center, named for former President Reese D. McLendon (1953-1974), is home to the Student Union and Physical Education facilities. Built in 1969, the 86,500-square-foot facility is the hub of student and community activities. In it are conference and meeting rooms, a fitness center, gymnasium, Pilates and multi-dance studios, an open student computer lab, and small group study rooms. Offices for Campus Police, SSS TRIO Academic Program-TAP, Help Desk, Math Lab, Writing Center, Intramurals, Telecommunications and Network Support are located in the Union. The Commons, completed in 1988, houses the campus Post Office and Ranger Bookstore. McLendon Center was extensively renovated in 2012, including the addition of a second gymnasium and athletic weightlifting facility.

The David M. Haraway Center opened in 2005 and is named in honor of Dr. David M. Haraway, the seventh President of Northwest. This 42,000-square-foot facility houses a student cafeteria that serves resident and commuter students. The Center also houses the Board of Trustees suite and meeting and banquet rooms available for college and community use.

Multipurpose Livestock Facility, located on the Northwest Farm, was completed in the winter of 1999. The 43,000-square-foot building is used for college and community activities including livestock competitions, agriculture expositions, and rodeo-type entertainment. The facility includes space for the Northwest Rodeo Team office, meeting room, and storage.

The Fine Arts Auditorium, originally built in 1957, underwent an extensive renovation in 2002-2003. While the exterior facade has been transformed to resemble Grecian architecture, interior improvements include the addition of a 103-seat balcony, new seating, lighting and sound enhancements, improvements to the stage and mechanical functions, and the addition of an atrium with balcony area for small performances in the lobby. Adjoining the Fine Arts Building, the 407-seat auditio-
rrium is used extensively for assemblies of various kinds and for dramatic and musical productions.

**Football Field House Facility**, completed in the spring of 2017, is designed for the intercollegiate Ranger football program. The 24,500-square-foot building includes coaches offices, team meeting rooms, weight lifting facility, home and visitor dressing rooms, equipment storage and laundry facilities, as well as an expanded training clinic serving all Northwest athletes.

**Howard Coliseum**, completed in 1974, is named in honor of Mrs. Willie Abbay Howard, former member of the college Board of Trustees (1948-1977). This 3,200-seat multipurpose facility is the home of the Ranger and Lady Ranger basketball teams. The Coliseum also houses athletic department offices, Sports Hall of Fame room, dressing rooms, training room, and equipment room. In 2009 the arena was renovated for ADA compliance.

**Recreational Outdoor Complex (the ROC)**, completed in 2011, includes eight tennis courts, four basketball courts, two volleyball courts and public restroom facilities. All sports areas are provided with exterior lighting for play after dark. Health, P.E., and recreation classes are held here.

**Physical Plant Building**, located in the northwest corner of the campus, was completed in the spring of 1976. The 28,000-square-foot facility houses offices, trade shops, and warehouses. A new warehouse building was added in 2010.

**Tate Hall**, is located at the east campus entrance. The original residence building (c. 1915) was demolished to allow for a new multiservice facility. Reconstruction of this building on its original site was completed in 2013. This facility houses the Student Development Center and Counseling Services, the offices of the Vice President for Student Services, Campus Life and Housing, and the Division of eLearning. Computer labs for the Learning Resource Center are located on the first floor adjoining the library at the south entrance.

**Taylor Fore Transportation Center**, named for a former Northwest transportation employee, was completed in 1978. The 8,400-square-foot facility, located southwest of the Physical Plant Building, houses maintenance and repair areas for the college fleet.

**The WIN Job Center** is one of four full-time centers operated by the college. The two-story facility, completed in 2002, houses offices, conference rooms, and a resource center for the federal WIOA program participants for job searching and resumes.

**The Workforce Development and Community Services Building** is located on the north side of the campus. The 5,000-square-foot facility houses the offices of the Director of ABE, ABE Lead Instructor, ABE Transition Coordinator, and an assessment center for High School Equivalency and ACT WorkKeys.

**Yalobusha Hall**, completed in the winter of 2000, sits on the site of the old Yalobusha dormitory. Architectural elements of the old building were borrowed into the design including window style and placement, roof style, and federal-style porches. A variety of student needs are accommodated here in the offices of Recruiting, Admissions and Records, Financial Aid, Associate Vice President for Education and Communications and Student Publications.

**Housing Facilities**

**Benton Hall**, completed in 1971 as a three building apartment complex, was converted in 1989 to a women’s residence hall. The completely furnished facility houses 78 stu-
dents. The student apartments have mini kitchens, living rooms, bedrooms and baths. Cable TV connections and wireless Internet are provided as well. Laundry facilities are located on site in a separate building.

**Bobo Hall**, built in 1965 was named for Estelle H. Bobo, who served the college from 1937 to 1965 in many capacities, including dean of Women and supervisor of Housekeeping. The two story women’s residence has a capacity for 68 students, featuring two bedroom suites with spacious bathroom accommodations between rooms. Each student has a study desk, built in bed, and closet with drawers and storage. Each room is equipped with climate controlled thermostats, cable TV connections and wireless Internet. Laundry and snack vending is located on the first floor and a student lounge on the second floor. The building was completely renovated in 1996 and recently upgraded for energy efficiency in the spring of 2014. These upgrades include accessible bedroom suites, fire protection, heating and air efficiencies, LED lighting, controlled/monitored access and video surveillance for enhanced security.

**DeSoto Hall**, built in 1968, was renovated in 1999 and converted from faculty housing to student residences, housing 59 students. The four building courtyard complex is comprised of two buildings housing male students, and two buildings housing female students in apartment-style accommodations. Standard apartments include a mini kitchen, living room, two bedrooms, one full bath, and are equipped with a washer/dryer. Cable TV connections and wireless Internet are provided as well. Deluxe apartments are similarly equipped with the addition of a study lounge and an additional half bath. The complex features an enclosed courtyard and is monitored by video surveillance.

**Gainey Hall** was built in 1966. Named for Andrew G. Gainey, first president of Tate County Agricultural High School, the two story men’s residence is home for 90 students. The facility features two bedroom suites with bathroom accommodations between rooms. Each student has a study desk, built in bed, and closet with drawers and storage. Each room is equipped with climate controlled thermostats, cable TV connections and wireless Internet. Laundry and snack vending is located on the first floor and a quiet study lounge on the second floor. The building was completely renovated in 1995 and recently upgraded for energy efficiency in the spring of 2014. These upgrades include accessible bedroom suites, fire protection, heating and air efficiencies, LED lighting, controlled/monitored access and video surveillance for enhanced security.

**Marshall Hall**, completed in fall 2003, houses 160 students. Four buildings house students in apartment-style accommodations equipped with a mini kitchen, living room, two bedrooms, one full bath, and a washer/dryer. Cable TV connections and wireless Internet are provided as well. This complex features a central office/lounge area, ample parking, and is monitored by video surveillance and smoke detection.

**Panola Hall**, completed in 1974 and completely renovated in 2004, houses approximately 84 female students. Suites have three bedrooms, a large bathroom, and a common hallway with outside access. Climate controlled thermostats, cable TV connections and wireless Internet are provided in each bedroom. A lounge, vending area with microwave, and laundry facilities are located on the first floor. Safety and security features include fire alarms, video surveillance, and a controlled/monitored access system into each suite.

**Quitman Hall**, a three story residence hall housing 260 men, was built in 1968 and completely renovated in 1991. Bedrooms have built-in beds, chests, study desks and
closets. Each room is equipped with climate controlled thermostats, cable TV connections and wireless internet. Laundry and snack vending is located on the first floor with additional laundry facilities on the third floor. The building was upgraded for energy efficiency in the spring of 2015. These upgrades include accessible bedroom suites, fire protection, heating and air efficiencies, LED lighting, controlled/monitored access and video surveillance for enhanced security.

**Tallahatchie Hall**, completed in 1973, was renovated in 1990. Three buildings accommodate 96 male students. Each apartment has a mini kitchen, living room, two bedrooms and one full bath. Cable TV connections and wireless Internet are provided. Laundry facilities are located on site in a separate building.

**Taylor Hall**, named for former Board of Trustees member Mrs. W.S. Taylor, is a three-story residence hall for 174 women built in 1968 and completely renovated in 1994. Bedrooms have built-in beds, chests, study desks, and closets. Each room is equipped with climate controlled thermostats, cable TV connections, and wireless internet. The building was upgraded for energy efficiency in the spring of 2016. These upgrades include accessible bedroom suites, fire protection, heating and air efficiencies, LED lighting, controlled/monitored access and video surveillance for enhanced security. Laundry facilities and resident lounges are available on the first and second floors.

**Faculty Houses** are dwellings for members of the faculty and staff.

The **President’s Home** on the Senatobia campus, completed in 2010, is located on the north side of the main campus. This home will serve as the primary residence of the President and his family and will be open to the college for various functions throughout the year.

**Educational Facilities**

**Agricultural Technology Building** was completed in 2005. The 18,561 square-foot facility includes four classrooms, three tractor shops and faculty offices. The three climate-controlled labs are utilized to provide training for new technicians as well as certification and higher-level training to adults. Located in the southwest corner of the campus, this facility is designed to meet the needs of training on high-tech farming equipment.

**A.P. Fatherree Building**, named for the former Mississippi Department of Education State Supervisor of Agricultural Education and State Director of Vocational Technology Education, was completed in 1966 with major additions in 1970. The building currently houses agricultural technology classes, labs, and offices as well as intercollegiate baseball training spaces.

**Art Building**, opened for the 1968-1969 school year and renovated in 1996, provides quarters for instruction in drawing, painting, and other types of art. The focal point of the facility is the gallery for exhibitions of various types of art forms. Also in the building are faculty offices and studios for painting, pottery, and print making. There is also a computer lab featuring Macintosh computers, and two smart classrooms are available for art history and art appreciation classes.

**Berry Building**, named for Porter Walker Berry, first Northwest president, is the business-technical center built in 1966. The 34,000-square-foot split-level structure houses the office systems technology, computer technology, graphic design technology, and paralegal technology departments and workforce development labs. It contains 14 classrooms, 10 offices, and large lobby.
Calhoun Building, acquired by the college and opened in 1998, houses the Division of Education. The building, located on the north side of the campus includes classrooms, labs, faculty offices and a conference room. Each classroom and lab is equipped with networking, audio and video capabilities.

The Marilyn R. Spears Building was completed in the spring of 2009 and is named in honor of retired Early Childhood Education Technology instructor Marilyn R. Spears. This facility houses the college’s Early Childhood Education Technology program and the Child Enrichment Center, a state licensed day care with kitchen that provides laboratory instruction for students enrolled in Student Teaching and Nutrition class. Included in the building are faculty offices, classrooms, a computer lab, and public restrooms. A playground features modern play equipment on a specialized safety surface.

Fine Arts Building, built adjacent to the college auditorium in 1961 and renovated in 1995, has a recital hall, classrooms, a choral room, practice studios, electronic piano lab, band hall, and conference room. There are three smart classrooms, one for music appreciation and two for public speaking classes.

The Gary Lee Spears Center for Nursing and Health Sciences is a multi-story two building facility. The Associate Degree Nursing facility, completed in 2010, is a 40,000 square-foot, three-story building including lecture rooms, computer labs, classrooms, faculty offices, nursing skills labs, and state-of-the-art hospital simulation rooms.

The Health Sciences facility, scheduled for completion in Fall 2017, is a 30,000 square-foot, two-story building housing Career and Technical Education programs in the areas of health sciences including Practical Nursing, EMT-Paramedic, and future programs opening Fall 2018. Amenities offer computer labs, classrooms, and faculty offices, as well as a hospital simulation control lab. The lower level of this building was designed with reinforced materials to serve as an area of protection during a storm.

Lafayette Humanities Building is a three-story facility which houses the Languages and Communications Division. The building includes four computer labs and a number of multimedia classrooms used in composition, literature, foreign language and journalism classes. The first floor of the building was renovated in 2007.

McGhee Building, built in 1959, was named for Mrs. Lizzie McGhee. It was used as the cafeteria and field house until 1969 when the cafeteria was moved to the McLendon Center. The building had temporary uses prior to a complete renovation in 1990 to accommodate the Division of Social Science. The modernized facility includes classrooms, faculty offices, and a large conference room.

Mechanical Technology Building was completed in 2015. The 33,300 square-foot building was designed for the departments of Precision Manufacturing and Machining Technology, Heating, Air Conditioning, and Refrigeration Technology and Welding and Cutting. It contains faculty offices, classrooms, computer labs and state of the art training labs for each program.

R.C. Pugh Library/Learning Resource Center, built in 1953 and renovated in 1989, is named for the late President (1936-1953) in recognition of his service to the college. The structure features large reading rooms, viewing room, three staffed computer labs with classroom capabilities, quiet study room, nursing study room, law library, and open stacks.
Thomas D. Coats Career-Technical Complex was named for the college’s first Director of Vocational Technology Education. It consists of three buildings:

Technical Education Building No. Two, built in 1963 and completely renovated in 2015, houses the departments of Collision Repair Technology, Automotive Technology and an enlarged and enhanced center for Cosmetology.

Tunica Building, completed in 1975 and renovated in 1994, is a two-story building housing the Division of Business. This facility is also the home of Adult Basic Education, Tate County Literacy Council, and offices of the MI-BEST Grant Coordinator and Student Navigator on the second floor.

The Physical Science Complex is a multi-story, two building facility. The Physical Science Building, built in 1984, houses classrooms and laboratories for chemistry and physics, as well as private faculty offices for those departments. The Mathematics and Biological Science Building, completed in 2009, adjoins the original Physical Science Building through a common lobby and 150 seat raised-floor lectorium. The new structure includes six state-of-the-art biology laboratories, nine multimedia-ready classrooms, and three computer labs, as well as private offices for the mathematics and biology faculty. As part of the 2009 addition, a detached greenhouse was added to provide a location for a variety of local and exotic plants to be grown throughout the year.

College Summer School Program

The summer session consists of two terms of approximately five weeks each during which courses are offered in the academic and career-technical fields. Students may earn up to 14 semester hours of college credit during summer sessions, with no more than six virtual hours.

The summer session is planned for students who wish to accelerate their program of study, students who need to make up deficiencies, and freshmen who consider that the summer session is a good time to begin their college education.

Admission requirements, regulations, and academic standards for the summer sessions are the same as those of the regular term.

eLearning

Northwest offers students the option of taking many college courses online. Students can choose to complete select programs totally online. Online courses were developed to increase access to Northwest courses for adults and other students who cannot attend campus-based classes due to work, family responsibilities or distance from campus. Students who are current or former Northwest students can enroll in online courses after consulting with their adviser. New students must first apply for admission to the college. Registration for online courses is conducted at the same time as for campus-based courses. Northwest is a part of the Mississippi Virtual Community College Sys-
tem, which gives students more online course options. All pathways and programs that can be attained fully online are listed below. A complete listing of online courses is available through the MSVCC website at http://www.msvcc.org or by going to http://www.northwestms.edu and clicking on the eLearning page. The eLearning office is located on the second floor in Tate Hall.

Transfer pathways leading to an Associate of Arts degree that can be earned fully online are:
* Accountancy—see page 143
* Business Administration—see page 143
* Business and Computer Teacher Education—see page 143
* Marketing Communications/Public Relations Management—see page 143
* Office Administration—see page 143
* Elementary Education—see page 147
* Secondary Education—see page 147
* Criminal Justice—see page 158
* General College—see page 158
* Psychology—see page 158
* Social Work—see page 158

Programs leading to an Associate of Applied Science degree that can be earned fully online are:
* Administrative Office Technology—see page 191
* Business Management Technology—see page 192
* Medical Office Technology—see page 193
* Paralegal Technology—see page 209

Students’ Rights and Responsibilities

Northwest Mississippi Community College extends the privilege of admission to those persons who meet the academic qualifications and the standards of health, character, and prior conduct. This admission presents privileges beyond those available to all citizens. Commensurate with these additional privileges are additional responsibilities. The rights and responsibilities of Northwest Mississippi Community College students are described in the section which follows.

Student Rights

Among the student’s general and specific rights are the following:
1. The right to those educational programs offered by the college Bulletin for which the student is qualified.
2. The right to join college-approved organizations for educational, political, social, religious, and cultural purposes.
3. The right to inquire about and to recommend improvements in policies, regulations, and procedures affecting the welfare of students through representation in the Student Government Association or through duly approved student representatives on college committees and through college offices.
4. The right of respect for personal feelings; the right of freedom from indignity of any type; the right of freedom from control by any person, except as may be in accord with the published rules and regulations of the institution and the commonly accepted moral code.
5. The right of freedom of expression as defined by the Bill of Rights of the Constitution of the United States, within the framework of existing statutes.
limiting the exercise of this freedom.
6. The right of due process in disciplinary procedures when individual or group behavior comes under review by the College.
7. The right of appeal to and review by the President of the College or his designees for the purpose of determining whether the student has been provided administrative due process.

Student Responsibilities
Rights in all communities have concomitant responsibilities to respect the laws and regulations of the communities. A student’s enrollment in Northwest Mississippi Community College is his or her agreement to abide by its rules of community governance.

1. The responsibility of being fully acquainted with the college Bulletin and other published policies for the guidance of students, and the further responsibilities of complying with these policies and regulations in the interest of an orderly, socially responsible community.
2. The responsibility of assuming the consequences of one’s own actions and of avoiding conduct detrimental in its effect upon fellow students and the College.
3. The responsibility at all times to recognize constituted authority, to conform to ordinary rules of good conduct, to be truthful, to respect the rights of others, to protect private and public property, and to make the best use of the student’s time toward an education.
4. The responsibility for supporting the essential order of the College.
5. The responsibility of meeting college financial obligations and deadlines.
6. The responsibility of attending classes regularly.
7. The responsibility for knowledge and observance of those policies not herein enumerated which have been established and promulgated by appropriate college officials and designated college communities, i.e., residence hall rules, traffic regulations, social rules.
8. The responsibility to see that his or her dress and personal grooming reflects good taste and personal pride in one’s appearance. No manner of dress will be allowed which would disrupt the normal educational and social process.

Notice of Non-Discrimination, Equal Opportunity & Title IX Compliance
Northwest Mississippi Community College does not discriminate on the basis of race, color, national origin, sex, disability, religion, gender identity, age, or status as a veteran, or disabled veteran, in its programs and activities as required by Title IX of the Educational Amendments of 1972, the Americans with Disabilities Act of 1990, Section 504 of the Rehabilitation Act of 1973, Title II of the Age Discrimination Act, Title VII of the Civil Rights Act of 1964 and other applicable statutes and College policies. Northwest Mississippi Community College prohibits sexual harassment and all forms of sexual violence, regardless of sex, gender identity, or sexual orientation.

Inquiries regarding the Americans with Disabilities Act, the Rehabilitation Act, and related statutes and regulations should be directed to: Mr. Gerald Beard, Disability Support Services Coordinator, Tate Hall, P.O. Box 5555, Highway 51 North, Senatobia, MS 38668, telephone number 662-562-3309, e-mail address gbeard@northwestms.edu.
Compliance with Title II of the Age Discrimination Act as well as non-discrimination and affirmative action matters are coordinated by Mr. Gary Mosley, Vice President for Finance, James P. McCormick Administration Building, P.O. Box 7017, 4975 Highway 51 North, Senatobia, MS 38668, telephone number 662-562-3216, e-mail address gtmosley@northwestms.edu.

The overall campus coordinator for purposes of Title IX compliance, who is responsible for all inquiries regarding non-discrimination policies, is: Mr. Dan Smith, Vice President for Student Services and Chief of Staff, Tate Hall, P.O. Box 7010, 4975 Highway 51 North, Senatobia, MS 38668, telephone number 662-562-3997 and e-mail address dsmith@northwestms.edu. The following individuals have been designated as deputy Title IX coordinators: for Housing, Ms. Tara Dunn, Dean of Students, Tate Hall, P.O. Box 7010, 4975 Highway 51 North, Senatobia, MS 38668, telephone number 662-562-3997, e-mail address tdunn@northwestms.edu; for DeSoto Center: Ms. Patsy Gardner, CTE Support Services Coordinator, 5197 W.E. Ross Parkway, Southaven, MS 38671, telephone number 662-280-6148, e-mail address pgardner@northwestms.edu; for Lafayette-Yalobusha Technical Center: Ms. Darlene Greenlee, Counselor, 1310 Belk Drive, Oxford, MS 38655, telephone number 662-281-1276, e-mail address dgreenlee@northwestms.edu. Inquiries concerning the application of anti-discrimination laws may be referred to the Title IX Coordinators or to the Office of Civil Rights, United States Department of Education. For further information on notice of nondiscrimination, visit http://wdcrobcollp01.ed.gov/CFAPPS/OCR/contactus.cfm for the address and phone number of the U.S. Department of Education office that serves your area, or call 1-800-421-3481.

Complaint and Grievance Procedures

Title IV of the Civil Rights Act of 1964, Title IX of the Educational Amendments of 1972 and Section 504 of the Rehabilitation Act of 1973 as well as Northwest policy prohibit institutional discrimination against students on the basis of race, sex, color, creed, national origin or disability. Students who have reason to believe that their rights under law or campus policy have been denied in such areas as admissions, financial assistance, employment, residence hall assignment, disciplinary actions or other campus matters may seek to resolve them in the following manner:

1. Address a written statement to the Vice President for Student Services setting forth the grievance and the remedy sought. Students (particularly those enrolled in eLearning or other distance learning programs) may submit the statement through electronic mail.

2. The Vice President will forward a copy of the grievance to the appropriate individual within five working days of receipt of the statement.
   A. If a complaint raises an academic question, it will be forwarded to the Dean of the appropriate academic division.
   B. If the complaint raises a nonacademic matter, it will be forwarded to the administrative head of the appropriate unit.

3. Within five working days after receipt of the statement, the Dean or Administrator shall make initial contact with the complainant. The Dean or Administrator may receive both oral and written presentations and may make independent inquiry. Within fifteen working days after the initial contact or meeting, the Dean or Administrator will make a decision as to the merits of the student’s grievance. A copy of the decision will be sent to all parties of the statement and the Vice President for Student Services.
In the event that the student is not satisfied with the resolution of the grievance, appeal may be made to the Vice President responsible for the Unit or Division involved, and then to the President.

Should a student be unsatisfied with the College's final response to their grievance, they may file a complaint with the Mississippi Commission on College Accreditation, 3825 Ridgeway Road, Jackson, MS 39211, telephone (601) 432-6372 or at www.mississippi.edu/mcca/student_complaint_process.asp.

Students and members of the public wishing to file a written complaint, as opposed to a formal grievance, should do so with a member of the President's Cabinet, which is composed of the senior administrators of the College. A list of members may be obtained from the President's Office or from any Vice President.
ADMISSIONS
ADMISSIONS

Requirements for Admission

Implementation of specific admission policies is the responsibility of the administration and faculty of the institution. Northwest Mississippi Community College ascribes to an “open admissions” policy consistent with all appertaining laws. The College embraces the philosophy that students be provided the opportunities for learning experiences, e.g., developmental courses, counseling, tutorial assistance, etc., that will help the individual students succeed in achieving their educational goals. Further, the College utilizes relevant diagnostic instruments to determine the strengths and needs of students in order to assist them in selection of the most appropriate program options. There are no programs at Northwest designed for transfer to senior institutions that require a minimum ACT score for admission.

Admission Procedures

Admission forms may be secured from the Office of Admissions and Records on the main campus or from any of the Northwest Center locations. The following items must be on file in the Office of Admissions and Records on the main campus before registration.

1. A completed application for admission.
2. An official copy of a transcript from an accredited high school that includes a graduation date and signature of school official.
3. An official copy of High School Equivalency (HSE) scores.
4. An official copy of college transcript(s) from ALL colleges attended.
5. An official copy of ACT or SAT scores (ACT required for Mississippi residents).

When all required documents have been submitted, the student will be sent a letter of acceptance.

NO TRANSCRIPTS CAN BE FORWARDED TO OTHER INSTITUTIONS UNTIL ALL NECESSARY ADMISSION INFORMATION IS RECORDED IN THE OFFICE OF ADMISSIONS AND RECORDS.

Dual Enrollment

High school students may attend Northwest simultaneously if the following requirements are met:

1. Student must have achieved junior status (students below junior status but with a composite ACT of 30 or the equivalent SAT score are eligible for dual enrollment).
2. Must complete all admission procedures listed above.
3. Submit an unconditional written letter of recommendation from high school principal or guidance counselor.

Special ACT requirements are in place for certain courses.

Fees for dual enrollment courses may vary depending on method of course delivery. For additional information regarding Dual Enrollment courses taught on high school campuses, please contact the Dual Enrollment Coordinator or visit http://www.northwestms.edu/index.php/?page_id=356.
Early Admission
Students who withdraw from high school may attend Northwest under “early admission” if all of the following requirements are met:

1. Must have completed a minimum of fourteen (14) core high school units.
2. Must have a 3.0 grade point average on a 4.0 scale, or better, on all high school courses as documented by an official high school transcript; a home-schooled student must submit a transcript prepared by a parent, guardian, or custodian with a signed, sworn affidavit to meet the requirement of this paragraph.
3. Students must have an unconditional written recommendation from their high school principal and/or guidance counselor. A home-schooled student must submit a parent, legal guardian, or custodian's written recommendation.
4. Must have a minimum ACT composite score of twenty-six (26) or the equivalent SAT score.
5. The principal or guidance counselor of the student must recommend in writing that early admission is in the best educational interest of the student. The recommendation shall also state that the student's age will not keep him from being a successful full-time college student.

Home-Schooled Students
Home-schooled graduates will be considered for admission if they have completed the required number of high school units to graduate in their state of residence at the time of graduation. If there are specific courses required for high school graduation, the student must have satisfactorily completed these courses, also. An official transcript is required from a recognized home school agency and signed by an official of that agency. An official transcript signed by a parent must show all courses completed, grades earned, and total number of units. In addition, parents must submit a notarized, sworn affidavit stating that the student's record is accurate and complete. Home-schooled students must satisfy all other admission requirements pertaining to the different categories of admission.

Adult Students
Students who are 21 years of age or older at time of registration are not required to submit ACT or SAT scores unless their program of study requires a certain score on the ACT or SAT for admittance. However, students without ACT or SAT scores will be required to take the Northwest placement tests in English, Math, and Reading before being allowed to register for classes (unless they are registering for a program that requires no academic classes at all).

Foreign Students
Northwest Mississippi Community College is not authorized to complete the required I-20 Form of the Immigration and Naturalization Service for nonimmigrant students. Consequently, Northwest does not recruit or admit nonimmigrant students. Any student who is not a United States citizen must present proof that they are a permanent resident of the United States.

Disabled Students
Northwest Mississippi Community College complies with all applicable laws regarding affirmative action and equal opportunity in all its activities and programs and does not discriminate against anyone protected by law because of disability. No disabled person is, on the basis of the disability, excluded from participation in, or denied the benefits of, any program, employment, or activity at the college. Disability Support Services are available to students with a documented disability. These ser-
Services may include tutoring, large print or Braille tests and instructional materials, mobility assistance and other necessary materials or assistance. Requests for disability assistance should be made no later than six weeks prior to the start of a semester or summer session. Assistance in completing the application process will be provided for disabled persons.

**Transfer Students**

A transfer student is defined as one who has hours attempted on his permanent record at another institution. Transfer students must have an official transcript sent from each post-secondary institution previously attended.

Failure to report all colleges previously attended may result in dismissal deemed by the Admissions Committee of Northwest Mississippi Community College.

Transfer students seeking admission to Northwest who are on “academic probation” from another college or university will be accepted on “academic probation” and will be governed by regulations applied to Northwest students on probation. Transfer students who are on disciplinary probation, suspension, dismissal, or expulsion from a prior institution must disclose this status to the Office of Admissions and Records. This status will be considered in the admissions process. Failure to disclose such status prior to admission may result in dismissal from Northwest.

**Transfer Credit**

Credit earned at other regionally accredited institutions may be considered for credit by Northwest Mississippi Community College according to the following policies:

- Official transcripts reflecting all completed coursework must be sent directly to the Office of Admissions and Records from the issuing institution.
- Transfer credit will be evaluated as transcripts are received (beginning with Fall 2017 applicants). The Registrar assesses and recommends the courses which apply toward degree requirements. Course accepted for transfer credit have curriculum validity and are determined equal to the same courses at Northwest.
- Credit hours are adjusted to the Northwest semester hour scale for students who transfer from other accredited postsecondary institutions.
- If a student transfers from another institution and intends to graduate from Northwest with an associate’s degree, at least 15 hours must be completed at Northwest in the area of study.
- Courses transferred in will not count toward the Northwest GPA, but will be included in the Cumulative GPA for Mississippi Community College Board audit purposes.
- The Registrar has final authority regarding the acceptance of credit.

**Credit by Examination**

Northwest Mississippi Community College will allow students to earn credit by examination under one or more of the following programs up to a total of eighteen (18) semester hours.

**College Level Examination Program (CLEP) Policy**

Northwest awards academic credit through the College Level Examination Program (CLEP) only on Subject Examination. The following requirements govern awarding of this credit:
1. The student must be enrolled at Northwest and have completed fifteen (15) semester hours.
2. The student must have a scaled score of 50 or above.
3. The course must correspond to a course in the current college Bulletin.
4. The credit must be limited to a total of eighteen (18) semester hours and may not be counted toward the residency requirement for graduation.
5. To obtain credit in English Composition, the student must write an acceptable essay on a test administered and graded by the Division of Languages and Communications at Northwest.
6. Use of CLEP credit in a Northwest degree program is subject to the approval of the Vice President for Education and appropriate Division Director.

The awarding of CLEP credit is administered by the Registrar. Accepted credits are recorded on the student’s transcript and may apply toward the meeting of the requirements for graduation. No grades or quality points are given for CLEP credits. Therefore, such credits are not used in the computing of grade point averages.

**Advanced Placement Program**

Students enrolling at Northwest Mississippi Community College will be allowed credit on the Advanced Placement Examination administered by the College Entrance Examination Board and sponsored by participating high schools. A maximum of eighteen (18) semester hours with no more than six (6) in one subject area may be allowed. Credit will be awarded only for minimum scores of three (3) or more. For an Advanced Placement score of 5, a maximum of six (6) hours will be awarded. Credit will be awarded only for courses currently listed in the college Bulletin.

The awarding of credit is administered by the Registrar. Accepted Advanced Placement credits are recorded on the student’s transcripts and may apply toward the meeting of the graduation requirements. No grades or quality points are given for Advanced Placement credits. Therefore, such credits are not used in the computing of grade point averages.

**Acceptance of Military Credit**

Credit may be granted to those applicants who enroll and upon submission of either D.D. form 295 or D.D. form 214 which indicates a period of continuous active duty for at least 90 days. Up to four semester hours of physical education credit may be granted for basic training, if physical education is required in the student’s program of study. Additional credit for training in formal service schools will be granted on the basis of recommendations published in *A Guide to the Evaluation of Educational Experiences in the Armed Services* in so far as the recommended credit can be evaluated as being equivalent to a specific course at Northwest Mississippi Community College. The maximum credit allowed from this source is twenty-four (24) semester hours. No quality points will be awarded nor will the credits be used in calculating the student’s grade point average.

Students planning to transfer to another college should familiarize themselves with the admission policies of that institution.

Northwest reserves the right to cancel the admission or registration to the college (or to any specific program of the college) of any individual whose attendance at the college, in the opinion of the Admission Committee, would not be mutually beneficial to the student and to the college.
General Admission Requirements
A student entering Northwest Mississippi Community College for the first time may enter by one of the following methods:

1. High school graduate, (diploma)
2. Non-high school graduate with a total of 23 acceptable units earned in high school, three of which must be in English.
3. Successfully passing a Mississippi Community College Board approved High School Equivalency (HSE).
4. Transfer from another college or university.
5. Students who have received a Certificate of Attendance from high school, or have a tenth grade equivalence (9 1/2 academic units) and are at least 18 years of age may enroll in two career programs—Collision Repair and Welding and Cutting—if they successfully complete the CPT/ACCU-PLACER test to show “ability to benefit.”

Students who have received a High School Diploma or HSE whether receiving any financial aid or not should follow regular admission policies. No specific ACT score is required for admission unless the student’s major program requires a certain score.

Admission to Particular Divisions of the College
In compliance with the amended Section 43-11-13, Mississippi Code of 1972, effective January 1, 2004, all students enrolled in allied health programs are subject to criminal background checks before being allowed to provide patient care. This includes, but is not limited to, students enrolled in associate degree nursing, practical nursing, respiratory therapy, cardiovascular technology, EMT, surgical technology and paramedic programs.

(1) Admission to the Associate Degree Nursing Program
See page 163 for special admissions requirements

(2) Admission to Technical Programs
Admission standards for a full-time or part-time technical student are the same as regular admission requirements. Students must be a high school diploma graduate, present 19 acceptable units, or have satisfactory scores on an approved HSE. ACT scores are also required.

Student Records
POLICY REGARDING WHAT CONSTITUTES A STUDENT’S PERMANENT FILE
The Office of Admissions and Records keeps a record of academic achievement at the College, transfer transcripts, and test scores. After an application for admission and all necessary transcripts and test scores have been received, the Office of Admissions and Records creates two files for the student: a computerized file and a permanent hard-copy file.

THE COMPUTERIZED FILE. The computerized record contains a current transcript of grades, enrollment status (full or provisional), and schedule changes (drop-add). Application materials (such as name, social security number, address, etc.) and ACT/SAT scores are entered into the computer system. Documents submitted to Northwest including application(s) for admission, high school transcript, college transcript(s), HSE scores, schedule changes and withdrawal forms are all scanned into a computerized file.

THE PERMANENT FILE. The permanent file contains hard copies of such items as application materials and transcripts of grades. Items that must be kept in the permanent file include the original application for admission, high school transcript or HSE certificate, and official ACT/SAT score report. Items that also may appear in the permanent file include correspondence from the student or from high school counselors or teachers, probation/dismissal letters and college transcripts.

POLICY REGARDING RETENTION AND DISPOSAL OF STUDENT RECORDS
This policy is published in the policies and procedures manual for the Office of Admissions and Records.
The procedures for retention and disposal of student records vary according to what records are being handled.

THE COMPUTERIZED FILE. Current computer records are kept on the administrative computer system in the Computer Center on the second floor of the James P. McCormick Administration Building. These records include those from the fall of 1983 to the present. Computer records from before the fall of 1983 are kept on compressed disks. No computer records are ever destroyed, erased, or purged.

THE PERMANENT FILE. Permanent files are stored in a secure location on the Senatobia campus accessible only to Office of Admissions and Records staff. No permanent files for students who enroll at Northwest are destroyed or purged.

DROP-ADD AND WITHDRAWAL FORMS. Hard copies of Drop-Add/Schedule Change forms and Withdrawal forms are not kept in the permanent file. They are kept in a separate file in the Office of Admissions and Records. Current forms are kept in the Office of Admissions and Records. Forms older than five years are destroyed.

GRades. Grades are entered into the computer system by the faculty. When grades are posted to the student’s file, a backup is created in the computer system. The Office of Admissions and Records has access to grades through the College computer system.

Academic Restart

Academic Restart Policy: Upon proper request and subsequent approval, all of the student’s previous grades (Academic, Career, and/or Technical) at Northwest Mississippi Community College will be removed from consideration in calculating their overall GPA and for graduation purposes. Conditions are as follows:

A. The student must complete a “Declaration of Academic Restart” request and submit the completed form to the Registrar (Office of Admissions and Records) at the Senatobia campus.

B. The former Northwest student must not have attended any post-secondary educational/career institution for at least 48 consecutive months prior to the “restart” of enrollment.

C. “Academic Restart” can be declared only once at Northwest Mississippi Community College.

D. Once “Restart” has been declared, discounted work will not be considered toward calculating GPA from that date forward. No work will be removed from student academic records; the following notation will be made at the point where the new work begins for graduation purposes and for purposes of calculating GPA: “‘Academic Restart’ was declared for the _________ semester. Hours attempted prior to that semester are not a part of the overall GPA calculation.”

E. Students will be advised that other colleges/universities to which they may transfer may or may not honor the change in GPA resulting from a declaration of “Academic Restart.”

F. If “Academic Restart” is requested and conditions are met, the student will be allowed to attend one semester of “provisional” status. Students in the academic restart program must maintain a grade point average (G.P.A.) of 2.50 or higher in order to continue enrollment. During that time of “provisional” status enrollment, the student must pay his/her tuition fees without any financial aid assistance. The student’s overall (past and current) academic performance will be used for determining Federal Financial Aid Assistance. Once a student’s overall academic average has met a 2.00 G.P.A., the student could regain financial aid assistance. The student must consult with the Financial Aid Director concerning his/her status.
G. “Academic Restart” may only be declared by those students who have previously been placed on “Academic Dismissal,” petitioned the Admissions Committee for re-admission, been reinstated, and failed to meet the conditional requirements set forth by the Admissions Committee for continued enrollment. NOTE: Academic Restart does not reset a student’s GPA or completion rate under Satisfactory Academic Progress (SAP) for financial aid purposes. All prior classes and previous GPA must still be considered when awarding financial aid per federal guidelines prohibiting “amnesty”.

**Veteran Student Affairs**

Northwest Mississippi Community College has a full-time staff member to help assist all veterans and others who are eligible for Veterans Administration assistance. The VA counselor serves a vital purpose in contacting eligible persons and helping them make proper application. Also, regular communication between the veteran and this counselor is necessary while the veteran is enrolled in Northwest. Questions concerning VA benefits, programs, and regulations should be forwarded to this address:

Office of Financial Aid  
Northwest Mississippi Community College  
4975 Hwy. 51 North  
P.O. Box 7019  
Senatobia, MS 38668

Please refer to www.northwestms.edu, Financial Aid, Veterans Affairs for instructions on using your VA Education Benefits at Northwest.

**Veterans’ Standards of Progress**

I. **EXAMINATION OF RECORDS**

School records and accounts pertaining to veterans and other eligible persons enrolled in Northwest Mississippi Community College are readily identifiable and available for examination by authorized representatives of the State and Federal Government.¹ The academic record of veterans includes information relative to admission, grades, cumulative absences, transcripts, as applicable. These records are located in the Office of Admissions and Records. The Registrar is responsible for the maintenance of these records. Records pertaining to fiscal related matters such as accounts of veterans are located in the Business Office of Northwest Mississippi Community College. The Vice President for Finance is responsible for the maintenance of fiscal records.

All school records and accounts of veterans in attendance at Northwest are readily identifiable through the utilization of a current list of enrolled veterans which is supplied and revised by the School Certifying Official.

II. **ENTRANCE REQUIREMENTS**

To be accepted as a student at Northwest, the following items must be on file in the Office of Admissions and Records prior to registration:

1. A completed application for admission,
2. An official copy of ACT scores;²
3. A complete high school and/or college transcript or HSE scores, when applicable.

The student will be notified as to admission status as necessary information is received in the Office of Admissions and Records. When all required material is on
file in the office, the applicant will be sent a Certificate of Admission which must be shown when the student begins registration.

**It is the sole responsibility of the veteran to ensure expeditious completion of admission requirements.** Failure to provide required admission material will necessarily cause a delay in the processing and securing of financial assistance afforded eligible veterans.

**III. PREVIOUS EDUCATION AND TRAINING RECORDS**

Transcripts of previous education and/or training must be on file in the Office of Admissions and Records prior to the completion of an Enrollment Certificate by the School Certifying Official. Evaluation of credit earned through previous education or training will be made by the Registrar. A copy of the evaluation will be forwarded to the School Certifying Official who will report the credit accepted in the veteran’s proposed major field of study. Post secondary transcripts and/or training records are attached to the permanent record card as maintained in the Office of Admissions and Records.¹

**IV. PROGRESS RECORDS**

A permanent record of grades earned, absences, grade point average, and courses taken is maintained through the computer system. The unit of credit is the semester hour. A semester hour is an hour recitation in one subject once a week for 18 weeks. Most of the courses in the curriculum meet three hours per week and give three semester hours credit. The grading system at Northwest Mississippi Community College is as follows:

GRADE: A — B — C — D — F
QUALITY PTS. PER SEMESTER HOUR: 4 — 3 — 2 — 1 — 0

The permanent record at Northwest does include a final grade in each course attempted each semester of attendance. A “W” grade indicates withdrawal from a course or courses. The Registrar can verify dates of withdrawal in cases where it is not recorded on the permanent record. Northwest has a uniform course numbering system; therefore, re-enrollment in subjects from which withdrawal was made is evident on the record card. The number of absences in each course for each semester is recorded on the permanent record.

Veterans or eligible persons must meet the same standards of progress as outlined under Satisfactory Academic Progress Policy in this catalog. If these standards are not met during the probation period, the veteran or eligible person will not be eligible for further enrollment with VA benefits. No student will be considered to have made satisfactory progress when that student withdraws from all subjects undertaken when enrolled in two or more courses.

**V. ATTENDANCE RECORDS**

A grade book maintained by each instructor should be an accurate record of any days absent for any student. Proper administrative officials at Northwest will communicate to all faculty the necessity of maintaining accurate attendance data on veterans and other eligible persons. All students are subject to the same policy if administrative action is taken because of excessive absences.

Note: Northwest does not offer a student “leave of absence policy.” If it should become necessary for a student to withdraw from his course of study during a semester, then the student must begin that semester’s course of study over.

**VI. CLASS ATTENDANCE POLICY**

Regular class attendance is a requisite for a student’s success in class and in future careers. When a student registers, that student accepts the responsibility of attending all
classes and completing all class work assigned by the instructor. Beginning with the first
class period, instructors will record absences at each class meeting and this information
is entered in the student’s permanent record. The college reserves the right to sever its
relationship with any student who incurs excessive absences. A student who misses an
announced test or examination shall receive a “0” on the test or examination unless
the instructor deems the absence to be of a justifiable nature.

VII. TARDIES

Students are expected to be prompt in class attendance. A student is counted absent
from class if he or she misses more than 10 minutes of a class meeting. Three tardies
constitute one absence.

VIII. REPORTS TO THE DEPARTMENT OF VETERANS AFFAIRS

The School Certifying Official is the Northwest official responsible for notifying the
Department of Veterans Affairs concerning drops and withdrawals of eligible veterans.
Information concerning drops and withdrawals will be reported as soon as the School
Certifying Official is informed. The Office of Admissions and Records will assist the
School Certifying Official in connection with drops and withdrawals.

When a veteran or eligible person has completed a probation period and not earned
the proper grade average, this person will be notified by Northwest Mississippi Com-

munity College.

1 Northwest, in compliance with Privacy Rights of Parents and Students (45CFR Part 99) has developed a policy con-
cerning the privacy of student records. A copy of the policy is available in the Office of Admissions and Records.

2 In cases of unusual circumstances, a student may be permitted to enroll at Northwest before taking the ACT. The stu-
dent is required however, to sit for the ACT test during the first term of enrollment.

3 Determination of post secondary transcripts which are to be attached to the permanent record card shall be based on
information provided on the Application for Admission.
The tuition and fees listed below are those known as of the printing of the Bulletin. Though the College strives to keep the necessary expenses of attendance to a minimum, it must maintain the right, upon approval of the Board of Trustees, to make necessary changes without reprinting this publication. All tuition and fees, not covered by completed Financial Aid, are due in full at the time of registration. Full-time, in-state students may take advantage of the College’s Deferred Payment Plan which carries a nonrefundable $25 service fee. To utilize this plan, students must provide the College with three checks at the time of registration. One of the checks, dated as of the date of registration, will be for one-half of the semester’s registration fees plus any unpaid prior balance. The remaining checks, dated the 15th of the following two months, will be for equal installments of the remaining balance. All three checks must be provided at the time of registration.

*Books and supplies for some programs may exceed this estimate. Some courses may require a mandatory eBook fee payable at the time of registration. Fee amounts will vary depending on the cost of each book.

PLEASE NOTE: All school fees must be paid before a transcript will be issued. Any balance from prior semesters must be paid by cash, money order, or certified check. Personal checks will not be accepted.
ROOM RENT IN RESIDENCE HALLS - PER SEMESTER

Benton Hall (Women) ..............................................................                       700.00
Bobo Hall (Women) ..............................................................                       600.00
DeSoto Hall (Men or Women) Standard ..................................................                       775.00
                               Deluxe ..................................................                       825.00

General Information

A. Residency Requirements – The college applies the following definitions as required by state law in the classification of students as residents or non-residents for the assessment of fees:

1. LEGAL RESIDENCE OF A MINOR. The residence of a person less than twenty-one (21) years of age is that of either parent. If both parents are dead, the residence of the minor is that of the last surviving parent at the time of that parent’s death, unless the minor lives with his or her legal guardian, duly appointed by a proper court of Mississippi in which case the residence becomes that of the guardian.

2. LEGAL RESIDENCE OF AN ADULT. The residence of an adult is that place where he or she is domiciled, that is, the place where he actually physically resides with the intention of remaining indefinitely or of returning there permanently when temporarily absent.

3. EFFECT OF REMOVAL OF PARENTS FROM MISSISSIPPI. If the parents of a minor who is enrolled as a student in an institution of higher learning move their legal residence from the State of Mississippi, the minor is immediately classified as a nonresident student.

4. ADMISSION OF MISSISSIPPI RESIDENT. No student may be admitted to any institution of higher learning as a resident of Mississippi unless his residence, as defined hereinabove, has been in the State of Mississippi preceding his admission.

5. RESIDENCE STATUS OF A MARRIED PERSON. A married person may claim the residence status of spouse or may claim independent residence status under the same regulations, set forth above, as an adult.

6. CHILDREN OF PARENTS WHO ARE EMPLOYED BY INSTITUTIONS OF HIGHER LEARNING. Children of parents who are members of the faculty or staff of any institution under the jurisdiction of the board of trustees of any community/junior college or the board of trustees of state institutions of higher learning may be classified as residents without regard to the residence requirement of twelve (12) months, for the purpose of attendance at the institution where their parents are faculty or staff members.

7. MILITARY PERSONNEL ASSIGNED ON ACTIVE DUTY STATIONED IN MISSISSIPPI. Members of the Armed Forces on extended active duty and stationed within the State of Mississippi may be classified as residents for the purpose of attendance of state-supported institutions of higher learning and junior colleges of the State of Mississippi. Resident status of such military personnel, who are not legal residents of Mississippi as defined under “Legal residence of an adult,” subsection 2, shall terminate upon their reassignment for duty in the continental United States outside the State of Mississippi.

8. CHILDREN OF MILITARY PERSONNEL. Resident status of children of members of the Armed Forces on extended active duty shall be that of the military parent for the purpose of attending state-supported institutions of higher learning and junior colleges of the State of Mississippi during the time that their military parents are stationed within the State of Mississippi and shall be continued through the time that military parents are stationed in an overseas area with last duty assignment within the State of Mississippi, excepting temporary training assignments enroute from Mississippi. Resident status of minor children shall terminate upon reassignment under Permanent Change of Station Orders of their military parents for duty in
the continental United States outside the State of Mississippi, excepting temporary training assignments en route from Mississippi.

9. **CERTIFICATION OF RESIDENCY OF MILITARY PERSONNEL.** A military person on active duty stationed in Mississippi who wishes to avail himself or his dependents of the provisions of subsection 7, must submit a certificate from his military organization showing the name of the military member; the name of the dependent, if for a dependent; the name of the organization of assignment and its address (may be in the letterhead); that the military member will be on active duty stationed in Mississippi on the date of registration at the state-supported institution of higher learning or junior college of the State of Mississippi, that the military member is not on transfer orders; the signature of the Commanding Officer, the Adjutant, or the Personnel Officer of the unit of assignment with signer’s rank and title. A military certificate must be presented to the Registrar of the state supported institution of higher learning or junior college of the State of Mississippi each semester or tri-semester at (or within 10 days prior to) registration each semester for the provisions of subsection 7 of this act to be effective.

10. **STUDENT MUST REGISTER UNDER PROPER RESIDENCE STATUS; PENALTY.** The responsibility for registering under his proper residence status is placed upon the student. In addition to any administrative action which may be taken by governing authorities of the state-supported institutions of higher learning or junior colleges concerned, any student who willfully presents false evidence as to his residence status shall be deemed guilty of a misdemeanor, and upon conviction thereof may be fined not to exceed $100.

B. **Out-of-state Students —** Students who are admitted to Northwest Mississippi Community College on the basis of an out-of-state high school or college transcript may be required to submit a residency survey form and provide documentation of legal residency. In addition, the student will be required to sign a legal resident affidavit. Students whose legal residence is in question will be classified as out-of-state and assessed out-of-state fees at the time of registration. The deadline for receipt of all documents will be seven (7) days after the last day of late registration. Please refer to the catalog or class schedule for this date. No adjustments to fees will be made after this deadline.

C. **Part-time Students —** A student who enrolls for 12 hours during a regular semester is considered a full-time student. Anyone who enrolls for fewer hours is classified as a part-time student. The General Registration Fee for part-time students and for those who audit courses is $125 per semester hour in-state and $225 per semester hour out-of-state. **THIS FEE IS PAYABLE AT REGISTRATION.**

D. **Automobile Registration Fee —** Students may register one vehicle at no charge. A fee of $5 will be charged for each additional vehicle.

E. **Replacement of ID Card —** The cost of the original ID Card is included in the General Fee. The cost of replacement for a lost ID Card or a card mutilated beyond recognition is $10. The ID Card is used for admission to college-sponsored events. The ID Card is to be forfeited before withdrawal from school is complete.

F. **Room Deposit —** A deposit of $100 for Benton, Tallahatchie, DeSoto and Marshall Halls and $50 for all other halls will be required to establish a reservation. Should an applicant decide not to attend Northwest, a student may cancel the application in writing. If cancellation occurs prior to the first day of classes, a $25 cancellation fee is deducted from the deposit. If cancellation occurs after the first day of classes, the student forfeits the entire deposit.
G. Books – Books are sold by the College Bookstore. The cost of books for a semester is estimated to range from $600 to $800. Books and supplies for some programs may exceed this estimate.

H. Board – ALL RESIDENT STUDENTS ARE REQUIRED TO PURCHASE MEAL PLAN B ($875). Those students residing on campus on weekends may purchase Meal Plan A ($1,000) which provides for 19 meals, three per day on Monday through Friday and two per day on Saturday and Sunday. All board fees are due at the time of registration. Meal plans are also available for commuter students.

I. Room Rent – Room Rent is payable at Registration – if a student moves from a low-rent residence hall to a higher-rent residence hall at any time during a semester, the increase in rent is payable in the Business Office before the move is officially completed.

Business Regulations

Refund Policy

1. Fall/Spring (Day or Evening) – General Fees and Room Rent
The refund policy on these items is as follows:
   a. 100% refund if official withdrawal is made during regular registration (prior to 3 p.m. on Friday, Aug. 11, 2017 for Fall and prior to 3 p.m. on Tuesday, Jan. 9, 2018 for Spring).
   b. 75% refund if official withdrawal is made during the first week after regular registration (prior to 3 p.m. on Friday, Aug. 18, 2017 for Fall and prior to 3 p.m. on Wednesday, Jan. 17, 2018 for Spring).
   c. 50% refund if official withdrawal is made during the second week after regular registration (prior to 3 p.m. on Friday, Aug. 25, 2017 for Fall and prior to 3 p.m. on Wednesday, Jan. 24, 2018 for Spring).
   d. 25% refund if official withdrawal is made during the third week after regular registration (prior to 3 p.m. on Friday, Sept. 1, 2017 for Fall and prior to 3 p.m. on Wednesday, Jan. 31, 2018 for Spring).

NO REFUND WILL BE MADE AFTER THE END OF THE THIRD WEEK AFTER REGULAR REGISTRATION (3 p.m. on Friday, Sept. 1, 2017 for Fall and 3 p.m. on Wednesday, Jan. 31, 2018 for Spring).

Mini term sessions offered by the college during the Fall and Spring semesters will follow the refund policy for Summer School due to the short length of the courses.

Note: Students attending Northwest Mississippi Community College on an institutional scholarship (Band, Basketball, Football, Leadership, etc.) must be enrolled at least six weeks before entitlement of institutional funds.

2. Summer School & Mini Terms – General Fees and Room Rent – The refund policy on these items is as follows:
   a. 100% refund if official withdrawal is made on the day of regular registration (Fall first session mini term: prior to 3 p.m. on Friday, Aug. 11, 2017; Fall second session mini term: prior to 3 p.m. on Friday, Oct. 13, 2017; Spring first session mini term: prior to 3 p.m. on Tuesday, Jan. 9, 2018; Spring second session mini term: prior to 3 p.m. on Friday, March 9, 2018; Summer 1 & Summer Evening: prior to 3 p.m. on Friday, May 25, 2018; Summer 2: prior to 3 p.m. on Monday, July 2, 2018).
   b. 75% refund if official withdrawal is made on the first day after regular registration (Fall first session mini term: prior to 3 p.m. on Monday, Aug. 14, 2017; Fall second session mini term: prior to 3 p.m. on Monday, Oct. 16,
2017; Spring first session mini term: prior to 3 p.m. on Wednesday, Jan. 10, 2018; Spring second session mini term: prior to 3 p.m. on Monday, March 19, 2018; Summer 1 & Summer Evening: prior to 3 p.m. on Tuesday, May 29, 2018; Summer 2: prior to 3 p.m. on Tuesday, July 3, 2018).

c. 50% refund if official withdrawal is made on the second day after regular registration (Fall first session mini term: prior to 3 p.m. on Tuesday, Aug. 15, 2017; Fall second session mini term: prior to 3 p.m. on Tuesday, Oct. 17, 2017; Spring first session mini term: prior to 3 p.m. on Thursday, Jan. 11, 2018; Spring second session mini term: prior to 3 p.m. on Tuesday, March 20, 2018; Summer 1 & Summer Evening: prior to 3 p.m. on Wednesday, May 30, 2018; Summer 2: prior to 3 p.m. on Thursday, July 5, 2018).

d. 25% refund if official withdrawal is made on the third day after regular registration (Fall first session mini term: prior to 3 p.m. on Wednesday, Aug. 16, 2017; Fall second session mini term: prior to 3 p.m. on Wednesday, Oct. 18, 2017; Spring first session mini term: prior to 3 p.m. on Friday, Jan. 12, 2018; Spring second session mini term: prior to 3 p.m. on Wednesday, March 21, 2018; Summer 1 & Summer Evening: prior to 3 p.m. on Thursday, May 31, 2018; Summer 2: prior to 3 p.m. on Friday, July 6, 2018).

NO REFUND WILL BE MADE AFTER THE END OF THE THIRD DAY AFTER REGULAR REGISTRATION (Fall first session mini term: prior to 3 p.m. on Wednesday, Aug. 16, 2017; Fall second session mini term: prior to 3 p.m. on Wednesday, Oct. 18, 2017; Spring first session mini term: prior to 3 p.m. on Friday, Jan. 12, 2018; Spring second session mini term: prior to 3 p.m. on Wednesday, March 21, 2018; Summer 1 & Summer Evening: prior to 3 p.m. on Thursday, May 31, 2018; Summer 2: prior to 3 p.m. on Friday, July 6, 2018).

3. Room Rent – Room reservation is considered final upon completion of registration for each semester.

4. Room Deposit – Seventy-five dollars of a $100 deposit paid or $25 of a $50 deposit will be refunded if an applicant decides not to live in the residence hall and cancels their room assignment prior to the first day of open registration for the semester. Cancellations after this time frame result in forfeit of full room deposit. The entire room deposit will be refunded when the student obtains a residence hall check-out slip from the residence hall supervisor, provided the student is not charged with residence hall damage, which includes loss of key, defacing or destroying property, and does not owe other enrollment fees.

5. Meal Plan – A pro-rated portion of a meal plan is refunded when a student officially withdraws, or officially vacates their assigned residence hall room and requests that their meal plan be canceled. Meal plans are pro-rated on a weekly basis for the future weeks of the semester. NO MEAL PLAN REFUNDS WILL BE MADE AFTER THE LAST DAY TO WITHDRAW FROM A COURSE PASSING AND RECEIVE A “W” GRADE (Fall Semester: 3 p.m. on Friday, Nov. 10, 2017; Spring Semester: 3 p.m. on Friday, April 20, 2018; Summer 1: prior to 3 p.m. on Friday, June 15, 2018; Summer Evening: prior to 3 p.m. on Friday, July 6, 2018 & Summer 2: prior to 3 p.m. on Friday, July 20, 2018).

6. Institutional Scholarships will only cover direct costs to attend Northwest, such as tuition, room and meal plan. Scholarships cannot be used to cover the costs of textbooks or other expenses above tuition, room and meal plan. Scholarships cannot exceed cost of attendance minus other aid received. Scholarships will not “stack” against any Federal aid awarded. Federal aid overrides all scholarships with the exception of a Foundation Scholarship. Students receiving scholarships must attend Northwest for a minimum of six weeks during the semester.

Financial Information  •  49
in which they are awarded a scholarship. Any student who officially or unofficially withdraws prior to the six week requirement shall not receive the scholarship previously awarded. Each student shall also be required to maintain specific academic standards relative to the scholarship awarded. These standards are included on the acceptance letter which is signed by the student at the beginning of each academic year.

7. Special Fees – Other than required deposits, these fees are not refundable.

8. Official Withdrawal – To withdraw officially from the college, students are required to go by the following offices to have their withdrawal slips signed in the order listed below:
   1. Student Development Center
   2. Housing (Senatobia campus only)
   3. Business Office
   4. Office of Admissions and Records

At Centers, students complete the withdrawal process at the Center Dean’s office. Since charges are made for a full semester when a student registers, it is important that students clear with the Business Office when they make any changes which might affect their account. In some instances, students will be due a cash refund or credit to their account. Cash refunds are made to the source from which the money originally came.

9. Check Cashing – As a special accommodation to students, personal checks may be cashed in the college Business Office upon presentation of their Northwest ID. A student should have personal checks on his bank. Personnel in the Business Office will deny the privilege of cashing checks when the student has had a check returned. Personal checks are not cashed for students during the last two weeks of a semester. No two-party checks will be accepted.

10. Returned Checks – Any check returned to the College is due in full within seven days plus a $25 service charge.

Financial Aid

Northwest Mississippi Community College provides a comprehensive student financial aid program of scholarships, loans, work-study, and grants to assist any person meeting requirements to pursue a college education.

Believing that everyone who wishes should have an opportunity to increase his knowledge and skill in order to enrich his own life and make his contribution to the society in which he lives, the college has made available the means of access to two years of education for those students having special abilities and skills and for those with financial need.

No prospective applicant for student aid will be awarded a loan, grant, scholarship or work-study assistance until he/she has been fully accepted for admission to Northwest. Each student desiring either federal, state, or institutional aid must first file the Free Application for Federal Student Aid. The free application filing process should be completed and submitted to the Federal Processor. Instructions for completing the FAFSA application filing process is provided on the Financial Aid section of the Northwest website at northwestms.edu under FAFSA.

All students receiving federal, state, or institutional financial assistance must be in good standing with the institution, and each student is expected to maintain satisfactory academic progress toward an educational goal. Students desiring any type of federal, state, or institutional financial assistance (Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, Federal College Work-Study, Federal
Direct Loan, Federal Direct Parent Loan for Undergraduate Student, Mississippi Resident Tuition Assistance Grant (MTAG), Mississippi Eminent Scholars Grant (MESG), Higher Education Legislative Plan (HELP)) must file the Free Application for Federal Student Aid (FAFSA) each school year. Students interested in any of the financial aid programs listed above should visit the Northwest Financial Aid website at northwestms.edu/financialaid to complete the FAFSA application process or for additional information.

**SATISFACTORY ACADEMIC PROGRESS POLICY**

Students receiving any form of Federal Financial Aid from Northwest Mississippi Community College will be expected to maintain satisfactory academic progress (SAP) toward their program objective. Failure to achieve satisfactory academic progress will result in the termination of your Federal Financial Aid.

Federal Financial Aid consists of:
- Pell Grant
- Student Loans
- SEOG
- Work-Study
- PLUS Loans

Standards are applied uniformly to all students receiving Federal Financial Aid regardless of enrollment status or program of study—e.g., less than half time (1-5 hours), half-time (6-8 hours), three-fourth-time (9-11 hours), full-time (12 hours or more), Academic or Career-Technical. The Northwest Mississippi Community College philosophy views satisfactory progress as indicative of a student’s efforts to achieve an educational goal within a given period of time, reflecting qualitative (measuring quality) as well as quantitative (measuring quantity) criteria.

Students must pass a minimum percentage of all courses attempted and must maintain a minimum cumulative GPA (grade point average) as calculated by the Office of Admissions and Records as shown below:

<table>
<thead>
<tr>
<th>Credit Hours Attempted</th>
<th>Percentage of Hours Attempted That You Must Pass</th>
<th>Minimum Cumulative GPA You Must Maintain</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-6</td>
<td>50%</td>
<td>1.25</td>
</tr>

<td>67%</td>
<td>2.00</td>
</tr>
<tr>
<td>97 and up</td>
<td>generally not eligible for financial aid</td>
<td>generally not eligible for financial aid</td>
</tr>
</tbody>
</table>

**TOTAL HOURS:** All students must complete the educational program within 150% of the published length (according to the Northwest Bulletin). For example, a pathway or program requiring 60 hours for a degree allows a maximum of 90 attempted hours (60 hours x 150% = 90). Once a student exceeds 150% of hours needed to complete the degree, he or she will no longer be eligible for Federal Financial Aid.
Students not meeting SAP requirements due to exceeding the maximum hours attempted, generally 96 credit hours, will be placed on Financial Aid Suspension and are no longer eligible for Federal Student Aid.

**PACE:** Pace of progression is referred to in the chart above as “percentage of hours attempted that you must pass.” Your pace will be determined by dividing the cumulative number of hours successfully completed by the cumulative number of hours attempted. In order to avoid a SAP issue, your pace should be greater than or equal to 50% if you have attempted 1-20 hours. If you have attempted 21 hours and up, your pace should be greater than or equal to 67%.

Below is a chart that demonstrates the pace of progression a student must maintain to ensure completion within the maximum time frame:

<table>
<thead>
<tr>
<th>After Attempting This Many Hours</th>

</tbody>
</table>

Students attempted hours, earned hours and cumulative (overall) GPA is displayed on their Northwest transcript. Students can view their transcript by logging into their myNWCC account.

**TRANSFER STUDENTS:** All transfer students must have on file in the Office of Admissions and Records ALL required academic transcripts from each college he/she previously attended. Failure to have required academic transcripts on file will result in the student not being eligible to receive Federal Financial Aid funds. Please refer to the Admissions Transfer Policy stated on page 34 of this Bulletin.

**PRIOR BACHELOR’S DEGREE:** Students who have a prior bachelor’s degree and are planning to enroll in educational programs at Northwest to pursue a new degree are not eligible to receive a Federal Pell Grant. However, such a student is eligible to apply for Federal Educational Loans and College Work-Study Funds. Students must have on file in the Northwest Office of Admissions and Records all required transcripts from previously attended colleges. No financial aid will be awarded if all required transcripts are not on file. Each transfer student will have their Title IV financial aid records evaluated for eligibility through NSLDS (National Student Loan Data System).

**REMEDIAL CLASSES:** Developmental studies classes will be treated the same as regular classes.
INCOMPLETE COURSES: Grades of incomplete are counted as an F until the course is completed and the grade is recorded by the Registrar.

REPEAT COURSES: Repeat courses will be counted only once in hours attempted and in hours earned. Only the highest grade on the repeated courses with be included in the GPA calculation.

NOTE: If you have been academically dismissed or placed on academic suspension and wish to appeal that status, you should contact the Office of Admissions and Records for instructions. Completing an appeal of Financial Aid Suspension will not correct your academic standing with Admissions. Likewise, being readmitted through the Admissions Office will not automatically remedy your Financial Aid Suspension.

FREQUENCY OF SAP CALCULATION: Beginning with the 2014-2015 Academic Year, student SAP will be checked at the end of the Spring term.

NOTIFICATION OF INELIGIBILITY: Students will be notified through their myNWCC student portal under Financial Aid Requirements.

FINANCIAL AID SUSPENSION: Students on Financial Aid Suspension are no longer eligible for Federal Student Aid which includes Pell Grant, Work-Study, SEOG, Student Loans, or PLUS Loans. The student may pay out-of-pocket and attempt to get back into compliance with the SAP requirement or the student may appeal the suspension if there were any extenuating circumstances that prevented him/her from meeting the SAP Requirements.

FINANCIAL AID PROBATION: Students on Financial Aid Suspension and who have an appeal approved will be placed on Financial Aid Probation and will be eligible for Federal Student Aid for one year. At the end of the Spring semester, the student must be meeting SAP requirements. Students who fail to meet the conditions of their appeal will be placed on Financial Aid Suspension.

APPEAL PROCESS: Any student being denied Federal Student Aid due to not meeting SAP requirements (whether due to exceeding the total hours, percentage completion, or GPA) may appeal if some extenuating circumstance such as illness of student, severe injury of student, death of close relative of student or other undue hardship such as lack of transportation, incarceration of student, or other circumstance determined by the Financial Aid Appeals Committee. We advise students who find themselves needing to use the appeals process to review their Northwest transcript and read the SAP Policy, before completing the SAP Appeal form.

Appeals will be considered on their own merit. Appeals may be denied. Students will be notified through their myNWCC student portal under Financial Aid Requirements. Appeals will generally be reviewed within 7-10 days after they have been received. See the Financial Aid section of the Northwest website under SAP Appeal Policy for the deadlines.

How to file an appeal:
Submit your appeal online at www.northwestms.edu under Financial Aid, and Financial Aid SAP Appeal Form and Policy.

You must explain in your appeal the reason why you failed to maintain SAP and provide documentation such as accident reports, physician’s statements, third party affidavits, etc. to support your reason. Explain what has changed in your situation that will allow you to improve your academic standing and return to SAP by the end of the next term, if your appeal is approved. The last day to submit an appeal for a term is the last day of late registration.

You will be notified through your myNWCC student portal of the decision. This could take several days.
Federal, State and Institutional Student Aid

Northwest Financial Aid Office requires that students use the Free Application for Federal Student Aid when applying for assistance from federal, state, or institutional financial aid programs. The FAFSA must be used to apply for state and institutional aid. The applicant for federal, state, and institutional aid should apply online at www.fafsa.gov. For further information visit the Financial Aid section of the Northwest website at northwestms.edu.

Refund Formula for Federal Financial Aid (Title IV) Funds

The Title IV Federal Financial Aid Refund Formula calculation will be implemented for those students attending Northwest and receiving Federal Financial Aid (Federal Grants and Federal Student Loans). This Title IV Federal Refund Formula will only allow a student to receive a percentage of the Federal Grant or Federal Student Loan funds awarded if the student totally withdraws from school before completing 60 percent of the payment period (semester). The proration of Grant/Loan funds awarded the student will be calculated on the number of calendar days the student is enrolled before a total withdrawal occurs. The unearned Grant/Loan funds will be returned to the proper program by the student, the Institution, or both. In many cases, the Federal Grant or Loan recipients that drop out of school before completing 60 percent of the payment period (semester) not only must repay the Grant/Loan program but will also be responsible for paying the Institution money for fees not allowed from Federal Grant or Loan funds. After the 60 percent payment period, the student is eligible to receive 100 percent of the Federal Grant/Loan funds awarded.

Federal Grant/Federal Student Loan recipients withdrawing from the Institution have earned the percentage of total Grant/Loan funds awarded for the payment period indicated below (the formula in brief):

<table>
<thead>
<tr>
<th>Day of Withdrawal</th>

Distribution Schedule of Unearned Funds that must be returned to Title IV Programs:

1. Unsubsidized Federal Direct Loan
2. Subsidized Federal Direct Loan
3. PLUS
4. Pell Grant
5. SEOG Grant
6. Other Federal Sources
Grants

Federal Pell Grant
Pell Grants are awards to help undergraduates pay for their education after high school. For many students, these grants provide a “foundation” for financial aid, to which aid from other federal and non-federal sources may be added. Unlike loans, grants, in most cases, do not have to be paid back.
Pell Grants for the 2017-2018 award year (July 1, 2017 to June 30, 2018) may range from $740 to $5,920 depending on a student’s eligibility as determined by a standard formula.
A student is eligible for a Pell Grant if:
(1) the student has met the general eligibility requirements, (which include having a high school diploma or HSE);
(2) the student is determined to have financial need based on the Pell Grant formula (This formula uses the information provided on the Financial Aid Application (FAFSA) to produce an Expected Family Contribution Number (EFC). This number is considered, along with the total cost of attending Northwest. Generally, the lower the EFC number the higher the grant award.); and
(3) the student is an undergraduate student who has not previously received a baccalaureate degree and is enrolled in an eligible program, full or part-time.

Federal Supplemental Educational Opportunity Grant (FSEOG)
The Federal Supplemental Educational Opportunity Grant provides funds to students of exceptional need, who without the grant would be unable to continue their education. FSEOG awards may range from $100 to $4,000 depending on funds available.
To be eligible for a FSEOG a student must:
(1) have met the general eligibility requirements, (which include having a high school diploma or HSE);
(2) be enrolled at least half-time (6 hours) as an undergraduate student in an eligible program (an undergraduate student is defined as a student who has not previously been awarded a baccalaureate degree);
(3) demonstrate exceptional financial need; and
(4) show academic or creative promise and the capability of maintaining good standing in his or her course of study.

Federal Work-Study Program

College Work-Study Program
The College Work-Study Program is authorized under Title IV of the Higher Education Act of 1965. The primary purpose of the College Work-Study Program is to stimulate and promote part-time employment for students. The program is designed for those students who are in need of earnings to pursue their course of study at Northwest. Primary consideration for work-study is given to those students with the greatest financial need and who live in campus housing.
The number of hours a student will be eligible to work will depend on demonstrated
need, class schedule, and academic progress and the amount of funds available in the work-study program.

To be eligible for work-study a student must be enrolled in an eligible program at least half-time (6 hours) at Northwest; however, work-study awards are usually limited to full-time (12 hours or more) students. Additionally, as with all student assistance, students receiving work-study jobs must show evidence of making academic progress.

To apply for federal college work-study, students must indicate interest for work-study when filing the Free Application for Federal Student Aid and also submit a work-study application, located on the Northwest website under the Financial Aid section. Students filing for any type of financial aid should be prepared to furnish the Financial Aid Office with a copy of the student’s and parents’ previous year’s IRS tax return transcript or use the IRS Data Retrieval Tool when filing their FAFSA application.

Work-study monies are paid to students every four weeks as they work. Students’ earnings are applied to their expenses if the necessary credit arrangements have been made with the institution’s Business Office.

The Institution has designated certain departments as Community Service work areas. Students are encouraged to submit a work-study application found under the Financial Aid work-study section of the Northwest website at northwestms.edu about possible employment in these departments. Also, the Financial Aid Office will place student workers in the America Read Challenge and Adult Reader programs as reading and math tutors.

**Loan Programs**

**Federal Direct Student Loan Programs (Subsidized and Unsubsidized)**

The Federal Direct Student Loan Program enables a student to meet his educational expenses by borrowing from the Department of Education at a low interest rate, if the student is enrolled at least half-time (6 hours) in an eligible program of study. Freshmen students may borrow up to $3,500, and sophomore students may borrow up to $4,500 per year. Students must show eligibility by filing the Free Application for Federal Student Aid.

Before a Federal Direct Loan acceptance form can be processed by the institution, the results of the FAFSA must be received and completed by the Financial Aid Office. Therefore, it is always important to file for student aid early. Students interested in filing for a Federal Direct Student Loan should visit the Financial Aid loan section of the Northwest website at northwestms.edu to submit their online loan acceptance form, master promissory note, and entrance counseling.

**Federal Direct Parent Loan for Undergraduate Students (FDPLUS)**

The FDPLUS loan program is a non-need based source of loan funds for parents of dependent undergraduate students. The FDPLUS loan will have a variable interest rate. The variable interest rate will be determined by the Secretary of Education and will become effective on July 1 of each year. Loan limits are based on the cost of attendance minus any other aid awarded. Students must show eligibility by filing the Free Application for Federal Student Aid.
State Grants

Mississippi Resident Tuition Assistance Grant and Mississippi Eminent Scholars Grant (MTAG, MESG)

General eligibility requirements are as follows:

1. Student must be a current legal resident of Mississippi as certified by the college's Registrar.
2. Student must be accepted for enrollment in a minimum of 15 semester hours at any two-year or four-year, public or nonprofit, regionally accredited, state approved, college or university in Mississippi.
3. Student must maintain continuous enrollment of not less than two semesters or three quarters in each successive academic year unless granted an exception for cause.
4. If a student drops below full-time status during a semester or quarter of the academic year, that student is ineligible to receive funds during the following semester or quarter of the regular academic year.
5. No student may receive an MTAG or MESG for longer than the equivalent semesters or quarters required to complete one (1) undergraduate degree per institution [i.e., eight (8) semesters or equivalent quarters for a four (4) year degree; ten (10) semesters or equivalent quarters for a five (5) year degree; four (4) semesters for a two (2) year degree].
6. Awards are dependent on availability of funds and are subject to proration.
7. Student must not be currently in default on an educational loan.
8. Student must file the Free Application for Federal Student Aid (www.fafsa.gov) each year as well as complete an updated MTAG/MESG online application at www.riseupms.com.
9. Questions can be directed to IHL at 1-800-327-2980.

State Scholarships

Higher Education Legislative Plan for Needy Students (The HELP Scholarship)

General Eligibility Requirements

First-Time-In-College

~ A United States citizen registered with the Selective Service, if required
~ A current resident of Mississippi who has actually resided in Mississippi during the 24 months preceding enrollment, and/or has a custodial parent or guardian who is currently a resident and has resided here during the 24 months preceding student’s enrollment
~ A student who has no criminal record, except for misdemeanor traffic violations
~ A full-time undergraduate student at an eligible institution or community/junior college pursuing a first baccalaureate or first associate degree
~ A student who has filed the Free Application for Federal Student Aid (FAFSA) (www.fafsa.gov)
~ A student who is in compliance with the terms of federal and other state aid programs
~ A student who is not in receipt of a total award package that exceeds the institution’s cost of attendance
~ A student who will not be receiving a full tuition waiver/award from another state financial aid source
~ A high school graduate, within two years preceding the application, with a cumulative grade point average of 2.5 on a 4.0 scale
~ A student who successfully completed 17 1/2 units of the core curriculum required for admission to a public institution or college
~ A student who has a composite score of at least 20 on the ACT

Current or Previously Enrolled in Post-Secondary Education
~ A student who has a cumulative grade point average of at least 2.5 calculated on a 4.0 scale on earned credit hours
~ A student who has a composite score of at least 20 on the ACT
~ A student who has no criminal record, except for misdemeanor traffic violations
~ A student who has filed the Free Application for Federal Student Aid (FAFSA) by the deadline established each year (www.fafsa.gov)
~ A student who has established Mississippi residency for two years prior to receiving this award, and/or has a parent or guardian who is currently a resident and has resided here during the 24 months prior to the student receiving this award for the first time
~ A student who is in compliance with the terms of federal and other state aid programs
~ A student who will not be receiving a full tuition waiver/award from another state financial aid source

The Higher Education Legislative Plan (HELP) Scholarship provides full tuition to all qualified, college-bound state residents who apply for the payment thereof and enroll full time at any eligible Mississippi public institution of higher learning or eligible Mississippi public community/junior college to pursue a first baccalaureate or first associate undergraduate degree.

The annual award amount for the HELP Scholarship varies, since it is the actual tuition charged by individual Mississippi public institutions or Mississippi public community/junior colleges. If all eligibility requirements are met, a student may receive this scholarship for 10 semesters or 15 trimesters.

There is no repayment of this scholarship if eligibility is lost.

The number of awards and recipients are dependent upon availability of funds, and awards will be made on a first-come, first-served basis. Applications for the HELP Scholarship received on or before the priority date of March 31 of the school year that the applicant desires aid will be given first consideration in the award process.

Mississippi Law Enforcement Officers and Firemen Scholarship Program

Eligibility Requirements:
~ Current legal Mississippi resident
~ Enrolled as a full-time student at a Mississippi state-supported college or university
~ Spouse or child of full-time Mississippi law enforcement officer or fireman/firefighter who was fatally injured or totally disabled from injuries which occurred while performing official duties
The Mississippi Law Enforcement Officers and Firemen Scholarship Program offers scholarships to the spouses and children (natural, adopted, or stepchildren) of full-time Mississippi law enforcement officers and the spouses and children of full-time Mississippi firemen/firefighters who were fatally injured or totally disabled from injuries which occurred while performing official duties.

Under the program, the amount of assistance available is tuition plus the average cost of a dormitory room plus required fees plus applicable course fees. The Scholarship does not include educational expenses such as books, food, school supplies and materials, school dues or fees for extracurricular activities. Recipients are entitled to eight semesters of scholarship assistance; however, children are only entitled to the Scholarship until the age of 23.

There are no service/repayment requirements for this Scholarship.

Northwest Work-Study Program (NWWS)

A limited number of jobs are available under the college’s work-study program. Basically the Northwest program is designed to enhance services at the college while also providing work experience for students with moderate financial need.

Scholarships

All scholarship recipients must file the Free Application for Federal Student Aid (www.fafsa.gov). Academic Scholarship forms must be completed by April 1. A scholarship may be altered by the amount of federal financial aid awarded. Scholarship recipients must enroll in and maintain 15 semester hours for at least six weeks. Contact the Recruiting Office for all Academic Scholarship information.

Presidential Scholarships – These scholarships are awarded to students based on ACT. Recipients must be entering freshmen and must enroll in and maintain 15 semester hours as well as the required cumulative grade point average. These scholarships will be awarded in the amount of one fourth per semester. Awards will be made as long as funds are available.

June S. Gardner Scholarships – These scholarships are awarded to in-state high school valedictorians and salutatorians. Recipients must be fall entering freshmen and must enroll in and maintain 15 semester hours as well as the required cumulative grade point average. Awards will be made as long as funds are available.

Leadership Scholarships – These scholarships are limited in number and are awarded to in-state students who exhibit leadership abilities, have special skills or talents, a specific ACT score, and/or have strong academic qualities. Recipients must be fall entering freshmen and must enroll in and maintain 15 semester hours as well as the required cumulative grade point average.

Adult Student Scholarship – These scholarships are limited in number and awarded to Mississippi residents. Applicants must be 25 years of age and must enroll in and maintain 15 semester hours. Scholarship applications are reviewed by a committee and awarded based on financial need, credit hours previously earned and academic achievement.

Howard Carpenter GED Scholarships – These scholarships are awarded to the residents of the Northwest district who have scored 600 or above on the GED test or 75 or above on the HiSet. Awards are for entering freshmen. Recipients must enroll in and maintain 15 semester hours as well as the required grade point average of 2.0 during their enrollment. Application information must be completed prior to the start of a semester.
Cheerleader Scholarships – A limited number of cheerleader scholarships are available. For specific information, contact the Cheer Sponsor.

Athletic Scholarships – Grant-in-aid scholarships in football, basketball, baseball, softball and soccer are awarded in accordance with the rules and regulations of the Mississippi Community/Junior College Association. Scholarships are awarded by the respective coaches of each sport based on the talent of the athlete and the needs of the program. These scholarships may be used to defray the costs of tuition, room, and/or board only.

Band Scholarships – Scholarships for participation in the Northwest Ranger Band are available for the musically talented student. They are awarded after tryouts before the Band Director. Recipients must enroll in and maintain 15 semester hours and must maintain a 2.0 cumulative GPA.

Art Scholarship – This scholarship is available for a student studying art. It is awarded based on work judged best of all entries in a competition. Instructors in the Art Department serve as judges for the competition. The recipient must enroll in and maintain 15 semester hours, be an entering freshman, and must maintain the required cumulative grade point average.

Speech/Theatre Scholarship – This scholarship is available for a student studying Speech/Theatre. It is awarded based on an audition with the instructors in the Speech/Theatre Department. The recipient must enroll in and maintain 15 semester hours, be an entering freshman, and must maintain the required cumulative grade point average.

Music Performance Scholarships – These scholarships are available for students talented in vocal or keyboard music. They are awarded based on auditions with the choral director. Recipients must enroll in and maintain 15 semester hours and must maintain a 2.0 cumulative GPA.

Student Publications Scholarships – These scholarships are available to full-time students with abilities, interests, and/or experience in journalistic areas. Applications may be obtained in the Ann Y. Whitten Media Center on the Senatobia campus. Scholarship or part-time employment is based on the student’s individual needs subject to budget approval.

Scholarships for Children of Employees – All children of full-time employees of Northwest Mississippi Community College are eligible to receive the cost of tuition scholarship while attending Northwest. The basic guidelines are as follows:

1. The scholarship is for tuition per semester.
2. A 2.0 cumulative grade point average must be maintained.
3. The scholarship is available only to the children (age 24 years and under) of full-time staff, faculty and administrative personnel.

Henry Womble Memorial Scholarship – This scholarship is awarded to a deserving disabled student who is a Mississippi resident with need. The recipient must be a full-time fall entering freshman, have a medically-documented disability, provide two letters of recommendation from teachers or counselors, and maintain the required cumulative grade point average.
SCHOLARSHIPS FUNDED BY THE NORTHWEST MISSISSIPPI COMMUNITY COLLEGE FOUNDATION

Through the generosity of individuals, corporations, and civic organizations, scholarships are available through the Northwest Mississippi Community College Foundation. There are two types of Foundation scholarships: endowed and annual. In an endowed scholarship, the endowed principal is held in sacred trust in perpetuity (forever) with scholarships being awarded from the interest earned. In an annual scholarship, the funds are contributed to the Northwest Foundation, and those same funds are disbursed in the school year in which they are received.

Students must submit a Foundation Scholarship Application Form, available from the Foundation Office, the Recruiting Office or online at www.northwestms.edu. Each application must be accompanied by a resume and one letter of recommendation. The application must be received by the Foundation Office no later than 5 p.m. on April 1. Unless otherwise noted, only Mississippi residents may receive Foundation scholarships.

The selection is made by the Northwest Foundation Scholarship Selection Committee, which includes members of the Northwest faculty and administration and at least one member of the Northwest Foundation Board of Directors. Scholarship recipients will receive notification by May 15. After notification, the scholarship recipient must meet with the Director of the Northwest Foundation prior to registration to obtain complete necessary acceptance forms. For additional information, write the NWCC Foundation Office, P.O. Drawer 7015, 4975 Highway 51 North, Senatobia, MS, 38668, call (662) 560-1103 or email srcanon@northwestms.edu.

Foundation scholarships are awarded according to the criteria designated by those who contributed the funds to establish the scholarships. Additional criteria, in addition to the primary criteria, are listed in parentheses. Students must be full-time students and maintain specified grade point averages, which range from 2.0 to 3.25, according to the criteria of the individual scholarships.

CRITERIA BY SUBJECT AREA

Academic Business
The BancorpSouth Endowment
The John L. Basinger, Sr. Endowment
The Carl H. and Mattie Sue Johnson Blanchard Endowment
The Dr. Jack Butts Endowment
The Marie Stewart Gray Endowment
The Dent Jackson Memorial Endowment
The Sycamore Bank Endowment (Tate County)
The Toyota-Haley Barbour Scholarship
The Kathleen (Kitty) Wait Endowment

Accountancy
The Louis Johnson and Martha Jones Blanchard Endowment (Tate and Quitman Counties)
The James P. and Nelda McCormick Endowment
The William H. Polk Endowment (North Delta Academy)
The Wesley and Alice Williams Family Endowment
Adult Basic Education Graduates
The Al Simmons Adult Basic Education Endowment
The Sue Wilson Endowment

Agriculture
The Wesley and Alice Williams Family Endowment

Agricultural Technology
The Greene Blythe Endowment
The Jack O. Blanchard Endowment
The John Deere Corp. Scholarship
The Raiford Lindsey Fancher Endowment
The Elizabeth Carter Fotherree Endowment
The Cecil Gene Howell Endowment
The Carl and Charlene Hyde Endowment
The Bill Lipscomb Endowment
The Panola-Tate Livestock Association Endowment (Panola and Tate Counties)
The Scott Potts Endowment
The J.E. Spurlock Endowment
The Steve Everette Watson Endowment (Ranger Rodeo Team participant)
The C. Chad Williams Endowment
The Ronald D. Williams Endowment

Automotive Technology
The Sam Meacham Endowment

Aviation Maintenance Technology
Mississippi Airport Association Scholarship

Business Administration
The Debbie Poston Scholarship
The Wesley and Alice Williams Family Endowment

Career-Technical Majors
The N.C. and Charlotte Ferguson Endowment
The Jerry Nichols Endowment
The Norma Shuford Riser Endowment

Computer Information Systems
The Thomas W. Hogan Endowment (Tate, Panola or Quitman Counties)
The Khalid Khouri Endowment

Criminal Justice, EMT-Paramedic, EMT-Basic/First Responder, and Forensic Chemistry—must be a resident of DeSoto County
The DeSoto County Fallen Hero Endowment
The Larry Cox Fallen Hero Endowment
The Robert Dodson Fallen Hero Endowment
The William P. Harris Fallen Hero Endowment
The Rory Welch Key Fallen Hero Endowment
The James William (Billy) Lance, Jr. Fallen Hero Endowment
The Gregory Floyd Medlin Fallen Hero Endowment
The Larkin V. Pettit Fallen Hero Endowment
The Bobby L. Wells, Jr. Fallen Hero Endowment
Criminal Justice
The Eugenia Bishop Arnold Endowment
The Hugh M. (Monty) Monteith Endowment
The Chief William L. Moore Endowment
The Scott Potts Endowment

Disability Support Services Student
The Mike Dottorey Endowment

Early Childhood Education Technology
The Mary Elizabeth Walker Lewis Endowment
The Marilyn R. Spears Endowment

Economics
The Toyota-Haley Barbour Scholarship

Education
The Mary Louise Wynne Broadway Endowment (Horn Lake High School)
The Robbie Harrison Butts Endowment (Elementary Education, Panola County)
The Shirley Clanton Endowment (Tate or DeSoto County)
The Pete and Pauline Harris Endowment (DeSoto County)
The Carl and Charlene Hyde Endowment
The Elizabeth Wynne Lewis Endowment
The Mariglyn Mayfield Meacham Endowment
The North Mississippi Education Consortium Endowment
The Mildred and Robert Redding Endowment (Lafayette, Marshall or Yalobusha Counties)
The B. Joan Robertson Endowment (DeSoto County)
The Raymond H. and Margaret N. Rogers Endowment (emphasis in History)
The Joan Teasler Rose Endowment
The Dr. Gary Lee Spears Endowment (Tate or DeSoto County)
The Delores Sanders Stewart Endowment (Tate County)
The Charles D. Taylor Endowment (speciality in Mathematics)
The Edna Teasler Endowment (single-parent family)
The C.B. and Marjorie Norton Walker Endowment
The R.T. Ward Endowment
The Marjorie Sowell Williams Endowment (Elementary or Secondary Education)
The Mary Frances Jaudon Woolfolk Endowment (Senatobia High School or South Panola High School)

EMT-Paramedic
The Alice Hammersmith Endowment
The Beverly Brewer Stark Endowment

Engineering
The Ed and Grace Dandridge Endowment
The Anita Stratton Wilborn Graham Endowment
The Mildred and Robert Redding Endowment (Lafayette, Marshall, or Yalobusha Counties)
The Toyota-Haley Barbour Scholarship
The Wesley and Alice Williams Family Endowment
Fine Arts
The Martha Key Fite Endowment (Art)

The ThyssenKrupp Elevator Manufacturing Scholarship (children of Mississippi employees)
STUDENT ACTIVITIES AND SERVICES
STUDENT ACTIVITIES AND SERVICES

Services for Students

All offices are normally closed from 12 to 1 p.m. for lunch.

Beverly Brewer Stark Career Center
Location: Tech I Building, Senatobia campus
Hours: 8 a.m.-4:30 p.m., M-F

The professional counselor located in the Center provides career counseling for all students, both individuals and groups. A career lab provides computerized resources for personal assessments, career research, college searches, and career planning. The counselor provides workshops and classroom presentations on personal assessments, career development, and employability skills. Students should stop by the Center to sign up for upcoming workshops. Walk-ins and appointments are accepted; however, an appointment assures counselor availability.

Bookstore
Location: McLendon Center, Commons
DeSoto Center Bookstore
Lafayette-Yalobusha Technical Center Bookstore
Hours: 8 a.m.-4:30 p.m., M-F

The college bookstore sells required textbooks and supplies for courses. Other items available include shorts, caps, T-shirts, sweatshirts, jackets, stationery, paperbacks, greeting cards, and gift items. Extended hours are offered at the beginning of each semester.

Textbooks may be returned for full refund through the second week of classes provided that: the cash register receipt received at the time of purchase is presented; there are no marks in new books; and shrink-wrapped books are in their original wrapping. Textbook buy back is held at the end of each semester.

Business Office
Location: McCormick Administration Building, second floor
Hours: 8:30 a.m.-4:30 p.m., M-F

The Business Office is available on the second floor of the McCormick Administration Building for payment of fees, traffic fines, and to pick up work-study checks. Personal checks may also be cashed. There is a $100 limit on personal checks, and ID is required. The office is open from 8:30 a.m. until noon and from 1 p.m. until 4:30 p.m. The cashier's window closes at 3:30 p.m. each day.

Campus Life & Housing
Location: Tate Hall, first floor
Hours: 8 a.m.-4:30 p.m., M-F

The Campus Life and Housing Office manages the residence halls on the Senatobia campus. The central office is responsible for applications, room assignments, and cancellations of residence applications. The office also oversees the college's student conduct procedures.
Campus Police
Location: McLendon Center, Office #100
Hours: 7:30 a.m.-4:30 p.m., M-F

The Office of Campus Police is responsible for safety and security at Northwest and can be contacted at anytime 24 hours a day, seven days a week by calling extension 3314.

Students and visitors may obtain parking decals, ID cards, direct questions regarding parking tickets, obtain general or emergency assistance, and file accident reports.

If an automobile without a decal must be driven on campus for a short period of time a temporary decal may be obtained at the Campus Police Office. The decal is free and is valid for a maximum of two weeks.

Each Northwest student is issued an official identification card. All students must observe the identification policy. The fee to replace a lost card is $10, payable in advance.

Communications Office
Location: Yalobusha Hall, Ann Yates Whitten Media Center (Office #129)
Hours: 8 a.m.-4:30 p.m., M-F

The Office of Communications is responsible for the following areas: Public Relations, Special Events Coverage, Sports Coverage, Photography, Publicity Clearinghouse, Media Liaison, Advertising, Marketing Communications, College Publications, Student Publications, Web Content and Social Media Management.

Computing Resources
Location & Hours: See below

Computing facilities are provided to students, faculty and staff for educational and administrative activities. These facilities provide computing resources and Internet accessibility for outside assignments given in the classroom. Wireless Internet access is provided in the residence halls on the Senatobia campus and is available on all campuses. Students are assigned a Northwest network login and email account upon completing their registration. Students may also access personal information from the time their admissions application is received such as required documents for admission acceptance, financial aid documents required, financial aid awards, degree plans, course schedules and fee information through myNWCC on the Northwest Web site. All students, faculty and staff must utilize these systems in an efficient and legal manner. Use of these facilities and resources must be consistent with Northwest's Acceptable Use Policy for Computing on page 114.

The computing facilities provided are located in the libraries/learning resource centers on each campus. There are also facilities on the second floor of the McLendon Center on the Senatobia campus. A Help Desk is located in the McLendon Center for students using the facilities as well as for assisting faculty and staff. Students will be allowed to print 250 pages per semester, with each print job being limited to 20 pages. Once the 250 page limit is reached, students will be charged 5 cents per page for additional pages printed. At the end of each semester, any charges incurred will be placed on the student's account. Hours of operation are as follows:

R.C. Pugh Library, Senatobia campus—7:45 a.m.-9 p.m., M-Th.; 7:45 a.m.-3:30 p.m., F; 2 p.m.-7 p.m., Sun.; Summer hours: 8 a.m.- 3 p.m., M-F
McLendon Center, Room 210, Senatobia campus—8 a.m.-4:30 p.m., M-F
Career-Technical Education Support Services
Location: Tech I, Room 16
DeSoto Center, Room 308
Lafayette-Yalobusha Technical Center, Room 105
Hours: Variable
CTE Support Services personnel provide services to the following groups of career and technical students: the economically and academically disadvantaged, students with limited English proficiency, non-traditional by gender, single parents (including single pregnant mothers), displaced homemakers, and disabled students. Services include instructional aides and devices, remediation, adaptive equipment, integration of academic and technical education, and career counseling.

Disability Support Services
Location: Tate Hall, first floor
Hours: 8 a.m.-4:30 p.m., M-F
Disability Support Services assists in making the learning environment accessible for the disabled. The Coordinator counsels and advises students with disabilities and provides information about obtaining educational materials for their specific needs.

Students with a disability, who are accepted for admission, are advised to contact the Office of Disability Support Services as soon as possible regarding disability accommodations. Documentation is required to certify a disability and should be submitted at least six weeks prior to the beginning of the semester. This will allow adequate time to evaluate the documentation, to arrange funding for auxiliary services, to prepare specific accommodations, to arrange scheduling in barrier-free classrooms, etc. Last minute accommodations may not be feasible due to time constraints. The Coordinator also works with students and families regarding careers, programs, etc.

All forms and instructions regarding the application for disability accommodations can be found on our website, northwestms.edu in the information section under Disability Services.

Financial Aid
Location: Yalobusha Hall, Office #103 (Senatobia campus)
DeSoto Center, Office #233 C and D
Lafayette-Yalobusha Technical Center, Office #156
Hours: 8 a.m.-4:30 p.m., M-F
Information on all types of financial aid is available for students including Federal, State and County aid and institutional scholarships.

Food Service
Location: David M. Haraway Center
Fall and Spring semesters hours of operation:
  Breakfast: Monday through Friday, 7-9 a.m.
  Lunch: Monday through Thursday, 11 a.m. - 1:30 p.m.; Friday, 11 a.m.-1 p.m.
  Dinner: Sunday, 5-7 p.m.; Monday through Thursday, 4:30-7 p.m.
Additionally, the cafeteria is open on the weekends during the following hours:
Dinner: Friday and Saturday, 5-5:30 p.m.
Brunch: Saturday and Sunday, 11:30 a.m.-noon
Summer semester hours of operation:
Breakfast: Monday through Friday, 7:30-8:30 a.m.
Lunch: Monday through Friday, noon-1 p.m.
Dinner: Monday through Thursday, 5-6 p.m.
The cafeteria opens with the dinner meal on the evening before the first day of classes and closes with the lunch meal on the last day of final exams each semester. Cafeteria Hours are subject to change with notice.
The cafeteria is closed for the following holidays: Labor Day (to include the weekend prior), Fall Break (to include the weekend prior), Thanksgiving (to include the weekend prior, the week of, and the weekend after), Martin Luther King (to include the weekend prior), President’s Day (to include the weekend prior) Spring Break (to include the weekend prior, the week of, and the weekend after), Easter (to include the weekend after), and Independence Day. Specific closing dates are posted in the cafeteria and residence halls at least one week in advance of closing.
The cafeteria operates on a meal credit system. Students have an account accessed by their ID card. Each account has meal credits based on the meal plan purchased. Students with a 15-meal plan (required of all residence halls students) receive a standard meal (breakfast, lunch and dinner) beginning with dinner on Sunday evening and ending with lunch on Friday afternoon. Students with a 19-meal plan receive meals on the weekends. Students on the commuter plans receive either five lunches per week or three lunches per week based upon the plan purchased. There are no roll over credits. Cash sales are available for breakfast and lunch Monday through Friday and for dinner Monday through Thursday while classes are in session.

Foundation & Alumni Office
Incorporated in 1975, the Northwest Mississippi Community College Foundation operates exclusively for the benefit of Northwest and its students, alumni, faculty, and staff. The primary responsibilities of the Foundation are to foster community relations and to raise funds from private sources for the support of educational, scientific, literary, research, and service activities provided by Northwest. The Foundation is an independent, nonprofit, tax-exempt corporation founded for the purpose of soliciting, receiving, managing, and disbursing gifts and donations of every type for the use and benefit of the college. Contributions to the Foundation are tax deductible.
The Alumni Affairs Office, located in the James P. McCormick Administration Building, is a joint operation of the college and the association. The Alumni Affairs Office maintains a computerized file of names and addresses of alumni and friends, arranges Homecoming activities, organizes reunions, coordinates meetings of alumni groups, publishes the Northwest Now magazine in conjunction with the Northwest Foundation and the Communications Department, honors 50-year alumni classes, and organizes one spring event.

Alumni Association
The Northwest Mississippi Community College Alumni Association is dedicated to keeping in touch with alumni and friends and supporting Northwest. Graduates, other former students, former and present faculty, staff members, and friends are el-
igible for membership in the association. The annual dues are $5 per person or $8 per couple. Lifetime dues are $30 per person or $50 per couple. Dues may be mailed to the Alumni Affairs Office. Portions of the Alumni Association dues are used to fund The Alumni Association Endowed Scholarship.

The association serves as a union between the college and its alumni, faculty, and friends. The purpose of the association is to help make our college aware of the educational needs of the people within the community college area and to give support through scholarships, gifts, and otherwise advance the educational and scientific work of the college.

The Alumni Association Board is comprised of a president, vice president, secretary-treasurer, and 13 directors (one from each of the 11 counties supporting Northwest and two at-large). Regular meetings shall be held at least twice each year with the regular alumni business meeting and election of officers being held in conjunction with Homecoming Alumni Day.

Health Services
Northwest does not have an established health center or a health nurse. Students who are sick or injured should contact Campus Police or their Residence Hall Supervisor on the Senatobia campus, or the Center Dean at the centers for assistance.

In emergency situations, the college will contact parents or nearest relatives. Expenses for professional care or treatment are the responsibility of the student.

Below are free or low-cost services provided by the state of Mississippi.

- Mississippi State Department of Health

**Intramurals and Recreation**

**Location:** McLendon Center, Room 163

Intramural sports offer recreational and competitive sports activities on the Senatobia campus throughout the school year.

Full-time enrolled students are eligible to participate in intramural sports except those students who are members of related varsity teams.

The following is a list of intramural sports offered:

- Indoor volleyball
- Outdoor volleyball
- Flag football
- Horseshoes
- Billiards
- Hoop shoot
- 3-on-3 basketball
- 5-on-5 basketball
- Pickle ball
- Dodgeball
- Kickball
- Softball
- Wiffleball
- Turkey Trot Run
- Ping pong
- Spades
- Badminton
- Ultimate frisbee
- Soccer
- Tennis

**Recreational Activities**

Northwest’s recreation program is designed for the student to engage in enjoyable activities for pleasure or relaxation. They include:

- The ROC (Ranger Outdoor Complex)—basketball, volleyball and tennis
- North and South Gyms in the McLendon Center
- Ranger Game Room

**Fitness Center**

The Northwest fitness center is a newly-designed facility with state-of-the-art equipment to assist people in maintaining a healthy lifestyle or improving their physical fitness.
Learning Resource Centers
Location: R.C. Pugh Library
DeSoto Center: ground floor
Lafayette-Yalobusha Technical Center: Room 133
The NWCC/Benton County Vo-Tech Center has a lending agreement with Bond Memorial Library in Ashland.
Hours: 8 a.m.-9 p.m., M-Th.; 8 a.m.-3:30 p.m., F
The Learning Resource Centers of Northwest provide services to enhance the learning experience of students, faculty and staff at campuses in Ashland, Oxford, Senatobia and Southaven. Students at Northwest may access information in a variety of formats on campus or online for both the academic and career-technical programs. All libraries are wireless and encourage laptop use. They also offer computer labs and areas for studying, reading, viewing, and/or listening to audio-visual materials. Professional librarians provide class or assignment-specific instruction to all academic or technical programs. Instruction sessions may be scheduled by calling or e-mailing the library.
All students may access the library web page to search the library catalog and online databases, and to access full-text e-books and journal articles. Students may contact a librarian by phone, text or chat.
R.C. Pugh Library, located on the Senatobia campus, is the library headquarters. The Lafayette-Yalobusha Technical Center library is located on the Oxford campus, while the DeSoto Center library occupies more than 6,000 square feet on the first floor of the DeSoto Center. The Benton County/NWCC Vo-Tech Center, located in Ashland, does not have a physical library in the facility. However, the nursing program houses current library books and journals on a shelf accessible to all students in the program. Additional access is available through the public library with a Cooperative Library Lending Agreement between Bond Memorial Library and Northwest which extends borrowing privileges to students, instructors and the community.
The Learning Resources Code of Conduct may be found on page 119 of this Bulletin.

Lost and Found
Location: McLendon Center, Office #100 (Campus Police)
Hours: 7:30 a.m.-4:30 p.m., M-F
Lost and found on the Senatobia campus is handled by the Campus Police. Contact the main office at Centers.

Math Support Lab
Location: McLendon Center, Room 219
Hours: Morning Schedule—M-F, 8 a.m.-noon
Afternoon Schedule—M, T, W, 1-4:30 p.m.; Th., 1-7 p.m.
DeSoto Center, Room 208 & Room 306
Hours: M-F, 8 a.m.-1 p.m.
Lafayette-Yalobusha Technical Center, Room 136
Hours: Morning Schedule—M-F, 8:30-11:30 a.m.
Afternoon Schedule—T, Th, 1:30-2:30 p.m.
The Math Support Lab is available to reinforce the classroom experience. Students have access to computers, software and individual tutoring in mathematics provided in a friendly environment.
Post Office
Location: McLendon Center, Commons
Hours: 8 a.m.-4:30 p.m., M-F

The Northwest Post Office is a U.S. Postal Service Contract Station. It offers most postal services, and post office box rental is available for faculty, staff, and students. Mail is delivered to the campus each day between 9:30 and 10 a.m. and put into post office boxes by noon. Outgoing mail must be in the out-of-town slot by 2 p.m. Each box is rented/assigned to one person, and a student may not receive other people's mail in his/her box. The boxes work by combination lock, and it is each student's responsibility to learn his/her combination. No mail will be given out through the window. Money orders are sold until 2 p.m. each day and must be paid for in cash.

Admissions and Records
Location: Yalobusha Hall, Office #244
Hours: 8 a.m.-4:30 p.m., M-F

The Office of Admissions and Records serves as the College's admissions office and assists students in completing the necessary documentation for admittance. They provide transcripts and verifications of enrollments and degrees to current students, graduates and transfer students. The office is also responsible for all graduation activities.

Related Studies Lab
Location: Tech I, Room 16
DeSoto Center, Success Club, Room 306
Lafayette-Yalobusha Technical Center, Room 105
Hours: 8 a.m.-3:30 p.m., M-F

The Related Studies Lab is a basic skills improvement facility for career and technical students who score below the eleventh grade level on the Test of Adult Basic Education (TABE) in the areas of reading, mathematics, and language.

Career students who fall below the eleventh grade level are required to attend the Related Studies Lab, and technical students attend on a volunteer basis unless otherwise instructed by an instructor.

At DeSoto Center, the Related Studies Lab is combined with an academic tutorial center called the Success Club. The Success Club offers tutorial services to students from 8 a.m. to 6:30 p.m. Monday through Thursday and from 8 a.m. to 3:30 p.m. on Friday.

Scheduling and Facility Usage
The Activities Committee is responsible for approving the scheduling of all meetings and activities at Northwest. Members are appointed annually by the President of the College. Activity Request Forms may be obtained from the Student Services Office, the David M. Haraway Center manager, or printed from Northwest's website, www.northwestms.edu.

All on-campus and off-campus activities that are sponsored by a student group or organization must be approved by this committee. The Activities Committee also acts on requests made by off-campus groups that want to use Northwest facilities. The committee reserves the right to reject any activity or to recommend charges for the use of a facility. A sponsoring agency is responsible for the conduct of its guests. Written requests for use of a facility must include the signature of the building su-
pervisor prior to being submitted to the committee. Please submit requests at least three weeks in advance.

If a student group or organization plans to invite a speaker other than a member of the faculty, staff, or student body, the name and credentials of the proposed speaker should be presented to the Activities Committee for approval of time, place and special arrangements prior to extending the invitation.

A campus calendar of approved events and facility usage is located on the Northwest website.

**Student Activities**

Location: McLendon Center, Room 129

Many opportunities are provided for students to participate in various activities throughout the academic year. Some of the activities include: the annual Beauty Pageant, Homecoming activities, pep rallies, movies, concerts, cookouts, dances, novelty events, and other special activities. Most activities are free to Northwest students with presentation of their student ID.

**Student Development Center**

Location: Tate Hall, first floor
Lafayette-Yalobusha Technical Center, Room 112
DeSoto Center, Suite 237, Offices B, C, and D

Hours: 8 a.m.-4:30 p.m., M-F or by appointment
DeSoto Center, Suite 237, Offices B, C, and D
Hours: 8 a.m.-7 p.m., M-Th.; 8 a.m.-4:30 p.m., F

The Student Development Centers, located at all campuses, assist students in allowing education to be their top priority while attending Northwest. A wide range of counseling services is available for students. Early Alert services maintain contact with instructors regarding student absentees. This service is provided to emphasize the importance of attending class. Academic advising is provided to assist students in planning a course of study while attending Northwest. Senior college transfer information is available through the Student Development Center as well.

Personal counseling is available to students. Confidential counseling services address problems such as depression, anxiety, and relationship difficulties or other issues that a student may be facing. Students with alcohol and/or drug abuse problems are assessed and educated regarding the implications of substance abuse. Workshops are sponsored by the Student Development Center on various topics of interest. These workshops are designed to assist in building coping skills and maintaining a balanced life.

**Student Publications**

Location: Yalobusha Hall, Ann Yates Whitten Media Center (Office #129)
Hours: 8 a.m.-4:30 p.m., M-F

- *The Rocketeer* is the student yearbook. It is produced by students under the direction of student publications advisers and distributed in the spring. The book gives a view of college life as it is enjoyed by the student body and Northwest personnel. A student editor, section editors, photographers, layout artists, copy writers, and typesetters comprise the Rocketeer staff. The publication is a member of the Mississippi Community/Junior College Press Association. The yearbook is available to full-time students 30 days after its delivery date, or as long as supplies last.
Student Services
Location: Tate Hall, first floor
Hours: 8 a.m.-4:30 p.m., M-F

The Student Services Office houses the Vice President for Student Services/Chief of Staff and the Dean of Students. The Dean of Students advises Student Executive Council on the Senatobia campus.

SSS TRIO Academic Program
Location: McLendon Center, Office #203
Hours: 8 a.m.-4:30 p.m., M-F

The SSS TRIO Academic Program offers free tutoring, advice in course selection, assistance in completing financial aid applications, transfer assistance with campus visits to four-year universities, counseling (personal, academic and career), peer mentoring, scholarships, and workshops on essential college skills. Participants must qualify for the program by meeting at least one of the following criteria: first-generation college student (neither parent has a bachelor's degree), Pell Grant recipient, or have a documented disability. Also, students must be full-time and seeking to obtain a bachelor's degree after attending Northwest. Participation is limited to 165 students. Students should visit the SSS TRIO Academic Program office for an initial interview. Applications are available online.

WIN Job Center/Employment Service
Location: WIN Job Center
Hours: 8 a.m.-4:30 p.m.

WIN Job Centers are the centerpiece of the WIN in Mississippi system, which provides convenient, one-stop employment and training services to employers and job seekers. These centers provide customers easy access to services in the areas of employment, education, training, human services, and economic development—in just one location. WIN Job Centers are easy to use, and staff at each location is eager to help employers and job seekers with individual employment and training needs.

Job applicants are able to conduct their own high-tech job search. Jobs from across the state and nation are listed and updated daily. WIN Job Center area offices are located in Senatobia, Southaven, Batesville and Oxford.

Writing Center
Location: McLendon Center, Room 222
DeSoto Center: First floor
Lafayette-Yalobusha Technical Center, Room 136
Hours: Times vary by location

The Writing Center provides a place for all Northwest students to work on their writing. The Writing Center is staffed with consultants who have been trained to help others with their writing. The services are free to all Northwest students. Services are provided by appointment, with one-on-one peer counseling available. There are computers available for student use in the Center.
Student Government

Student Role in Campus Governance
As integral members of the Northwest community, students, through Northwest’s various Student Government organizations, participate in the College’s decision-making and planning processes. A Student Government organization exists on each Northwest campus to discuss issues of importance to students and to make recommendations to the College administration. Such recommendations are reviewed by the administration and incorporated into College planning.

In addition to Student Government organizations, students are represented on a variety of institutional committees. By active participation in these and other campus decision-making bodies, students assist Northwest in improving and expanding its services to the campus community.

Student Government Organizations
Formal Student Government Associations exist on both the Senatobia campus and at DeSoto Center.

At Lafayette-Yalobusha Technical Center, a Campus Senate exists composed of elected representatives from the different educational programs located at the center. The Senate meets regularly to discuss issues of interest to students and to plan programs for Center students.

Student Executive Council–Senatobia Campus
The Student Executive Council is a one-hour credit graded elective course focusing on leadership and student development in the spring semester. Any Northwest student who is not on disciplinary probation and maintains a cumulative GPA of 2.0 may register for this course. Students interested in fine tuning their leadership skills and contributing to the College in a positive way are especially encouraged to register. Any students interested in this course should contact the Student Services Office at ext. 3997.

Student Government Association–DeSoto Center
The DeSoto Center Student Government Association is composed of a president, vice president, secretary-treasurer, parliamentarian, and two representatives from the sophomore and freshman classes. These officers and representatives meet regularly to discuss issues of importance to students at DeSoto Center. SGA members also assist with student events at the center.

For information regarding qualifications, specific duties, nominations, etc., please see the SGA adviser for DeSoto Center.

Clubs and Organizations
In an effort to promote a broad range of educational experiences, the college provides a variety of clubs and organizations for participation by both students and faculty. Many clubs and organizations recruit membership from students with interests in specific areas. No student groups, clubs, or organizations may hold meetings on Northwest campuses without being recognized by the college. Each year their functioning is dependent on sponsorship and student interest. A list of student organizations are available on the Northwest website at www.northwestms.edu.

Northwest is a state-supported institution and is therefore non-sectarian. Students are however encouraged to develop spiritually through religious opportunities provided both
in the community and on campus. Students are invited to participate in the activities of a number of campus religious organizations. More information about these organizations can be found on the Northwest website at www.northwestms.edu.

**Fine Arts Organizations**

**Northwest Concert Band**
This group is composed of selected students who desire to play the best instrumental music and who desire to become more proficient in the use of instruments. It is a service organization for those who plan to major in instrumental music, and it provides an opportunity for students in other major fields to continue the enjoyment of instrumental playing. Participation is by audition and is open to full-time college students only.

**Northwest Entertainers**
The Northwest Entertainers is a select group of singers chosen from the Northwest Singers by highly competitive auditions. Participants wishing to receive scholarships must be full-time students and are expected to maintain an above average scholastic standing. All participants must be enrolled in both Northwest Singers and Entertainers for academic credit. It is not mandatory that the student be classified as full-time, except for those on scholarship.

**Northwest Jazz Band**
Open to Northwest students who wish to participate in a musical group emphasizing jazz and show tune styles of music, the Jazz Band performs at basketball games and at other college activities. Participation is by audition and is open to full-time college students only.

**The Northwest Rangerettes**
The precision drill and dance team accompanies the Ranger Band in performances at football games and in public appearances throughout the state. Membership is determined by tryouts held in the spring and summer. Participation is open to full-time college students only.

**Northwest Singers**
The Northwest Singers is an all-purpose choral ensemble which is open to anyone who wishes to broaden the scope of his musical horizons. All participants must be registered for academic credit, though it is not mandatory that the student be classified as full-time, except for those on scholarship. Membership is determined by audition and is entirely at the discretion of the director.

**Ranger Band**
The Northwest marching band is open to any full-time student by audition. Its purpose is to provide color and atmosphere for athletic and community events and to promote and enhance the dignity and reputation of the college. Scholarships are available to qualified students.

**Speech and Theatre Productions**
In keeping with our mission to generate interest in theatre at Northwest and in the community itself, the Speech and Theatre Department encourages participation from area residents as well as students, faculty, and staff. In addition, the department strives to enrich creativity and skills of actors and technicians by including guest artists in some productions. Participation is by audition only.
Athletics

Intercollegiate
Northwest Mississippi Community College provides the opportunity to compete in various sports on the intercollegiate level. Varsity sports which are available for participation include: football, basketball (men's and women's), baseball, rodeo (men's and women's), soccer (men's and women's), and women's softball. Northwest is a member of the Mississippi Community/Junior College Association and the National Junior College Athletic Association. Rodeo is a member of the National Intercollegiate Rodeo Association.

Student Activities

Contests and Nominations
To be eligible for nomination to a position such as cheerleader, Hall of Fame, Mr. or Miss NWCC, Homecoming queen or maid, Most Beautiful or campus beauty, Outstanding Student, or Who's Who Among Students in American Junior Colleges, the student must be enrolled on a full-time basis and must not be on either disciplinary probation or academic probation.

Yearbook Features and Contests

Most Beautiful—Most Beautiful and four Beauties will be selected in an annual pageant. The qualifications for participation are the following:
1. Must be a full-time, female student—defined as 12 or more academic hours or enrolled full-time as a Career-Tech student
2. Cumulative GPA of 2.0 or higher
3. Must not be on academic probation, disciplinary probation or residence hall dismissal
4. Must attend all scheduled rehearsals and the Beauty Review
5. Must meet all application deadlines, contestants meetings, rehearsals, etc. Failure to comply with said dates and rules will automatically result in elimination of contestant from the Beauty Review

Mr. and Miss NWCC—Both a male and a female student will be selected by vote of the entire student body of a particular campus. Qualifications are the following:
1. Must be a full-time student—defined as 12 or more academic hours or enrolled full-time as a Career-Tech student
2. Sophomore student—defined as having completed 24 or more hours
3. Cumulative GPA of 2.5 or higher
4. Must not be on academic probation, disciplinary probation or residence hall dismissal
5. It is advisable that the student check with responsible college officials at their respective campus to ensure their nomination before posting election signs
6. Mr. NWCC must be a male student
7. Miss NWCC must be a female student

Nomination for Mr. and Miss NWCC is by the following means, in respect to the campus the student is attending:

Senatobia campus—Students on the Senatobia campus may be nominated by any student club/organization, residence hall, athletic team or defined student group (band, cheerleading, student recruiter, etc.). It is preferable, but not necessary, for that student to be a member of that organization. It is at the discretion of
the staff/faculty adviser as to whether the nominee must be a member of that organization. For further information, please contact the Office of Student Activities.

**DeSoto Center**—Students at DeSoto Center may be nominated by *one of two ways*:

1. Be nominated by a student club/organization
2. Complete and submit a petition form with 20 student signatures

For further information regarding Mr. or Miss NWCC at DeSoto Center, please contact the chair of the Student Government Association Committee at DeSoto Center.

**Lafayette-Yalobusha Technical Center**—Students at LYTC must complete and submit a petition form with 20 student signatures. To get a copy of the petition and for further information please contact the Student Services Coordinator at the Oxford center.

**Homecoming Court**—The Homecoming Court will be composed as follows:

- **Senatobia Campus**—two freshmen and two sophomores
- **DeSoto Center**—two freshmen and two sophomores
- **Lafayette-Yalobusha Technical Center**—two freshmen and two sophomores

One Homecoming Queen will be elected from all sophomore maids.

One election for Homecoming Court will be held per campus. The Homecoming Queen will be the Sophomore Maid who receives the highest number of votes. While the Homecoming Court will be announced after elections are completed, the Homecoming Queen will not be announced until Homecoming Day.

A student may represent only one campus.

Qualifications for *freshman* Homecoming maid are as follows:

1. Must be a full-time student—defined as 12 or more academic hours or enrolled full-time as a Career-Tech student
2. Freshman student—defined as having completed 23 or less hours or enrolled as a first-year student of a Career-Tech program
3. Cumulative GPA of 2.0 or higher
4. Must not be on academic probation, disciplinary probation or residence hall dismissal
5. Must be a female student
6. It is advisable that the student check with responsible college officials at their respective campus to ensure their nomination before posting election signs

Qualifications for *sophomore* Homecoming maid and Homecoming queen are as follows:

1. Must be a full-time student—defined as 12 or more academic hours or enrolled full-time as a Career-Tech student
2. Sophomore student—defined as having completed 24 or more hours
3. Cumulative GPA of 2.0 or higher
4. Must not be on academic probation, disciplinary probation or residence hall dismissal
5. Must be a female student
6. Must have attended Northwest for at least one semester prior to elections
7. It is advisable that the student check with responsible college officials per campus to ensure their nomination before posting election signs.

**Nomination for freshman or sophomore Homecoming maid** is by the following means, in respect to the campus the student is attending:

**Senatobia campus**—Students on the Senatobia campus may be nominated by any student club/organization, residence hall or athletic team. It is preferable, but not necessary, for that student to be a member of that organization. It is at the dis-
cretion of the staff/faculty adviser as to whether the nominee must be a member of that organization. For further information, please contact the Office of Student Activities.

**DeSoto Center**—Students at DeSoto Center may be nominated by *one of two* ways:
1. Be nominated by a student club/organization
2. Complete and submit a petition form with 20 student signatures

For further information regarding freshman or sophomore Homecoming maid at DeSoto Center, please contact the chair of the Student Government Association Committee at DeSoto Center.

**Lafayette-Yalobusha Technical Center**—Students at LYTC must complete and submit a petition form with 20 student signatures. To get a copy of the petition and for further information please contact the Student Services Coordinator at the Oxford center.

Each member of the Homecoming court selects escorts from the student body. These escorts are subject to the approval of the Homecoming Committee.
CAMPUS REGULATIONS

NORTHWEST MISSISSIPPI COMMUNITY COLLEGE
Statement of Conduct and Philosophy
The following is the policy of the Board of Trustees regarding conduct of students at Northwest Mississippi Community College. The rights, responsibilities, and prohibitions contained in this statement are incorporated as a part of these regulations.

The Board of Trustees of Northwest Mississippi Community College reaffirms its policies to fully support freedom of expression by each member of the student body and to preserve and protect the rights and freedom of its faculty members and students to engage in debate, discussion, and peaceful and non-disruptive protest and dissent. Under the Constitution of the State of Mississippi, under all applicable court rulings, and in keeping with the tradition of higher education in the United States, the Board is ultimately responsible for the orderly operation of Northwest Mississippi Community College and the preservation of academic freedom at the institution. The Board cannot and will not divest itself of this responsibility.

The Board of Trustees stipulates that any student, faculty member, administrator, or employee, acting individually or in concert with others, who clearly obstructs or disrupts, or attempts to obstruct or disrupt teaching, research, administrative, disciplinary or public service activity, or any other activity authorized to be discharged or held on the campus of Northwest, is considered by the Board to have committed an act of gross irresponsibility and shall be subject to disciplinary procedures, possibly resulting in dismissal or termination.

The Board of Trustees reaffirms its belief that all segments of the college community are under strong obligation and have a mutual responsibility to protect the campus community from conduct of disorderly, disruptive, or obstructive actions which interfere with academic, career, and/or technical pursuits of teaching, learning, and other campus activities.

College regulations provide guides for college life. A student is expected to display an attitude in which cooperation, good judgment, and good taste are standards of life at the College. Regulations are designed to protect the interest and well being of the student, his or her family, the College, and society. Disciplinary measures are designed to be corrective and beneficial to the educational development of the student. Disciplinary measures may range from the counseling of, to the expulsion of, the student from the college community.

Purpose of the Code of Student Conduct
The purpose of the Northwest Mississippi Community College Code of Student Conduct, related rules and regulations, and disciplinary procedures are to provide a framework for disciplinary policy and action which shall be consistent with principles of fundamental fairness for the student and with the philosophy of Northwest. The aim and intention of Northwest Mississippi Community College is to institute within its operations and uphold with its procedures a high regard for the health, safety, education, and moral development of the student body. Hence, there is a need for basic policies governing the actions of students as they relate to fellow students, faculty, and administrators in the academic community. The guiding force in the determinations of such policies is the realization that certain minimum standards of conduct must be met in order to create an atmosphere in which students
and others can work toward and realize their educational and developmental objectives with minimum interference and maximum support and encouragement.

While the student has an obligation to observe college policy, it is realized that breaches of policy will occur. When a student is found to be in violation of policy, those personnel charged with dealing with such problems must operate within an established framework which has been made known to the student. In attempting to direct student behavior or to sanction a student whose behavior has been unacceptable, the administrator is obligated to do so in a fair and equitable manner and in accordance with stated policy of the institution. Therefore, the obligation of the College and its administrators is of great consequence and not to be taken lightly by students, parents, administrators, or the public.

The procedures outlined here clearly show what the College must and will do in the process of administering discipline of significant consequence to a student. They are in every respect consistent with other statements of policy issued by this institution. Within the framework of this manual, official bulletins of the College, and any official notices of the College one can find all statements of policy, regulations governing student conduct, minimum requirements for continuing at Northwest, and penalties for violations. In addition, the proper channels of appeal are listed along with the positions of persons to whom appeals may be made.

**Definitions of Terms Used in Code of Student Conduct**

1. The term “college” means Northwest Mississippi Community College.
2. The term “student” includes all persons registered for classes at the College, both full-time and part-time. It does not include former students not currently registered for classes.
3. The term “faculty member” means any person hired by the College to conduct classroom activities.
4. The term “college official” includes any person employed by the College performing assigned administrative, professional, or staff responsibilities.
5. The term “member of the College community” includes any person who is a student, faculty member, college official, or any person employed by the College. A person’s status in a particular situation shall be determined by the Vice President for Finance.
6. The term “college premises” includes all land, buildings, facilities, and other property in the possession of or controlled by the College.
7. The term “organization” means any number of persons who have complied with the formal requirements for College recognition.
8. The term “disciplinary authority” means any persons authorized by the College to determine whether a student has violated the Student Code and to recommend imposition of sanctions.
9. The “Dean of Students” is defined as the person designated by the President to be responsible for the administration of the Student Code. The Dean may designate other college officials to assist in the administration of the Code.
10. A “hearing officer” is defined as a college official designated to conduct informal hearings.
11. The term “policy” is defined as the written regulations of the College as found in, but not limited to, the Student Code, the Bulletin, and official notices.
Code of Student Conduct

Students who register at Northwest agree to conform to its regulations and policies, and are subject to disciplinary action upon violation of these regulations and policies. Any student found to have committed the following misconduct is subject to the disciplinary action outlined in this Bulletin.

101—Weapons

Illegal or unauthorized possession or use of weapons, including but not limited to:

a. Firearm s, fireworks, explosives, dangerous chemicals, ammunition, air guns, pellet guns, or other weapons on college premises (even in automobiles).

b. Possession or use of any item resembling a firearm (e.g. cap pistol, paint ball gun or water gun).

102—Violence to Persons

Violence to persons and offenses of abuse including but not limited to:

a. Physical assault, abuse, or detention of any person, or conduct which endangers the health or safety of any person. Threat of physical assault, abuse, or detention of any person.

b. Harassment, intimidation, bribery, bullying, or cyberbullying of any student, faculty, or staff. Harassment is considered to be words, behaviors, and/or actions which intentionally inflict serious mental or emotional distress on others and/or disrupt the educational environment.

c. Violation of the Hazing Policy (see page 293 of this Bulletin).

d. Sexual Harassment, defined as any unwelcomed sexual advances, requests for sexual favors, sexually motivated physical conduct, or other verbal or physical behavior of a sexual nature. (See page 295 of this Bulletin for further details of the Sexual Harassment policy.)

e. Sexual Assault includes, but is not limited to, rape and is defined as any kind of sexual physical contact that involves force or any form of coercion or intimidation. Sexual contact with a person who is unable to consent is prohibited. (See page 297 of this Bulletin for further details regarding policies and regulations pertaining to Sexual Assault, Domestic Violence, Dating Violence, and Stalking.)

f. Domestic Violence is defined by Mississippi law as one or more of the following acts between family or household members who live together, or who formerly lived together; or, between persons who are in a current dating relationship:
   1. attempting to cause; or, intentionally, knowingly, or recklessly causing bodily injury with or without a deadly weapon;
   2. placing, by physical menace or threat, another in fear of imminent serious bodily injury; or,
   3. criminal sexual conduct committed against a minor.

A dating relationship is defined as a social relationship of a romantic or intimate nature. Family or household members means spouses, former spouses, persons living as spouses, parents and children, or other persons related by blood or marriage. (See page 297 of this Bulletin for further details regarding policies and regulations pertaining to Sexual Assault, Domestic Violence, Dating Violence, and Stalking.)

g. Dating Violence is defined as a pattern of behavior where one (1) person intentionally threatens or actually uses physical, sexual, verbal or emotional abuse to harm, intimidate or control another person with whom that person has a dating relationship. (See page 297 of this Bulletin for further details regarding policies and regulations pertaining to Sexual Assault, Domestic Violence, Dating Violence, and Stalking.)
Stalking is defined as a course of conduct directed at a specific person, or making a credible threat, and knowing, or should know, that the conduct would cause a reasonable person to fear for his or her own safety, to fear for the safety of another person, or to fear damage or destruction of his or her property. (See page 297 of this Bulletin for further details regarding policies and regulations pertaining to Sexual Assault, Domestic Violence, Dating Violence, and Stalking.)

103—Drugs
Use of drugs, including but not limited to:

a. Use, possession, distribution, or manufacture of narcotics, illegal drugs, or illegal steroids, and/or drug-associated paraphernalia or controlled substances (this does not apply to prescription medicines) as defined by the laws of the State of Mississippi, except as expressly permitted by law.

104—Alcohol
Use of alcohol, including but not limited to:

a. Possession, consumption, or evidence of consumption, of alcoholic beverages on campus, or at an event formally sponsored by an organization of the College (even in automobiles).

b. Public Intoxication (see page 292 of this Bulletin).

105—Disorderly Conduct
Disorderly conduct including but not limited to:

a. Obstruction or disruption of teaching, research, administration, public service functions, the flow of vehicular or pedestrian traffic, or other college activities.

b. Participation in a campus demonstration which disrupts the normal operations of the College and interferes with the rights of other members of the college community. Inciting or refusing to leave the scene of an unauthorized demonstration or gathering when ordered to do so by an authorized official.

c. Breach of peace, disorderly conduct, and aiding, abetting, or procuring another to breach the peace of the campus. This includes excessive noise; or lewd, indecent or obscene conduct or language; or public displays of affection, not in good taste, in buildings or on the grounds of the College.

d. Gang-related activity.

e. All students are responsible for the actions of their guests while on the campus.

f. Gambling defined as wagering: the practice of playing games of chance or wagering in the hope of winning monies.

106—Acts of Dishonesty
Acts of dishonesty including but not limited to:

a. Falsification of records.

b. The act of willfully and knowingly giving false information is strictly prohibited. This includes oral or written statements to college officials, faculty, or staff and alternation or misuse of college documents, records, or identification cards.

107—Safety and Endangerment

a. Interfering with safety regulations, emergency evacuations, and/or equipment, including but not limited to:

1. The setting of, or adding to, unauthorized fires on college premises, willful damage or misuse of fire protection equipment, initiation of a false alarm, or failure to evacuate during a fire alarm or drill.
2. Violation of the campus tobacco policy (see page 120 of this Bulletin).
3. Violations of automobile and parking regulations (see page 97 of this Bulletin).

b. Endangering another's or one's own physical well being, including but not limited to:
   1. Skateboarding, roller skating, rollerblading, segways, hoverboards or the like are prohibited.
   2. Possession or use of water balloons and water guns.
   3. Compromising the security of a residence hall or other college facility, (e.g. propping open outside doors, or unauthorized access to others), thereby endangering the safety and welfare of oneself, the building occupants and/or their property.
   4. Administering or receiving a tattoo, piercing, or other procedure on the grounds of the College.

108—Trespassing
Trespassing, including but not limited to:
   a. Unauthorized entry to or use of college premises, including both buildings and grounds.
   b. Unauthorized possession or use of keys or access card to any college facility or other property.
   c. Violation of the Curfew Policy (see page 293 of this Bulletin).
   d. Violation of the Guest Policy (see page 293 of this Bulletin).
   e. Solicitation of funds and distribution of leaflets and/or materials (door-to-door offerings) are prohibited on campus without written permission of the Dean of Students. Buying, selling, and/or attempting to sell merchandise or services (profiting by any means) is also prohibited.

109—Compliance
a. Failure to comply with the directions of a College official in the performance of his/her duties, including but not limited to:
   1. Interfering with or failure to comply with directions of college officials and/or law enforcement officers acting in performance of their duties.
   2. Failure to identify one's self to officials when requested to do so.
   3. Actions which are abusive or disrespectful in nature that are directed toward college officials.
   4. Disregard of financial obligations to the College.

b. Abuse of the discipline system, including but not limited to:
   1. Failure to obey the summons of a hearing officer or body.
   2. Disruption or interference with the orderly conduct of a discipline proceeding.
   3. Attempt to discourage or improperly influence an individual's participation or use of the discipline system.
   4. Harassment or intimidation of an individual involved in a discipline proceeding.
   5. Failure to comply with a sanction imposed under the Student Code.

   c. Failure to carry a College Identification card or other violation of the college identification policy (see page 120 of this Bulletin).

110—Property Abuse
Abuse of College property or private property, including but not limited to:
   a. Theft of, unauthorized possession of, damage to, or destruction of property of
the College or to property of a member of the college community or of a visitor to
the College.
   b. Littering of the campus.

111—Technology
   Abuse of computers and other technology, including but not limited to:
   a. Unauthorized entry into a file, to use, read, change, or transfer the contents,
or for any other purpose.
   b. Misrepresentation of self or a student or a student organization through com-
puter or electronic means.
   c. Unauthorized use of another individual’s identification and /or password.
   d. Use of computing facilities to interfere with the work of another member of
the college community.
   e. Use of computing facilities to view or send obscene or abusive messages.
   f. Use of computing facilities to interfere with normal operation of the college
computing system.
   g. Other violations of the computer usage policy (see page 114 of this Bulletin).

112—Residence Hall Policies
   See page 102 of this Bulletin.

113—Learning Resources Code of Conduct
   See page 119 of this Bulletin.

114—Dress Code
   See page 120 of this Bulletin.

115—Student Organization Regulations
   See page 112 of this Bulletin.

116—Federal, State and/or Local Laws

Students should reference the Student Conduct Procedures found in the Annual
Security Report section of this Bulletin.

Automobile Regulations

Vehicle Services
The following services are available to all students while located on school property;
Northwest is not liable for any damage incurred during these services. Vehicle ser-
vices are not available off campus.
   • Vehicle Unlock
   • Vehicle Boost (by use of power packs only; no booster cables will be used)
   If a vehicle requires one of the above services more than once in an eight-hour
period, there will be a $5 charge for all services after the initial service.
   These services are by courtesy of the Campus Police Department and are subject
to officer availability.

General Regulations
Northwest strives to be a pedestrian-friendly campus. All drivers are admonished to
respect the rights of pedestrians while driving on campus. Thorough understanding
of these regulations is important because violations will result in needless expense
and inconvenience to the student.

1. A vehicle is defined as any car, truck, motorcycle, or any other type of movable motorized transportation.

2. All students, faculty, administration, and staff must register and obtain a decal for vehicle operation on campus at the time of school registration. The decal is to be permanently affixed to the left rear window or bumper of the vehicle in a manner in which removal of a decal would destroy the decal. Taping a decal to the window is not sufficient.

3. There is no cost for the decal of the first vehicle registered. To obtain your first decal please have the following information: your student ID number; the tag number of the vehicle; the year, make, model and color of the vehicle; and your promissory note. Additional decals are $5 each.

4. A student who changes his or her place of residence or whose decal becomes illegible is responsible for re-registration of his or her car immediately in order to secure the proper decal. Also, when the owner trades his or her car, he or she is responsible for removing the old decal. Any violations noted against the old decal will be charged to the person to whom it was issued.

5. No motor vehicle shall display more than one Northwest Mississippi Community College decal at any one time. No person who has registered a vehicle and received a decal shall affix, or permit any other person to affix, such decal to any vehicle other than the vehicle for which the decal was issued. Decals are non-transferable.

6. Driving in a reckless manner is prohibited.

7. Northwest is not responsible for contents in vehicles parked on campus.

8. Speed limit on the Northwest campus is 20 mph unless posted differently. Speed limit in all parking lots is 5 mph.

9. Registered operators must observe and obey all traffic and parking signs on campus.

10. Registered students are responsible for their vehicles on campus.

11. Vehicle operators must not repair vehicles on campus grounds or parking lots.

12. Abandoned vehicles are not to be left on campus for more than 48 hours.

13. Vehicles are not to be parked on grass, sidewalks, entrances, streets or exits.

14. All accidents should be reported immediately to Campus Police.

15. Northwest reserves the right to impound vehicles or remove illegally parked vehicles at the expense of the owner or registered student.

16. No faculty or staff person shall register any vehicle and obtain a decal for any full- or part-time student. No person shall utilize in any manner a decal issued to some other person.

17. Summer school students must obtain a decal if they did not obtain one during the previous fall or spring semester.

18. Records of all violations are kept by Campus Police.

19. Music volume must be adjusted so that it can only be heard by the occupants of the vehicle.

20. Any window of a vehicle that has tint film or that has been darkened otherwise, so that the interior of the vehicle has light transmittance of 35 percent or more, must have a certifying label attached to the window approving that the tint is within state, county, and city guidelines.

21. All motor vehicles must at all times be equipped with a muffler in good working order and in constant operation to prevent excessive or unusually loud noise and/or annoying smoke. No vehicle is allowed using a muffler that has been cut out, bypassed, or altered using external devices.
22. Temporary Decal: Temporary Decals will be issued by Campus Police for a period not to exceed two weeks. Students will be issued 1 temporary decal per semester for personal vehicles and any vehicle used throughout the semester. After the expiration of the temporary decal a permanent decal must be purchased and properly displayed on the vehicle. Students driving a rental car will only be required to display a temporary decal.

There is no fee for the temporary decal. The first permanent decal is free, and $5.00 for each additional. Please be aware that due to temporary decals being placed on the interior of the rear glass, dark tint can hinder Campus Police from being able to see the decal.

In addition to the above rules and regulations, all state laws pertaining to traffic and all other state and federal laws are in full force at all times.

Parking Regulations—Senatobia
The responsibility for finding legal parking spaces rests with the motor vehicle operator. Lack of space is not considered a valid excuse for violation of any parking regulation. The College does not guarantee a parking space in your desired zone. The Howard Coliseum parking lot is designated as an overflow parking area. Failure by any individual to find a legal parking space shall not be an excuse for the violation of these regulations.

1. The color of the decal issued will designate the zone in which vehicles may be parked. Any motor vehicle which is parked in an area not designated as the proper zone will be ticketed. Resident students must park at their assigned residence hall lot.

2. Decals for the Senatobia campus are color coded as follows:
   a. Male residence hall students—white
   b. Female residence hall students—blue
   c. Commuting students—green
   d. Faculty and staff—red

3. No student may park in a red zone (faculty and staff parking space) for any reason for any length of time.

4. If a student changes residence halls, the student must obtain and affix the appropriate parking decal on the day of the move. There is no charge for this change of decal.

5. Commuter students must park only in their designated parking areas. Commuter students are not permitted to park at residence halls for any reason. Residence hall students are only permitted to park at their residence hall. Having a white decal (male residence hall) does not entitle a student to park in any male residence hall parking lot, other than the residence hall they are assigned to. Having a blue decal (female residence hall) does not entitle a student to park in any female residence hall parking lot, other than the residence hall they are assigned to. Administrators, faculty, and staff may park wherever necessary on campus (except in spaces designated for the disabled, where curbing is painted yellow, on sidewalks, across parking lanes, or on campus lawns).

6. In the event that a residence hall student must attend a class at the Oxford or DeSoto Centers, their residence hall decal will be honored as a commuter decal. These students must park in areas designated for commuter parking only. These students are not permitted to park in areas designated for faculty and staff.

7. The Band Field Parking Lot, the Highway 51 Parking Lot and the North Physical Science Parking Lot, with the exception of faculty/staff parking spaces, are for commuter parking only.
8. Disabled persons will receive special consideration upon application to the Office of Disability Services.

9. Vehicles are not to be parked where curbing is painted yellow, on sidewalks, across parking lanes, in the street, or on campus lawns. Students, faculty, or staff members may park in the 15-minute zones at any time, but not longer than 15 minutes.

10. Abandoned vehicles or vehicles causing a traffic hazard may be towed by a local wrecker service at the owner's expense without warning to the owner.

11. Any vehicle operated by a person whose driving privileges have been suspended will be towed away at the owner's expense if found by Campus Police.

12. Any vehicle parked in a reserved or no parking area can be towed if deemed necessary by Campus Police.

Parking Regulations–DeSoto Center/Lafayette-Yalobusha Technical Center

The responsibility for finding legal parking spaces rests with the motor vehicle operator. Lack of space is not considered a valid excuse for violation of any parking regulation.

1. The color of the decal issued will designate the zone in which vehicles must be parked at all times. Any motor vehicle improperly parked will be ticketed.

2. Disabled persons will receive special consideration upon application to the Office of Campus Police.

3. Vehicles are not to be parked where curbing is painted yellow, in the street, on sidewalks, across parking lanes, or on campus lawns.

4. Abandoned vehicles or vehicles causing a traffic hazard may be towed by a local wrecker service at the owner's expense without warning to the owner.

5. Any vehicle operated by a person whose driving privileges have been suspended will be towed at the owner's expense if found by Campus Police.

6. Any vehicle parked in a reserved or no parking area can be towed if deemed necessary by Campus Police.

7. The DeSoto Center front gate opens at 7 a.m. and closes at 10 p.m. Vehicles left in the parking lot after 10 p.m. will remain secured until 7 a.m. the next morning.

8. The speed limit in all parking lots is 5 mph.

Visitor Parking

Only visitors are allowed to park in spaces designated for visitors. For the purpose of these regulations, the term “visitor” includes all individuals who are NOT affiliated with the College as a student enrolled in classes, staff, faculty, external employee or vendor/construction worker.

Penalties

Penalties for violations shall be as follows:

1. Moving Violations
   a. Running stop signs $50
   b. Careless driving $75
   c. Speeding:
      up to 10 mph above limit $25
      11 to 20 mph above limit $50
      over 20 mph above limit $100
   d. Reckless/dangerous driving $100
2. Parking/Other Violations
   a. Improper parking $25
   b. Parking in no parking zones $25
   c. Unauthorized parking in faculty/staff space $25
   d. Unauthorized parking in disabled space $150
   e. Decal improperly located $10
   f. Excessive noise (radio or muffler) $100
   g. Other violations $20
   h. Unauthorized parking on lawns $25
   i. No decal $20
   j. Tinted window violation $50

Cost of decals are as follows:
   First faculty/staff decal Free
   Extra faculty/staff decal $5
   First student decal Free
   Extra student decal $5
   Temporary decal (2 weeks maximum) Free
   Summer school (new students) Free

Decals are valid for one academic year (including summer school) and expire July 31.

Students are reminded that violations of automobile and parking regulations are also violations of the Code of Student Conduct. As such, these violations can be forwarded for discipline procedures.

Procedure for Paying Tickets
   1. Tickets are to be paid at the College Business Office or via the myNWCC student portal.
   2. Northwest traffic regulations apply to all faculty and staff. Faculty and staff will be ticketed.

Appeals
A student wishing to appeal a violation penalty should make the appeal to the Campus Police Office within five working days of receiving a citation. Any person who fails to appear and contest a ticket after five days from the date of the ticket shall be considered to have waived the right to an appeal. Ignorance of the regulations or unavailability of a legal parking space is not grounds for an appeal. Ticket appeals will be forwarded to the issuing officer for review. If the ticket is not dismissed by the officer, it will be referred to the Ticket Appeal Committee for consideration. The decision of the committee is final; there is no second appeal process. Any student found responsible for violating Sections 105, 106, or 109 of the Student Code of Conduct automatically terminates their right to filing an appeal for a citation connected to that incident.

Information about the Ticket Appeal Committee, including meeting dates, may be obtained at the Campus Police Office.

Tips for Writing a Successful Citation Appeal:
Read over the traffic and parking rules and regulations to see why your citation was issued. Determine if there is something stating your documented violation is allowed
by the traffic and parking rules and regulations. Appealing for the wrong violation will not result in a successful appeal.

Common reasons for unsuccessful appeals:
1. Improper display of decal or the decal is not permanently affixed
2. Failure to purchase any decal or appropriate decal
3. Inclement weather
4. Late arrival for class or meeting
5. Parking in a disabled space when you do not have the required decal

Also, keep in mind that traffic and parking citations are given all day, every day. Lastly, remember that you are responsible for your registered vehicle. If someone else is driving your vehicle and it is issued a parking citation, you are responsible for the citation.

Residence Hall Policies

Residence Halls
Residence halls are provided by Northwest Mississippi Community College for the convenience of students who cannot or do not wish to commute on a daily basis. Residence hall life often makes for a fuller and richer college experience for students. Our mission is to first serve the residents of our eleven-county district and then the other residents of the state of Mississippi. Northwest does not offer campus housing to out-of-state students due to demand from in-district and in-state students (exceptions are made for scholarship athletes, special programs, and during the spring semester if there is available space after all in-state students are housed).

Northwest operates nine residence halls housing approximately 1,069 students. Residence halls are available only to students who take a full academic, career, or technical course load (excluding virtual classes) and who attend class regularly. Students must also meet the grade point requirement for residence students. Students are limited to six semesters (not including summer sessions) to reside in the residence halls. All residence hall policies are described in the Bulletin.

Students who wish to apply for housing should obtain a residence hall application from the Housing or Recruiting offices or via the Housing page of the Northwest website. Completed housing applications should be submitted to the Housing Office, located on the first floor in Tate Hall, with a deposit of $100 for Benton, DeSoto, Marshall or Tallahatchie halls or $50 for all other halls. The deposit is refundable under certain circumstances as described in the Bulletin, less a $25 cancellation fee.

Liability
Northwest does not assume any legal obligation to pay for loss or damage to the student's personal property if it occurs in its buildings or on its grounds, prior to, during, or subsequent to the period of the student's residence on-campus. The student or student's parents are encouraged to carry appropriate insurance to cover such losses.

What is a Residence Life Coordinator?
An “RLC” is a professional Northwest employee who supervises the Residence Hall Supervisors within a designated area. The RLC resides on campus and is an additional resource for their residents. The RLC assists the Residence Hall Supervisor in maintaining order in the residence halls through room inspections, as further discussed on page 109 of this Bulletin, and via a “Campus Appearance Ticket” for be-
behaviors that violate the Student Code of Conduct.

What is a Residence Hall Supervisor?
A Residence Hall Supervisor is a Northwest Mississippi Community College employee who manages the residence hall in which he/she resides. The Residence Hall Supervisor is the student’s first point of contact and is a great resource to our campus for their residents. The Residence Hall Supervisor oversees all aspects of check-in, check-out, open residence hall, and any other information that may be relayed from the Housing Office. In addition, the Residence Hall Supervisor maintains order in his/her residence hall through room inspections as further discussed on page 109 of this Bulletin and via a “Campus Appearance Ticket” for behaviors that violate the Student Code of Conduct.

Requirements
Residence halls are available only to students who take a full academic, career, or technical course load (excluding virtual classes) and attend class regularly. Class attendance will be monitored by the Housing Office. Students will be notified when they fall below full-time status and will be asked to vacate the residence hall. Exceptions to this policy are made by the Dean of Students or designee under the most unusual of circumstances.

In-State Residency
The mission of Northwest Mississippi Community College is to first serve the residents of our eleven-county district and then other residents of the state of Mississippi. In recent years, Northwest has experienced a high demand for our residence halls and has not been able to house out-of-state students. Northwest does not offer campus housing to out-of-state students (exceptions are made for scholarship athletes and special programs).

In-District
The mission of Northwest Mississippi Community College is to first serve the residents of our eleven-county district. Out-of-district students should apply for housing prior to May 31 for the fall semester. Out-of-district students applying after May 31 will be assigned a residence hall room only after all in-district students have been assigned.

Six Semester Limit
In order to foster academic progression, residence hall students are limited to six (6) semesters of residence hall living (not including summer semesters).

GPA and Credit Requirements
1. Northwest Mississippi Community College views satisfactory academic progress as indicative of a student’s efforts to achieve his or her educational goals. To encourage progress toward those goals, all residence hall students must meet the College grade point average and credit requirements for living in the residence halls. These requirements are similar to those used by the Registrar’s and Financial Aid offices in determining satisfactory progress.
   a. At the completion of the second semester of full-time study at the college, a student must have accrued a minimum of 12 credits and have a cumulative grade point average of at least 1.35.
   b. After the completion of the third semester, a student must have a GPA of 1.55 and accrued at least 20 credits.
c. After the completion of the fourth semester, the student must maintain a 2.0 cumulative GPA.

2. Students who do not meet the minimum requirements will lose their privilege to live in the residence halls and will be notified by letter that they will not be able to live on campus.

3. Students who wish to request an exception due to extraordinary circumstances may appeal to the Dean of Students.
   a. The Dean will forward the appeal to an Ad Hoc Committee on Residence Hall GPA Appeals.
      1. The committee will consist of the Assistant Director of Campus Life and Housing (chair); the Coordinator of Housing Operations; one Residence Life Coordinator; one Residence Hall Supervisor; and one student appointed by the chair.
      b. Students must file an appeal within 15 days from the date of their notification letter. The notification letter will specify the date, time, and location of the committee meeting.
      c. Students may appear in person at the meeting or may submit a written appeal for consideration by the committee.
      d. Students will be notified by letter of the outcome of their appeal.

Application
New Students
   1. All applications for residence halls should be sent directly to the Housing Office for review and approval.
   2. No residence hall room reservation is made until a student’s housing application and room deposit of $100 for Benton, DeSoto, Marshall and Tallahatchie, or $50 for all other halls, is on file in the Housing Office.

Returning Students
   1. Current residents whose intent is to return to the residence halls for the next year should do the following to ensure their priority:
      a. Complete and submit future semester Housing Intent Form (typically scheduled for the week of pre-registration, see calendar and residence hall postings for dates).
         1. Students who reside on-campus during the fall or spring semester have the opportunity to reclaim their present residence hall or request a different residence hall for the future fall or spring semester.
         2. Students will complete a Returning Residence Hall Student Application with their Residence Hall Supervisor.
         3. Students will receive their assignment for the future semester.
      b. If student did NOT complete a Returning Residence Hall Student Application, they should indicate their intention on their check-out form.

Cancellations
If an applicant finds it necessary to cancel a room reservation, the room deposit less $25 will be refunded provided the Housing Office is notified as indicated on the assignment letter.

No Shows
Students with residence hall reservations that are not claimed by noon the first day of classes shall forfeit their room and deposit.
Assignments

1. Priority
   a. Returning students who participate in Room Reclaim are given first priority. Those who reclaim their same residence hall are assigned first. Students requesting other Residence Halls are then assigned by initial date of deposit, and space availability.
   b. Returning students, who did not pre-register or participate in Room Reclaim, should complete a returning student application at check-out. These applicants are assigned to residence hall preference by date of deposit.
   c. New students are assigned to residence hall preferences by date of deposit.
   d. New out-of-district applications received after May 31 will be assigned a room only after all in-district students are assigned and space is available.
   e. Due to space limitations, private rooms are not available.

2. Roommate Requests
   a. All attempts are made to honor roommate requests when requests are mutual and deposits are submitted within 5 days of each other. Mutual roommate requests are prioritized based on the latest date of deposit of requested applicants.

3. Room Changes
   a. Requests for change of room and/or roommates will be considered after the second week of the semester.
   b. Room changes must be approved by the Residence Hall Supervisor and appropriate paperwork process completed.

4. Residence Hall Changes
   a. Often times, students do not receive their first reference of residence hall choice. The Housing Office maintains a waiting list for each type of housing (apartments and suites) prioritized by date of deposit. When an apartment or suite vacancy arises, the Housing Office contacts the applicants on the waiting list.
   b. Should a student accept the offer to relocate, the following process is followed:
      1. Student picks up Residence Hall Transfer Form from the Housing Office.
      2. Student pays fee difference at the Cashier’s window of the Business Office.
      3. Student properly checks out of current residence hall.
      4. Student obtains new parking decal for vehicle.
      5. Student properly checks into new residence hall.
      6. Entire process is completed within allotted time frame.

5. Consolidation
   The Housing Office may consolidate rooms to full capacity when vacancies occur and may move students to another room when such consolidation becomes necessary. Consolidation will begin the week after the room change period for the fall semester and continue through the 10th week of classes. Consolidation will begin the second week of classes for the spring semester and continue through the ninth week of classes.
   a. The Residence Hall Supervisor will submit a list of all residents who do not have a roommate within that residence hall to the Housing Office on a weekly basis.
   b. The Housing Office will first offer vacant spaces to any students on the waiting list for a specific residence hall or the housing waiting list.
   c. ALL residents without a roommate will be notified by the Housing Of-
fice of the following options:

1. Select a roommate from the list of residents who is also in this process.
a. Inform the Housing Office which room both students will occupy.

2. Wait for the Housing Office to assign the student to a new room or assign a roommate to the student’s room.
d. Resident will be given five business days to complete the consolidation process.

6. Residence Hall Relocation and Dismissal
The Dean of Students has the right to relocate or dismiss a student from the residence halls.

Check-In Procedures
1. Students are issued a residence hall housing inventory form, confidential student medical information form, and room key(s) at check in.
a. The student is to inspect the room and document the current condition of the room as indicated on the inventory sheet.
b. The student is to complete the medical information form.
c. The student is to obtain their room key.

2. All forms should be returned to the Residence Hall Supervisor no later than the residence hall’s mandatory meeting.

3. Students must attend the Mandatory Residence Hall Meeting. Date and time will be distributed by the Residence Hall Supervisor.

Roommate Agreements
At check-in, residents are provided a roommate agreement to complete with their roommate. The agreement is a list of questions to start dialogue between roommates to assist in communication, establish boundaries, encourage mutual respect, and lessen conflicts. Residents are encouraged to submit these completed agreements to the residence hall supervisor within the first two weeks of classes.

Holiday and Break Housing
Although classes are not in session during these times, the residence halls remain open during the Labor Day, Fall Break, Martin Luther King Jr., President's Day and Easter holidays and breaks.

1. In order to protect the safety of students, all students intending to remain in the residence halls during the holiday and corresponding weekend must complete the Holiday Housing Agreement via the college website.

2. The Holiday Housing Agreement is available via a link on the college website one week prior to the holiday until 2 p.m. the day before the holiday or corresponding weekend.

3. The Holiday Housing Agreement states: By clicking submit, I acknowledge that the supplied name, residence hall, room number, and phone number submitted are assigned to me. I further acknowledge that I will be remaining in my residence hall during this holiday time. I understand that this accommodation is a privilege; and violation of the Code of Student Conduct during this time may result in the loss of this privilege, fines, and/or dismissal from the residence halls.

The residence halls are closed to all students during the Thanksgiving, Christmas, and Spring breaks, as well as breaks between the spring and summer semesters and fall and summer semesters. Please refer to the academic calendar and postings in your residence hall for specific residence hall closure dates and times.
Laundry Facilities and Equipment

Each apartment unit within DeSoto and Marshall Halls has a washer and dryer. These appliances are to be used by the assigned residents only. Bobo, Benton, Gainey, Panola, Quitman, Tallahatchie, and Taylor Halls each have laundry rooms where washers and dryers are available for residents to utilize.

Guest Policy

Visitation Policy (Same Sex)

Resident students may have a guest (non-student, commuter student, or another residence hall student of the same sex) visit them at their residence hall room under the following guidelines:

1. Residents may have a guest in their room between the hours of 10 a.m. and 10 p.m. Monday through Thursday.
2. The guest must be 18 years of age and have a valid form of identification on their person.
3. The resident student is responsible for the guest’s behavior.
4. The resident student must accompany the guest at all times.
5. All guests in Bobo, Gainey, Panola, Quitman, and Taylor residence halls must sign in at the hall's front desk. The guest will be subject to the same code of conduct expected from the resident.
6. All guests must leave campus by 10 p.m. unless they are attending a campus event which is open to the public, such as an athletic event, dance, etc.
7. Resident students are NOT permitted to visit other residence halls between 10 p.m. and 10 a.m.
8. Unauthorized persons present between 10 p.m. and 10 a.m. are subject to disciplinary action or arrest.
9. Visitation is a privilege for residents. Abuse of the privilege can result in individual restrictions or loss of visitation for an entire residence hall.

Residence Hall Lobbies & DeSoto Courtyard

DeSoto Courtyard, Bobo, Gainey, Marshall, Panola, Quitman and Taylor residence hall first floor lobby areas are places for the residents of those halls to participate in study groups and socialize. Residents may also have a guest (same sex or opposite sex) in the lobby during lobby/courtyard visitation hours for a short duration.

1. The guest must be 18 years of age and have a valid form of identification on their person.
2. The host (resident) student is responsible for the guest’s behavior.
3. The host student must accompany the guest at all times.
4. The guest may be required to sign in and out of the lobby or courtyard.

Lobby/Courtyard Visiting Hours

Bobo: Mondays 1-5, Tuesdays 2-4 & 6-10, Wednesdays 2-4 & 6-10, Thursdays 1-5
DeSoto: Mondays 6-10, Tuesdays 6-10, Wednesdays 7-9, Thursdays 7-9
Panola: Mondays 1-5, Tuesdays 2-4 & 6-10, Wednesdays 2-4 & 6-10, Thursdays 1-5
Quitman: Mondays 2-4 & 6-10, Tuesdays 1-5 & 8-10, Wednesdays 1-5 & 8-10, Thursdays 2-4 & 6-10
Taylor: Mondays 2-4 & 6-10, Tuesdays 1-5 & 8-10, Wednesdays 1-5 & 8-10, Thursdays 2-4 & 6-10

Visitation Policy Opposite Sex

During designated hours, residents are allowed to have a guest of the opposite sex in their room. These hours are posted weekly at the main desk of the residence hall. These hours are subject to change with notice. Residents are expected to abide by
the following while hosting a guest of the opposite sex.

1. Guests must be at least 18 years of age.
2. The resident whose room the guest is visiting must sign in the guest at the front desk of the residence hall where the student lives (resident may not check a guest into any room except their own).
3. The guest must leave a Northwest student ID card, an ID card from another recognized college or university, or a valid driver's license at the front desk when he/she signs in.
4. The guest must be signed in to a specific room (one guest per resident).
5. Each resident may check-in one guest.
6. The guest will not be permitted to go from room to room or wander through hallways or upper level lobbies.
7. The host student must stay in the room with the guest until the guest is ready to sign out.
8. Once the guest enters the room, a light must be on at all times, and students must be and remain fully dressed while the guest is present.
9. When the guest is ready to leave or when open residence hall is over, the host student must escort the guest back to the front desk and sign the guest out.
10. Visitors of the opposite sex in Bobo, Gainey, Panola, Quitman, and Taylor should use the bathroom facilities provided in the lobby.

Check-Out Procedures

Regular Check Out
1. The residence hall student must make an appointment with their Residence Hall Supervisor during regular working hours to check out of his/her assigned room. This appointment should be made within 12 hours of the student's last exam. All check-out appointments should be made no later than 4 p.m. on the last day of final examinations unless special permission has been previously obtained.
2. The student must have all of his/her belongings removed from the room.
3. The room must be cleaned (see Residence Hall Supervisor for specifics).
4. The student must return the issued room key to the Residence Hall Supervisor.
5. The student must read and sign the check-out form.

Improper Check Out
1. Any residence hall student who fails to utilize express check-out or make an appointment with their Residence Hall Supervisor for regular check-out will be considered an improper check-out.
2. Improper check-out automatically results in the student’s forfeit of their entire room deposit.
3. If the room was not cleaned, the student will be charged a cleaning fee in addition to the loss of room deposit.
4. If the room has any damages (including not returning the room key), the student will be charged for repair in addition to loss of room deposit.

General Residence Hall Policies

Expectations of Residence Hall Students
Living in the residence halls is considered a privilege and not a right. A student’s residence on campus is contingent on that student’s compliance with the policies established for the general welfare of all residence hall students. It is the responsibility of all students in the residence halls to become aware of and observe all published rules affecting their status within the residence hall system at Northwest.
Rules and Regulations

The following Rules and Regulations must be observed by all residents and guests:

1. Posted Room Inspection
   a. Six times during a semester, there will be posted room inspections.
   b. Residence Hall Supervisors will post the date of room inspections at least 2 working days in advance.
   c. During this time, the residence halls will be inspected for the following:
      1. Cleanliness (garbage removed, floors cleaned, no odors, bath rooms cleaned (where appropriate).
      2. Safety (no appliances, candles, or other items that would endanger the safety of the community as well as cleared exit paths, etc.)
      3. Security (doors are locked and working properly)
   d. Residence Hall Supervisors will issue notices (“gigs”) if deficiencies in cleaning standards are found.
      • Warning gig encourages you to speak with your Residence Hall Supervisor to make certain you understand what is expected.
      • 1st gig will result in a $10 fine.
      • 2nd gig will result in a $25 fine.
      • 3rd gig will result in a referral to the Residence Life Coordinator which may result in relocation, dismissal from the residence hall, and/or additional fines.

2. Unannounced Room Inspections
   a. Supervisors may inspect residence hall rooms for cleanliness, safety, or security, unannounced.
   b. Gigs are not issued; but, instructions and/or deadlines given by the Supervisor, are expected to be met.
   c. Failure on the resident's part to follow instructions will result in disciplinary action.

3. What is and what is NOT allowed
   a. Allowed
      • Cooking appliances to include crock pots, coffee makers, self contained grilling machines, and small hot pots. Refrigerators that are 4.5 or less cubic feet.
      • In order to preserve painted wall surfaces, residents are asked to use tape or adhesive to attach wall decorations which can easily be taken down without removal of paint or destruction of walls.
      • Room decorations which are in good taste.
   b. NOT allowed
      • Pets and other animals (including fish and reptiles).
      • Refrigerators over 4.5 cubic feet, electric heaters, sunlamps, and appliances such as microwave ovens, toasters, fryers, and hot plates are prohibited.
      • Nails, tacks, or screws are not allowed to be used for any reason on windows, walls, or furniture.
      • Exercise equipment and/or other items that could be considered disruptive, damaging, or injurious are not permitted. Treadmills, bicycles, and weights are specifically not permitted.
      • Candles, combustible substances, dangerous chemicals.
      • Natural or artificial trees.
      • Christmas lights, rope lights or tubular party lights.
      • Plug-in air fresheners or incense.
• Cinder blocks.
• Room decorations that are NOT in good taste.
• Alcohol beverage containers (full or empty).
• Gambling is prohibited in all residence halls.

All outside furniture designated for the common areas of apartment-styled buildings must be approved by the Residence Hall Supervisor.

4. Residence Hall Quiet Hours begin in all residence halls at 10 p.m. and end at 10 a.m. the next day. This includes adjacent parking lots.
   a. Excessive noise at any time will result in disciplinary action.
   b. Alarm clocks, radios, televisions, stereo equipment, and any other sound apparatuses shall not be loud enough to be heard in other rooms or disturb or disrupt the normal tone of the residence hall. Stereo speakers are limited to no more than ten (10) watts.
   c. Students are not to engage in conversation out of windows or across balconies or make unnecessary noise in the residence hall (interior, exterior, outlying areas, and parking lots).
   d. Gathering or congregating in such a manner as to disturb the normal educational process of the residence hall is not permitted.

5. Babysitting is not permitted.

6. Room Condition
   a. No furniture or other items of inventory may be removed from the residence hall without written permission from the Housing Office.
   b. Window blinds are furnished in each room.
   c. Curtains may be hung using a spring-type rod only.
   d. Vandalism or abuse to living quarters is prohibited. Students found responsible shall be assessed the cost of repair, the replacement of damaged or missing items, and/or the cleaning of the room.

7. Compliance
   a. Students must comply with a request by a college official to disperse or leave the residence hall or any adjacent area when they are acting in a disorderly, disruptive, and/or excessively noisy manner.
   b. All thefts, damage to property, etc. should be reported immediately to the Residence Hall Supervisor and Campus Police. The College assumes no responsibility for loss or damage.
   c. Loitering around the entrances and in the lobbies of the residence halls is not permitted. Loitering will not be permitted around unauthorized areas.
   d. Solicitation of funds and distribution of leaflets and/or materials (door-to-door offerings) are prohibited in the residence halls without written permission of the Dean of Students. Buying, selling, and/or attempting to sell merchandise or services (profiting by any means) on any Northwest campus is prohibited.
   e. Unauthorized room changes are not permitted.
   f. For residence halls with breezeways, visits by members of the opposite sex in breezeway should be of limited duration.
   g. Students will be held responsible for violations of any other college policies or regulations. See the Code of Student Conduct and other college regulations for further information.

8. Safety
   a. Residence hall rooms (entry doors) are expected to be locked at all times.
   b. All students are expected to enter or leave the residence halls only by the designated entrance after the residence halls are secured for the night.
   c. Fire and insurance regulations prohibit the burning of any material in the residence halls.
d. Each student is responsible for his/her key at all times. Lost or stolen keys should be reported immediately to the Residence Hall Supervisor and Campus Police. Keys may not be loaned out. A $100 fee will be charged for each lock recored.

   e. When a student is locked out of his or her residence hall room, the resident should contact the Residence Hall Supervisor during their scheduled working hours and Campus Police when the Residence Hall Supervisor is off duty. Campus Police will be en route as quickly as possible. (Unlocks do not take precedence over more important calls, duties or assignments.)

      1. The Residence Hall Supervisor or Campus Police Officer will request the student’s I.D. to verify that the student does reside in that residence hall room.
      2. The resident will be issued a Campus Appearance Ticket as a receipt that the room was unlocked.
      3. The first time a resident's room is unlocked in a semester, there will be no charge.
      4. All subsequent unlocks will result in a fine of $5 each. The fines will be posted to the student’s account as a discipline fine and will be due at the time of clearance.

f. No ball playing (frisbee) at residence halls or adjoining parking lots.

**Emergency Residence Hall Closure**

If a residence hall or residence hall room must close due to circumstances beyond the control of the College, students may be asked to vacate the premises for a period of time. Northwest will attempt to find accommodations for these displaced students.

**Emergencies**

Any accident, sickness, or other emergency situation in the residence hall should be reported to the Residence Life Coordinator, Residence Hall Supervisor or Campus Police.
Student Organization Regulations

Northwest Mississippi Community College is committed to the principle that students should be encouraged to participate in worthwhile campus activities. The college experience is enriched by participation in social, spiritual, cultural, physical, educational, and professional programs. To assist student organizations in realizing their full potential, the following guidelines and regulations have been developed.

1. To retain the status of a recognized organization, all student organizations must submit an annual registration form. Any changes in the organization’s purpose or constitution must also be submitted at that time.

Registration forms will be distributed to all faculty and staff members early in the fall semester. Forms will also be available in the Office of Student Services.

2. All student organizations must be recognized by Northwest Mississippi Community College. To receive official recognition, new organizations must submit to the Dean of Students the following information:
   a. Name and phone number of a qualified campus adviser;
   b. Name and phone number of president or other student leader;
   c. Statement of purpose;
   d. Constitution or by-laws of the organization; and
   e. Roster of members.

The Dean of Students will review such materials and determine if the organization’s mission and purpose are congruent with that of Northwest Mississippi Community College. The Dean will also verify that the organization’s constitution, statement of purpose, etc. is in compliance with all college rules and regulations. Upon initial approval by the Dean, the organization’s materials will be reviewed by the Activities Committee of the College which will grant final approval.

Upon final approval, the Dean of Students will issue a formal letter of recognition or disapproval to the organization. New organizations are recognized on a provisional basis for a two-year period. During this time, the Dean of Students will monitor the new organization so as to assist with the group’s growth and development. Organizations on provisional status may lose their recognition should they fail to meet expectations of student organizations or if membership drops to unsustainable levels.

All student organizations of Northwest Mississippi Community College are expected to comply with all student organization and college regulations. The following policies will apply to all activities sponsored by recognized organizations:

   a. Only recognized student organizations may utilize college facilities. The only exception to this policy is organizational meetings by new groups held with the permission of the Dean of Students. Organizations must comply with all facilities usage policies.

   b. Northwest Mississippi Community College shall not be responsible for injuries or damages to persons or properties resulting from the activities of student organizations, or for any debts or liabilities incurred by such organizations. Organizations are also responsible and liable for the conduct and actions of all members and guests.

3. Each organization must agree to comply with all policies, regulations, and procedures established by Northwest, as well as with all municipal, state, and federal laws. The organization’s purpose and philosophy must be congruent with that of the College.

4. Organizations having a national affiliation must be members in good standing with their national office in order to be recognized by the College.
5. No discrimination on the basis of age, sex, race, color, creed, national origin, or disability is to be practiced by organizations in selection or maintaining membership. Exceptions involve some organizations that by their nature include only members of a certain religion. Such exceptions may only be made by the Dean of Students.

6. Each organization must have a campus adviser. A campus adviser is a faculty or staff member, employed full-time by the College, who is approved by the Dean of Students. Exceptions to full-time status may be made by the Dean of Students. A group may not orient new members without a campus adviser.

   a. The campus adviser will be required to do the following:
      1. Help develop and review the organization’s statement of purpose as needed.
      2. Help the officers develop a strategic plan for service to the College and the community.
      3. Assist the organization in fulfilling its purpose.
      4. Advise the organization on questions of college policy.
      5. Be available as a resource person for information concerning the organization.
      6. Attend any on-campus event sponsored by the organization.
      7. Approve activities sponsored by the organization.

   b. Should the adviser resign from the College or the organization, the group will have three weeks to identify a new adviser before losing related privileges. Extensions will be granted by the Dean of Students only when evidence is presented that a concerted effort to identify a new adviser has failed.

7. No person or organization may use the name, seal, or any symbol of the College in any manner without written permission from the Dean of Students.

8. A minimum number of six (6) members is required for groups to maintain recognition by the College. Failure to meet this membership minimum, or to maintain a demonstrated and continued interest, may result in loss of recognition by the College.

9. Active membership in any student organization shall be limited to currently enrolled students. Professional organizations may include members of the business community.

10. No organization may use the same name as a currently registered organization, or one similar to it, or have purposes which are similar to those of a currently registered organization.

11. Deposits and withdrawals of all organization funds must be made through the Business Office. Expenditures must be approved by both the adviser and president of the organization.

12. No organization may solicit funds from any outside person, business, or organization without written approval from the Dean of Students. Any fundraising event shall be for the benefit of the organization as a whole or for charity. Funds shall not be distributed to the officers or members of an organization for personal profit or gain. Fundraising events must comply with all college fundraising regulations.

**Transportation**

Northwest has vans that are available to campus organizations for group travel. The following procedure must be completed by the sponsor at least seventy-two (72) hours before departure:

   1. Submit a completed Travel Authorization Form to the office of the appropriate Dean or Director.
   2. Contact the Transportation Center office about vehicle availability, keys, and
mileage forms. Users are assessed the standard mileage charge set annually by the Business Office.

No student is to drive a Northwest vehicle without proper authorization.

The Mississippi Community College Board has ruled that any and all student groups that attend a convention, conference or workshop must be accompanied by an official of that school.

**General Policies and Regulations**

**Acceptable Use Policy for Computing**

**Definition of the Northwest Network**

The computing facilities at Northwest Mississippi Community College consist of a network that encompasses all three campuses. The network provides connectivity for Northwest-owned devices, personal devices, and peripherals. Users consist of ALL students, faculty, staff, and guest users. These facilities are provided to users for educational and administrative activities. All users must utilize these systems in an efficient, ethical, and legal manner. Use of these facilities must be consistent with Northwest policies as well as all existing federal and state laws. Access to computing facilities is a privilege, not a right. Failure to abide by these guidelines may result in disciplinary action as described in the Northwest *Bulletin* or the Northwest *Policy Manual*.

**Privacy**

- Data files or messages being sent via the network are not private or secure communications.
- Northwest reserves its right, as owner of the network, to examine, capture, and archive any messages transmitted over the network and to review any data stored on Northwest-owned devices under the direction of the Network Administrator or Director of Management Information Systems.
- If the security of the network is threatened, Northwest’s requirement to maintain the network’s integrity and protect the rights of users may supersede the individual user’s privacy.

**Safety from Threats**

While unwanted or unsolicited contact cannot be controlled within the network, users who receive threatening communications should notify Northwest Campus Police. Electronic threats are not tolerated. The College will respond to alleged threats consistent with policies in the *Bulletin* or the *Policy Manual*.

**User Responsibilities**

Responsibilities are a part of the privilege of network access. Users are expected to adhere to these responsibilities. Users who violate these regulations will be subject to disciplinary action as specified in the *Bulletin* or *Policy Manual*. Violators may have their network access suspended, and depending on the seriousness of the violation, their actions may have further consequences. Furthermore, actions that violate federal or state laws may result in referral to the appropriate legal authority. Violations should be reported to the Help Desk Coordinator, the Dean of Students, or the Director of Management Information Systems.

- Users are responsible for the security of all logins/passwords and all assigned computer accounts. Access to logins, passwords or computer accounts may not be given to or obtained by any other party. Applications and services by unauthorized
parties must be approved by the Network Administrator or by the Director of MIS.

- Users may not misrepresent themselves or their data on the network.
- Users may not use the Northwest network's resources to gain or attempt to
gain unauthorized access to remote computers.
- Users may not install/uninstall any software/hardware/network devices on any
Northwest-owned computer or on the Northwest network. Any software/hardware
changes or requests should be submitted to the Help Desk Coordinator.
- Users may not deliberately perform an act which will seriously impair the op-
eration of computers, peripherals, other devices or networks. Such acts include but
are not limited to: tampering with components of a local area network, blocking
communication lines, or interfering with the operational readiness of any computer
or device.
- Users may not run or install any unauthorized program on any component of
the network, including but not limited to, the classes of programs known as com-
puter viruses, Trojan horses, Malware and worms.
- Personal equipment connected to the network in the residence halls must
have proper virus prevention software installed.
- Users may not attempt to circumvent data protection or exploit security loop-
holes.
- Unauthorized wireless access points are prohibited on campus.
- Northwest is bound by Title 17 of the United States Code on Copyright and
supports the provisions contained therein; therefore, users must abide by the terms
of all software licensing agreements and copyright laws. Users do not have the right
to receive or use unauthorized copies of software or make unauthorized copies of
software for others. Users do not have the right to download materials subject to
copyright laws using the Northwest campuswide network. Users may not duplicate
or post another party’s copyrighted material (such as music, movies, software, writ-
ten materials) unless permitted by a license or within the fair use doctrine.
- Users may not use the Northwest network to send, print, request, view, display
or store fraudulent, illegal, harassing, racial, obscene, pornographic, indecent, prof-
ane or inappropriate materials.
- Users may not deliberately perform acts that are wasteful of computing re-
sources or that unfairly monopolize resources to the exclusion of others. Any person
operating a network-intensive application or a defective device that overloads the
Northwest network will be notified, and steps will be taken to protect the overall
network. This may include disconnecting the offending computer system from the
network until the problem is resolved. If the condition is an imminent hazard to the
network or disrupts the activities of others, the offending computer system or the
subnet to which it is attached may be disconnected without advance notice.
- Users may not attempt to monitor another’s data communications, nor may
they read, copy, change, or delete another user's files or software without permission
of the owner.
- Computing and networking resources are provided to support the mission of
Northwest Mississippi Community College and may not be used for commercial
purposes by any user.
- All network traffic exiting Northwest is subject to the policies of the network
through which it flows, as well as to all Northwest policies.
- All Northwest computing and networking facilities are provided for use by the
faculty, staff, and students for relevant academic, research, or administrative
pursuits. The classroom computer lab in the McLendon Center may be reserved
through the Help Desk Coordinator. Like all other Northwest facilities, private use
must be approved in advance through the Student Services Office.
• The content of any information made available to others via the Northwest network is the sole responsibility of the person who created that information. It is their responsibility to be aware of all applicable federal laws, state laws, and Northwest policies. That person is liable for any violations of federal laws, state laws, or Northwest policies.

• The Network Administrator and the relevant authorities should be notified about violations of computer laws and policies and potential loopholes in, or breaches of, the security of its computer systems and networks.

**Regulations for Administrative Use**

• Users must observe all provisions of the Family Educational Rights and Privacy Act (FERPA) when accessing student records. Northwest strives to maintain all sensitive and confidential data in a secure environment. The user of sensitive or confidential reports is responsible for ensuring policy compliance.

• All computer software written in-house, purchased by or licensed to Northwest, is college property and may only be used on college equipment and by employees or other authorized persons.

• Maintenance of the college’s web page on the Internet is the responsibility of the MIS Department. Approval for changes to the site must be obtained via the regulations set forth in the Information Systems Web Site Policy.

**Student Computing**

**General Computer and Network Information**

Northwest maintains a website at www.northwestms.edu. Students will find contact information for administrative offices, a faculty listing, course offerings, academic calendars, and other helpful information there.

A Computer Help Desk is available, open from 8 a.m. to 4:30 p.m., Monday through Friday. It is located in the McLendon Center, room 210, on the Senatobia campus, inside the open computer lab. The Help Desk offers software help and limited hardware troubleshooting.

To contact the Help Desk, call 562-3934 or e-mail helpdesk@northwestms.edu.

**Student Access**

Students may access information such as their class schedule, course history, traffic fines, etc., via myNWCC on the Northwest website using their student ID number and PIN. Students who attended Northwest in Spring 2014 and before will log in with their password that was assigned to them at that time. If you do not know your PIN, click on “Forgot ID/PIN?” and your password will be e-mailed to your Northwest e-mail account. New students logging into myNWCC for the first time should use their six-digit birthdate as their PIN. These students will be prompted to change their PIN upon login to a six-digit number of their choice for access to myNWCC only. During registration, eligible students may also register and complete their registration through this portal. If students misplace their PIN, they may click on the “Forgot ID/PIN?” in myNWCC to retrieve that information.

**Network Access**

Students are assigned a username for the Northwest network to be used for the semester in which they are enrolled, in the form of username@northwestms.edu. Students Username is the first initial of their first name, full last name and last 4 digits of their Student ID. The Students password is the same as their password/PIN# in myNWCC. These login credentials will provide access to login to computers on campus, CAN-
VAS, the network storage ("H drive") as well as webmail. If students misplace their PIN#, they may click on the 'Forgot ID/PIN' in myNWCC to retrieve that information or, it may be obtained by contacting a counselor at the DeSoto campus, an employee in the library of the Oxford campus, or by going to the Help Desk in the McLendon Center computer lab with a student ID. Help Desk personnel are not allowed to give login information over the phone. A student's username is their first initial, last name, and the last four digits of their student ID number. Network access is terminated before each fall semester.

E-mail Accounts
Students are automatically assigned a Northwest e-mail address when they register. E-mail addresses are in the form of username@northwestms.edu. All e-mail accounts can be accessed through the WebMail link on the Northwest Web site using the username they are assigned. Student's Username is the first initial of their first name, full last name and last four digits of their student ID. The Students password is the same as their password/PIN# in myNWCC. Student email accounts are not active until the first day of classes and are deleted before each fall semester.

Network Storage
Students are allowed 50MB of storage space on the Northwest network to store coursework or other classroom projects. Access to this network storage space is given to the student upon login to the network in the form of an extra (virtual) drive listed under the "My Computer" icon on the PC. This storage space may be accessed from any classroom, lab, or residence hall computer connected to the Northwest network, as well as via the Northwest website. Storage space is deleted at the end of July each year. Students are encouraged to backup any files they would like to save to another media before the end of the semester.

Internet Access
There is wireless Internet available on all three Northwest campuses. The connection is called NWCC_Guest. The password is: gorangers. Users must accept the usage policy page in order to gain access to the Internet. Internet connections ARE monitored for appropriate usage. Students are required to read and follow the Acceptable Use Policy for Computing which is located on the Northwest website and in the previous section of the Bulletin.

Computers on Campus
Northwest maintains open computer labs for faculty and student use. On the Senatobia campus they are located in the McLendon Center and in the R.C. Pugh Library. On the Southaven and Oxford campuses, the open labs are located in the library. These computers have the most recent versions of Microsoft Office, Internet browsers, and various academic programs. All users must be prepared to show a current Northwest ID to utilize the labs. Check pages 77-78 of this Bulletin for lab hours. Users are not allowed to install/delete any programs or change any desktop settings on these computers.

Canvas System
Through any Internet connection and on a wide variety of mobile devices, students can at their convenience access materials for courses taught at Northwest. Canvas is used for all online courses and for supplemental resources in on-campus courses. A link to the Northwest Canvas system is provided through the Northwest Web site, or can be reached directly at https://northwestms.instructure.com. Students
may log in to the Northwest Canvas system using the same username and password assigned to them for utilizing the Northwest network. A Canvas tutorial can be found online at https://vimeo.com/63616611.

**Information Systems Privacy Policy for Students**

**Statement of Privacy**
Northwest Mississippi Community College is committed to protecting your privacy while employing technology that gives you a useful and safe online experience. This Statement of Privacy applies to the Northwest Mississippi Community College’s Web site, and governs data collection and use for all of Northwest Mississippi Community College sites and services. Please read the complete Student Privacy Policy to learn additional details about how some of these sites and services protect your personal information.

**Personal Information**
Northwest Mississippi Community College will not disclose your personal information, except as required to do so by law, or in the good faith belief that such action is necessary to: (a) comply with legal process served on Northwest Mississippi Community College; (b) protect and defend the rights or property of Northwest Mississippi Community College or (c) act in emergency circumstances to protect the personal safety of users of Northwest Mississippi Community College, its Web site, or the public.

Under the Federal Family Educational Rights and Privacy Act of 1974, a Student’s academic and financial files at Northwest Mississippi Community College will not be released to any third party without the written consent of the Student.

**Use of Cookies**
Cookies may be used to uniquely identify a user and they may be used to track individual preferences and other information about a web user. Canvas products use this technology to provide secure learning experiences, track usage, and manage application performance. Northwest Mississippi Community College will not use cookies to run programs on your computer.

Content and Tools used in conjunction with Canvas products may install additional cookies on your computer. This third party content may include cookies from the content issuer. These third party sites have separate and independent privacy policies. Northwest Mississippi Community College therefore has no responsibility or liability for the content and activities of these linked sites. For your protection, the College suggests you review the privacy and security policies of the company websites for each link.

Most Web browsers automatically accept cookies, but you can usually modify your browser setting to decline cookies if you prefer. If you choose to decline cookies, you may not be able to fully experience the interactive features of Canvas or other Web sites you visit.

**Links to Other Web Sites**
Northwest Mississippi Community College provides links to other Web sites that may be useful for our students and/or employees. The College cannot make any representation of guarantee regarding the linked sites, their content or their security. For your protection, the College suggests that you review the privacy and security policies of the company Web sites for each link.
Security of Personal Information
Northwest Mississippi Community College secures your personal information from unauthorized access, use or disclosure. The College secures the personally identifiable information you provide on computer servers in a controlled environment protected from unauthorized access, use, or disclosure. These measures include Secure Socket Layer (SSL) software during the transmission of your information, which encrypts this data. However, we cannot guarantee that your submissions to our website, any content residing on our servers, or any transmissions from our server will be completely secure.

Canvas, and online exams can only be accessed with a valid student identification number. Our Student Information System (SIS), CampusKey, assigns each student a unique student ID at the point of application. Students may access their personal information via the myNWCC web portal. The portal allows students to create their own PIN number to be used for myNWCC access when logging in for the first time. Students are responsible for keeping their student PIN number secret and confidential, and for notifying the College if they believe that their student PIN number has been stolen or might otherwise be misused.

Changes to this Statement
Northwest Mississippi Community College may occasionally update this Student Privacy Policy, and encourages you to periodically review this Statement to remain informed of how the College is protecting your information.

Social Media Policy for Students
Northwest encourages the use of social media. The Office of Communications runs the official Facebook, Twitter, Instagram, YouTube, LinkedIn and Snapchat pages. Using these platforms to ask questions or leave comments is welcomed. If an official student organization or department wishes to start a social media account, they should first consult with the Office of Communications.

Acceptable content may be positive or negative in context to the conversation, regardless of whether it is favorable or unfavorable to Northwest. However, posted content and/or language that is illegal, obscene, defamatory, threatening, infringing of intellectual property rights, invasive of privacy, profane, libelous, harassing, abusive, hateful or embarrassing to any person or entity, or otherwise injurious or objectionable is unacceptable and shall be removed.

Any social media post that violates a code of student conduct will be handled in accordance with the college’s student conduct procedures as outlined in this Bulletin.

Learning Resources Code of Conduct
Northwest Learning Resource Centers (LRC) are committed to providing an educational environment conducive to learning. Students play a critical role in creating this environment by respecting the rights of others while using library resources.

• To provide a suitable environment for group or individual study, quiet areas are offered throughout the libraries. Cell phones should be set to silent and the volume on headphones should be turned down when working in the library.
• A certain amount of noise is expected at all service desks where librarians often interact with faculty, staff and students. Otherwise, librarians and students are expected to minimize noise by keeping conversations low.
• Students must present a current NWCC ID in order to check out materials.
• Students must log in to computers in the labs with their NWCC credentials.
• Students who use language or act in a way which is obscene, profane or
threatening will be removed from the library.

The library faculty and staff reserve the right to ask students to conform to the Code of Conduct. If misconduct occurs, the librarian will request an ID from the student. An incident report will be filed with Campus Police at this point, or the student will be asked to leave the library.

Identification Policy

The College issues each student an identification card at the beginning of each semester. This card is to be used to identify the recipient as a student at Northwest Mississippi Community College; to secure tickets to athletic events; for admission to concerts, artists’ series, and college theater productions and for voting in campus elections. This card is a valuable document and must be in the student’s possession at all times.

Any misuse of the identification card by its holder, or attempted use by another person will result in the cancellation of the privileges provided and in disciplinary action.

The loss or theft of an identification card should be reported immediately to Campus Police. A substitute card will be issued only after payment of a $10 fee. Students are allowed to possess only one ID card and must surrender this card upon withdrawal from Northwest.

All students are required to have their ID cards on their person at all times. Failure to present the ID card to college officials in authority, identify one’s self to college officials, or giving false information will be grounds for disciplinary action.

Tobacco Policy

Northwest Mississippi Community College facilities, grounds and vehicles are tobacco free. This tobacco free policy prohibits the use of all tobacco products as defined by the American College Health Association, which includes all tobacco derived or containing products, including but not limited to cigars, cigarettes, hookah smoked products and oral tobacco (spit and spitless, smokeless, chew and snuff). The use of electronic smoking devices (also known as electronic cigarettes or e-cigarettes) is prohibited. This policy applies to faculty, staff, students and visitors.

Film/Photography Consent

Students may be filmed or photographed for journalistic or marketing purposes for the college. If a student DOES NOT wish to appear in student or college publications or college marketing materials (including online), they should fill out a Personal Image Publication Refusal Form in the Communications Office at the beginning of the school year. Students should also alert any Communications staff member immediately if they do not wish to be photographed/videoed at the time of the photograph/taping, so they preemptively keep their image out of the photo/footage. Otherwise it is understood that the college has permission to use images of students in all journalistic or marketing materials.

Dress Code

No manner of dress will be allowed which disrupts the normal educational process. In order to prepare students for careers and occupations, all students are expected to dress in good taste and be well groomed. Shirts must be worn at all times except within a student’s assigned residence hall room or if engaged in an outdoor athletic activity. Underwear and undergarments should remain covered at all times except
in a student’s assigned residence hall room.
All pants and shorts must be worn at the waist. Pajamas are not to be worn outside
the student’s assigned residence hall.
In public areas, personal grooming should be kept as minimal and discreet as possible.
No hairdressing, nail painting, etc. is allowed in public areas.

**Medical Emergencies**
The College does not have the facilities, equipment, or personnel to administer
medical treatment to persons who are sick or injured. Therefore, if a student or
other person on campus is sick or injured, and if in the opinion of college officials
a medical emergency exists, then college officials may call for an ambulance to
transport sick or injured persons to a medical facility. Calling for an ambulance or
other emergency agencies will be at the discretion of college officials, and students
or other persons involved in the emergency must cooperate and follow the direc-
tions of college officials. It will be considered a violation of policy if any student re-
fuses or interferes with the directions of college officials during such emergencies.
Such students will be subject to disciplinary action. Expenses for professional care
or treatment are the responsibility of the sick or injured student or guest.
If it is determined by college officials that it would be hazardous to a student’s
health or safety to reside in campus housing due to certain medical conditions
(such as a student’s refusal to take prescribed medication, to follow doctor’s orders,
etc.), the College may require a clearance letter from a qualified physician in order
for the student to reside in campus housing.
Students needing medical assistance or a medical referral should contact the Dean
of Students at the Senatobia campus, or the Center Dean if attending a center.
ACADEMIC REGULATIONS

NORTHWEST MISSISSIPPI COMMUNITY COLLEGE
Graduation

All students expecting to become candidates for degrees or certificates must file an application for graduation with the Office of Admissions and Records by the announced deadline date found in the school calendar.

Requirements for Degrees

Northwest Mississippi Community College grants two associate degrees — the Associate of Arts Degree and the Associate of Applied Science Degree.

Associate of Arts Degree

The Associate of Arts Degree is awarded for programs designed as the first two years of a four-year college or university program leading to a Baccalaureate degree.

To graduate from the college with the Associate of Arts Degree a student must:

1. Earn a minimum of sixty (60) semester hours to include the thirty-five (35) semester hours listed in the Academic Core Curriculum.
2. Earn a minimum grade point of 2.0 on all work completed at Northwest Mississippi Community College.
3. Complete the remaining courses designated by the chosen academic pathway.
4. Earn not more than eighteen (18) semester hours through the College Level Examination Program (CLEP) or Advanced Placement Examination.
5. Complete a minimum of fifteen (15) semester hours at Northwest Mississippi Community College in the area of study.

Associate of Applied Science Degree

The Associate of Applied Science Degree is awarded for programs designed to meet the educational needs of students who are seeking preparation for employment in occupational fields not requiring a four-year degree.

To graduate from the college with the Associate of Applied Science Degree a student must:

1. Earn a minimum of sixty (60) semester hours to include the fifteen (15) semester hours listed in the Technical Core Curriculum.
2. Complete the remaining courses designated by the program of study.
3. Earn a minimum grade point of 2.0 on all work completed at Northwest Mississippi Community College.
4. Complete a minimum of fifteen (15) semester hours at Northwest Mississippi Community College in the area of study.
5. Earn not more than fifteen (15) semester hours through any combination of the following: College Level Placement Examination (CLEP) or Advanced Placement Examination. Credit by examination may be given to participants in articulated workforce training programs.
Career and Technical Certificates

Certificates for specific programs are awarded to students who successfully complete requirements for these programs of study as outlined in the college Bulletin. Students completing a one-year minimum of 30 hours career program will receive a Career Certificate, and those students completing a minimum of 45 hours technical program will receive a Technical Certificate.

To graduate from the college with a certificate in a particular program of study a student must:

1. Make a passing grade and average a minimum 2.0 grade point on those courses required in the curriculum. Grades in the courses not listed in the curriculum will not be counted in calculating the grade point average.

Academic Core Curriculum

This core curriculum is designed for students who later plan to transfer with junior standing to one of the four-year colleges or universities in Mississippi. This curriculum contains the core curriculum required by all colleges and universities under the State Board of Trustees, Institutions of Higher Learning.

- English Composition .................................. 6 semester hours
- Humanities/Fine Arts .................................. 9 semester hours
- Social/Behavioral Science ........................... 6 semester hours
- Natural Sciences ....................................... 6 semester hours
- Natural Sciences Laboratory ........................ 2 semester hours
- Mathematics ............................................. 3 semester hours
- Basic Computer Skills ................................ 3 semester hours
- Total ...................................................... 35 semester hours

Approved courses for the Academic Core Curriculum are as follows:

English Composition
EN G 1113 and EN G 1123

Humanities/Fine Arts
(Approved Choices)
SPT 1113 Public Speaking I (REQUIRED) = 3 Semester Hours

Application for Graduation

An application for graduation (diploma) should be filed with the Office of Admissions by the intended graduating semester deadline. Deadlines to apply for graduation are listed in the calendar section of this Bulletin. Students graduating in the spring are expected to participate in the graduation exercises.

eBook Policy

In an effort to reduce the price of books for our students, Northwest began implementing digital technology for books during the fall 2016 term. The following policies and procedures have been defined for implementing electronic textbooks (eBooks) in courses as well as how courses with eBooks are processed through the Student Information System and accessed by the students.

- Courses utilizing digital technology are selected and approved by full-time faculty who teach the specified course and the Division Director for the area of study. Every faculty member teaching the selected course is required to use the eBook approved.
- The negotiation of pricing for the eBooks is handled by the Director of eLearning in cooperation with the Division Director for that area of study.
- Fees for eBooks are attached to each section of the course. This fee is due when completing the registration process.
- If the course is all digital, students are NOT REQUIRED to purchase a book from the Bookstore.
- eBooks are available through CANVAS the FIRST day of class.
- An app is provided within CANVAS to download the eBook to as many as three of the student’s devices. The eBook can be accessed at any time after downloading it to the device, even when no Internet connection is available.
- Students may print information from their eBook using the app provided within CANVAS.
- If students prefer a hard copy of the entire textbook, black and white loose-bound books are available for purchase in the Northwest Bookstore for most eBooks.
EBook fees will not be credited to a student's account when withdrawing from the course any time after the last day to make schedule changes, as defined in the Northwest Bulletin for the term.

Adjustments for eBook fees must be made through the Business Office before the last day to make schedule changes, as defined in the Northwest Bulletin for the term, in order to receive credit on a student's account.

Any student receiving Title IV assistance has the option to “opt-out” of the eBook charge. In order to do this, the student must provide proof of purchase elsewhere, must opt-out by the add/drop deadline, and must notify the Director of eLearning in order for the Business Office to credit the charge. If the course requires digital components other than a book, proof of purchase of those components or codes must be provided as well.

Credits and Grades

Course Placement
Northwest Mississippi Community College requires applicants for admission to the college to be tested prior to completion of the registration process. Northwest utilizes the ACT exam for placement in English, Math, and Reading classes.

ENGLISH: Students with an English ACT sub-score of 17 or above are placed in ENG 1113 English Composition. Students with an English ACT sub-score of 16 or below are placed in ENG 0123 Intermediate English and Reading (a prerequisite to ENG 1113). Students with an English ACT sub-score of 15 or 16 may choose to be placed into an alternate corequisite pathway (if sections/seats are available); these students take both ENG 1113 and ENG 0143 (Composition Studio Companion) in the same semester, with the same instructor for both, with the corequisite ENG 0143 class period immediately following the ENG 1113 class period.

MATH: Students with a Math ACT sub-score of 19 or above and completing two years of high school Algebra are placed in MAT 1313 College Algebra. Students with a Math ACT sub-score of 17 or 18 are placed into MAT 1233 Intermediate Algebra. Students with a Math ACT sub-score of 16 or below are placed into MAT 0123 Beginning Algebra.

READING: Students with a Reading ACT sub-score of 17 or above are not required to take Reading. Students with a Reading ACT sub-score of 13-16 are placed in REA 1223 Reading Enhancement II. Students with a Reading ACT sub-score of 12 or below are placed in REA 1213 Reading Enhancement I.

STUDENTS WITHOUT ACT SCORES: Students who do not have ACT scores are required to take the local placement tests in English, Math, and Reading (unless they are registering for a program that requires no academic classes at all). These placement tests are administered via the Accuplacer system.

CHALLENGE TO ACT PLACEMENT: Students who wish to challenge their ACT placement in order to try to be placed higher in a particular area must take the appropriate local placement test in Accuplacer.

The Semester Hour
The unit of credit is the semester hour. A semester hour, as defined by the Mississippi Community College Board, is a minimum student-teacher contact of 750 minutes for lecture, and 1,500 minutes for laboratory credit. This does not include time spent in registration.
Grading Symbols

A final grade is the instructor’s evaluation of the student’s work and achievement throughout a semester’s attendance in a course. Factors upon which the final grade may be based are attendance, recitation, written and oral quizzes, reports, papers, final examination, and other class activities. The evaluation will be expressed according to the following letter system:

<table>
<thead>
<tr>
<th>Passing Grades</th>
<th>Grading With No Credit</th>
</tr>
</thead>
<tbody>
<tr>
<td>A – Excellent</td>
<td>F – Failure</td>
</tr>
<tr>
<td>B – Good</td>
<td>I – Incomplete</td>
</tr>
<tr>
<td>C – Satisfactory</td>
<td>W – Official Withdrawal</td>
</tr>
<tr>
<td>D – Lowest Passing Grade*</td>
<td>N – Audit Grade</td>
</tr>
</tbody>
</table>

Grades of “F” will not be counted against a student’s grade point average provided the course has been repeated and a better grade earned. The student’s grade point average on the student’s academic record card will reflect the true average, although the student’s grade report will not discount “F” grades that have been repeated.

When a student repeats a passed course (“D” or “C”) for grade improvement the better grade becomes the official grade of record.

* For certain classes, a “D” is not passing in terms of being able to exit the course and move on to the next course in the sequence. For most of these classes, students must earn a “C” or better in order to exit or to pass and move on to the next course in the sequence. Examples are developmental classes (such as ENG 0123, MAT 0123 and MAT 1233, and REA 1213 and REA 1223) and certain math and science classes. Details are provided in the course descriptions in the back of this Bulletin and in the standard syllabi for the relevant courses.

F Grade

A grade of “F” is recorded: (1) if the student has excessive absences; (2) if the student has failed on the combined evaluation through the semester and the final examination; (3) if the student fails to submit a paper for final examination or fails to attend the final examination and offers no acceptable reason for absence; (4) if the student officially withdraws from a course after the published date for course withdrawal and was failing the course at the time of withdrawal; and (5) if the student drops the course without completing official withdrawal procedures.

I Grade

An incomplete grade may be assigned if, upon completion of a grading period, unavoidable circumstances have kept the student from meeting some course requirements. An incomplete grade is not allowed on the basis of course deficiency not caused by an unavoidable circumstance. The “I” grade must be removed by the end of the semester that immediately follows the semester in which the “I” grade was given. If the incomplete is not removed in this period of time, it automatically becomes an “F” grade. The “I” grade is computed as an “F” grade until the course requirements are met to the instructor’s satisfaction.

W Grade

The “W” grade is recorded if the student officially withdraws from a course before the last day specified in the College Calendar. However, the student must be passing the course to receive the “W” grade if the student officially withdraws after the specified date. The student may not receive the “W” grade in a course if the student has already been given an “F” grade because of excessive absences. The “W” grade is not computed in determining the grade point average.
N Grade
The “N” is recorded for those students auditing a course, and this grade is not computed in determining a student’s grade point average.

Grade Reporting
Students may access their grades at the end of the first nine weeks of school and at the end of the semester by logging into their student account via the Northwest website. End of the semester grades will be mailed to the address given by the student.

Grade Change Policy
Students can petition for review of a grade within 30 calendar days after the first class day of the next semester by the following procedure:

1. Obtain a “Request for Grade Change” form from the Northwest website at www.northwestms.edu under the Information tab, Documents/Forms & Instructor Login.
2. Take the form to the instructor to be filled out.
3. Take the form to the division director for signature.
4. Take the form to the Associate Vice President for Education, Career-Technical District Dean or center dean for approval.
5. The Associate Vice President for Education, Career-Technical District Dean or center dean will forward the request to the Registrar for action.

Student Grade Appeal Procedure
The grade appeal procedure is designed to provide a student with a procedure for appealing the assignment of a course grade which is believed to be based on prejudice, discrimination, arbitrary or capricious action, or other reasons not related to academic performance. In all cases the student shall have the burden of proof with respect to the allegations in the complaint and in the request for a hearing. If the student fails to pursue any step of the procedure outlined below, the disposition of the student’s complaint made in the last previous step shall be final. All correspondence and records will be retained in the campus dean’s office. The grade appeal procedure involves the following steps:

1. The student shall submit the complaint in writing to the Division Director, Associate Vice President for Education or appropriate dean within 15 days from the date the grade was received.

2. The Division Director, Associate Vice President for Education or appropriate dean will attempt to resolve the complaint in conference between the student and the instructor, to be held within 15 days from the date the complaint was received. If the Division Director was the instructor of the course involved in the complaint, the written complaint of the student shall be submitted to the Associate Vice President for Education or appropriate dean.

3. If the complaint is not resolved in step 2, the student may submit the complaint to the Associate Vice President for Education or appropriate dean’s office within 15 days from the date of the dissolution of step 2.

4. If the Associate Vice President for Education or appropriate dean does not resolve the complaint the student may appeal in writing to the Vice President for Education for a hearing within 15 days from the date of the dissolution of step 3. If the complaint is not resolved at this level, the student may request a hearing before the Student Grade Appeals Committee. This
Auditing a Course
To audit a course means to enroll as a student in a course and attend in the usual manner, but without credit or grade. Declaration of intention to audit must be made at the time of registration. Regular fees are charged for auditing.

Declaration of Academic Pathway or Career-Technical Program
Every student must indicate an intended academic pathway or Career-Technical program during the registration process.

Change of Academic Pathway or Career-Technical Program
Students who wish to change their academic pathway or Career-Technical program should contact their adviser or the Office of Admissions and Records for advisee assignment. Students must recognize that changing their pathway or program could result in having completed courses that will not apply to their new pathway or program. Students desiring veteran’s benefits must also secure approval of the veteran’s adviser. Failure to do so may result in loss of benefits.

Class Attendance Policy
Regular and punctual attendance at all scheduled classes is expected of all students and is regarded as integral to course credit. There are times, however, when students must miss class. Nevertheless, if a student’s absences exceed the equivalent of two weeks of class meetings, that student will be withdrawn from the class with a grade of “F.” Online courses have additional information regarding class attendance included in the instructor’s Course Outline. Please see the chart below for the number of absences allowed for each class:

<table>
<thead>
<tr>
<th>Number of Days Per Week Class Meets</th>
<th>Total Number of Allowed Absences</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>16-Week Course (Campus Only)</td>
</tr>
<tr>
<td>1</td>
<td>2</td>
</tr>
<tr>
<td>2</td>
<td>4</td>
</tr>
<tr>
<td>3</td>
<td>6</td>
</tr>
<tr>
<td>4</td>
<td>8</td>
</tr>
<tr>
<td>5</td>
<td>10</td>
</tr>
</tbody>
</table>
16-Week Course = Traditional fall and spring semesters (campus only)
15-Week Course = Traditional fall and spring semesters (online only)
8-Week Course = Mini-term Sessions (campus and online), Summer Evening Campus Classes, Summer Online Classes
4-Week Course = Summer Day Classes

Students are expected to be prompt in class attendance. A student is counted absent from class if he or she misses more than 10 minutes of a class meeting. Three tardies constitute one absence.

Particular policies and procedures on absences and makeup work are established for each class and are announced in writing at the beginning of the term. Each student is directly responsible to the individual instructor for absences and for making up work missed.

The instructor reserves the right to remove from the classroom any student whose conduct is disruptive to the learning process.

A student who has been reported as having excessive absences has the right to appeal. For more information about the appeal process, contact the Center Dean or the Associate Vice President for Education.

**Official Absences**

Official absences are absences caused by a student representing the College for an approved function. These absences shall not count toward the student’s total absences.

**Classroom Code of Conduct**

Northwest Mississippi Community College is committed to providing an educational environment that is conducive to learning for all students. Students play a critical role in creating an environment in which learning can take place. The purpose of this Code of Conduct is to address student behavior within the classroom.

1. All electronics, including communication and listening devices, i.e. cell phones, Ipods, etc., must be deactivated and stored during class time. Students who are enrolled in courses that are utilizing e-books, may use their cell phones to access course information along with laptop computers, iPads, Kindles, or similar technology, if they have the book downloaded on those devices. Any other exceptions must be approved in advance by the instructor.

2. All students must respect other people’s rights, opinions, and beliefs even though they may be different from their own. It must be understood by each student that his/her rights end where other students’ rights begin.

3. No food, drink, or tobacco products are allowed in the classroom.

4. No manner of dress will be allowed which disrupts the normal educational process.

5. All dishonesty, including cheating, plagiarism, or knowingly providing false information, either in oral or written form, is prohibited.

6. Language which is appropriate to the classroom is expected of all students.

7. All students must do their own work, except where instructors state that group work is permissible.
8. Students must arrange to take restroom and water breaks before or after class hours. Any student who leaves class once the class has begun will not be allowed to return to that session and will be counted absent.

9. Students must attend class, arrive on time, stay through the entire period, bring all necessary materials and come prepared.

10. Student must conform to the Code of Student Conduct.

The instructor has the right to remove from the classroom any student whose behavior is disruptive to the learning process. The instructor has the authority to determine which behaviors are disruptive.

A student who is removed from the classroom for disruptive behavior must report to the appropriate administrator as advised by the faculty member. Potential penalties may range from warnings to temporary or permanent removal from the course.

**Cheating/Plagiarism Appeal Procedure**

Students who wish to appeal the decision of their instructor with regards to an allegation of cheating or plagiarism should notify the Associate Vice President for Education or the appropriate Dean in writing within one (1) week of the formal decision by their instructor. The Associate Vice President or appropriate Dean will, within a reasonable amount of time, convene an Ad Hoc Committee to hear the student’s appeal and will notify the student in writing of the date, time, and location of the hearing. The Ad Hoc Committee will be chaired by the Associate Vice President or appropriate Dean and may consist of up to two (2) faculty members and two (2) students. The Committee will review all supporting documentation and hear from the accused student in person. The accused student may submit any documentation and present witnesses in his/her defense at that time. The Committee will render a decision following the hearing and the decision of the Committee is final.

**Intellectual Property Rights Policy**

All work products created or produced using the College’s resources, facilities or time are considered to be property of Northwest Mississippi Community College. Products developed on personal time using personal resources shall be deemed property of the individual. All revenue derived from College-owned products is unrestricted for institutional budgeting purposes, while any revenue gained from individually-owned work products is discretionary for the developer. This policy is applicable to all faculty, staff and students.

**Standards of Academic Progress**

A student, to move assuredly toward a degree should maintain the following grade point average:

<table>
<thead>
<tr>
<th>Total Semester Hours</th>
<th>Cumulative Grade Point Average</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-6</td>
<td>1.25</td>
</tr>
<tr>
<td>7-12</td>
<td>1.35</td>
</tr>
<tr>
<td>13-20</td>
<td>1.55</td>
</tr>
<tr>
<td>21-35</td>
<td>2.00</td>
</tr>
<tr>
<td>36-49</td>
<td>2.00</td>
</tr>
<tr>
<td>50-64</td>
<td>2.00</td>
</tr>
<tr>
<td>For Graduation</td>
<td>2.00</td>
</tr>
</tbody>
</table>
Academic Warning, Academic Probation & Final Suspension

Standards of satisfactory academic progress for full-time and part-time students is the same as those required to maintain financial aid eligibility. (See SATISFACTORY ACADEMIC PROGRESS POLICY on pages 51-54.)

If a student fails to maintain the minimum GPA on the scale (6 hours passed with a minimum semester GPA of 1.25), the student is placed on “Academic Warning” at the end of the semester. A student who is placed on Academic Warning is eligible for immediate readmission for the following semester. If the student fails to attain the prescribed GPA in the subsequent semester (12 hours passed with a minimum cumulative GPA of 1.35), the student is placed on “Academic Probation” but is considered making progress toward a degree. The student who is on Academic Probation is then given one more semester to attain a cumulative grade point average of 1.55 with 20 semester hours passed.

A student who does not achieve the designated cumulative GPA (2.00 with 21 or more semester hours passed is placed on “Final Suspension.” This means that the student is dismissed from the college for failure to maintain standards of academic progress and may not enroll in a future semester.

A student who is placed on Final Suspension may submit a written petition for consideration to be readmitted to the college. This petition should be sent to registrar@northwestms.edu or Admission Committee, P.O. Box 7047, Senatobia, MS, 38668. The student will be notified via provided email address of the committee’s decision regarding the petition. If a petition is granted, the student will remain on Academic Probation and be required to maintain a 2.00 semester grade point average to continue enrollment in future semesters.

A student whose petition was granted and fails to meet the required 2.00 semester grade point average is officially academically dismissed from the college for failing to maintain standards of academic progress and placed back on “Final Suspension.” There is no further petition process. Should a student desire to pursue their education at Northwest (after 48 consecutive months of NOT attending any post-secondary educational/career institution), a Declaration of Academic Restart may be requested (see Academic Restart policy on page 38).

Withdrawal from School

A student who finds it necessary to withdraw from school for any reason should do so properly. The proper withdrawal procedure is as follows:

1. Students are to pick up the withdrawal form from the Student Development Center on the Senatobia campus or the Academic or Career-Technical counselor's office at the Centers, where the student will be instructed as to the proper withdrawal procedure.

2. After obtaining the required signatures, the student turns the withdrawal form in to the Center Dean or if withdrawing from the Senatobia campus, to the cashier in the Business Office. The cashier will sign the form and turn it in to the Office of Admissions and Records.

3. Refund of any payment due will be made at the Business Office.

A student who properly and officially withdraws will receive a grade of “W” (official withdrawal) in all classes. Withdrawal must be made prior to exam week. An unof-
ficial withdrawal is attributed to a student who leaves Northwest without going through the published withdrawal procedures. This unofficial withdrawal will result in the student receiving “F” grades in all classes.

Change of Schedule

Students should set up their program of study and schedule with extreme care and exert every effort to keep that schedule. Regulations concerning a change of schedule are:

Schedule changes can be made up to the second week of class by the Associate Vice President for Education, Center Dean, or the student’s adviser. Please see the college calendar for the exact dates.

Adding a Course

1. A new course cannot be added after the end of late registration.

Dropping a Course

1. A new course cannot be dropped after the end of late registration. After late registration, the student must use the withdrawal process to withdraw from a course.

Withdrawing From a Class

A student may withdraw from a class passing or failing through the ninth week of school. This does not apply to courses with “F” based on attendance policy.

(For exact date, see college calendar. After the ninth week, the student must be passing the course to withdraw from that course. If the student carries out the entire class withdrawal procedure correctly, he/she will receive a grade of “W” for that course.)

Procedures for Withdrawing from a Course

1. Go to the Student Development Center in Tate Hall (on the Senatobia campus) or Center Dean’s Office.

Course Load

The normal load of work is from 12 to 18 semester hours. No student may enroll for more than 19 hours in one semester without the approval of the adviser and the appropriate dean or the Associate Vice President for Education.

Classification

Students are classified according to the following standards:

   Freshman - 0 to 29 credit hours;
   Sophomore - 30 or more credit hours.

Credit hours include accepted transfer hours and do not include developmental credit hours.

Academic Record-Transcript Release Policy

One of the major services of the Office of Admissions and Records is to maintain accurate and permanent records of a student's academic work while the student is enrolled at Northwest. In accordance with the rules and regulations governing the release of these records, the Office of Admissions and Records follows these policies:
1. Before a transcript can be released, all admission papers must be on file in the Office of Admissions and Records – transcript(s), HSE scores if applicable, and ACT scores or SAT.

2. No transcript can be released if the student has a “balance due” in the Business Office. The student’s account must be paid in the Business Office by cash, money order, or bank check, and receipt taken to the Office of Admissions and Records before a transcript can be released.

3. Written authorization from the student must be submitted to the Office of Admissions and Records. Currently enrolled students may go the Office of Admissions and Records to complete a transcript request form.

4. Transcripts sent to other colleges, employers, or agencies will bear the official college seal and will be an official transcript. Transcripts sent directly to the student that makes the request will not bear the college seal and will be an unofficial transcript. Official Transcripts can only be sent directly to other colleges, employers, and agencies.

5. Employers or other agencies who request information about a Northwest student should get the signature of the person in question before sending a request. This signature serves as authorization for this office to release information.

6. In 1974 the Congress of the United States enacted the Family Educational Rights and Privacy Act of 1974 (Buckley Amendment). This act related to the rights of access assures certain privacy of students’ records. The Office of Admissions and Records has recommended and President Gary Lee Spears has approved the following policy in regard to this act.

   This act provides students or parents of dependent students (children or wards claimed for income tax purposes) the right to review, inspect, and challenge the accuracy of information kept in the “office of record” of the institution. They may do so by contacting in person the head of the divisions indicated at the location of the “office of record.” A repository or “office of record,” for “personally identifiable” information relating to students is maintained, according to the designated data, at the locations listed below.

   A. Records accessible to a student and his/her parents as indicated above.
      1. Office of Admissions and Records
         a. Academic records
         b. Permanent file of personal data for all students
         c. Course enrollments
         d. Official transcripts for all schools
         e. Application for Admission files, including test scores
      2. Athletic Department
         a. Data on athletes' competitive abilities
      3. Financial Aid
         a. Application and certification
      4. Student Services
         a. Disciplinary records
      5. Business Office
         a. Fiscal records
   
   Unofficial copies of records and official copies of records (certified with Northwest seal) may be obtained by contacting the Office of Admissions and Records. These documents will be released upon written authorization. (Charges are subject to change.)

   B. “Directory Information”
The following categories of information have been designated by Northwest as “Directory Information,” and as such may be used as a matter of public record. However, should a student desire that this information not be released, it will be withheld if notification is given in writing to the Registrar (Office of Admissions and Records) within three weeks after the first day of class registration.

1. The student’s name
2. Address
3. Telephone listing
4. Date and place of birth
5. Field of study
6. Participation in officially recognized activities and sports
7. Weight and height of member of athletic teams
8. Dates of attendance
9. Degrees, awards, and honors
10. The most recent previous educational agency or institution attended by the student
11. School or college year (freshman or sophomore)
12. Degree sought
13. Class schedule
14. E-mail address

C. Other items
1. Except as provided by the law, data released to outside sources will be in aggregate form and no “personally identifiable” records will be made available.
2. When grades are reported, they are accessible via the student’s myNWCC account.
3. Should you have questions or object to the policy stated above, you are encouraged to discuss your concern with the Registrar, who is located in the Office of Admissions and Records in Yalobusha Hall. Policy appeals may be made by written petition to Registrar, Northwest Mississippi Community College, Senatobia, MS, 38668. A hearing will be afforded the petitioner, if requested. Students will be informed, in writing, as to the disposition of the petition.
4. In the event any part of this policy is in conflict with state or federal law, statutory or judicial decisions will govern access to records.
5. All official non-credit records of the College are maintained in the Office of Admissions and Records. Additionally, only the Registrar is authorized to issue official transcripts of non-credit work.

**Honors**

**Graduation Honors**

A student who has earned an average of 3.50 through 3.79 quality points per semester hour is entitled to be graduated with honors.

A student who has earned an average of 3.80 to 3.99 quality points per semester hour is entitled to be graduated with special honors.

A student who has earned an average of 4.00 quality points per semester hour is entitled to be graduated with highest honors.
Hall of Fame
An honor that may be conferred on a student is selection for the annual Hall of Fame, which is the highest honor that a Northwest student can achieve. Selection is based on a minimum GPA of 3.0 and high qualities of leadership, character, scholarship, and participation in college activities. Members must have sophomore standing.

Outstanding Student
One outstanding student may be chosen for each academic pathway or Career-Technical program. The choice is made by faculty within the department. The student must attend full-time, and only one outstanding student may be chosen for each pathway or program.

Who’s Who Among Students in American Universities and Colleges
Students who have made outstanding efforts or achievements in educational and extracurricular activities are nominated by faculty and rated according to the following criteria:
1. The student must be a sophomore student in a two-year curriculum.
2. The student must have at least a 3.0 cumulative grade point average.
3. The student’s conduct record shall be reviewed for final approval.

President’s List and Dean’s List
The honors lists are announced at the end of each semester. To be eligible a student must be classified as a full-time student. Criteria are as follows:
1. President’s List: 3.75 quality points to 4.0 quality points
2. Dean’s List: 3.5 quality points to 3.74 quality points

Honors Program
Northwest Mississippi Community College strives to meet the needs of the academically advanced student in a variety of ways. First, qualified students can request an Honors contract in any course in which they are enrolled. Teacher and student agree on accelerated or enhanced requirements to be completed by semester end. No penalty is levied for attempting an Honors contract and not completing it. Second, the college promotes active Phi Theta Kappa chapters to meet both academic and social needs of our students. Among the benefits of membership are transfer scholarships to learning institutions in Mississippi and across the nation; the opportunity to meet and work with other members in our state; and a chance to compete for recognition on a national level in a variety of ways. Northwest has a strong commitment to offering several ways in which our advanced students can continue to be challenged.
The Mississippi Board of Trustees of State Institutions of Higher Learning and the Mississippi State Board for Community and Junior Colleges reached in 1991 an articulation agreement on the transfer of student course work between state universities and community colleges. This agreement provides for the smooth transfer from the community college to over 166 programs of study offered by the universities. Each university will accept the courses listed on a particular transfer program without loss of credit toward the conclusion of the four-year degree. It is intended that this articulation agreement be a minimum program transfer for all students moving from the community college to the university system — acting as a “safety net” for transfer students. The agreement does not replace any individual articulation agreement between a particular community college and a university which would allow additional courses to transfer into a specific program of study. For purposes of advising Northwest students, a copy of the Articulation Agreement has been placed in the office of every faculty adviser.

Northwest offers classes in eight academic divisions: Division of Business, Division of Education, Division of Fine Arts, Division of Languages and Communications, Division of Social Science, Division of Nursing, Division of Mathematics and Division of Natural Sciences. Students in the A.A. Degree Program (with the exception of the Division of Nursing), follow educational pathways leading to transfer to a four-year university or college. Pathways for specific four-year programs are listed under the corresponding academic division. Course requirements for each pathway may be found at the College's website, www.northwestms.edu. Also listed are the academic advisers for each campus in each of the eight divisions, as well as the division-specific courses offered by the College.

Please refer to the listing below for abbreviations of four-year universities and colleges in Mississippi:

ASU  Alcorn State University
BMC  Blue Mountain College
DSU  Delta State University
JSU  Jackson State University
MI   Millsaps College
MC   Mississippi College
MSU  Mississippi State University
MUW  Mississippi University for Women
MVSU Mississippi Valley State University
UM   University of Mississippi
UMMC University of Mississippi Medical Center
USM  University of Southern Mississippi
WC   William Carey University

Abbreviations for other area colleges:
MCA  Memphis College of Art (Memphis, TN)
ME   University of Memphis (Memphis, TN)
BC   Baptist College of Health Sciences (Memphis, TN)
BN   Baptist School of Nursing (Memphis, TN)
UT   University of Tennessee Health Sciences (Memphis, TN)
DIVISION OF BUSINESS

The Division of Business offers several pathways of study that provide a solid educational foundation for students planning to transfer to a senior institution. Business students will utilize modern computer labs to get hands-on experience using the most up-to-date software applications. Students can also get involved on campus through division clubs and organizations including Phi Beta Lambda, a national business organization.

PATHWAYS LEADING TO A BACCALAUREATE DEGREE IN BUSINESS-RELATED FIELDS:

Accountancy (university undecided/general pathway)
- Accountancy at ASU
- Accountancy at DSU
- Accountancy at JSU
- Accountancy at MSU
- Accountancy at MUW
- Accountancy at MVSU
- Accountancy at UM
- Accountancy at USM

Business Administration (university undecided/general pathway)
- Business Administration at ASU
- Business Administration at DSU
- Business Administration at JSU
- Business Administration at MSU
- Business Administration at MUW
- Business Administration at MVSU
- Business Administration at UM
- Business Administration at USM

Business and Computer Teacher Education (university undecided/general pathway)
- Business and Computer Teacher Education at MSU
- Business and Computer Teacher Education at USM

Computer/Management Information Systems (university undecided/general pathway)
- Business Information Systems at MSU
- Computer Information Systems at DSU
- Management Information Systems at MUW
- Management Information Systems at UM

Computer Science (university undecided/general pathway)
- Computer Science at ASU, JSU, MVSU
- Computer Science at MSU
- Computer Science at UM
- Computer Science at USM—option 1
- Computer Science at USM—option 2

Health Informatics & Information Management (university undecided/general pathway)
- Health Informatics & Information Management at UM

Marketing Communications (university undecided/general pathway)
- Marketing Communications at UM

Office Administration (no university preference)
- Office Administration at MSU
- Office Administration at MVSU

See the Northwest website for course requirements for each specific pathway.

DIVISION OF EDUCATION

Division of Education students at Northwest have several options from which to choose. Students complete their Associate of Arts degree at Northwest and then transfer to a senior institution to earn a bachelor’s degree. The Northwest Education Association gives students an opportunity to network with other education students, graduates and guest speakers already in the field while getting real-world experience observing in area schools.

Students may study one of the following areas:
Elementary Education—designed to prepare students to enter a bachelor’s degree program leading to K elementary education certification.

English-Math-Science-Social Science Education—designed to prepare students to enter a bachelor's degree program leading to 7-12 secondary education certification.

Health and Physical Education—designed to prepare students to enter a bachelor’s degree program leading to physical education certification.

Recreation—designed for students intending to continue their study at a senior college and seek employment as a recreational professional in public, private or volunteer agencies.

Communicative Disorders—designed to prepare students to transfer to a senior college’s communicative disorders program, leading to career opportunities in audiology, speech-hearing science, speech-language pathology and teaching the deaf.

Exercise Science—intended primarily for an exercise science major who intends to continue on to the bachelor’s degree and beyond. May be qualification for, or a first step toward, a broad range of career options, including personal trainer, sports medicine physician, coach and physical therapist.

PATHWAYS LEADING TO A BACCALAUREATE DEGREE IN EDUCATION-RELATED FIELDS:
Communicative Disorders (university undecided/general pathway)

DIVISION OF FINE ARTS

The Division of Fine Arts is comprised of visual and performing arts. Students pursuing a music pathway have many performance opportunities, while students pursuing a theatre pathway get hands-on set construction and acting experience. Students pursuing an art pathway build a portfolio of their art and are given opportunities to exhibit their work. Instructors are highly educated and competent professionals who actively practice their arts at Northwest and in the surrounding communities. Advisers work with senior institutions to ensure a successful transfer from Northwest to a four-year college.

Students who wish to pursue an Art, Music, or Theatre pathway must attend the Senatobia campus.

PATHWAYS LEADING TO A BACCALAUREATE DEGREE IN ART-RELATED FIELDS:
Art (university undecided/general pathway)
Art at DSU, JSU, MC, MSU, MUW, MVSU, UM, MCA (Memphis, TN)

See the Northwest website for course requirements for each specific pathway.

PATHWAYS LEADING TO A BACCALAUREATE DEGREE IN MUSIC-RELATED FIELDS:
Music Education (university undecided/general pathway)
Music Education at ASU, DSU, JSU, MSU, MUW, MVSU, UM, USM
Music Performance at ASU, DSU, JSU, MSU, MUW, MVSU, UM, USM
Music Business/Industry at DSU

See the Northwest website for course requirements for each specific pathway.

PATHWAYS LEADING TO A BACCALAUREATE DEGREE IN THEATRE-RELATED FIELDS:
Theatre (university undecided/general pathway)
Theatre at MSU, MUW, UM, USM, WC, ME (Memphis, TN)

See the Northwest website for course requirements for each specific pathway.

DIVISION OF LANGUAGES AND COMMUNICATIONS

The Languages and Communications division provides quality instruction in English, foreign language, and media communications study. The division offers a variety of educational options for students who plan to transfer to a senior institution. The Liberal Arts curriculum emphasizes the development of the student's verbal, written and analytical skills. In order to meet specific curriculum requirements for transfer, the student is strongly advised to consult the catalog of the university at which he plans to complete the Bachelor of Arts degree.

PATHWAYS LEADING TO A BACCALAUREATE DEGREE IN LANGUAGES AND COMMUNICATIONS-RELATED FIELDS:
Liberal Arts at MSU, UM

See the Northwest website for course requirements for each specific pathway.

DIVISION OF SOCIAL SCIENCE

The Division of Social Science provides courses to help students understand institutions, cultures, and behaviors. Such courses acquaint students with fundamental concepts, theories, and methods of analysis used in the social and behavioral sciences. They enable students to think critically about human behavior and society. The Division includes pathways leading to baccalaureate degrees for students interested in the fields of law, criminal justice and other “helping professions.” The curriculum is designed for students planning to transfer to a senior institution.

PATHWAYS LEADING TO A BACCALAUREATE DEGREE IN SOCIAL SCIENCE-RELATED FIELDS:
Criminal Justice (university undecided/general pathway)
Criminal Justice at ASU, BMC, DSU, MVSU, UM, USM
General College (university undecided/general pathway)
General College at ASU, DSU, JSU, MSU, MUW, MVSU, UM, USM
Psychology (university undecided/general pathway)
Psychology (BA) at DSU, MUW, UM, USM
Psychology (BS) at ASU, JSU, MSU, USM
Social Work (university undecided/general pathway)
Social Work at ASU, DSU, JSU, MSU, MVSU, UM, USM

DIVISION OF NURSING

Associate Degree Program
The Associate Degree Program in Nursing provides a foundation in general education and nursing. Upon completion of the curriculum, an Associate of Arts degree is awarded. Graduates of the program are eligible to write the National Council for Licensure Examination for Registered Nurses (NCLEX-RN). Graduates are prepared to provide nursing services in beginning staff level positions and have potential for advancement on an individual basis.

The traditional plan of study in the nursing program is two years (five semesters) in length, and classes are admitted each fall and spring semester. Clinical laboratory experiences are available in Memphis and in Northwest Mississippi hospitals and agencies. All prospective students should be advised by an associate degree nursing adviser on the Senatobia campus from the list provided.

A minimum grade of “C” or better is required in every course outlined in the nursing curriculum for graduation. The Division of Nursing reserves the right to recommend for continuation only those students who, in the judgment of the faculty, satisfy the requirements and aptitude for nursing.

In compliance with the amended Section 73-15-29 from the 2010 Mississippi Nursing Practice Act (www.msbn.ms.gov), all students enrolled in the Associate Degree Nursing Program are among those subject to criminal background checks before being allowed to provide patient care. Applicants must provide a list of all prior arrests, convictions, and pending charges. Proof of disposition of charges must be provided upon admission to the Division of Nursing. If at any time, the determination is made that a student, as a result of the background check, is not eligible to attend clinical, the student will not be allowed to remain in the nursing program. The Mississippi Board of Nursing requires that graduates are also fingerprinted by the Mississippi Board of Nursing prior to sitting for the licensing exam (NCLEX-RN).

All prospective nursing students must note Section 73-15-29 of the Mississippi Nursing Practice Act which states:

- Grounds for denying, revoking, or suspending license penalties for engaging in prohibited conduct.

1. The Board shall have power to revoke, suspend or refuse to renew any license issued by the Board, or to deny any application for a license, or to fine, place on probation and/or discipline a license, in any manner specified in this chapter upon proof that such person:
   a. has committed fraud or deceit in securing or attempting to secure a license;
   b. has been convicted of a felony, or a crime involving moral turpitude or has had accepted by a court a plea of nolo contendere to a felony or a crime involving moral turpitude (see entire section at www.msbn.ms.gov).

All nursing students must be free of any chemical impairment. All students will have initial drug screening and are subject to additional drug screens according to the Nursing Division Drug and Alcohol Policy. Students with a positive drug screen will be dismissed from the program, with eligibility to reapply in 3 years.

The Mississippi Board of Nursing states the board has the power to deny, revoke or suspend a nursing license upon proof of one of the following: addiction to or dependency on alcohol or other habit forming drugs or is a habitual user of narcotics, barbiturates, amphetamines, hallucinogens, or other drugs having similar effect (Section 73-15-29: Nursing Practice Act).
Nursing students must be able to demonstrate certain essential functions noted in the Student Health Record in order to participate in clinical experiences and care for patients in the clinical area. The Student Health Record, including the essential functions, is available on the Northwest website. Students with disabilities requiring special accommodations should register with the campus Disability Support Services officer. Approval of special accommodations while in the program will not guarantee approval for special accommodations for taking NCLEX-RN.

All students are required to provide proof of negative tuberculosis (TB) status, immunizations or proof of immunity to MMR/varicella/hepatitis, proof of Tdap and influenza vaccine before attending the first clinical rotation. No exceptions are allowed for this requirement. If a student is pregnant or breastfeeding and cannot have immunizations, they must withdraw before the first clinical rotation. They will be accepted into the next class without re-applying to the program if the requirements are met. The withdrawal for this reason is not counted toward the two withdrawals allowed. Specific information regarding health requirements including all immunizations can be found in the Nursing Student Handbook on the website.

A computer with internet access is required for electronic books, resources and communication via CANVAS. Students may use computers at the Learning Resource Center (library), however it is recommended that the student have a computer and internet access at home.

SPECIAL ADMISSIONS REQUIREMENTS

Due to the purpose and objectives of the Associate Degree Nursing Program, the requirements for admission to the program differ from the general admission requirements. Meeting the minimum standards for admission to the college does not guarantee admission to the Nursing Program. The number of students admitted each semester is dependent upon educational resources available to the school. Two classes are admitted each year. The fall class is notified in March, and the spring class is notified in October each year. Application forms for admission to the Associate Degree Nursing Program are available online on the College's website at www.northwestms.edu. Applications are ONLY accepted between January 1-February 15 for the fall semester and between August 1-September 15 for the spring semester. Applications must be resubmitted each semester for reconsideration.

Admission Requirements: College admission forms should be sent to the Office of Admissions and Records, and the application to the nursing program should be submitted online to the Nursing Division. ONLY Mississippi residents are admitted to the nursing program.

Students under 18 years of age must have parental consent to apply and be 18 years of age before entering the first nursing course (NUR 1118).

Students are chosen by the admission committee based on the following criteria and a competitive point system: (1) an Enhanced ACT composite score of 19 or greater (students who hold a bachelor’s degree and Licensed Practical Nurses are considered for admission with a composite ACT score of 18); (2) completion of College Algebra (MAT 1313) with a grade of “C” or better; (3) completion of BIO 2513 and BIO 2511 and BIO 2523 and 2521 with a grade of “C” or better within the last 7 years; (4) GPA 2.5 and (5) additional admission test may be required. Refer to the admissions procedure and point calculation information on the Nursing Division page of the Northwest website (www.northwestms.edu) for detailed information.

Each applicant must ensure that his or her file in the nursing office is complete by the February 15 deadline for fall applicants and the September 15 deadline for spring applicants. This includes but may not be limited to: application, high school transcripts, HSE scores, ACT scores and all other college transcripts. It is the student’s responsibility to notify the nursing office if any information changes.
Notification of acceptance must come from the Director, Division of Nursing. Admission to the college does not guarantee admission to nursing. Places will not be held for admitted students more than two semesters. There is no waiting list! Students who have not met the prerequisites will be accepted conditionally and will be required to withdraw if those courses are not successfully completed.

Transfer Students: All students desiring to transfer from another nursing program must consult with the Director. All transfer applicants must be in good standing and eligible for continuation in the previous college and nursing program attended. Additionally, all admission criteria must be met—including the Anatomy and Physiology I and II and College Algebra requirements—prior to transfer into the program. Transcripts from the previous college must be submitted to the Director of the Division of Nursing for prior approval to be applied toward an Associate Degree in Nursing. The applicant will also be asked to submit proof of content for any courses considered for transfer. This may include but not be limited to: course outlines, course syllabi, reading lists, etc. All eligible transfer students are accepted on a space available basis.

Nursing students who fail one nursing course are readmitted according to space availability. Failure of two required nursing courses, excluding NUR 2222, results in dismissal from the program. Students will be allowed a total of two nursing course withdrawals throughout the program. A third withdrawal from a nursing course will result in dismissal from the program. Student dismissed for two withdrawals or two nursing course failures are eligible to reapply in three years.

Advanced Standing for Licensed Practical Nurses: LPNs have the opportunity to seek advanced standing in the Associate Degree Nursing Program by: (1) successfully completing challenge examinations and performance of required skills which allows entry into the second semester of the traditional study program, or (2) applying for the LPN-RN Transition course completed during an eight-week summer term which allows entry into the final two semesters of the traditional study program. For further information, prospective students may access the information on the College’s website at www.northwestms.edu. Acceptance in the LPN Advanced Placement options requires completion of the pre-requisite courses or acceptable substitute courses as listed in the LPN Challenge or LPN-RN Transition plans of study.

All transcripts and documents submitted in support of an application or clinical requirements documentation become the property of Northwest Mississippi Community College and cannot be returned, copied or forwarded to another individual or school.

All required science courses that have been completed prior to entering the nursing program must have been taken within the past seven years.

The Division of Nursing is accredited by the Accreditation Commission for Education in Nursing (ACEN) located at 3343 Peachtree Road NE, Suite 850, Atlanta, Georgia 30326 (phone number 404-975-5000) (www.acenursing.org) and the Board of Trustees of State Institutions of Higher Learning, State of Mississippi located at 3825 Ridgewood Road, Jackson, MS 39211-6453 (phone number 601-432-6198, www.ihl.state.ms.us).

**BSN Transfer Option:** The Division of Nursing faculty serve as advisers for the various pathways for students planning to pursue a Bachelor of Nursing (BSN) degree. After successful completion of the core courses and required electives, students will be eligible to receive an Associate of Arts degree from Northwest and can transfer to a four-year university to complete the BSN.

*Note: Every four-year university sets its own requirements for graduation. It is the responsibility of the student to determine which university they would like to attend and what the requirements are.*

(see page 270 for course descriptions)
DIVISION OF MATHEMATICS

The Division of Mathematics offers several pathways that provide a solid educational foundation for students planning to transfer to a senior institution in Mathematics or Mathematics-related fields. Advisors utilize the ACT math sub-score for mathematics placement. Deficiencies in mathematics requirements may be made up during the freshman year or in the summer prior to the freshman year. Students are encouraged to get involved in campus activities through division clubs and organizations including Mu Alpha Theta, a mathematics honor society for high school and two-year college students.

PATHWAYS LEADING TO A BACCALAUREATE DEGREE IN MATHEMATICS AND MATHEMATICS-RELATED FIELDS:

Engineering (university undecided/general pathway)
Engineering at JSU, MSU, UM, USM
Aerospace Engineering at MSU
Biological Engineering at MSU
Chemical Engineering at MSU, UM
Civil Engineering at JSU, MSU, UM
Computer Engineering at JSU, MSU, UM
Electrical Engineering at JSU, MSU, UM
Geological Engineering at UM
Industrial Engineering at MSU
Mechanical Engineering at MSU, UM
Mathematics (university undecided/general pathway)
Mathematics (BA) at MSU, MUW, UM
Mathematics (BS) at ASU, DSU, JSU, MSU, MUW, MVSU, UM, USM

See the Northwest website for course requirements for each specific pathway.

DIVISION OF MATHEMATICS ACADEMIC ADVISERS:

Email: mperkins@northwestms.edu
Engineering
MATHEMATICS-SPECIFIC COURSES OFFERED:

Mathematics (MAT)

Preparatory Emphasis Courses:
MAT 0123  Beginning Algebra
MAT 1233  Intermediate Algebra
MAT 1313  College Algebra
MAT 1323  Trigonometry
MAT 1343  Pre-Calculus
MAT 1723  Real Number System
MAT 1733  Geometry, Measurement, and Probability

STEM Emphasis Courses:
MAT 1613  Calculus I
MAT 1623  Calculus II
MAT 2613  Calculus III
MAT 2623  Calculus IV
MAT 2113  Introduction to Linear Algebra
MAT 2913  Differential Equations

Applications Emphasis Courses:
MAT 1513  Business Calculus I
MAT 1523  Business Calculus II
MAT 2323  Statistics
MAT 2513  Elementary Mathematical Analysis

Your academic adviser and the course description section of this Northwest Bulletin will help guide you toward the specific math course to meet your academic needs (see page 266 for course descriptions).
DIVISION OF NATURAL SCIENCES

The Division of Natural Sciences at Northwest Mississippi Community College offers a vast array of pathways for students planning to transfer to a senior institution in the fields of science and/or medicine. Students enrolled at Northwest will acquire hands-on experience in a laboratory setting alongside their lecture classes to adequately prepare them for continuing their education and beginning their future career. Various clubs and organizations are also available to these students.

PATHWAYS LEADING TO A BACCALAUREATE DEGREE IN NATURAL SCIENCE-RELATED FIELDS:

Listed below are the pathways offered in the Division of Natural Sciences. After successful completion of the core courses and required number of electives, students will be eligible to receive an Associate of Arts degree from Northwest Mississippi Community College and can transfer to a four-year university.

* denotes a pathway that requires a degree beyond a baccalaureate degree.

- Animal Science
- Biology (includes Dental, Medical and Optometry)
- Chemistry
- Dental Hygiene (bachelor’s degree)
- Dental Hygiene (associate degree)
- Forestry
- General Agriculture
- Horticulture
- Medical Lab Sciences (3+1)
- Medical Lab Sciences (2+2)
- Occupational Therapy
- Pharmacy
- Physical Therapy
- Physics
- Radiological Sciences
- Veterinary Medical Technology
- Veterinary Medicine

See the Northwest website for course requirements for each specific pathway.

CAREER, TECHNICAL AND WORKFORCE EDUCATION

NORTHWEST
MISSISSIPPI COMMUNITY COLLEGE
The mission of Career, Technical and Workforce Education (CTWE) at Northwest Mississippi Community College is to be the work skills training provider for northwest Mississippi. As such, the College offers Associate of Applied Science degrees, Technical Certificates, Career Certificates, Work-Based Learning, Workforce Development, Adult Basic Education, High School Equivalency assessment and the support programs needed to help students succeed throughout their education and/or training, such as:

- Beverly Brewer Stark Career Center (see page 76)
- Related Studies Laboratory (see page 83)
- Career-Tech Education Support Services (see page 78)

Degrees and Certificates

All students expecting to become candidates for degrees or certificates must adhere to the graduation policy and degree requirements and follow the Technical Core Curriculum (for students planning to obtain the Associate of Applied Science degree) found in the Academic Regulations section (page 123) of this Bulletin.

**Associate of Applied Science Degree**

The Associate of Applied Science Degree is awarded for programs designed to meet the educational needs of students who are seeking preparation for employment in occupational fields not requiring a four-year degree.

To graduate from the college with the Associate of Applied Science Degree a student must:

1. Earn a minimum of sixty (60) semester hours to include the fifteen (15) semester hours listed in the Technical Core Curriculum.
2. Complete the remaining courses designated by the program of study.
3. Earn a minimum grade point of 2.0 on all work completed at Northwest Mississippi Community College.
4. Complete a minimum of fifteen (15) semester hours at Northwest Mississippi Community College in the area of study.
5. Earn not more than fifteen (15) semester hours through any combination of the following: College Level Placement Examination (CLEP) or Advanced Placement Examination. Credit by examination may be given to participants in articulated workforce training programs.

**Career and Technical Certificates**

Certificates for specific programs are awarded to students who successfully complete requirements for these programs of study as outlined in the college Bulletin. Students completing a one-year minimum of 30 hours career program will receive a Career Certificate, and those students completing a minimum of 45 hours technical program will receive a Technical Certificate.
To graduate from the college with a certificate in a particular program of study a student must:

1. Make a passing grade and average a minimum 2.0 grade point on those courses required in the curriculum. Grades in the courses not listed in the curriculum will not be counted in calculating the grade point average.

**Work-Based Learning Program**

Career and technical students at Northwest Mississippi Community College may participate in Work-Based Learning. WBL is designed for students enrolled in a career or technical program and employed in a parallel workplace environment for a minimum of 15 hours per week. In order to receive three semester hours, the student must work a total number of 135 hours throughout the semester. These hours are verified with the employer by the Northwest Work-Based Learning Coordinator.

Course content is based upon the career-technical course curriculum framework, specific workplace needs, and specific objectives addressing competent workplace performance. Student progress is organized and monitored through an Education/Training Agreement. Grade is determined collaboratively by the worksite supervisor, major instructor, and the WBL coordinator. The student's course grade is based on work performance and evaluation. Should a student not fulfill all paperwork requirements, be laid off, terminated, or resign without officially withdrawing from the program, a grade of “F” is granted. Semester hour credit is based on quantity/quality of industry contact hours. Six hours of WBL credit may be applied as technical electives and counted toward the graduation requirements of the career-technical course.

**Division of Workforce Development & Community Services**

**Workforce Development Program**

The Workforce Development Program at Northwest Mississippi Community College provides services to individuals and business/industry. Services available to individuals include assessment, basic skills training, pre-employment training, referral to full-time Career and Technical programs, and short-term adult training. Services available to business and industry include training needs assessment, assistance with the development of long-range training plans, workplace basic skills, industry specific pre-employment training, customized skills training, advanced skills training, total quality management and leadership training.

The Workforce Development Program was planned and created in accordance with Mississippi’s Workforce and Education Act of 1994 and is organized and supported through the Mississippi Community College Board and Northwest Mississippi Community College. The work of the program is driven by a District Workforce Development Council whose members represent the 11-county service area of Northwest Mississippi Community College.

For information concerning the Workforce Development Program services, call (662) 562-3457, (662) 562-3402, or email: workforce@northwestms.edu.
Adult Basic Education/High School Equivalency Assessment

Northwest Mississippi Community College offers a program of adult basic education to provide the opportunity for persons age 17 (with proper documentation) or over within the district to receive basic skills education through the high school level. All adults, regardless of age, are able to attend classes to acquire basic education skills or to work for a certificate of high school equivalence (HSE), the legal equivalent of a high school diploma. The certificate may be used for employment or further education.

The adult basic education program has been planned and developed in accordance with the State Plan for Adult Basic Education and is organized with the cooperation and support of superintendents of education and school principals in the district.

Adults who have no schooling or who left school in any grade from one through twelve and those in need of basic skills training may participate in the program. New students are enrolled throughout the year. Placement tests are given to measure the skills adults need for training and employment and/or to determine readiness to take the high school equivalency exam. Northwest Mississippi Community College offers two forms of high school equivalency testing (GED and Hi-SET) at three authorized testing sites, and additional testing is scheduled at sites throughout the district as needed. The Adult Basic Education Program may be contacted for additional information.

Adults enrolled in the basic education program are not charged tuition fees. Books, instructional materials, and supplies are provided at no cost. Students are also given access to online software to use in addition to classroom instruction. A fee is charged for those who take the GED or Hi-SET tests and is paid when the tests are scheduled online. More information on testing can be found at www.gedtestingservice.com and hiset.ets.org.

For information about the program, e-mail: tchavez@northwestms.edu or call (662) 562-3367.

Workforce Innovation and Opportunity Act

The Workforce Innovation and Opportunity Act (WIOA) replaces the Workforce Investment Act of 1998 (WIA) by amending the law to strengthen the United States workforce development system through innovation in, and alignment and improvement of, employment, training, and education programs in the United States, and to promote individual and national economic growth, and for other purposes. The law provides the framework for a national workforce preparation and employment system designed to meet both the needs of the nation’s businesses and the needs of job seekers and those who want to further their careers. WIOA reforms current federal laws governing programs of job training, adult education and literacy, vocational rehabilitation, and youth, making services more universally accessible and more flexible components of workforce development systems.

Northwest Mississippi Community College serves as the One-Stop Career Center Operator and Provider of Career and Training Services. The One-Stop system offers access to services that encompasses assessments/skills needs, job search, job placement, labor market information, individual employment planning, educational and career counseling, occupational skills training, skill upgrading, internships and work experience, job readiness, adult education, and literacy and High School Equivalency (HSE) programs for adults and out-of-school youth free of charge.
Continuing Education

The Division of Continuing Education is the College’s administrative unit responsible for providing learning opportunities that differ from the traditional model of semester-long course instruction.

The goals of the division are:

• To expand learning opportunities that encourage attainment of knowledge for all ages.
• To improve the variety and delivery of educational opportunities that prepare participants to become productive contributors to self and others.

The division offers a wide range of courses which vary in length, duration, and in cost depending on the topic and level of instruction. Continuing Education also provides non-traditional credit courses to serve identified needs in the district that are not being met through traditionally scheduled classes.

Activities offered include: day trips, workshops, training, book reviews/discussions, Kids Kollege summer camps, and various classes of interest. Please visit the Northwest website at www.northwestms.edu/conted for a complete listing of programs.

Course Offerings

Listed below are the Career-Technical courses of study offered at each of Northwest’s campus locations.

* Career Certificate also available   ** Industry or State Accreditation

Courses of Study
Northwest Mississippi Community College offers more than 30 Career and Technical programs of study. Some programs have special admissions requirements, which are listed with each curriculum to which they apply.
The MS-CPAS2 (Mississippi Career Planning Assessment System) is administered to all Career-Technical students completing a program of study, unless the program requires a specific certification, license or alternative curriculum assessment. Students who lack entry-level skills in math, English, reading, etc. will be provided related studies.
Please see the College’s website for gainful employment information.

TECHNICAL EDUCATION

Agricultural Business and Management Technology/Agribusiness
Adviser: Benton • Offered at Senatobia campus only
Career Certificate • Technical Certificate • Associate of Applied Science
The Agribusiness Management option is a program designed to provide students with training in a variety of agriculturally related areas. The program is designed for students desiring to enter the broad range of jobs related to the management of agricultural enterprises and the marketing and sales of agricultural supplies and products. Students in the program will complete the CPAS exam.
Admission requirements: Admission standards for a full-time or part-time technical student are the same as regular admission requirements. Students must have an acceptable high school diploma or HSE.

Agricultural Business and Management Technology/Animal Science

Adviser: Benton • Offered at Senatobia campus only

Career Certificate • Technical Certificate • Associate of Applied Science

The Animal Science Concentration of Agricultural Business and Management Technology is designed to prepare the student for a career in the animal husbandry industry. Students will receive instruction in feeding, breeding, management, and health care of cattle and horses. In addition, the student will complete course work dealing with feed crops and soils. Students in the program will complete the CPAS exam.

Admission requirements: Admission standards for a full-time or part-time technical student are the same as regular admission requirements. Students must have an acceptable high school diploma or HSE.

Agricultural Technology/John Deere Tech

Advisers: Johnston, Louwerens, Massey • Offered at Senatobia campus only

Associate of Applied Science

Agricultural Technology is an instructional program that prepares individuals to select, operate, maintain, service, and use agricultural power units, machinery, and equipment. Included is instruction in engine design, use, maintenance, and repair techniques. The program covers internal combustion engines service and overhaul, electrical systems, hydraulic systems, power trains, air conditioning, grain harvesting equipment, spray equipment, row crop planting systems, cotton harvesting equipment, hay harvesting equipment compact engines equipment servicing, cutting and welding, and service repair center management and operations.

The Associate of Applied Science degree may be granted to students who complete the curriculum. Students in the program will complete the CPAS exam.

Special Admissions Requirements: Students who wish to enter the Agriculture Technology/John Deere Tech program must:
1. Must have a high school diploma or HSE.
2. Contact an adviser to make an appointment.
3. Minimum ACT composite score of 15 or be eligible to take Intermediate Algebra and English Composition I.
4. Obtain a sponsorship with a qualified John Deere dealership.
5. Provide their own tools (tool list available on Northwest website at www.northwestms.edu).

Total 12 Total 16

Students must progress through AMT coursework in sequence due to the nature of the material covered. A grade of “C” or better is required in all AMT courses for the student to advance to the next semester. Failure to achieve this minimum standard will require the student to repeat the course. Students must maintain a 2.5 GPA to remain in the program.

Baseline competencies are taken from the high school Agriculture Power and Machinery program. Students who can document mastery of these competencies should not receive duplicate instruction. Students who cannot demonstrate mastery will be required to do so.

Automotive Technology

Advisers: Miller (ASE Certified Instructor) • Offered at Senatobia campus only

Career Certificate • Technical Certificate • Associate of Applied Science

The Automotive Technology program, fully accredited by the National Automotive Technicians Education Foundation (NATEF) and Automotive Service Excellence (ASE), provides state-of-the-art training for skilled, entry-level automobile service technicians. Upon graduation, a student will have the knowledge and skills necessary to isolate and correct specific automotive problems.

Graduates of the two-year program without the technical core courses are awarded a Technical Certificate of Automotive Technology, and those who complete the two-year program with the technical core courses are awarded the Associate of Applied Science degree in Automotive Technology. Employment opportunities for graduates of the certificate program may exist as semi-skilled automotive technicians in the automotive industry. Graduates of the technical program may qualify as automotive electronics technicians or assistant diagnostic technicians in the automotive industry. Students will complete ASE National Certifications. General and MOPAR students will be administered the eight (8) standard ASE student tests following completion of the program.

The MOPAR College Automotive Program (CAP), a two-year associate degree program, is designed to teach late-model Chrysler, Dodge, and Jeep vehicle technology. ASE student tests will be administered. CAP students will co-op with a Chrysler, Dodge, or Jeep dealership. All students accepted in the MOPAR CAP program must obtain and maintain a sponsorship with a qualified dealership.

Special Admissions Requirements: Students who wish to enter the MOPAR College Automotive Program (CAP) or General Automotive must:
1. Minimum ACT composite score of 15 or be eligible to take Intermediate Algebra and English Composition I. An exception will be granted with letters of recommendation or acceptable scores in a high school automotive program.
2. Provide their own tools.
3. Enrollment requires a personal interview with automotive technology adviser the first day of class.
4. Please see adviser to get a current tool list.
5. Submit necessary records and credentials prior to the semester of entrance including, but not limited to, illegal substance use screening.

* Courses required for Career Certificate.

** Courses required in addition to career certificate courses for Technical Certificate.

All other courses listed are the framework for the Associate of Applied Science. Please note that students in the CAF program are required to complete an internship in the second and third semester.

**Aviation Maintenance Technology**

Adviser: Cooper, Lindsey • Offered at DeSoto Center-Oliver Branch only

_Associate of Applied Science_

The Aviation Maintenance Technology program offers an FAA-certified curriculum designed to prepare students for a career as aircraft, airframe and powerplant mechanics. Upon completion of the program, students are eligible to receive the Associate of Applied Science degree.

**Special Admissions Requirements:** Admission forms for the Aviation Maintenance Technology Program may be obtained from Northwest/DeSoto Center, 5197 W.E. Ross Parkway, Southaven, MS, 38671. Admission forms must be sent to both the Office of Admissions and Records and to the Program Director, Aviation Maintenance Technology.

Admission requirements include:

1. Completed NWCC application for admission.
2. Completed Aviation Maintenance Program application.
3. Official copy of HSE, high school or college transcript.
4. Interview with Aviation Program lead instructor.
5. Must provide a recent, clean, drug/alcohol screen result at applicant’s expense.

continued on next page
The Aviation Maintenance Program has a maximum enrollment of 15 students per class as designated by the FAA. Notification of acceptance to the program must be from the Aviation Maintenance Technology Program Director. Applications for admission must be received by July 1.

Business and Marketing Management Technology  
Adviser: McCann • Offered at DeSoto Center-Southaven only  
Associate of Applied Science

Business and Marketing Management Technology is a two-year business program designed to prepare students for careers in dynamic marketing professions. Any business, firm, or organization that offers products and/or services can only be competitive if it markets its products/services successfully. Specialized occupational training includes E-commerce marketing, international marketing, marketing entrepreneurship, management, advertising, salesmanship, and retail management. Students in the program will complete the CPA exam.

**Business and Office Technology**

The Business and Office program includes a basic core of courses designed to prepare a student for a variety of entry-level positions in the following areas: Administrative Office Technology, Business Management Technology, and Medical Office Technology.

Business and Office is a two-year program of study which requires courses in the career-technical core, designated areas of concentration, and the academic core. The Associate of Applied Science degree is earned upon the successful completion of the Business and Office curriculum.

**Administrative Office Technology**

Advisers: Gavin, Sugg (DeSoto Center); Littrell, Barber, Buchanan (LYTC); Dickerson, Etherton, McGuffee (Senatobia) • Offered at Senatobia campus, DeSoto Center-Southaven, Lafayette-Yalobusha Technical Center (Oxford) • **Major can be completed fully online**

*Career Certificate • Technical Certificate • Associate of Applied Science*

The Administrative Office Technology program is designed to prepare a student for

*continued on next page*
a career as an administrative assistant. Upon successful completion of the required two-year curriculum, the student will receive an Associate of Applied Science degree. Students in the program will complete Office Proficiency Assessment and Certifications.

Cardiovascular Technology

Advisers: Stanford-Means, R. Stevens • Offered at DeSoto Center-Southaven only

Associate of Applied Science

The Cardiovascular Technology program is designed to train students through didactic, laboratory, and clinical experiences for a career in invasive and non-invasive cardiology. After completion of the program, an invasive cardiovascular technologist (CVT) can work in a number of different areas in a hospital or physician's office. Students will be trained to work in cardiac catheterization laboratories utilizing x-ray and monitoring equipment to perform sophisticated tests to determine the condition of a patient’s coronary arteries and heart. They will also receive basic training to work in a non-invasive cardiology laboratory in which EKG and stress testing are done. Northwest CVT does not offer any training in ultrasound or echocardiography.

Admission to the Cardiovascular Technology Program is very competitive. If a student is removed or has voluntarily withdrawn from the CVT program for any reason, the student will be allowed once, and once only, to reapply to the program within a two-year period beginning from the date of having been removed or voluntary withdrawal from the CVT program. Re-application does not in any way imply readmission.

Special Admissions Requirements: Persons interested in enrolling in the Cardiovascular Technology Program must apply through the program director and will be notified by him regarding acceptance. Applicants must submit the NWCC admissions application to the Office of Admissions and Records and the program application to the program director. Admission to the college does not guarantee admission to the program. Because of limited enrollment, if the number of applicants exceeds the capacity, students will be selected on a competitive basis by an admissions committee.

Admission requirements include:
2. Completed NWCC application for admission.
3. Completed Cardiovascular Technology Program application.
5. Official copies of HSE or high school transcript, and official copies of ALL college transcripts.

Civil Engineering Technology

Adviser: T. Watson • Offered at Senatobia campus only
Career Certificate • Associate of Applied Science

This program prepares a person for entry-level positions in civil engineering, surveying and similar technical fields. The curriculum includes boundary and construction surveying, principles of road construction, construction materials testing, mapping, geographical positioning systems (GPS), geographic information systems (GIS), computer automated drafting (CAD), building information modeling (BIM), project management and construction practices.

The graduate is prepared to work with surveyors, civil engineers or other like pro-

continued on next page
professionals in the performance of general engineering practices which may include design, drawing, detailing and interpreting working drawings; gathering and interpreting field survey data, inspecting construction, determining equipment, materials and labor required to complete a project, and performing various lab tests required in construction.

Up-to-date equipment and software used in the program include drafting (Auto-CAD), survey/engineer (Carlson), GIS (ArcView), and BIM (Steel Solutions). Also used are automatic levels, total stations, and RTK satellite survey equipment with multiple data collector software programs.

Special admissions requirements: Students who wish to enroll in the Civil Engineering Technology program must:
1. Have an ACT subscore of 17 in Math or be eligible to enroll in Intermediate Algebra.
2. Contact a Civil Engineering Technology Adviser.
3. Students must submit necessary records and credentials prior to the semester of entrance including, but not limited to, illegal substance use screening.

A minimum of 64 semester credit hours is required to receive an Associate of Applied Science in civil technology. Students who complete a minimum of 29 semester credit hours in the program may be eligible to receive a certificate in civil technology. Students in the program will complete the CPAS exam.

Early Childhood Education Technology

Advisers: Barham, Ross • Offered at Senatobia campus only

Career Certificate • Technical Certificate • Associate of Applied Science

The Early Childhood Education Technology program provides preparation for a professional career in early childhood education spanning a variety of career options. This discipline includes classroom instruction, supervised laboratory experiences, and work-based learning experiences. Students will develop competencies that enable them to provide services, teach, and guide young children in various early childhood professions.

The Early Childhood Education Technology curriculum is a two-year discipline that requires a minimum of 60 semester hours of course work. Successful completion of the Early Childhood Education Technology curriculum results in the student receiving a Career Certificate, Technical Certificate and/or an Associate of Applied Science degree. This curriculum meets the National Association for the Education of Young Children Standards for Early Childhood Professional Preparation and the Mississippi Department of Education Standards and Guidelines for Pre–Kindergarten (3- and 4-year-olds). *The content for the Child Development Associate (CDA) Credential is embedded in the Early Childhood Education Technology course work.

Jobs are available for students who complete this discipline in public, private, corporate or parochial early childhood education programs, including those in public and private child care centers that serve children of all socioeconomic levels and abilities.

The Early Childhood Education Technology program offers a Child Development Assistant Infant and Toddler Certificate of Proficiency, a Child Development Assistant Pre-school Certificate of Proficiency, a Career certificate, a Technical certificate and/or an Associate of Applied Science. Students in the program will complete the CPAS exam.

Students must comply with the criminal background check procedure mandated by the law of the State of Mississippi and must submit a Completed Immunization Record Form 121 obtainable from the State of Mississippi Public Health Department. The campus child care center is licensed by the Mississippi Department of Health as a Child Care Facility and for food service.

CAREER CERTIFICATE EXIT POINT

* Courses required for Career Certificate.
** Courses required in addition to Career Certificate courses for Technical Certificate.
*** Co-requisite with CDT 1344

Emergency Medical Technology—Paramedic

Advisers: Kuchta, Lance • Offered at Senatobia campus only

Associate of Applied Science

Paramedics have fulfilled prescribed requirements by a credentialing agency to practice the art and science of out-of-hospital medicine in conjunction with medical direction. Through performance of assessments and providing medical care, their goal is to prevent and reduce mortality and morbidity due to illness and injury. Paramedics primarily provide care to emergency patients in an out-of-hospital setting. Paramedics possess the knowledge, skills, and attitudes consistent with the expectations of the public and the profession. Paramedics recognize that they are an essential component of the continuum of care and serve as linkages among health resources.

Special admissions requirements: Special admission requirements include limited enrollment, specific program application, and other stipulations. Application for admission to Northwest Mississippi Community College with required high school and college transcript(s) and ACT scores must be sent to the Senatobia campus. Any interested person should contact: David Kuchta, Program Director, at dkuchta@northwestms.edu or Jennifer Lance at jlance@northwestms.edu. Students who wish to enter the Emergency Medical Technology-Paramedic Program must:

1. Have a valid EMT-Basic National Registry certification.
2. Grade point average of “C” or better in Anatomy and Physiology I with lab (BIO 2513 BIO 2511).
3. Be 18 years of age or older with a high school diploma or HSE.
4. Have an ACT composite score of 18 or better or TABE A score of 12 or better.

Classroom instruction is comprehensive including a working knowledge of all anatomy, physiology, and pathophysiological processes as well as competency-based instruction in assessment and management skills required for treatment of life-threatening problems in the adult, pediatric, and geriatric patient. Clinical internship requires participation in care of patients in a hospital emergency department that provides medical control to ALS providers in the field and, according to availability, CCU, ICU, labor and delivery suite, operating room, psychiatric ward, pediatric ward, and geriatric ward. Field internship is done with an ambulance service and/or rescue service providing advanced life support services to the community. Students need to maintain a “C” average in all classes in order to continue the Paramedic program the following semester.

A student successfully completing the program will receive an associate degree from the college and be eligible to take National Registry’s Exam as an EMT-Paramedic.
This training program is sanctioned by the Mississippi State Board of Health, Division of EMS, the State Department of Education, and the Committee on Accreditation of Educational Programs for the EMS Professions. The program meets or exceeds those standards established by the National Highway Traffic Safety Administration/U.S. Department of Transportation.

The curriculum of the Paramedic Program is for four semesters in length, and classes are admitted each fall semester requiring a minimum of 1,500 hours of classroom instruction, clinical, and field internship.

**Emergency Medical Technology—Basic**

Advisers: Kuchta, Lance • Offered at Senatobia campus & DeSoto Center—Southaven

*Career Certificate*

Emergency Medical Technology—Basic is an instructional program that prepares individuals to function in the pre-hospital environment. The EMT-Basic program provides instruction in basic life support care of sick and injured persons. This includes: airway assessment, communications, documentation, general pharmacology, hemorrhage control, ambulance operations, and splinting of adult, pediatric and infant patients; and special care of patients exposed to heat, cold, radiation or contagious disease. Students who complete the program will be eligible to take the National Registry’s Exam, EMT-BASIC.

Special admissions requirements and financial aid notes: Application for admission to Northwest Mississippi Community College with required high school and college transcript(s) and ACT scores must be sent to the Senatobia campus. Any interested person should contact: David Kuchta, Program Director, at dkuchta@northwestms.edu or Jennifer Lance at jlance@northwestms.edu. Students who wish to enter the Emergency Medical Technology-Basic must:

1. Be 18 years of age or older with a high school diploma or HSE.
2. Have an ACT composite score of 18 or better or TABE score of 12 or better.

Funeral Service Technology

Program Director: Hopper • Adviser: Lipsey • Offered at DeSoto Center-Southaven only

Associate of Applied Science

The Funeral Service Technology degree program offers a curriculum leading to an Associate of Applied Science degree in Funeral Service Technology. The Associate of Applied Science degree program in Funeral Service Technology at Northwest Mississippi Community College is accredited by the American Board of Funeral Service Education (ABFSE), 992 Mantua Pike, Suite 108, Woodbury Heights, NJ 08097: phone (816) 233-3747: fax (856) 579-7354: website www.abfse.org.

* Completed program in 1 1/2 times the designated program length
** Left before completing the program, did not finish

National Board Examination pass rates, graduation rates, and employment rates for this and other ABFSE-accredited programs are available at www.abfse.org. To request a printed copy of this program’s scores and rates, go to Room 221 at Northwest’s DeSoto Center in Southaven, or contact Angela Hopper at (662) 280-6136 or email ahopper@northwestms.edu.

Special admissions requirements: As applications and supporting documents are submitted, an applicant review will be conducted by an admissions committee. Applicants meeting all of the minimum requirements may be selected into the new class. Each class has a limited enrollment, and selection is made on a competitive basis. Admission to the college does not guarantee admission into the Funeral Service Technology program.

Specific minimum admission requirements include:

1. Two applications:
   A. Application for admission to Northwest Mississippi Community College with required high school and college transcript(s) and ACT scores (to be sent to the Senatobia campus).
B. Application to the Funeral Service Technology program, ACT scores, and college transcripts (to be sent to Angela Hopper, program director, Funeral Service Technology Department, Northwest Mississippi Community College/DeSoto Center, 5197 W.E. Ross Parkway, Southaven, MS, 38671).

2. The American College Test (ACT) is required for admittance:
   A. Composite score of 18.
   B. Applicants with less than a composite score of 18 should retake the ACT. (Contact the College for exam dates.)
   C. ACT requirements are waived for applicants who hold a bachelor's degree or higher. (ACT scores are still required.)

3. To transfer from another Funeral Service Technology program, applicants must meet the specific admission requirements as well as:
   A. Be in good standing and be eligible to return to their previous school.
   B. Provide a statement explaining reasons for transferring to Northwest Mississippi Community College.
   C. A grade of “C” or better is required for transfer subjects and must be comparable to those offered at NWCC. (Catalog descriptions are required on transfer subjects.)
   D. All courses included in the Comprehensive Review class and those that are tested by the Conference of Funeral Service Examining Board (NBE) will not be accepted unless they have been taken within one (1) year of the transfer request. (FST, Accounting, and Chemistry)
   E. See Transfer Credit requirements on page 34 of this Bulletin for graduation requirements.

4. Deadline:
   A. Applications and supporting documents for the Fall Semester (August) must be received by July 1 and for the Spring Semester (January) must be received by December 1.
   
B. Applicants will be accepted and notified when all of the minimum requirements have been met and approved.

Readmission requirements:
1. All students applying for readmission will be reviewed by a Funeral Service admissions committee.
2. Students that are enrolled in the Funeral Service Technology program, but miss one full semester(s) must reapply for admission.
3. Students who have been out of the Funeral Service Technology program for a period of one (1) year or more must repeat all FST courses along with accounting and chemistry.

Upon completion of the program, the student is qualified to write the National Board Examination (NBE) for license requirements. The NBE is not required by the ABFSE for graduation, but is required by most states in order to practice Funeral Directing and/or embalming in that state (the NBE is required for program completion under Northwest guidelines).

The annual passage rate of first-time takers on the National Board Examination (NBE) for the most recent three-year period for this institution and all ABFSE accredited funeral service education programs is posted on the ABFSE website (www.abfse.org).

Designed to prepare students for immediate employment as funeral directors and embalmers, the program offers funeral service education for this unique and highly personalized profession.

continued on next page
The aims and objectives of the Funeral Service Technology program are:

**Funeral Service Aims**
As a program in funeral service education, our central aim is to recognize the importance of funeral service education personnel as:

1. Members of a human services profession;
2. Members of the community in which they serve;
3. Participants in the relationship between bereaved families and those engaged in the funeral service profession;
4. Professionals knowledgeable of and compliant with federal, state, provincial/territorial, and local regulatory guidelines in the geographic area where they practice as well as;
5. Professionals sensitive to the responsibility for public health, safety, and welfare in caring for human remains.

**Funeral Service Objectives**

1. To enlarge the background and knowledge of students about the funeral service profession;
2. To educate students in every phase of funeral service and to help enable them to develop proficiency and skills necessary for the profession, as defined in the Preamble of chapter nine of the ABFSE Accreditation Manual;
3. To educate students concerning the responsibilities of the funeral service profession to the community at large;
4. To emphasize high standards of ethical conduct;
5. To provide a curriculum at the post-secondary level of instruction; and
6. To encourage student and faculty research in the field of funeral service.

Recognizing the importance of the care of the bereaved, the department has designed a curriculum not only to educate the student in the care of the deceased, but also in the care of the living. To meet this need, classes are offered in funeral directing, funeral home management, sociology, grief, and death related psychology.

**Grading System for Funeral Service Technology Only**

<table>
<thead>
<tr>
<th>Score Range</th>
<th>Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>94 to 100</td>

**Graphic Design Technology**

Adviser: Merritt • Offered at Senatobia campus only

*Career Certificate • Technical Certificate • Associate of Applied Science*

The Graphic Design Technology Department educates the student in the art of visual communication, emphasizing the professional practice of design. Students combine digital technology with aesthetics in the production of typography, signage, publications, identity systems, packaging, design, and other forms of communication including Web design. The Graphic Designer combines concepts and facts from the humanities, social sciences and technology while utilizing critical design methodologies in visual problem solving. Upon successful completion of this program, an Associate of Applied Science is awarded. Students in the program will complete the CPAS exam. No major may advance to a higher course in his or her area of studio emphasis (Graphic Design) without earning a grade of “C” or higher in the lower division courses. Periodic portfolio reviews determine placement and progression in the program.

Special admissions requirements: Students who wish to enter the Graphic Design Technology program must have an ACT subscore of 17 in English and Reading, or be eligible to take English Composition I and successfully completed Reading courses if required.

**Heating, Air Conditioning and Refrigeration Technology**

Advisers: Blount, Buchanan • Offered at Senatobia campus only

*Career Certificate • Technical Certificate • Associate of Applied Science*

Heating, Air Conditioning and Refrigeration Technology is a postsecondary instructional program that prepares individuals to work in engineering departments or private firms installing, maintaining, and operating small or medium air conditioning, heating, and refrigeration systems. Instruction prepares individuals to work in a commercial or residential setting performing special tasks relating to designing ductwork, assembling, installing, servicing, operating and maintaining heating and cooling systems according to the standards of the American Society of Heating, Refrigeration, and Air Conditioning Engineers Inc., Air Conditioning Contractors of America, and AHRI (Air Conditioning, Heating, and Refrigeration Institute). Included are air conditioning, heating, and refrigeration devices; equipment, techniques, and systems; and maintenance and operation of these systems. An Associate of Applied Science degree (60 hours) is awarded upon completion of the program. A two-year Technical Certificate Program, which requires 45 semester credit hours, is also available. All students acquiring a degree must obtain universal EPA certification prior to graduation. All students acquiring a certificate must obtain Type I and II EPA certification. Students in the program will also complete NCCER certifications. Both programs are designed to produce an entry-level technician. Admission is on a competitive basis and students are only admitted in the fall semester.

**Special admissions requirements:** Students who wish to enter the Heating, Air Conditioning and Refrigeration Technology program should contact an adviser. Students should understand that entrance is by way of an Admissions Committee. The committee has the responsibility of screening qualified program applicants who have submitted necessary records and credentials prior to the semester of entrance including, but not limited to, illegal substance use screening. Students must have a minimum composite ACT score of a 15, or be eligible to take English Composition I and Intermediate Algebra. Students must provide their own tools. Please see adviser to get a current tool list.

Hotel and Restaurant Management Technology

Adviser: Thompson • Offered at DeSoto Center-Southaven only

Career Certificate • Technical Certificate • Associate of Applied Science

The curriculum of the Hotel and Restaurant Management program offers preparation for careers as managers in the hospitality industry. A combination of classwork and practical experience is stressed. Completion of the two-year program leads to an Associate of Applied Science degree. Students in the program will complete the CPAS exam.

** Courses required in addition to Career Certificate courses for Technical Certificate
Industrial Electronics Engineering Technology

Advisers: Bross, Clark, Ruby • Offered at Senatobia campus only

Career Certificate • Technical Certificate • Associate of Applied Science

The Industrial Electronics Engineering Technology program is designed to prepare graduates for a career in the installation, maintenance, testing, and repair of industrial electrical and electronic equipment and systems.

This program introduces the fundamentals of electricity, electronics, digital techniques, electrical power distribution, motor controls, fluid systems controls, programmable logic controllers, and instrumentation.

Graduates will possess the skills necessary to enter the workforce as technicians in the field of industrial electronics and electrical servicing, PLC and process control, industrial automation, power distribution, and as general electronic technicians.

Upon satisfactory completion of this curriculum, an Associate of Applied Science degree is awarded. Students who complete a minimum of 30 semester hours of selected course work may earn a Certificate in Industrial Electronics. Students in the program will complete SMC Advanced Manufacturing Certification.

Special admissions requirements: Students who wish to enroll in the Industrial Electronics Engineering Technology program must:

1. Have an ACT subscore of 17 in Math or be eligible to enroll in Intermediate Algebra.
2. Contact an Industrial Electronics Adviser.

Students must provide their own tools. Students must submit necessary records and credentials prior to the semester of entrance including, but not limited to, illegal substance use screening.

Students must receive a grade of “C” or higher in all EET/MST course work prior to progressing to the next semester.

* Courses required in addition to Career Certificate courses for Technical Certificate
Information Systems Technology  
Advisers: Allen, Cleveland • Offered at Senatobia campus only

Career Certificate • Technical Certificate • Associate of Applied Science

The Information Systems Technology program includes a basic core of courses designed to prepare the student for a variety of entry-level positions through selection of a concentration of courses in either Computer Networking or Computer Programming. The curriculum is designed to give each student a broad overview of information systems, exposure to career options available within the field and a concentration of skills in a specific area. Upon successful completion of the program, graduates earn the Associate of Applied Science degree. Students in the program will complete Microsoft Technology Associate certifications.

The Computer Networking Technology option offers training in network technologies, administration, maintenance, operating systems, network planning, and network implementation. Computer Networking graduates will have opportunities for employment as computer support specialists, network technicians, and network managers or administrators.

The Computer Programming Technology option offers training in the design of coding and testing of applications using a variety of programming languages, database manipulation, web design, and basic operating system functions. Opportunities for graduates with expertise in computer programming include employment in the fields of health care, manufacturing, and telecommunications.

### Manufacturing Technology

Advisers: Covington, Ruby • Offered at Senatobia campus only

**Career Certificate • Technical Certificate • Associate of Applied Science**

The Manufacturing Technology Program prepares individuals to work within a manufacturing environment in production, CNC operations and management. The student will learn skills such as how to use and maintain equipment, read blueprints, troubleshoot and decision making skills, as well as skills in computers, quality and inventory control.

**Special admissions requirements:** Students interested in the Manufacturing Technology program should contact the adviser. Students must also have a high school diploma or HSE or be in enrolled in the MI-BEST Program (Senatobia campus only). Students must submit necessary records and credentials prior to the semester of entrance including, but not limited to, illegal substance use screening.

Upon successful completion of this program, graduates earn the Associate of Applied Science degree. Students in the program will complete OSHA and Office Proficiency Assessment and Certifications.

Precision Manufacturing & Machining Technology
Advisers: Covington, Gilliam • Offered at Senatobia campus only

Career Certificate • Technical Certificate • Associate of Applied Science

Precision Manufacturing and Machining Technology is an instructional program that prepares individuals to manufacture metal parts on machines such as lathes, grinders, drill presses, milling machines, and Computer Numerical Control equipment. Included is instruction in making computations related to work dimensions, testing, feeds, and speeds of machines; using precision measuring instruments such as layout tools, micrometers, and gauges; machining and heat-treating various metals; and laying out machine parts. Also included is instruction in the operation and maintenance of computerized equipment.

Precision Manufacturing and Machining Technology is an articulated program designed to provide advanced and technical skills to its students. Entry into the postsecondary program is based upon mastery of Baseline Competencies which are taught in the secondary programs. Students who do not possess such skills must complete additional coursework in order to graduate from the program.

Special admissions requirements: Students who wish to enter the Precision Manufacturing and Machining Technology program should contact an adviser. Students should understand that entrance is by way of an Admissions Committee. The committee has the responsibility of screening qualified program applicants who have
submitted necessary records and credentials prior to the semester of entrance. Students must provide their own tools. Please see adviser for current tool list. Students must submit necessary records and credentials prior to the semester of entrance including, but not limited to, illegal substance use screening.

A student successfully completing the technical program will receive an Associate of Applied Science degree. Students in the program will complete NIMS credentialing.

Respiratory Therapy
(Advanced Practitioner/Registry Eligible Respiratory Therapist)

Advisers: Lenox, McMinn • Offered at DeSoto Center-Southaven only

Associate of Applied Science

Respiratory Therapy is the allied medical discipline that works under the direction of a physician to assist in the diagnosis, treatment and management of patients with cardiovascular and pulmonary disorders. Those patients range from premature infants to post-operative patients to the aged. During clinical practice the student will rotate through area hospitals where preceptors and clinical instructors will work closely with them allowing direct patient care.

The Respiratory Therapy program is fully accredited by the Committee on Accreditation for Respiratory Care. The Associate of Applied Science degree curriculum will prepare the graduate to assume the duties of an advanced level Respiratory Therapist. Upon successful completion of the program the graduate will be registry eligible, enabling him/her to take the national credentialing exams.

Special admissions requirements: Admission to the program is on a competitive basis. Meeting minimum admission requirements does not guarantee admission into the program. It is suggested that the student speak with a Respiratory Therapy Program instructor for advising when registering for the prerequisite courses.

1. Complete the prerequisite courses, Anatomy and Physiology I and II, before entering the program. (These may be taken during the summer before

continued on next page
the August entrance date. The student will, however, still need to apply before May 1.)

2. Observe a respiratory therapy department and the day-to-day activities of a therapist and complete the observation log.

3. Before May 1, send the following information to:
   Northwest Mississippi Community College/DeSoto Center
   Director, Respiratory Therapy Program
   5197 W.E. Ross Parkway
   Southaven, MS 38671
   a) Respiratory Therapy Program Application
   b) ACT composite score of 18*
   c) High school transcript
   d) College transcript(s) if applicable
   e) Respiratory department observation log

4. Send the following information to the Senatobia campus:
   Northwest Mississippi Community College
   Office of Admissions and Records
   4975 Highway 51 North
   Senatobia, MS 38668
   a) Northwest Mississippi Community College Application
   b) ACT score
   c) High school transcript
   d) College transcript(s) if applicable

5. Applicants with a bachelor’s degree or greater may waive the ACT score if they have a GPA of 3.25 or better on the academic courses required in the curriculum and have taken their science courses within the last five years.

   Admission to the program is on a competitive basis. Meeting minimum admission requirements does not guarantee admission into the program. Science courses older than five years will have to be repeated. Preference is given to Mississippi residents as well as those who have taken their prerequisites at Northwest Mississippi Community College.

   * ACT scores: The ACT score is required for entry into the Respiratory Therapy program for students of every age and background regardless of previous college experience. (Please see #5 above for the only exception). Applicants who have never taken the ACT should contact the counseling office for an application. Those who have taken the exam and are not sure of their score should first contact their high school and ask if it is posted on their transcript. If it is not, the applicant can contact the ACT office to request a copy of scores at: ACT Records, P.O. Box 451, Iowa City, IA, 52243; Telephone: (319) 337-1313.

   If the class is not full, remaining positions will be filled by selecting applicants who may not meet ALL of the minimum requirements but do present documentation of achievement specified below under “alternate qualifications.”

   ALTERNATE qualifications include, but are not limited to:
   a. courses and grades earned in traditional colleges and universities;
   b. courses and grades earned in post-secondary vocational or professional training programs (especially health related);
   c. documented work experience in a health-care facility in direct patient care.

   Admission forms for Respiratory Therapy Program may be obtained by writing to the following address:
   Director, Respiratory Therapy Program
   Northwest Mississippi Community College/DeSoto Center
   5197 W. E. Ross Parkway
   Southaven, MS 38671

Surgical Technology
Adviser: Shirley • Offered at Lafayette-Yalobusha Technical Center (Oxford) only

Career Certificate • Associate of Applied Science

Surgical Technology is an instructional program that prepares an individual to serve as a member of the surgical team to work with surgeons, anesthesiologists, certified registered nurse anesthetists, registered nurses, and other surgical personnel in delivering patient care and assuming appropriate responsibilities before, during, and after surgery. This program includes the education of all aspects of surgical technology including the role of second assistant and circulator. Upon completion of the program, students are eligible to test for the National Center for Competency Testing.

Special admissions requirements:
1. The applicant must be at least 18 years of age
2. The applicant must be a high school graduate (diploma) or HSE. A transcript of all previous schooling must be on file. ACT scores are required for applicants under 21 years of age.
3. The applicant shall make satisfactory scores on the Otis-Lennon and Adult Basic Education tests. These tests are given at Lafayette-Yalobusha Technical Center. Test dates will be mailed to each applicant.

continued on next page
4. After testing, the applicant shall appear before an Admissions Committee for review of qualifications.
5. If accepted into the Surgical Technology program, the applicant must have on file a health examination certificate; a record of immunizations, and a Criminal History Background Affidavit.
6. Application for admission to Northwest Mississippi Community College with required high school and college transcript(s) and ACT scores must be sent to the Senatobia campus.

214 • Career-Technical Education
CAREER EDUCATION

The curricula in this section are based on clock hours rather than semester hours. Admission to these programs may vary from regular academic or technical admission. Refer to the section on Admissions for detailed information. Career Certificates are awarded to graduates of these programs. All Career students with deficiencies are required to attend reading, language and mathematics resource laboratory until deficiencies in these areas are corrected. Students who lack entry level skills in math, English, science, etc. will be provided related studies. All career programs have limited availability and competitive admissions depending on student interest. Each of these programs only admit in the fall semester.

Collision Repair Technology
Adviser: Franklin • Offered at Senatobia campus only

Career Certificate

Collision Repair Technology is an instructional program designed to prepare students for entry level into the collision repair and refinishing trade. Upon completion of this program, the student should be prepared for beginning positions as body, frame, and refinish technicians. Students will be provided theory and practical repair and refinish work beginning with basic applications. The instruction includes all phases necessary to teach collision repair including glass replacement, welding, replacement of hardware and trim items, cosmetic, and structural repairs. Tools are required for admittance into the program. Tool list may be obtained from the adviser.

Special admissions requirements: Students who wish to enter the Collision Repair program should contact the adviser. Students should understand that entrance is by way of an Admissions Committee. The committee has the responsibility of screening qualified program applicants who have submitted any of necessary records and credentials prior to the semester of entrance including but not limited to, illegal substance use screening. In addition, students must provide their own tools.

The Northwest Collision Repair Technology program has a zero tolerance policy concerning illegal substance use/abuse and/or misuse of legal substances. All potential and current collision repair students must submit to substance testing in accordance with the substance testing policies and procedures.

A One-Year Certificate of Collision Repair may be awarded to a student who successfully completes the first year or 30 semester credit hours of required courses. Students will complete ASE National Certifications. The required courses for the certificate course include:

Commercial Truck Driving

Adviser: Wilbanks • Offered at DeSoto Center-Olive Branch only

Career Certificate

The Commercial Truck Driving program prepares students for occupations in the trucking industry. It is an 8-week course which meets five days per week. In presenting the material, the instructor uses both the lecture and demonstration method of teaching with active participation and practice by the students.

The required courses for the Commercial Truck Driving Career Certificate are:

- DTV 1114, Commercial Truck Driving I..................... 4
- DTV 1124, Commercial Truck Driving II..................... 4
- Total 8

Upon successful completion of the 240 hours, the student is awarded a certificate and 8 semester hours credit. Employment opportunities are excellent, and every effort will be made to help a graduate in locating a job.

Entrance requirements are as follows:

1. Must have high school diploma or HSE.
2. Must be 21 years of age.
3. Must be able to produce a valid driver’s license. (Commercial license not required for admission; should be capable of meeting requirements).
4. Must be capable of driving a manual transmission.
5. Must present a copy of official driving record. (MVR)
6. Must pass DOT physical, drug screen, and blood alcohol tests. Results must be submitted before enrollment.
7. Must have CDL learner’s permit.
8. Application for admission to Northwest Mississippi Community College with required high school and college transcript(s) and ACT scores must be sent to the DeSoto Center campus.

NOTE: This program is not eligible for financial aid; however, VA Education Benefits will cover the cost of this program for eligible veterans/service members.

The Commercial Truck Driving curriculum consists of four general categories:

1. CLASSROOM - Department of Transportation regulations, demonstrations, freight handling, defensive driving, accidents, insurance, customer relations, maintenance of equipment, etc.
2. FIELD WORK - Basic driving skills, handling of equipment, yard tests, various transmissions, etc.
3. ROAD DRIVING - Actual day and night highway driving.
4. CITY DRIVING - Actual driving in city traffic.
Cosmetology
Advisers: Wilburn (Ashland); Riley (LYTC); Denson, Newsom (Senatobia) • Offered at Senatobia campus, Benton County/NWCC Vo-Tech Center (Ashland), Lafayette-Yalobusha Technical Center (Oxford)

Career Certificate

The instructional program prepares individuals to care for hair, nails, and skin with emphasis on hygiene, sanitation, customer relations, and salon management. Satisfactory completion of the courses qualifies students for the Mississippi State Board of Cosmetology certification examination. Admission to the program is on a competitive basis. This program requires 1500 clock hours for completion. Students are only accepted during the fall semester on the Senatobia campus. Students are accepted both fall and spring semesters at the Oxford and Ashland campuses.

Special admissions requirements:
1. Applicant must be at least 18 years of age.
2. Application for Cosmetology Program.
3. Application for admission to Northwest Mississippi Community College with required high school and college transcript(s) and ACT scores must be on file.
4. Must be a high school graduate (diploma) or HSE.
5. Applicants must complete and obtain the required scoring on the Test of Adult Basic Education (TABE)

Admission to the college does not guarantee admission into the Cosmetology program. Any interested person should contact the Cosmetology department at the campus of choice.

Application for admission to Northwest Mississippi Community College with required high school and college transcript(s) and ACT scores must be sent to the Senatobia campus.

NAIL TECHNICIAN OPTION

Only offered at Senatobia campus as a non-credit Workforce Development Program. This 350-hour instructional program prepares individuals to care for nails with emphasis on hygiene, sanitation, customer relations, and salon management. Satisfactory completion of the course qualifies students for the Mississippi State Board of Cosmetology, Manicure/Nail Technician certification examination.

Special admissions requirements:
1. Applicant must be at least 18 years of age.
2. Application for Cosmetology Program.
4. Must be a high school graduate (diploma) or have HSE.
5. Applicants must complete and obtain the required scoring on the Test of Adult Basic Education (TABE)

INSTRUCTOR TRAINEE OPTION

Offered at Senatobia campus only

This instructional program prepares individuals to teach Cosmetology. Satisfactory completion of the course qualifies students for the Mississippi State Board of Cosmetology Instructor Examination.

Special admissions requirements: Students who wish to enter the Cosmetology Instructor Trainee Program must:
1. Hold a current Mississippi license to practice in the field of cosmetology.
2. Be at least 20 years of age.
3. Have a high school diploma or HSE.
4. Be a graduate of a licensed cosmetology school in Mississippi or any other state.
5. Have documentation of two years active practical experience as a licensed cosmetologist.
6. Resume and interview required.

Must have completed one Mississippi Cosmetology Board “methods of teaching” seminar and have completed 12 semester hours in college courses approved by the Mississippi Cosmetology Board.

Health Care Assistant

Adviser: Selby (Senatobia), Elkins (LYTC) • Offered at Senatobia campus & Lafayette-Yalobusha Technical Center (Oxford)

Career Certificate

The Health Care Assistant Program prepares the individual to assist in providing health care as a member of the health care team under the direction of a health care professional. Students who complete the program will be eligible to sit for the State Licensure Exam.

Graduates of the one semester program will be awarded the Certificate of Health Care Assistant. Students who complete the program may qualify for employment as Homemakers, Nurse Assistants, Long-Term Care Aides, or Home Health Aides in the Mississippi health care industry. Admission to the program is on a competitive basis.

Special admissions requirements: Admission requirements for the Health Care Assistant Program are as follows:

1. Be 18 years of age or older with a high school diploma or HSE or enrollment in the MI-BEST program (Senatobia campus only).
2. Complete a separate application for the Health Care Assistant program at the campus location interest.
3. Be physically and emotionally able to meet the requirements of the program as determined by a qualified physician.
4. Successfully pass a background check and drug screening.
5. Applicant must have a HCA clinical packet complete and on file with the HCA program of choice.
6. Application for admission to Northwest Mississippi Community College with required high school and college transcript(s) and ACT scores must be sent to the Senatobia campus.

Persons interested in the Health Care Assistant program at Oxford should contact:
Cheryl Elkins, HCA Instructor
Northwest Mississippi Community College
Lafayette-Yalobusha Technical Center
1310 Belk Drive
Oxford, MS 38655

Persons interested in the Health Care Assistant program at Senatobia should contact:
Teri Selby
Northwest Mississippi Community College
4975 Highway 51 North
Drawer 7030
Senatobia, MS 38668

The Senatobia campus will accept applications for the fall semester from February 1 through April 1 of each year. Applications for the spring semester will be accepted from September 1 through November 1 of each year.

Practical Nursing

Advisers: Burcham (Ashland); Geeter, Legge, Pittman (DeSoto Center); McGehee, Murphree, Shawn, Wilson (LYTC); Johnson, McBride, Thompson, Watson (Senatobia) • Offered at Senatobia campus, DeSoto Center-Southaven, Benton County/NWCC Vo-Tech Center (Ashland), Lafayette-Yalobusha Technical Center (Oxford)

Career Certificate

The Practical Nursing Program prepares an individual for general nursing care. This care requires basic knowledge of the biological, physical, behavioral, psychological, and sociological sciences. This nursing care is provided under the direction of a registered nurse, licensed physician, or dentist.

Graduates of the program receive a career certificate and meet the requirements for application to the Mississippi Board of Nursing to take the National Council Licensure Examination-PN (NCLEX-PN) for licensure.

A student may apply to the Practical Nursing Program at any of the college’s four campuses. Admissions to the Practical Nursing Program at each campus are limited. In addition, applicants must complete a special application process for the Practical Nursing Program and meet all program requirements.

Special admissions requirements: Students must meet the following admission requirements to be considered for admission to the Practical Nursing Program:

1. Applicant must be at least 18 years of age.
2. Applicant must have a high school diploma or HSE.
3. Applicants must have an enhanced ACT composite score of 16 or greater.
4. Applicants must have a Northwest Mississippi Community College application on file with the Office of Admissions and Records.
5. Applicant must submit a Practical Nursing Program application to the campus where the student wishes to attend. *Once this application is submitted, the student can schedule a time to sit for the Test of Essential Academic Skills (TEAS) by calling the Career-Technical Division for the appropriate campus.

Application Periods:

- The application period for each campus is open from January until April 30 each year for the class that will begin in the fall semester.
- The Lafayette-Yalobusha Technical Center also takes applications from June to mid-October for the class that will begin in the spring semester.
- The DeSoto Center also accepts applications for the evening and weekend program from January until April 30 of each even numbered year.

Application for the Practical Nursing Program may be made to the following addresses:

For the Lafayette-Yalobusha Technical Center campus:
Practical Nursing Program
1310 Belk Drive
Oxford, MS 38655

For the Senatobia and Benton County/NWCC Vo-Tech Center (Ashland) campuses:

## Evening and Weekend Program

Offered at DeSoto Center-Southaven only

This five-semester curriculum is designed to allow students who cannot attend full-time during regular academic sessions to complete all necessary course requirements part-time in an evening and weekend setting. The Practical Nursing program at DeSoto Center accepts applications for this evening and weekend program from mid-January through April 30 of each even year. Testing begins in February.

Welding and Cutting

Adviser: Steele, Young • Offered at Senatobia campus only

Career Certificate

The Welding and Cutting curriculum is designed to prepare the student for entry level employment in the field of welding and cutting. The curriculum includes Shielded Metal Arc Welding (SMAW), Gas Metal Arc Welding (GMAW), Flux Cored Arc Welding (FCAW), Plasma Arc Cutting (PAC), Carbon Arc Cutting, Oxyfuel Cutting, Gas Metal Arc Aluminum Welding, and Gas Tungsten Arc Welding (GTAW).

National Standards Developed by American Welding Society (AWS)

The welding competencies required in this curriculum were developed to coincide with the American Welding Society (AWS) and the National Center for Construction Education and Research (NCCER).

Both AWS and NCCER provide a series of reference materials to support this curriculum. For additional information visit the American Welding Society website (www.aws.org) or the NCCER website (www.nccer.org/welding). Students in the program will complete NCCER certifications.

The Northwest Welding and Cutting program has a zero tolerance policy concerning illegal substance use/abuse and/or misuse of legal substances. All potential and current welding and cutting students must submit to substance testing in accordance with the substance testing policies and procedures. A major accident will require a drug test at the student’s expense.

Special admissions requirements: Students who wish to enter the Welding and Cutting program should contact the adviser. Students should understand that entrance is by way of an Admissions Committee. The committee has the responsibility of screening qualified program applicants who have submitted necessary records and credentials prior to the semester of entrance including but not limited to, illegal substance use screening. Student tool requirements will be discussed at the time of screening.

Students who can document mastery of these competencies should not receive duplicate instruction. Students who cannot demonstrate mastery will be required to do so.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at www.northwestms.edu.
COURSE DESCRIPTIONS

Accounting (ACC)

ACC 2213. PRINCIPLES OF ACCOUNTING I (3 hours credit) This course develops a study of the fundamentals and application of financial accounting principles that relate to business. The topics to be covered include the accounting cycle and the accounting systems for service and merchandising businesses. Three lectures per week.

ACC 2223. PRINCIPLES OF ACCOUNTING II (3 hours credit) A continuation of ACC 2213. Topics to be covered include corporate accounting concepts, managerial accounting concepts and internal business decision making. Prerequisite: A grade of C or better in ACC 2213. Three lectures per week.

Agricultural Business and Management Technology (AGT)

AGT 1111. SURVEY OF AGRICULTURAL TECHNOLOGY I (1 hour credit) A course to provide opportunities for students to gain knowledge, practice, and study in agricultural technology. Includes lecture and seminars on current agricultural topics including government programs and policies, current technological trends and practices, international agriculture, agricultural employment opportunities, etc. One hour lecture; may be repeated for a maximum of 4 credit hours.

AGT 1413. PRINCIPLES OF AGRICULTURAL MANAGEMENT (3 hours credit) A course which provides instruction in organization and structure of agricultural businesses, decision-making, and the planning process for farming operations. Two hours lecture, two hours lab.

AGT 1513. PRINCIPLES OF AGRICULTURAL MARKETING (3 hours credit) An introduction to general principles of marketing agricultural products. Includes instruction in general marketing practices and the use of future contracts. Two hours lecture, two hours lab.

AGT 1613. AGRICULTURAL RECORDS (3 hours credit) An introduction to agricultural recordkeeping techniques including single entry accounting methods, field and enterprise records, and budgeting. Two hours lecture, two hours lab.

AGT 1813. FITTING/GROOMING/JUDGING (3 hours credit) Provides information and practice on fitting, grooming, and judging agricultural products. Two hours lecture, two hours lab.

AGT 1913. ANIMAL REPRODUCTION (3 hours credit) Provides information and laboratory opportunities to assist students in learning about animal reproduction. Two hours lecture, two hours lab.

AGT 2113. SUPERVISED AGRICULTURAL EXPERIENCE (1-6 hours credit) This internship course provides actual work experience in an agricultural business under the direction of the employer and the instructor. (3-18 hours externship) Prerequisite: Sophomore standing in Agricultural Business and Management Technology.

AGT 2263. APPLIED AGRICULTURE ECONOMICS (3 hours credit) A course to introduce the student to economic principles as applied to agribusiness operations. Two hours lecture, two hours lab.

AGT 2613. FORAGE AND PASTURE CROPS (3 hours credit) A comprehensive
course in the production and management of forage and pasture crops. Two hours lecture, two hours lab.

AGT 2663. APPLIED ANIMAL NUTRITION (3 hours credit) A comprehensive course of study on the practical principles and applications of nutrition. Two hours lecture, two hours lab.

AGT 2713. BEEF PRODUCTION I (3 hours credit) A course to provide knowledge and practice in the area of beef production. Includes instruction in animal breeding and nutrition and livestock handling practices. Two hours lecture, two hours lab.

AGT 2723. BEEF PRODUCTION II (3 hours credit) A continuation of Beef Production I with emphasis on management, herd health, and marketing. Two hours lecture, two hours lab. Prerequisite: Beef Production I (AGT 2713).

AGT 2863. HORSE PRODUCTION (3 hours credit) A comprehensive course in the production and management of horses. Two hours lecture, two hours lab.

Agricultural Technology/John Deere Tech (AMT)

AMT 1122. AGRICULTURAL MECHANICS FUNDAMENTALS (2 hours credit) The proper use and application of technical terms. The usage, storage, and safety of hand tools, measuring tools, and special tools. A study of the size and strength of standard and metric fasteners. Safety is applied as it relates to agricultural equipment, shop maintenance, oxyacetylene cutting, and arc/mig welding. Two hours lecture, two hours lab.

AMT 1161. INTRODUCTION TO SPATIAL INFORMATION SYSTEMS (1 hour credit) This course provides an overview of spatial information concepts and the tools of spatial information systems (GPS, GIS, VRT, and remote sensing). Students will recognize the impact of spatial information technology on our lives currently and in the future. One hour lecture.

AMT 1162. INTRODUCTION TO SPATIAL INFORMATION SYSTEMS (1 hour credit) This course is a continuation of AGT 1161 and provides an overview of spatial information concepts and the tools of spatial information systems (GPS, GIS, VRT, and remote sensing). Students will recognize the impact of spatial information technology on our lives currently and in the future. Two hours lecture, one hour lab.

AMT 1213. ELECTRICAL/ELECTRONICS SYSTEMS (3 hours credit) A study of electrical/electronics systems as it relates to agricultural power machinery and equipment. Two hours lecture.

AMT 1223. ADVANCED ELECTRICAL/ELECTRONIC SYSTEMS (3 hours credit) Theory and operation of the onboard diagnostic systems and electrical/electronics test procedures. Two hours lecture. Prerequisite: Electrical/Electronics Systems (AMT 1213).

AMT 1313. BASIC POWER TRAINS (3 hours credit) A study of machines and the principles upon which they operate in the transmission of power. Two hours lecture, two hours lab.

AMT 1323. ADVANCED POWER TRAINS (6 hours credit) A study of machines and the principles upon which they operate in the transmission of power. Emphasis will be placed upon disassembly and assembly power train components. Three hours lecture, six hours lab. Prerequisites: Basic Power Trains (AMT 1313) and Basic Hydraulics (AMT 1613).

AMT 1414. BASIC ENGINES (4 hours credit) A study of the theory of operation, parts identification, and operational characteristics of internal combustion engines. Two hours lecture, two hours lab.
AMT 1424. ADVANCED ENGINES (4 hours credit) Adjustment, repair and overhaul of agricultural diesel engines. Two hours credit, two hours lecture. Prerequisites: Basic Engines (AMT 1413)

AMT 1511. AIR CONDITIONING SYSTEMS (1 hour credit) Principles and service of air conditioning systems used on agricultural equipment. Two hours lecture, four hours lab.

AMT 1613. BASIC HYDRAULIC SYSTEMS (3 hours credit) Theory and application of hydraulic systems in agricultural machinery and equipment. Two hours lecture, two hours lab.

AMT 2111. GRAIN HARVESTING EQUIPMENT (1 hour credit) This is a course designed to provide procedures for the inspection, adjustment, repair and lubrication of grain harvesting equipment. One hour lecture.

AMT 2311. COTTON HARVESTING EQUIPMENT (1 hour credit) This is a course designed to provide advanced skills and knowledge related to the functions, maintenance, and repair of cotton picker drums and support systems. One hour lecture.

AMT 2411. HAY HARVESTING EQUIPMENT (1 hour credit) This is a course designed to provide advanced skills and knowledge related to the procedures for inspection, adjustment, repair, and lubrication of hay harvesting equipment. One hour lecture.

AMT 2512. SPRAY EQUIPMENT (2 hours credit) Selection, assembly, inspection, adjustment, and calibration of seeding and spray equipment including safety procedures. Two hours lecture.

AMT 2623. ADVANCED HYDRAULICS (3 hours credit) Diagnosis, adjustment, and repair of hydraulic systems in agricultural machinery and equipment. Three hours lecture, six hours lab. Prerequisites: Basic Hydraulic Systems (AMT 1613) and Basic Power Trains (AMT 1313).

AMT 2712. ROW CROP PLANTING SYSTEMS (2 hours credit) Setup, inspection, adjustment, and service of row crop planting equipment and global positioning systems (GPS) equipment. Two hours lecture, two hours lab.

AMT 2812. COMPACT ENGINES & EQUIPMENT (2 hours credit) Inspection, adjustment, repair, and lubrication of compact engines and equipment. Four hours lab.

AMT 2913. SPECIAL PROBLEMS (3 hours credit) A course to provide students with an opportunity to utilize skills and knowledge gained in other Agricultural Mechanics Technology courses. The instructor and student work closely together to select a topic and establish criteria for completion of the project. The course will also familiarize the student with the components of professionalism including; image, social skills, language, business etiquette, resume and interviewing skills.

AMT 2926. SUPERVISED WORK EXPERIENCE IN AGRICULTURAL TECHNOLOGY (6 hours credit) A course which is a cooperative program between industry and education and is designed to integrate the student's technical studies with industrial experience. Variable credit is awarded on the basis of one semester hour per 45 industrial contact hours. Three to 18 hours externship. Prerequisite: Consent of instructor.

AMT 2936. SUPERVISED WORK EXPERIENCE IN AGRICULTURAL TECHNOLOGY (6 hours credit) A course which is a cooperative program between industry and education and is designed to integrate the student's technical studies with industrial experience. Variable credit is awarded on the basis of one semester hour per 45 industrial contact hours. Three to 18 hours externship. Prerequisite: Consent of instructor.
Agriculture (AGR)

AGR 1210. ANIMAL SCIENCE LABORATORY to accompany AGR 1214.

AGR 1214. ANIMAL SCIENCE (4 hours credit) Fundamental principles and practical application of livestock, dairy, and poultry science. Prerequisite to all animal husbandry, dairy science, and poultry courses. Three lectures per week, two hours lab.

AGR 1310. PLANT SCIENCE LABORATORY to accompany AGR 1313.

AGR 1313. PLANT SCIENCE (3 hours credit) Scientific principles as the basis for practice in producing, handling, processing, marketing, and utilizing agronomic and horticultural crops. Two lectures per week, two hours lab.

AGR 1523. INTRODUCTION TO FORESTRY (3 hours credit) The history and development of forestry in the United States. Introduction to career opportunities and to the field of forestry.

AGR 2310. BASIC SOILS LABORATORY to accompany AGR 2314.

AGR 2314. BASIC SOILS (4 hours credit) A general course in soils designed to give the student basic understanding of all important phases of the subject including soil genesis, morphology, classification; and the physical, chemical, and biological aspects of soils as applied to soil fertility. Soil management, including fertilization and liming of soils. Three lectures per week, two hours lab. High school chemistry recommended.

Art (ART)

ART 1113. ART APPRECIATION (3 hours credit) A course designed to provide an understanding and appreciation of the visual arts.

ART 1213. INTRODUCTORY ART (3 hours credit) A studio course designed to familiarize the student with the fundamental elements of art and develop in the student a visual literacy.

ART 1313. DRAWING I (3 hours credit) Study of basic principles of construction of visual forms. Emphasis on line, perspective, and shading. Use of black and white media, pencil, charcoal. Required of art majors. Six lab hours per week.

ART 1323. DRAWING II (3 hours credit) Introduction to color dynamics and precision drawing as used in creative expression. Emphasis on composition. Required of art majors. Six lab hours per week. Prerequisite: ART 1313.

ART 1433. DESIGN I (3 hours credit) This course provides students with an understanding of the elements and principles of design to enable development of an informed, intuitive sense as well as a highly informed skills base/methodology involving black and white design problems which apply principles and elements of visual design. Six hours lab.

ART 1443. DESIGN II (3 hours credit) This course provides students with an understanding of color theory and applications of color so that there begins to be an informed as well as intuitive sense of seeing, mixing, and applying color and light to design problems. Prerequisite: ART 1433.

ART 1513. COMPUTER ART (3 hours credit) An introduction to the theory and practice of using the computer to create art. A study of methods and applications utilizing the computer and selected software applications. (For art majors only.)

ART 1913. ART FOR ELEMENTARY TEACHERS (3 hours credit) Development of essential concepts of children’s art education in compliance with the National Standards for Arts Education.

ART 2433. ADVERTISING DESIGN I (3 hours credit) A study of the basic principles of layout, lettering, and illustration for reproduction in newspapers and maga-
ART 2463. ADVERTISING DESIGN II (3 hours credit) Further study of design and execution for various reproductive processes; preparation of brochures, posters, and pamphlets. Six lab hours per week. Prerequisites: ART 1313, ART 1323, ART 1413, ART 1423, ART 1513 and ART 2433.

ART 2513. PAINTING I (3 hours credit) This studio course stresses fundamental concepts of painting with acrylics and/or oils. Emphasis is on painting from observation. Six lab hours per week. Prerequisites: ART 1313, ART 1323, ART 1413, ART 1423, ART 1513 and ART 2433.

ART 2523. PAINTING II (3 hours credit) A continuation which builds on the fundamental concepts of painting with acrylics and/oils. Emphasis is on individual expression. Prerequisites: ART 2513, ART 1313, ART 1323, and ART 1413 or special permission of the instructor.

ART 2613. CERAMICS I (3 hours credit) A studio course designed to cover the making of pottery by hand, including pinch pot, coil and slab methods and the application of glazes and firing procedures. Six lab hours per week.

ART 2623. CERAMICS II (3 hours credit) A continuation of ART 2613. Basic glaze calculation. Six lab hours per week. Prerequisite: ART 2613.

ART 2713. ART HISTORY I (3 hours credit) Survey course of historical background of art forms from Prehistoric to Renaissance. Emphasis placed on painting, architecture, and sculpture as related to history.

ART 2723. ART HISTORY II (3 hours credit) Renaissance to Twentieth Century. Special emphasis on modern expression in fields of art.

Automotive Technology (ATT)

ATT 1124. BASIC ELECTRICAL/ELECTRONIC SYSTEMS (4 hours credit) A course designed to provide advanced skills and knowledge related to all components of the vehicle electrical system including lights, battery, and charging components. Two hours lecture, four hours lab.

ATT 1134. ADVANCED ELECTRICAL/ELECTRONIC SYSTEMS (4 hours credit) A course to provide advanced skills and knowledge related to all components of the vehicle electrical system including gauges, driver information systems, horn, wiper/wiper systems, and accessories. Two hours lecture, four hours lab. Prerequisite: ATT 1124.

ATT 1214. BRAKES (4 hours credit) A course to provide advanced skills and knowledge related to the repair and maintenance of brake systems on automobiles. Includes instruction and practice in diagnosis of braking systems problems and the repair of brake systems. Two hours lecture, four hours lab.

ATT 1314. MANUAL DRIVE TRAINS/TRANSAXLES (4 hours credit) A course to provide advanced skills and knowledge related to the maintenance and repair of manual transmissions, transaxles, and drive train components. Includes instruction in the diagnosis of drive train problems and the repair and maintenance of transmissions, transaxles, clutches, CV joints, differentials and other components. Two hours lecture, four hours lab.

ATT 1424. ENGINE PERFORMANCE I (4 hours credit) A course to provide advanced skills and knowledge related to the maintenance and adjustment of gasoline engines for optimum performance. Includes instruction in the diagnosis and correction of problems associated with these areas. Two hours lecture, four hours lab. Prerequisite: ATT 1124.
ATT 1715. ENGINE REPAIR (5 hours credit) A course to provide advanced skills and knowledge related to the repair and rebuilding of automotive engines. Includes instruction and practice in the diagnosis and repair of engine components including valve trains, blocks, pistons and connecting rods, crankshafts, and oil pumps. Two hours lecture, six hours lab.

ATT 1812. INTRODUCTION TO SAFETY AND EMPLOYABILITY SKILLS (2 hours credit) A course designed to provide knowledge of classroom and lab policies and procedures. Includes instruction in safety practices and procedures associated with the automotive program and automotive industry. Two hours lecture.

ATT 2325. AUTOMATIC TRANSMISSIONS/TRANSAXLES (5 hours credit) A course to provide skills and knowledge related to the diagnosis of automatic transmissions and transaxles. Includes instruction and practice in the diagnosis and repair of these devices. Two hours lecture, six hours lab. Prerequisite: ATT 1124.

ATT 2334. STEERING AND SUSPENSION SYSTEMS (4 hours credit) A course to provide advanced skills and knowledge related to the inspection and repair of steering and suspension systems of automobiles. Includes instruction and practice in the diagnosis of steering system problems and the repair/replace ment of steering components. Two hours lecture, four hours lab. Prerequisite: ATT 1124.

ATT 2434. ENGINE PERFORMANCE II (4 hours credit) A course to provide advanced skills and knowledge related to the ignition system, fuel, air induction and exhaust systems. Includes instruction in the diagnosis and correction of problems associated within these areas. Two hours lecture, four hours lab. Prerequisite: ATT 1424.

ATT 2445. ENGINE PERFORMANCE III (5 hours credit) A course to provide advanced skills and knowledge related to the emissions control systems and engine related service. Includes instruction in the diagnosis and correction of problems associated within these areas. Two hours lecture, six hours lab. Prerequisite: ATT 2434.

ATT 2614. HEATING AND AIR CONDITIONING (4 hours credit) A course to provide advanced skills and knowledge associated with the maintenance and repair of automotive heating and air conditioning systems. Includes instruction and practice in the diagnosis and repair of heating and air conditioning system components and control systems. Two hours lecture, four hours lab. Prerequisite: ATT 2434.

ATT 2913. SPECIAL PROBLEMS IN AUTOMOTIVE TECHNOLOGY (3 hours credit) A course to provide students with an opportunity to utilize skills and knowledge gained in other Automotive Technology courses. The instructor and student work closely together to select a topic and establish criteria for completion of the project. One hour lecture, four hours lab. Prerequisite: Two semesters of coursework in ATT and instructor approval.

ATT 2934. SPECIAL PROBLEMS IN AUTOMOTIVE TECHNOLOGY II (4 hours credit) A course to provide students with an opportunity to utilize skills and knowledge gained in other Automotive Technology courses. The instructor and student work closely together to select a topic and establish criteria for completion of the project. One hour lecture, six hours lab. Prerequisite: Three semesters of coursework in ATT and instructor approval.

Aviation Maintenance Technology (APT)

APT 1114. AVIATION APPLIED SCIENCE (4 hours credit) A study of general aviation maintenance practices including orientation to aviation, aircraft maintenance safety procedures, aviation mathematics, aviation physics, and aircraft drawings.

APT 1123. AVIATION ELECTRICITY I (3 hours credit) A study of the theory and
application of direct and alternating current distribution and utilization of voltage. Practical application of Ohm's Law.

**APT 1134. AVIATION MATERIALS AND PROCESSES** (4 hours credit) A study of materials and processes used in the construction and repair of aircraft and components, fluid lines and fittings, and corrosion protection.

**APT 1143. AIRCRAFT SERVICING AND WEIGHT AND BALANCE** (3 hours credit) A study of aircraft ground operation and servicing and weight and balance checks and records.

**APT 1153. MAINTENANCE FORMS, RECORDS AND REGULATIONS** (3 hours credit) A study of maintenance publications, maintenance forms and records, and mechanic privileges and limitations.

**APT 1161. RECIPROCATING ENGINE THEORY** (1 hour credit) A study of the theory and principles of operation of reciprocating engines.

**APT 1171. HUMAN FACTORS/GENERAL TROUBLESHOOTING AND INSPECTION PRINCIPLES** (1 hour credit) A study of the human factor element involved in air maintenance and development of general troubleshooting and inspection skills.

**APT 1214. RECIPROCATING ENGINE OVERHAUL AND INSPECTION** (4 hours credit) This course contains a detailed study supported by the actual overhaul of reciprocating engines. Included is a study of the procedures and acceptable techniques used in engine disassembly, inspection, repair, and reassembly.

**APT 1221. TURBINE ENGINE THEORY** (1 hour credit) A study of the theory of basic gas turbine engines and related accessories including unducted fan systems and turbine-driven auxiliary power units.

**APT 1234. TURBINE ENGINE OVERHAUL AND INSPECTION** (4 hours credit) A study of the overhaul of basic gas turbine engines and related accessories and components, including disassembly, inspection, assembly, and operation of jet engines.

**APT 1242. POWERPLANT CONFORMITY AIRWORTHINESS INSPECTION** (2 hours credit) Inspection of aircraft powerplants for conformity with airworthiness directives and manufacturer's specifications. Inspections will conform with all Federal Aviation regulations.

**APT 1255. LUBRICATION AND FUEL METERING SYSTEMS** (5 hours credit) The system of aircraft lubrication, fuel metering, and fuel system components. Principles of operation for reciprocating and turbine engines. Identification and selection of engine fuels and lubricants.

**APT 1263. INDUCTION, COOLING, AND EXHAUST SYSTEMS** (3 hours credit) A study of reciprocating and turbine induction and engine airflow systems, engine cooling systems, and engine exhaust and reverser systems.

**APT 2115. AVIATION ELECTRICITY II** (5 hours credit) The study of aircraft engine systems including instrument, engine fire protection, engine electrical, ignition, and starting.

**APT 2122. PROPELLERS AND POWERPLANT REVIEW** (2 hours credit) A course of study to inspect, check, service, and repair fixed pitch, constant spell, and feathering propellers. Included are propeller governing systems, propeller synchronizing, and ice removal systems. Review of powerplant courses.

**APT 2136. STRUCTURES I** (6 hours credit) A study of sheet metal and composite structures and welding process.

**APT 2143. STRUCTURES II** (3 hours credit) A study of aircraft wood and non-metallic structures, covering, and finishes.
APT 2212. FLIGHT CONTROL (2 hours credit) A study of aircraft rigging and assembly.

APT 2223. AVIATION ELECTRICITY III (3 hours credit) A study of airframe electrical systems and components including wiring, switches, and controls.

APT 2232. HYDRAULIC AND PNEUMATIC POWER SYSTEMS (2 hours credit) A study of aircraft hydraulic and pneumatic power systems and components.

APT 2243. LANDING GEAR AND PROTECTIVE SYSTEMS (3 hours credit) A study of aircraft landing gear systems, position and warning systems, and ice and rain control systems.

APT 2251. ENVIRONMENTAL CONTROL SYSTEMS (1 hour credit) A study of cabin atmosphere control systems.

APT 2264. AIRCRAFT INSTRUMENTATION SYSTEMS (4 hours credit) A study of aircraft instrument systems, communications and navigation systems, and aircraft fire protection systems.

APT 2271. AIRCRAFT FUEL SYSTEMS (1 hour credit) A study of construction, inspection, and maintenance of various fuel systems and components including tanks, pumps, strainers, tubing, and hoses.

APT 2282. AIRFRAME INSPECTION AND REVIEW (2 hours credit) A study of airframe conformity and airworthiness inspections and maintenance procedures. Review of all airframe courses.

Biology (BIO)

BIO 1111. PRINCIPLES OF BIOLOGY I, LABORATORY (1 hour credit) A laboratory course for non-science majors that contains experiments and exercises that reinforce the principles introduced in BIO 1113 Principles of Biology I, Lecture. Corequisite: concurrent enrollment in BIO 1113.

BIO 1113. PRINCIPLES OF BIOLOGY I, LECTURE (3 hours credit) A lecture course for non-science majors that provides an introduction to the basic principles of modern biology and their relevance to modern life. Emphasis is placed on the nature and history of scientific thought, basic biological chemistry, cell structure and processes, and genetics.

BIO 1121. PRINCIPLES OF BIOLOGY II, LABORATORY (1 hour credit) A laboratory course for non-science majors that contains experiments and exercises that reinforce the principles introduced in BIO 1123 Principles of Biology II, Lecture. Co-requisite: concurrent enrollment in BIO 1123.

BIO 1123. PRINCIPLES OF BIOLOGY II, LECTURE (3 hours credit) A lecture course for non-science majors that emphasizes the survey of the diversity of life, ecology, evolution, and an overview of organ systems. Prerequisite: BIO 1113.

BIO 1131. GENERAL BIOLOGY I, LABORATORY (1 hour credit) A laboratory course for science majors that contains experiments and exercises that reinforce the principles introduced in BIO 1133 General Biology I, lecture. Corequisite: concurrent enrollment in BIO 1133.

BIO 1133. GENERAL BIOLOGY I, LECTURE (3 hours credit) A lecture course for science majors that includes study of the scientific method, chemistry relevant to biological systems, cell structure and physiology, cell processes including photosynthesis and cellular respiration, cell division, genetics, and molecular genetics. Prerequisite: Composite ACT score of 19 or above or successful completion of a college-level biological science course with a grade of "B" or higher. Corequisite: concurrent enrollment in BIO 1131.
BIO 1141. GENERAL BIOLOGY II, LABORATORY (1 hour credit) A laboratory course for science majors that contains experiments and exercises that reinforce the principles introduced in BIO 1143, General Biology II, Lecture. Corequisite: concurrent enrollment in BIO 1143.

BIO 1143. GENERAL BIOLOGY II, LECTURE (3 hours credit) A lecture course for science majors that reinforces concepts introduced in BIO 1133 General Biology I, Lecture, while emphasizing the diversity of life. Topics covered include evolution, classification, ecology, detailed consideration of each group of organisms and viruses, study of animals and plants including their basic anatomy and physiology. Prerequisite: successful completion of BIO 1133 and BIO 1131 with a grade of “C” or better. Corequisite: concurrent enrollment in BIO 1141.

BIO 1211. ENVIRONMENTAL SCIENCE, LABORATORY (1 hour credit) A laboratory course that contains experiments and exercises that reinforce the principles introduced in BIO 1213, Environmental Science, Lecture.

BIO 1213. ENVIRONMENTAL SCIENCE, LECTURE (3 hours credit) A lecture course covering the relevance of ecological principles to environmental problems and the relationship of humans to their environment with emphasis on preservation of environmental quality.

BIO 1311. BOTANY I, LABORATORY (1 hour credit) A laboratory course that contains experiments and exercises that reinforce the principles introduced in BIO 1313, Botany I, Lecture. Corequisite: concurrent enrollment in BIO 1313.

BIO 1313. BOTANY I, LECTURE (3 hours credit) A lecture course covering the representative groups of the plant kingdom, their anatomy, physiology, taxonomy, and economic importance.

BIO 1321. BOTANY II, LABORATORY (1 hour credit) A laboratory course that contains experiments and exercises that reinforce the principles introduced in BIO 1323, Botany II, Lecture. Corequisite: concurrent enrollment in BIO 1323.

BIO 1323. BOTANY II, LECTURE (3 hours credit) A lecture course that emphasizes classification and identification of plants. Prerequisite: BIO 1313 and BIO 1311. Corequisite: concurrent enrollment in BIO 1321.

BIO 1531. SURVEY OF ANATOMY AND PHYSIOLOGY, LABORATORY (1 hour credit) A laboratory course that contains experiments and exercises that reinforce the principles and concepts introduced in BIO 1533, Survey of Anatomy and Physiology, Lecture. Corequisite: concurrent enrollment in BIO 1533.

BIO 1533. SURVEY OF ANATOMY AND PHYSIOLOGY, LECTURE (3 hours credit) A lecture course covering essential principles of human anatomy and physiology, including basic chemistry, cell and tissue studies, and an overview of all the body systems.

BIO 1613. NUTRITION (3 hours credit) A lecture course covering the nutrients required for normal growth and prevention of major chronic diseases, and applied to the selection of food for ingestion, the metabolic process of digestion, assimilation, and absorption, and their applications for healthcare providers. (Same as FCS 1253)

BIO 2314. DENDROLOGY (4 hours credit) A combined lecture and laboratory course concerning the taxonomy, morphology, ecology, and identification of woody plants. Labs associated with this course contain experiments and exercises that reinforce the principles introduced in lecture classes. Prerequisite: BIO 1313 or other biological science course approved by the instructor.

BIO 2410. ZOOLOGY I, LABORATORY A laboratory course that contains experiments and exercises that reinforce the principles introduced in BIO 2414, Zoology I, Lecture. Corequisite: concurrent enrollment in BIO 2414.
BIO 2414. ZOOLOGY I, LECTURE (4 hours credit) A combined lecture and laboratory course that includes in-depth studies of phylogeny and classification systems, protozoa, and major invertebrate phyla. Labs associated with this course contain experiments and exercises that reinforce the principles introduced in lecture classes. Prerequisite: Composite ACT score of 19 or above or successful completion of a college-level biological science course with a grade of "B" or higher. Corequisite: BIO 2410.

BIO 2420. ZOOLOGY II, LABORATORY A laboratory course that contains experiments and exercises that reinforce the principles introduced in BIO 2424, Zoology II, Lecture. Corequisite: concurrent enrollment in BIO 2424.

BIO 2424. ZOOLOGY II, LECTURE (4 hours credit) A combined lecture and laboratory course that includes in-depth studies of animal phyla with emphasis on the vertebrates and animal systems. Labs associated with this course contain experiments and exercises that reinforce the principles introduced in lecture classes. Prerequisite: Successful completion of BIO 2414/2410 or BIO 1133/1131 with a grade of “C” or better. Corequisite: BIO 2420.

BIO 2425. ZOOLOGY II, LABORATORY (1 hour credit) A laboratory course that contains experiments and exercises that reinforce the principles introduced in BIO 2425, Zoology II. Corequisite: Concurrent enrollment in BIO 2425.

BIO 2511. ANATOMY AND PHYSIOLOGY I, LABORATORY (1 hour credit) A laboratory course that contains experiments and exercises that reinforce the principles introduced in BIO 2513, Anatomy and Physiology I, Lecture. Corequisite: Concurrent enrollment in BIO 2513.

BIO 2513. ANATOMY AND PHYSIOLOGY I, LECTURE (3 hours credit) A lecture course that covers the anatomical and physiological study of the human body as an integrated whole. The course includes detailed studies of biological principles; tissues; and the integumentary, skeletal, muscular and nervous systems. Prerequisite: Composite ACT score of 18 or above or successful completion of a college-level biological science course with a grade of "B" or higher. Corequisite: concurrent enrollment in BIO 2511.

BIO 2521. ANATOMY AND PHYSIOLOGY II, LABORATORY (1 hour credit) A laboratory course that contains experiments and exercises that reinforce the principles introduced in BIO 2523, Anatomy and Physiology II, Lecture. Corequisite: BIO 2523.

BIO 2523. ANATOMY AND PHYSIOLOGY II, LECTURE (3 hours credit) A lecture course that includes detailed studies of the anatomy and physiology of the human special senses and the endocrine, circulatory, respiratory, digestive, and urinary systems, as well as reproduction and development. Prerequisite: Successful completion of BIO 2513/2511 with a grade of “C” or better. Corequisite: BIO 2521.

BIO 2921. MICROBIOLOGY, LABORATORY (1 hour credit) A laboratory course that contains experiments and exercises that reinforce the principles introduced in BIO 2923 Microbiology lecture. Corequisite: concurrent enrollment in BIO 2923.

BIO 2923. MICROBIOLOGY, LECTURE (3 hours credit) A lecture course that provides and introduction to the general principles of microbiology with emphasis on microorganisms and human/animal diseases. Topics include laboratory techniques, cellular biology, immunology, genetics, microbial classification and an introduction to biotechnology. Prerequisite: Successful completion of BIO 2523 and BIO 2521 or 8 hours of upper-level biology courses with a grade of “C” or better. Corequisite: BIO 2921.

Business Administration (BAD)

BAD 1313. BUSINESS MATHEMATICS (3 hours credit) Emphasis is placed on the study of the fundamental processes, fraction, decimals, percentage and problem solving. The application of these fundamental processes is applied toward the problem of business which the student will encounter in the various commercial fields.
BAD 2323. BUSINESS STATISTICS (3 hours credit) Introduction to statistical methods of collecting, presenting, analyzing and interpreting data for business management and control. Topics include central tendency and dispersion; probability, discrete and continuous distributions; estimation and hypothesis testing. Prerequisite: College Algebra (MAT 1313) or higher.

BAD 2413. LEGAL ENVIRONMENT OF BUSINESS (3 hours credit) This course is an introduction to interrelationships of law and society, jurisprudence and business. Topics include an introduction to law, law of contracts, agency, and employment.

BAD 2523. PERSONAL FINANCIAL MANAGEMENT (3 hours credit) This course deals with an individual’s optimal management of personal income and expenditures over a lifetime to best meet the needs of his/her financial objectives. This course focuses on the areas of budgeting, insurance, borrowing and credit purchases, home ownership, investment, taxes and family financial planning.

BAD 2713. PRINCIPLES OF REAL ESTATE (3 hours credit) This course is an introduction to the nature of the real estate market, types of ownership of property, contracts, and methods of transferal of title.

BAD 2723. REAL ESTATE LAW (3 hours credit) Designed to give the student a general background in the law of real property and the law of real estate brokerage.

BAD 2733. REAL ESTATE FINANCE (3 hours credit) A study of principles and methods of financing real estate, sources of funds, types and contents of financing instruments, and the role of various institutions, both private and governmental.

BAD 2743. REAL ESTATE APPRAISAL (3 hours credit) An introductory course. Includes purpose of appraisal, methods, and techniques to determine the value of the various types of property. Emphasis on residential and single unit property.

BAD 2763. PROPERTY MANAGEMENT (3 hours credit) This course deals with the nature of real property management. The major functions of property managers includes legal, interpersonal, maintenance, accounting, administrative and other activities. Specific practices and problems are covered.

Business and Marketing Management Technology (MMT)

MMT 1113. MARKETING I (3 hours credit) Study of principles and problems of marketing goods and methods of distribution from producer to consumer. Types, functions, and practices of wholesalers and retailers and efficient techniques in the development and expansion of markets. Three hours lecture.

MMT 1123. MARKETING II (3 hours credit) A continuation of MMT 1113. Three hours lecture. Prerequisite: MMT 1113.

MMT 1313. SALESMANSHIP (3 hours credit) Basic principles and techniques of salesmanship and their practical application. Topics include basic elements of consumer behavior, developing selling strategies, closing and servicing a sale, and developing consumer relations. Three hours lecture and lab.

MMT 1323. ADVERTISING (3 hours credit) The role of advertising as a promotional tool. Topics included are product and consumer analysis, media selection, and creation of advertising. Three hours lecture and lab.

MMT 1413. MERCHANDISING MATH (3 hours credit) Study of the mathematical calculations involved in the merchandising process. Fundamental principles and operations in buying, pricing, and inventory control. Three hours lecture.

MMT 1711. MARKETING SEMINAR I (1 hour credit) Develops leadership skills and human relations skills necessary for success in the field of marketing management. A minimum of six outside speakers will address the class on topics directly related to
marketing careers. Emphasis will be placed on developing civic, social, and business responsibilities. One hour lecture.

**MMT 1721. MARKETING SEMINAR II** (1 hour credit) A continuation of MMT 1711. One hour lecture. Prerequisite: Marketing Seminar I (MMT 1711).

**MMT 1731. MARKETING SEMINAR III** (1 hour credit) A continuation of MMT 1721. One hour lecture. Prerequisite: Marketing Seminar II (MMT 1721).

**MMT 1741. MARKETING SEMINAR IV** (1 hour credit) A continuation of MMT 1731. One hour lecture. Prerequisite: Marketing Seminar III (MMT 1731).

**MMT 2213. PRINCIPLES OF MANAGEMENT** (3 hours credit) Study of the basic principles and functions of management. Special emphasis on planning, organizing, directing, staffing, and controlling. Three hours lecture.

**MMT 2233. HUMAN RESOURCE MANAGEMENT** (3 hours credit) Objectives, organization, and functions of human resource management. Emphasis is placed on selection and placement, job evaluation, training, education, safety, health, employer-employee relationships, and employee services. Three hours lecture.

**MMT 2313. E-COMMERCE MARKETING** (3 hours credit) This course introduces the fundamental opportunities and challenges associated with e-commerce activities. Topics include: designing the user interface, Web security, electronic payment systems, promotion, and legal issues involved in creating a functioning on-line business. Three hours lecture.

**MMT 2423. RETAIL MANAGEMENT** (3 hours credit) Study of retailing process, including functions performed, principles governing effective operation, and managerial problems resulting from current economic and social trends. Three hours lecture.

**MMT 2513. ENTREPRENEURSHIP** (3 hours credit) Overview of activities that are involved in planning, establishing, and managing a small business enterprise. Topics to be covered will include planning, location, analysis, financing, and development of a business plan. Three hours lecture.

**MMT 2613. INTERNATIONAL MARKETING** (3 hours credit) Provides students with an overview and understanding of international marketing. This involves an analysis of world markets, their respective consumers and environments, and the marketing management required to meet the demands of constantly changing foreign markets. Three hours lecture.

**MMT 2913. WORK-BASED LEARNING IN BUSINESS AND MARKETING MANAGEMENT TECHNOLOGY** (3 hours credit) Direct application of concepts and theory of marketing management technology. Students will work in a marketing-related environment. Nine hours externship. Prerequisite: Permission of the instructor and Work-Based Learning Coordinator.

**Business and Office Administration (BOA)**

**BOA 1313. FILING-RECORDS MANAGEMENT** (3 hours credit) The various methods of filing with sufficient practice to develop skills for business operations. Coding, indexing, equipment, and materials are emphasized.

**BOA 1413. KEYBOARDING** (3 hours credit) This course provides an introduction to basic word processing commands and essential skill development using the touch system on the alphabetic keyboard. Course emphasis will be on speed and accuracy when keying documents and timed writings.

**BOA 2533. WORD PROCESSING** (3 hours credit) This course focuses on production of documents using word processing functions. Production with accuracy is stressed and practice is given through a variety of documents for skillbuilding.
BOA 2553. DESKTOP PUBLISHING (3 hours credit) This course will present graphic design techniques, principles of page layout and design, and electronic publishing terminology and applications to create a variety of documents such as flyers, brochures, newsletters, and business cards using advanced features of word processing software.

BOA 2613. BUSINESS COMMUNICATIONS (3 hours credit) This course develops communication skills among multicultural audiences with emphasis on principles of writing business correspondence, generating reports and presentations and preparing for the job interview process. Prerequisite: A grade of C or better in ENG 1123 or permission of instructor.

Business and Office Technology (BOT)

Administrative Office Technology

Business Management Technology

Medical Office Technology

BOT 1013. INTRODUCTION TO KEYBOARDING (3 hours credit) This course provides an introduction to basic word processing commands and essential skill development using the touch system on the alphabetic keyboard. Course emphasis will be on speed and accuracy when keying documents and timed writings. Three hours lecture/lab.

BOT 1233. MICROSOFT WORD I (3 hours credit) This course focuses on improving keyboarding techniques using the touch method and on production of documents using Microsoft Word functions. Three hours lecture/lab.

BOT 1243. MICROSOFT WORD II (3 hours credit) This course is a continuation of Microsoft Word I and focuses on production of documents using Microsoft Word. Production with accuracy is stressed and practice is given through a variety of documents for skillbuilding. Three hours lecture/lab. Prerequisite: Completion of BOT 1233 with a "C" or higher.

BOT 1273. INTRODUCTION TO MICROSOFT OFFICE (3 hour credit) This course will introduce an operating system and word processing, spreadsheet, database management, and presentation software applications using the Microsoft Office suite.

BOT 1313. APPLIED BUSINESS MATH (3 hours credit) This course is designed to develop competency in mathematics for business use, with emphasis on the touch method. Three hours lecture/lab.

BOT 1413. RECORDS MANAGEMENT (3 hours credit) This course focuses on the systems approach to managing recorded information in any form. Emphasis is placed on the three categories into which records generally fall and the treatment of these categories in proper management, storage, and retrieval. Three hours lecture/lab.

BOT 1433. BUSINESS ACCOUNTING (3 hours credit) This course is designed to develop an understanding of recording, classifying, and summarizing financial information of sole proprietorship with insight into interpreting and reporting the resulting effects upon the business. Three hours lecture/lab.

BOT 1443. ADVANCED BUSINESS ACCOUNTING (3 hours credit) This course is a continuation of Business Accounting with emphasis in accounting for corporations. Three hours lecture/lab. Prerequisite: Business Accounting (BOT 1433) or Accounting Principles I (ACC 1213).
BOT 1453. INTRODUCTION TO BUSINESS MANAGEMENT (3 hours credit) Study of the basic principles and managerial functions of organizations management with special emphasis on planning, organizing, coordinating, commanding, and controlling. The importance of managing competitively and intelligently within a diverse environment is stressed. Situational cases are completed to reinforce decision-making in each of the function areas. The course will also consist of a series of 'mini' presentations related to each of the topics, delivered by different types of business managers and guest speakers. Three hours lecture/lab.

BOT 1493. SOCIAL MEDIA MANAGEMENT (3 hours credit) This course teaches students how to develop and maintain a social media presence in a personal and professional capacity. Students will engage in community and internet-based projects with special emphasis on blogs, wikis, social networking sites, photo-sharing sites, instant messaging, videosharing sites, podcasts, widgets, virtual worlds, and more. Three hours lecture/lab.

BOT 1613. MEDICAL OFFICE TERMINOLOGY I (3 hours credit) This course is a study of medical language relating to the various body systems including diseases, physical conditions, procedures, clinical specialties, and abbreviations. Emphasis is placed on correct spelling and pronunciation. Three hours lecture/lab.

BOT 1623. MEDICAL OFFICE TERMINOLOGY II (3 hours credit) This course presents medical terminology pertaining to human anatomy in the context of body systems. The emphasis is directed toward medical terminology as it relates to Health-care Data Technology. Three hours lecture/lab. Prerequisite: Completion of BOT 1613 with a "C" or higher.

BOT 1643. PATHOPHYSIOLOGY (3 hours credit) This course will provide an in-depth study of common disease processes and disorders with emphasis placed on etiology, symptoms, diagnoses, treatments, and disease prevention. Three hours lecture/lab.

BOT 1763. COMMUNICATION ESSENTIALS (3 hours credit) This course focuses on the basic English competencies and communication skills necessary to be successful and effective in the workplace in addition to effectively contributing to a team while working with a diverse population.

BOT 1823. MICROSOFT EXCEL I (3 hours credit) This course focuses on application Microsoft Excel as an aid to management decision making.

BOT 1853. MICROSOFT EXCEL II (3 hours credit) This course is a continuation of Microsoft Excel I and focuses on advanced functions and applications of the software. Prerequisite: Completion of BOT 1823 with a "C" or higher.

BOT 2133. DESKTOP PUBLISHING (3 hours credit) This course presents graphic design techniques, principles of page layout and design, and electronic publishing terminology and application to create a variety of documents such as flyers, brochures, newsletters, and business cards using advanced features of word processing software. Three hours lecture/lab. Prerequisite: Completion of BOT 1243 with a "C" or higher.

BOT 2183. CAREER READINESS (3 hours credit) This course is designed to prepare students for employment by teaching the importance of interviewing skills, employer expectations, employability skills, work ethics, and job retention skills. Three hours lecture/lab.

BOT 2233. HUMAN RESOURCE MANAGEMENT (3 hours credit) This course provides a general overview of the concepts and applications of the many parts of Human Resources (HR). Students will learn how the interdependence of the major topics in HR are created and implemented through the use of real world HR issues, community projects, and case studies. Three hours lecture/lab.
BOT 2333. MICROSOFT ACCESS (3 hours credit) This course applies database concepts for designing and manipulating data files and formatting output as complex documents and reports using Microsoft Access. Three hours lecture/lab.

BOT 2423. INCOME TAX ACCOUNTING (3 hours credit) This course is designed to be an introductory tax accounting class with insight in federal income tax laws and preparation of reports. Three hours lecture/lab. Prerequisites: Business Accounting (BOT 1433) or Accounting Principles I (ACC 1213).

BOT 2433. QUICKBOOKS (3 hours credit) This course applies basic accounting principles using QuickBooks. Three hours lecture/lab.

BOT 2463. PAYROLL ACCOUNTING (3 hours credit) This course provides an in-depth study of payroll accounting. Three hours lecture/lab. Prerequisites: Business Accounting (BOT 1433) or Accounting Principles I (ACC 1213).

BOT 2473. COST ACCOUNTING (3 hours credit) This course provides an in-depth study of cost accounting for manufacturing business. Three hours lecture/lab. Prerequisites: Business Accounting (BOT 1433) or Accounting Principles I (ACC 1213).

BOT 2613. ENTREPRENEURIAL PROBLEM SOLVING (3 hours credit) This course is designed to develop business students into entrepreneurs capable of operating their own companies and to reduce the high failure rate of starting, conducting, and expanding a business. Students will gain experience in problem solving through visits to businesses, analyses of case studies, and projects and surveys of current business practices. Three hours lecture/lab.

BOT 2643. CPT CODING (3 hours credit) This course is an introduction to the field of procedural coding and requirements for insurance reimbursement. Three hours lecture/lab. Prerequisite: Completion of BOT 1623 with a "C" or higher.

BOT 2653. ICD CODING (3 hours credit) This course is an introduction to the field of diagnostic and inpatient procedural coding. Three hours lecture/lab. Prerequisite: Completion of BOT 1623 with a "C" or higher.

BOT 2663. ADVANCED CODING (3 hours credit) This course includes advanced analysis of diagnostic and procedural coding systems. Three hours lecture/lab. Prerequisites: CPT Coding (BOT 2643) and ICD Coding (BOT 2653).

BOT 2673. MEDICAL INSURANCE BILLING (3 hours credit) This course is a culmination of skills and knowledge of appropriate procedures for generating, processing, and submitting health insurance claims to private and governmental health insurance programs. Prerequisite: Completion of BOT 1623 with a "C" or higher.

BOT 2723. ADMINISTRATIVE OFFICE PROCEDURES (3 hours credit) This course will provide comprehensive coverage and integration of business skills and issues, develop critical thinking and problem-solving skills, and establish a foundation in business procedures. Three hours lecture/lab.

BOT 2743. MEDICAL OFFICE CONCEPTS (3 hours credit) This course will provide coverage and integration of medical office skills. Problem solving will be emphasized. Three hours lecture/lab. Prerequisite: Completion of BOT 1613 with a "C" or higher.

BOT 2763. ELECTRONIC HEALTH RECORDS (3 hours credit) This course covers electronic health records (EHR) in the healthcare environment as they pertain to various healthcare settings. Three hours lecture/lab. Prerequisite: Completion of BOT 1613 with a "C" or higher.

BOT 2913. SUPERVISED WORK EXPERIENCE (3 hours credit) This course provides related on-the-job training in the accounting area. Employing firm and type of work experience to be approved by the Department of Business Technology. Must be at
least 135 clock hours of on-the-job training. Prerequisite: successful completion of at least 30 semester hours in the program and consent of the instructor.

Cardiovascular Technology (CVT)

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>CVT 1113</td>
<td>FOUNDATIONS OF CARDIOVASCULAR TECHNOLOGY</td>
<td>3</td>
<td>Designed to introduce the student to fundamental elements in cardiovascular technology including terminology important to the delivery of health care in a safe, efficient, and professional manner. Two hours lecture, two hours lab.</td>
</tr>
<tr>
<td>CVT 1214</td>
<td>CARDIOVASCULAR ANATOMY AND PHYSIOLOGY</td>
<td>4</td>
<td>A study of anatomy and physiology in relation to the practice of cardiovascular technology. Three hours lecture, two hours lab.</td>
</tr>
<tr>
<td>CVT 1312</td>
<td>CARDIOVASCULAR PHARMACOLOGY</td>
<td>2</td>
<td>Designed to provide students with the pharmacology needed to function in clinical experiences. This includes classifications of medications, modes of action, indications, contraindications, and their effect on cardiac output and its determinates. Two hours lecture.</td>
</tr>
<tr>
<td>CVT 2413</td>
<td>INVASIVE CARDIOLOGY I</td>
<td>3</td>
<td>Introduces students to the specific procedures performed in the cardiac catheterization laboratory and the use of the resulting data for patient diagnosis. Additional topics include aseptic techniques, sterilization, patient assessment, radiography, pharmacology, cardiac wave forms, coronary artery anatomy, equipment and tools utilized in cardiac catheterization, hemodynamic data and analysis, right and left heart caths, and complications and treatment of cardiac catheterization. Two hours lecture, four hours lab.</td>
</tr>
<tr>
<td>CVT 2423</td>
<td>INVASIVE CARDIOLOGY II</td>
<td>3</td>
<td>Designed to tie together cardiac diseases as well as to continue teaching students classifications and the use of equipment and techniques used in invasive cardiology. An in-depth presentation of various cardiac diseases including coronary artery disease, angina, myocardial infarction, heart failure, valve diseases, cardiomyopathies, pericardial disorders, arrythmias, congenital anomalies, and repair procedures is used. Two hours lecture, four hours lab.</td>
</tr>
<tr>
<td>CVT 2512</td>
<td>CRITICAL CARE APPLICATIONS</td>
<td>2</td>
<td>Designed to familiarize students with characteristics of critically ill cardiopulmonary patients and specific needs of such patients in relation to their particular illness. Two hours lecture.</td>
</tr>
<tr>
<td>CVT 2613</td>
<td>NON-INVASIVE CARDIOLOGY I</td>
<td>3</td>
<td>An introduction to non-invasive cardiology and those tests performed in this area. In addition, normal and abnormal heart rhythm and patient safety is presented along with stress tests, Holter monitoring, and an introduction in echocardiography. Two hours lecture, four hours lab.</td>
</tr>
<tr>
<td>CVT 2624</td>
<td>NON-INVASIVE CARDIOLOGY II</td>
<td>4</td>
<td>A continuation of CVT 2613 Non-invasive Cardiology I. More in-depth study is completed in the areas of non-invasive cardiac testing. Two hours lecture, four hours lab.</td>
</tr>
<tr>
<td>CVT 2717</td>
<td>CARDIOVASCULAR CLINICAL I</td>
<td>7</td>
<td>Patient assessment and care plan formation are presented in the hospital environment. Clinical experience in all procedures performed in the cardiovascular laboratories, including use of equipment, performing tests, and patient care as it relates to the cardiovascular areas with emphasis on cardiac catheterization, ECG, stress testing, Holter monitoring, and introduction to echocardiography. Twenty-four hours clinical.</td>
</tr>
<tr>
<td>CVT 2728</td>
<td>CARDIOVASCULAR CLINICAL II</td>
<td>8</td>
<td>Designed for students to gain more in-depth clinical experience in invasive cardiology including pre- and post-cath activities, cardiovascular techniques, hemodynamic monitoring, intra-aortic balloon pump, and cardiac output measurements. Clinical practice in the cardiac catheterization lab includes circulating, scrubbing, recording, and manipulating the</td>
</tr>
</tbody>
</table>
imaging equipment during both diagnosis and interventional catheterization procedures. Twenty-four hours clinical.

CVT 2738. CARDIOVASCULAR CLINICAL III (8 hours credit) Designed for students to gain additional clinical experience and polish their skills in the cath lab performing all duties involved in diagnostic and interventional cases. Twenty-four hours clinical.

CVT 2812. CARDIOVASCULAR TECHNOLOGY AS A PROFESSIONAL (2 hours credit) The professional relationship of the cardiovascular technologist to other health professionals is presented, along with a basic format for research. Resume preparation and interview skills are also discussed. Students will also present case studies and receive instruction and testing in Advanced Cardiac Life Support (ACLS). Two hours lecture.

Chemistry (CHE)

CHE 1211. GENERAL CHEMISTRY I, LABORATORY (1 hour credit) A laboratory course that contains experiments and exercises that reinforce the principles introduced in CHE 1213 (General Chemistry I, Lecture). Corequisite: concurrent enrollment in CHE 1213.

CHE 1213. GENERAL CHEMISTRY I, LECTURE (3 hours credit) A lecture course that covers the fundamental principles of chemistry and their application. Chemical nomenclature, chemical reactions, stoichiometry, atomic structure, bonding theories, energy, periodic properties, and gas laws are among the topics discussed in depth. Prerequisite: previous credit or concurrent enrollment in MAT 1313 (College Algebra) or higher math course. Corequisite: CHE 1211.

CHE 1221. GENERAL CHEMISTRY II, LABORATORY (1 hour credit) A laboratory course that contains experiments and exercises that reinforce the principles introduced in CHE 1223 (General Chemistry II, Lecture). Corequisite: concurrent enrollment in CHE 1223.

CHE 1223. GENERAL CHEMISTRY II, LECTURE (3 hours credit) A lecture course that covers solutions, kinetics, equilibria, thermodynamics, acid-base chemistry, and electrochemistry. Prerequisite: MAT 1313, CHE 1213, and CHE 1211 with grades of “C” or better. Corequisite: concurrent enrollment in CHE 1221.

CHE 1311. PRINCIPLES OF CHEMISTRY I, LABORATORY (1 hour credit) A laboratory course that contains experiments and exercises that reinforce the principles introduced in CHE 1313, Principles of Chemistry I, Lecture. Corequisite: concurrent enrollment in CHE 1313.

CHE 1313. PRINCIPLES OF CHEMISTRY I, LECTURE (3 hours credit) A lecture course that emphasizes basic terminology, measurement, atomic structure, periodic table, chemical bonding, stoichiometry, energy and states of matter. Prerequisite: one year of high school algebra or previous credit or concurrent enrollment in MAT 1233. Corequisite: concurrent enrollment in CHE 1311.

CHE 1321. PRINCIPLES OF CHEMISTRY II, LABORATORY (1 hour credit) A laboratory course that contains experiments and exercises that reinforce the principles introduced in CHE 1323, Principles of Chemistry II, Lecture. Corequisite: concurrent enrollment in CHE 1323.

CHE 1323. PRINCIPLES OF CHEMISTRY II, LECTURE (3 hours credit) A lecture course that emphasizes chemical stoichiometry, gases, solutions, acids/bases, and an introduction to organic chemistry. Prerequisite: successful completion of CHE 1313/1311 with grades of “C” or better. Corequisite: CHE 1321.

CHE 2420. ORGANIC CHEMISTRY I, LABORATORY A laboratory course that
contains experiments and exercises that reinforce the principles introduced in CHE 2424, Organic Chemistry I, Lecture. Corequisite: concurrent enrollment in CHE 2424.

CHE 2424. ORGANIC CHEMISTRY I, LECTURE & LABORATORY (4 hours credit) A combined lecture and laboratory course that covers carbon chemistry, bonding structure and behavior, aliphatic compounds, stereochemistry, reaction mechanisms and spectroscopy. Labs associated with this course acquaint students with important manipulations and procedures, and the preparation and study of organic compounds. Prerequisite: successful completion of CHE 1223/1221 with grade “C” or better. Corequisite: concurrent enrollment in CHE 2420.

CHE 2430. ORGANIC CHEMISTRY II, LABORATORY A laboratory course that contains experiments and exercises that reinforce the principles introduced in CHE 2434, Organic Chemistry II, Lecture. Corequisite: concurrent enrollment in CHE 2434.

CHE 2434. ORGANIC CHEMISTRY II, LECTURE & LABORATORY (4 hours credit) A combined lecture and laboratory course that covers spectroscopy, aromatic compounds, and other complex compounds with emphasis on reactions and their mechanisms. Labs associated with this course acquaint students with important manipulations and procedures, as well as the preparation and study of aromatic and complex organic compounds. Prerequisite: successful completion of CHE 2424 with grade “C” or better. Corequisite: concurrent enrollment in CHE 2430.

Civil Engineering Technology (CIT)

CIT 1114. ROUTE SURVEYING (4 hours credit) This course teaches highway route design and factors in route location. The calculation and layout of simple horizontal and vertical curves, grades, and related earthwork are covered. Modern surveying, measuring, and mapping instruments, including electronic total stations with data collectors, are used. Photogrammetry principles and applications are studied in a practical setting. Two hours lecture, four hours lab. Prerequisite: Elementary Surveying (CIT 1413).

CIT 1213. ROAD DESIGN AND CONSTRUCTION METHODS AND MATERIALS (3 hours credit) A study of equipment, construction methods, and materials used in the construction of roadways and drainage structures. Three hours lecture.

CIT 1223. ROAD CONSTRUCTION PLANS AND SPECIFICATIONS (3 hours credit) A course to provide students with an introduction to the plans, and specifications for construction of streets and highways. Includes instruction in the interpretation of plans and specifications, the bidding process, and calculation of material and labor costs. Three hours lecture.

CIT 1413. ELEMENTARY SURVEYING (3 hours credit) Basic course dealing with principles of geometry, theory and use of instruments, mathematical calculations, and the control and reduction of errors. One hour lecture, four hours lab. Prerequisite: None.

CIT 2113. LEGAL PRINCIPLES OF SURVEYING (3 hours credit) A study of the legal aspects of boundary controls for the survey and resurvey of real property. Two hours lecture, two hours lab. Prerequisite: Land Surveying Lab (CIT 2434).

CIT 2124. ADVANCED SURVEYING PRACTICES (4 hours credit) A course designed to provide the student with practical applications of skills and knowledge gained in other surveying and related courses. Two hours lecture, four hours lab. Prerequisites: Elementary Surveying (CIT 1413), Route Surveying (CIT 1114), Land Surveying Lab (CIT 2434).

CIT 2413. CONCRETE AND HOT MIX ASPHALT TESTING (3 hours credit)
A course which emphasizes standard procedures for sampling, testing, and evaluating materials used in concrete and hot mix asphalt mixtures. Two hours lecture, two hours lab.

DDT/CIT 2423. MAPPING AND TOPOGRAPHY LAB (3 hours credit) Selected drafting techniques are applied to the problem of making maps, traverses, plot plans, plan and profile drawing using maps, field survey data, aerial photographs and related references, materials including symbols, notations, and other applicable standardized materials. One hour lecture, four hours lab. Prerequisites: Fundamentals of Drafting (DDT 1114), and Principles of CAD (DDT 1313).

CIT 2434. LAND SURVEYING LAB (4 hours credit) This course teaches aspects of boundary controls, principles for land surveying, methods of land boundary location, and land description in accordance with original surveys and resurveys. One hour lecture, six hours lab. Prerequisite: Elementary Surveying (CIT 1413).

CIT 2444. GPS/GIS SURVEYING (4 hours credit) This course teaches principles of surveying utilizing artificial earth orbit satellites and digitizing the information obtained to establish a useful data base. Three hours lecture, two hours lab. Prerequisites: Elementary Surveying (CIT 1413), Route Surveying (CIT 1114), and Land Surveying Lab (CIT 2434).

CIT 291 (1-3). SPECIAL PROJECT (CIVIL ENGINEERING TECHNOLOGY) (1-3 hours credit) A course designed to provide the student with practical application of skills and knowledge gained in other Civil Engineering Technology courses. The instructor works closely with the student to insure that the selection of a project will enhance the student's learning experience. Two-six hours lab. Prerequisites: Minimum of 12 credit hours Civil Engineering Technology related courses.

DDT 1114. FUNDAMENTALS OF DRAFTING (4 hours credit) A course designed to give drafting majors the background needed for all other drafting courses. Two hours lecture, four hours lab. Corequisite: DDT 1313.

DDT 1313. PRINCIPLES OF CAD (3 hours credit) This course will introduce the student to the operating system and how to perform basic drafting skills on the CAD. Two hours lecture, two hours lab. Corequisite: DDT 1114.

Collision Repair Technology (ABT)

ABT 1146. STRUCTURAL ANALYSIS AND DAMAGE REPAIR I (6 hours credit) A course to provide skills and practice in structural analysis and repair procedures that are used in the collision repair industry. This course also covers the complete inspection and non-structural analysis of damaged vehicles. It is designed to enable the student to determine the conditions and severity of the damage, the repair or replacement of parts, the estimated repair time, and correct use of reference manuals. Three hours lecture, Six hours lab.

ABT 1153. STRUCTURAL ANALYSIS AND DAMAGE REPAIR II (3 hours credit) This course is a continuation of Structural Analysis and Damage Repair I. This course provides instruction and practice in unibody inspection, measurement, and repair. Two hours lecture, Two hours lab.

ABT 1223. NON-STRUCTURAL ANALYSIS AND DAMAGE REPAIR I (3 hours credit) A course in the procedures and practices for metal finishing and body filling. This course also covers the complete inspection and non-structural analysis of damaged vehicles. It is designed to enable the student to determine the conditions and severity of the damage, the repair or replacement of parts, the estimated repair time, and correct use of reference manuals. Two hours lecture, Two hours lab.

ABT 1236. NON-STRUCTURAL ANALYSIS AND DAMAGE REPAIR II (3
hours credit) This course is a continuation of Non-Structural Analysis and Damage Repair I. It provides instruction for preparation principles and practices, outer body panel repair and replacement, and adjustment principles and practices. Three hours lecture, Six hours lab.

**ABT 1313. REFINISHING I** (3 hours credit) A course to provide skills and practices in vehicle preparation, cleaning, sanding, metal treatment, and masking. Included is determining imperfections in paint jobs. Emphasis is placed upon personal safety and environmental concerns. One hour lecture, Four hours lab.

**ABT 1323. REFINISHING II** (3 hours credit) Continuation of Refinishing I. Included are types of paint defects and paint gun application and maintenance procedures. One hour lecture, Four hours lab.

**ABT 1443. MECHANICAL AND ELECTRICAL COMPONENTS I** (3 hours credit) A course designed to provide theory and practice in the areas of restraint systems, cooling systems, and air conditioning/heating systems. An introduction to small business management techniques as applied to the collision repair shop includes computerized information and record systems. Also included are financial responsibilities, shop layout, inventory, and employee-employer relations. Three hours lecture.

**ABT 1453. MECHANICAL AND ELECTRICAL COMPONENTS II** (3 hours credit) A continuation of Mechanical and Electrical Components I. A course designed to provide theory and practice in the areas of brakes and electrical. Three hours lecture.

**Commercial Truck Driving (DTV)**

**DTV 1114. COMMERCIAL TRUCK DRIVING I** (4 hours credit) This course is designed to teach fundamental instruction on safety, rules and regulations, driving practices, air brakes, hazardous materials, and emergencies. Includes instruction and practice in performing vehicle inspections, coupling and uncoupling, maneuvering, backing and driving a tractor-trailer truck under varying road and climate conditions. One hour lecture, six hours lab.

**DTV 1124. COMMERCIAL TRUCK DRIVING II** (4 hours credit) This course is a continuation of Commercial Truck Driving I with additional instruction on safety, rules and regulations, driving practices, air brakes, hazardous materials, and emergencies. Includes instruction and practice in performing vehicle inspections, coupling and uncoupling, maneuvering, backing and driving a tractor-trailer truck under varying road and climate conditions. One hour lecture, six hours lab.

**Communications/Broadcasting (COM)**

**COM 2463. WRITING FOR THE ELECTRONIC MEDIA** (3 hours credit) Introductory course to teach the basic skills of broadcast writing, reporting and production.

**COM 2483. INTRODUCTION TO MASS COMMUNICATION** (3 hours credit) A study of the history, organization, mechanics and issues facing the various mass media. Designed to help the student understand the role of mass media in society and how it affects everyday life.

**Computer Science (CSC)**

**CSC 1113. COMPUTER CONCEPTS** (3 hours credit) This is an introductory digital competency course which includes concepts, terminology, operating systems, electronic communications, security risks, digital ethics, and applications. Concepts are demonstrated and supplemented by hands-on computer use. Three hours lecture/lab.
CSC 1123. COMPUTER APPLICATIONS I (3 hours credit) This course is designed to teach computer applications to include word processing, electronic spreadsheet, database management, presentation design, and electronic communications. Three hours lecture/lab. Prerequisite: CSC 1113, IC3 certification, or successful performance on Accuplacer for computer literacy.

CSC 1133. COMPUTER APPLICATIONS II (3 hours credit) This course is a continuation of CSC 1123 with concentration in advanced computer applications to include advanced applications, OLE, and emerging technology. Three hours lecture/lab.

CSC 1213. VISUAL BASIC PROGRAMMING I (3 hours credit) This course is designed to introduce the writing of event-driven programs using the Visual BASIC computer programming language with emphasis on problem solving, documentation, program statements, algorithms, and common routines. Course has lecture with integrated lab components.

CSC 1223. VISUAL BASIC PROGRAMMING II (3 hours credit) This course is designed as a continuation of CSC 1213 with advanced event-driven programming concepts using the Visual Basic language with emphasis on functions, modules, search and sort algorithms, sequential access, random access, and external file management. Course has lecture with integrated lab components. Prerequisite: CSC 1213 with a grade of “C” or higher.

CSC 1613. COMPUTER PROGRAMMING I (JAVA) (3 hours credit) Introduction to problem-solving methods and algorithm development; designing, debugging, branching, looping, scope rules, functions, input/output manipulation (to include text files, simple arrays, and a variety of applications in an object-oriented programming language. Course has lecture with integrated lab components. Prerequisite or corequisite: MAT 1313 or permission of instructor.

CSC 2134. COMPUTER PROGRAMMING I WITH “C++” (4 hours credit) An introduction to problem-solving methods, algorithm development, designing, debugging, and documentation in the C++ language with a variety of applications including: I/O statements, operators, conditional, looping, methods/functions, and array processing. Three hours lecture with CSC 2130 as lab. Prerequisite or corequisite: MAT 1313 or permission of instructor.

CSC 2144. COMPUTER PROGRAMMING II WITH “C++” (4 hours credit) This course is designed to be a continuation of the program and algorithm development and analysis; search/sort methods; dynamic memory management; abstract data types and object-oriented design; designing and debugging larger programs using the C++ language. Three hours lecture with CSC 2140 as lab. Prerequisite: A grade of “C” or better in CSC 2134.

CSC 2623. COMPUTER PROGRAMMING II (JAVA) (3 hours credit) This course is a continuation of the object-oriented language from CSC 1613 and advanced program development, algorithm analysis, string processing, recursion, internal search/sort methods, simple data structures, debugging and testing of large programs. This course has lecture with integrated lab components. Prerequisite: A grade of “C” or better in CSC 1613.

CSC 2844. DATA STRUCTURES (4 hours credit) This course includes advanced data abstraction and corresponding algorithms, memory management, searching and sorting techniques, hash tables, and algorithm analysis. Three hours lecture with CSC 2840 as lab. Prerequisite: A grade of “C” or better in CSC 2144 or CSC 2623.

Cosmetology (COV)

COV 1122. COSMETOLOGY ORIENTATION (2 hours credit) This course will
cover the history, career opportunities, life skills, professional image, Mississippi Cosmetology laws, rules and regulations, and communicating for success in the cosmetology industry. Two hours lecture.

**COV 1245. COSMETOLOGY SCIENCES I** (5 hours credit) This course consists of the study of bacteriology, sterilization, and sanitation. Four hours lecture, three hours lab.

**COV 1426. HAIR CARE I** (6 hours credit) This course consists of the study of properties of the hair and scalp; principles of hair design; shampooing, rinsing, and conditioning; hair cutting; hairstyling; braiding and braid extensions; wigs and hair enhancements; chemical texture services; and hair coloring. Three hours lecture, nine hours lab.

**COV 1222. NAIL CARE I** (2 hours credit) This course consists of basic nail care services including nail structure and growth, manicuring and pedicuring, and advanced nail techniques. One hour lecture, three hours lab.

**COV 1436. HAIR CARE II** (6 hours credit) This course consists of the advanced study of properties of the hair and scalp; principles of hair design; shampooing, rinsing, and conditioning; hair cutting; hairstyling; braiding and braid extensions; wigs and hair enhancements; chemical texture services; and hair coloring. Three hours lecture, nine hours lab.

**COV 1522. NAIL CARE II** (2 hours credit) This course consists of basic nail care services including nail structure and growth, manicuring and pedicuring, and advanced nail techniques. One hour lecture, three hours lab.

**COV 1722. SALON BUSINESS I** (2 hours credit) This course will cover preparing to operate a successful salon. One hour lecture, three hours lab.

**COV 1255. COSMETOLOGY SCIENCES II** (5 hours credit) This course consists of the study of anatomy and physiology. Four hours lecture, three hours lab.

**COV 1622. SKIN CARE I** (2 hours credit) This course consists of the introduction to basic skin care services including anatomy of skin, disorders of skin, hair removal, facials, and facial makeup. One hour lecture, three hours lab.

**COV 1632. SKIN CARE II** (2 hours credit) This course consists of basic skin care services including anatomy of skin, disorders of skin, hair removal, facials, and facial makeup. One hour lecture, three hours lab.

**COV 1443. HAIR CARE III** (3 hours credit) This course consists of the practical applications of the study of properties of the hair and scalp; principles of hair design; shampooing, rinsing, and conditioning; hair cutting; hairstyling; braiding and braid extensions; wigs and hair enhancements; chemical texture services; and hair coloring. Nine hours lab.

**COV 1542. NAIL CARE III** (2 hours credit) This course consists of basic nail care services including nail structure and growth, manicuring and pedicuring, and advanced nail techniques. Six hours lab.

**COV 1263. COSMETOLOGY SCIENCES III** (3 hours credit) This course consists of the application and demonstration of chemistry, and electricity. Two hours lecture, three hours lab.

**COV 1732. SALON BUSINESS II** (2 hours credit) This course will cover operating a successful salon and seeking employment. One hour lecture, three hours lab.

**COV 1642. SKIN CARE III** (2 hours credit) This course consists of advanced skin care services including anatomy of skin, disorders of skin, hair removal, facials, and facial makeup. Six hours lab.

**COV 2816. COSMETOLOGY TEACHER TRAINING I** (6 hours credit) Instruc-
tion will be given in developing appropriate communication skills, effective use of visual aids, identification of various teaching styles, and practical application of cosmetology instruction. Three hours lecture, nine hours clinical lab. Prerequisite: Students must have at least two years of active practical experience as a licensed cosmetologist and currently hold a valid Mississippi cosmetology license.

COV 2826. COSMETOLOGY TEACHER TRAINING II (6 hours credit) Instruction will be given in development of instructional methods, development of visual aids, development of effective evaluation, and practical application of cosmetology instruction. Three hours lecture, nine hours lab.

COV 2836. COSMETOLOGY TEACHER TRAINING III (6 hours credit) Instruction will be given in development of appropriate lesson plans and practical application of cosmetology instruction. Three hours lecture, nine hours lab.

COV 2846. COSMETOLOGY TEACHER TRAINING IV (6 hours credit) Instruction will be given in classroom management techniques; cosmetology laws, rules, and regulations; and practical application of cosmetology instruction. Two hours lecture, twelve hours clinical lab.

Criminal Justice (CRJ)

CRJ 1313. INTRODUCTION TO CRIMINAL JUSTICE (3 hours credit) History, development, and philosophy of law enforcement in a democratic society; introduction to agencies involved in the administration of criminal justice; and career orientation.

CRJ 1323. POLICE ADMINISTRATION AND ORGANIZATION (3 hours credit) Principles of organization and administration in law enforcement as applied to law enforcement agencies; introduction to concepts of organizational behavior.

CRJ 1363. INTRODUCTION TO CORRECTIONS (3 hours credit) An overview of the correctional field; its origins, historical and philosophical background, development, current status, relationship with other facets of the criminal justice system and future prospects.

CRJ 1373. INTRODUCTION TO HOMELAND SECURITY (3 hours credit) The issues pertaining to the role and mission of the Department of Homeland Security and related agencies, both domestic and international.

CRJ 1383. CRIMINOLOGY (3 hours credit) The nature and significance of criminal behavior. Theories, statistics, trends, and programs concerning criminal behavior are covered.

CRJ 2313. POLICE OPERATIONS (3 hours credit) A study of the operation and administration of law enforcement agencies. Particular emphasis is placed on the functions of the patrol division.

CRJ 2323. CRIMINAL LAW (3 hours credit) Basic elements of criminal law under the Constitution of the United States, state Constitutions, and federal and state statutes.

CRJ 2333. CRIMINAL INVESTIGATION (3 hours credit) Principles of investigation, search and recording, collection and preservation of evidence, fingerprinting, photography, sources of information, interviews, interrogation, and investigative problems in major crimes.

CRJ 2513. JUVENILE JUSTICE (3 hours credit) Organization, functions, and jurisdiction of juvenile agencies. Processing, detention, and disposition of cases. Statutes and court procedures applied to juveniles.
CRJ 2713. FOUNDATIONS OF TERRORISM (3 hours credit) Survey of the role of the criminal justice professional in combating terrorism in the modern world.

Early Childhood Education Technology (CDT)

CDT 1113. EARLY CHILDHOOD PROFESSION (3 hours credit) This course is an introduction to the profession of early childhood, types of early childhood programs, and theories of child development. Students are required to develop observational skills through laboratory experience. Two hours lecture and two hours lab.

CDT 1214. INFANT AND TODDLER DEVELOPMENT (4 hours credit) This course provides knowledge concerning the care and development of infants and toddlers in early childhood programs. Three hours lecture and two hours lab.

CDT 1224. PRESCHOOL DEVELOPMENT (4 hours credit) This course provides knowledge concerning the care and development of preschool children in group settings. Practice is given in preschool children caregiving in group settings through classroom laboratory or collaborative centers. (ages 3–8). Three hours lecture and two hours lab.

CDT 1313. CREATIVE ARTS FOR YOUNG CHILDREN (3 hours credit) This course is designed to plan and develop creative art activities with children birth to age eight. Activities will be implemented during Initial Practicum and Advanced Practicum. Three hours lecture.

CDT 1344. CHILD HEALTH, SAFETY AND NUTRITION (4 hours credit) This course emphasizes health, safety, and nutrition practices in the care and education of young children that includes health and safety issues required by the Mississippi Department of Health (MDH) Regulations Governing Licensure of Childcare Facilities and referenced in the Infant Toddler Environmental Rating Scale Revised (ITERS-R) and Early Childhood Environmental Rating Scale Revised (ECERS-R). Two hours lecture. Corequisite: CDT 1340.

CDT 1340. CHILD HEALTH, SAFETY AND NUTRITION LAB (0 hours credit) A laboratory course that contains experiences in preparing nutritious meals and snacks for the children in the Child Enrichment Center. The laboratory experiences reinforce the principles and concepts introduced in CDT 1343. Two hours lab. Corequisite: CDT 1343.

CDT 1713. LANGUAGE AND LITERACY DEVELOPMENT FOR YOUNG CHILDREN (3 hours credit) This course includes the study of oral and written language development of young children and the implementation of a developmentally appropriate language arts curriculum. The Mississippi Early Learning Guidelines, Infant Toddler Environmental Rating Scale Revised (ITERS-R), and Early Childhood Environmental Rating Scale Revised (ECERS-R) are utilized. Three hours lecture.

CDT 2233. GUIDING SOCIAL AND EMOTIONAL BEHAVIOR (3 hours credit) This course focuses on the identification of developmental stages and environmental influences on young children's behavior. Positive guidance principles are discussed and practiced to ensure a productive learning environment. Resources include the Mississippi Department of Health Regulations Governing Licensure of Childcare Facilities, Mississippi Early Learning Standards and Guidelines, Infant Toddler Environmental Rating Scale Revised (ITERS-R), and Early Childhood Environmental Rating Scale Revised (ECERS-R). Lab activities will be implemented during Initial Practicum and Advanced Practicum. Three hours lecture.

CDT 2413. DEVELOPMENT OF THE EXCEPTIONAL CHILD (3 hours credit) This course focuses on the identification of atypically developing children, family, and classroom intervention strategies and available support services. Legal, ethical, legisla-
tive, and family issues will be explored. Resources include Mississippi Early Learning Guidelines, Infant Toddler Environmental Rating Scale Revised (ITERS-R), and Early Childhood Environmental Rating Scale Revised (ECERS-R). Two hours lecture and two hours lab.

CDT 2513. FAMILY DYNAMICS AND COMMUNITY INVOLVEMENT (3 hours credit) This course prepares students for successful partnerships with children’s families and communities. They explore ways to create respectful, reciprocal relationships that support and empower families and to involve all families in their children’s development and learning (ages birth to 8 years). Three hours lecture.

CDT 2613. METHODS, MATERIALS AND MEASUREMENTS (3 hours credit) This course specializes in an integrated approach to planning, preparing, implementing, and evaluating early childhood curriculum and environments. As students gain a broader understanding of young children, this knowledge will be reflected in their curriculum planning. Students will gain strategies for organizing, analyzing and interpreting observation data to improve program quality and meet the needs of individual children. The learning experiences will be implemented during Initial Practicum and Advanced Practicum. Three hours lecture. Corequisite: CDT 2915. Prerequisites: CDT 1713 and CDT 1313 (must have “C” or higher).

CDT 2714. SOCIAL STUDIES, MATH, AND SCIENCE FOR YOUNG CHILDREN (4 hours credit) This course provides instructional and hands-on techniques in planning developmentally appropriate activities in social studies, math, and science for young children. Lab activities with the children are implemented during Initial Practicum and Advanced Practicum. Four hours lecture.

CDT 2813. ADMINISTRATION OF PROGRAMS FOR YOUNG CHILDREN (3 hours credit) This course provides an overview of the development and administration of early childhood education programs. Emphasis is placed on evaluation of policies and procedures, organizational structure, management, and the quality measures through state agencies. Three hours lecture.

CDT 2915. INITIAL PRACTICUM (5 hours credit) This course is a supervised practicum which includes a minimum of 150 clock hours of observation and supervised teaching in an approved early childhood setting. The course provides the application of evidence based best practices of early education principles and theories. Students work to create an environment that is safe, healthy, and developmentally appropriate to promote an optimum learning environment for young children. Ten hours lab. Prerequisite: CDT 1313 and CDT 1713 (must earn a “C” or better). Co-requisite: CDT 2613.

CDT 2945. ADVANCED PRACTICUM (5 hours credit) This course is a supervised practicum which includes a minimum of 150 clock hours of supervised teaching in an approved early childhood setting. The course is a capstone course which focuses on the student’s demonstration of competencies throughout the daily routine using a unit of study for young children. It is usually the last course taken before completion of the program. Ten hours lab. Prerequisites: CDT 2613 and CDT 2915. May be taken along with CDT 2613 and CDT 2915, if necessary to graduate.

Economics (ECO)

ECO 2113. PRINCIPLES OF MACROECONOMICS (3 hours credit) The study of a nation’s economy to include the following topics: supply and demand, production possibilities, monetary and fiscal policies, factors of production, GDP/business cycles and economic growth and circular flow of market.

ECO 2123. PRINCIPLES OF MICROECONOMICS (3 hours credit) The study of firms, industries and consumers to include the following topics: supply and demand, elasticity of demand and supply, consumer choice theory, production and cost theory and market structures.
Education (EPY)

EPY 2533. HUMAN GROWTH AND DEVELOPMENT (3 hours credit) A study of human growth and development from conception through late adulthood, including death and dying. Topics include physical, psychosocial and cognitive development.

Emergency Medical Technology-Paramedic (EMS)

EMS 1118. EMT (8 hours credit) This course includes responsibilities of the EMT during each phase of an ambulance run, patient assessment, emergency medical conditions, appropriate emergency care, and appropriate procedures for transporting patient. Five hours lecture, four hours lab, three hours clinical.

EMS 1122. INTRODUCTION TO EMS SYSTEMS (2 hours credit) This course introduces the student to the EMS systems, roles and responsibilities of the paramedic, well being of the paramedic, illness and injury prevention, medical-legal issues, ethical issues, therapeutic communications, and life span development. One hour lecture, two hours lab.

EMS 1314. AIRWAY MANAGEMENT: RESPIRATIONS & OXYGENATION (4 hours credit) This course will provide the student with the essential knowledge to attain a patent airway and manage the respiratory system using advanced techniques. Two hours lecture, four hours lab.

EMS 1414. PATIENT ASSESSMENT (4 hours credit) This course will teach comprehensive history taking and physical exam techniques. Two hours lecture, four hours lab.

EMS 1513. EMS PRACTICUM I (3 hours credit) This course will provide clinical training on the skills and knowledge obtained in the classroom and laboratory. This will be a supervised activity carried out in the clinical setting at approved sites with a preceptor.

EMS 1825. CARDIOLOGY (5 hours credit) This course will teach a comprehensive approach to the care of the patient with acute and complex cardiovascular compromise. Two hours lecture, six hours lab.

EMS 1614. PHARMACOLOGY (4 hours credit) This course will teach comprehensive pharmacodynamics and pharmacokinetics. Two hours lecture, four hours lab.

EMS 2855. MEDICAL (5 hours credit) This course will provide a detailed understanding of the anatomic structures, physiology, and pathophysiology encountered when providing care in medical emergencies involving pulmonary, allergy and anaphylaxis, gastroenterology, renal urology, hematology, neurology, endocrinology, toxicology, and environmental emergencies. Three hours lecture, four hours lab.

EMS 1525. EMS PRACTICUM II (5 hours credit) This course will provide clinical training on the skills and knowledge obtained in the classroom and laboratory. This will be a supervised activity carried out in the clinical setting at approved sites with a preceptor.

EMS 2714. TRAUMA (4 hours credit) This course will provide advanced instruction in the integration of pathophysiological principles and assessment findings to formulate a field impression and implement a treatment plan for a suspected trauma patient. Two hours lecture, four hours lab.

EMS 2414. MATERNAL/CHILD EMERGENCIES (4 hours credit) This course will provide a detailed understanding of the anatomic structures, physiology, and pathophysiology encountered when providing care in new maternal and child emergencies. Two hours lecture, four hours lab.

EMS 2912. EMS OPERATIONS (2 hours credit) This course teaches the skills necessary to manage complex and/or multipatient situations. One hour lecture, two hours lab.

EMS 1422. SPECIAL PATIENT POPULATIONS (2 hours credit) This course will provide a comprehensive overview of providing care for the patient with special needs. One hour lecture, two hours lab.
EMS 2565. EMS PRACTICUM III (5 hours credit) This course provides clinical training in the skills and knowledge obtained in the classroom with an emphasis on leadership skills. This will be supervised activity carried out in the field setting at approved sites with a preceptor.

Engineering (EGR)

EGR 2413. ENGINEERING MECHANICS I: STATICS (3 hours credit) A lecture course covering the equilibrium of point objects and extended objects in two and three dimensions using vector algebra. Also discussed are distributed forces, structures, friction, and moments of inertia in two and three dimensions. Prerequisite: PHY 2513.

English (ENG)

ENG 0123. INTERMEDIATE ENGLISH AND READING (3 hours credit) An integrated course designed to advance students to college level writing skills and reading strategies who have not met the prerequisites for ENG 1113 English Composition I. Placement is based on the English ACT sub-score (16 or below) or performance on the local English placement test in Accuplacer. Three lecture hours. For institutional credit only. Hours do not count toward graduation and will not transfer. A grade of “C” or better is required to pass and to move into ENG 1113. Students making a “D” or “F” must remain in ENG 0123.

ENG 0143. COMPOSITION STUDIO COMPANION (3 hours credit) A companion course to ENG 1113 designed to provide direct support and scaffolding exercises for specific projects in the credit bearing course. Peer collaboration and one-on-one instructional support through the writing process are emphasized. Three lecture hours; for institutional credit only. Hours do not count toward graduation and will not transfer.

ENG 1113. ENGLISH COMPOSITION I (3 hours credit) This course prepares the student to think critically and compose texts for academic and professional rhetorical situations. Prerequisite: English ACT sub-score of 17 or above, or ENG 0123 with a grade of “C” or higher. Alternate Corequisite Pathway: Students with an English ACT sub-score of 15 or 16 may choose to be placed into both ENG 1113 and ENG 0143 in the same semester (if sections/seats are available).

ENG 1123. ENGLISH COMPOSITION II (3 hours credit) A continuation of ENG 1113 with emphasis on research, argumentation, and composition. Readings, essays, and a research paper are required. Prerequisite: ENG 1113.

ENG 2133. CREATIVE WRITING I (3 hours credit) This course involves reading and writing poetry, short fiction, creative nonfiction, and/or drama. Prerequisite: ENG 1113.

ENG 2143. CREATIVE WRITING II (3 hours credit) A continuation of reading and writing poetry, short fiction, creative non-fiction, and/or drama. Elective. Prerequisite: ENG 1113.

ENG 2223. AMERICAN LITERATURE I (3 hours credit) A survey of representative prose and poetry of the United States from its beginnings to the Civil War. Prerequisite: ENG 1123.

ENG 2233. AMERICAN LITERATURE II (3 hours credit) A survey of representative prose and poetry of the United States from the Civil War to the present. Prerequisite: ENG 1123.

ENG 2323. BRITISH LITERATURE I (3 hours credit) A survey of British Literature from the Anglo-Saxon Period through the Restoration and 18th Century. Prerequisite: ENG 1123.
ENG 2333. BRITISH LITERATURE II (3 hours credit) A survey of British Literature from the Romantic Period through the 20th Century. Prerequisite: ENG 1123.

ENG 2423. WORLD LITERATURE I (3 hours credit) A survey of texts representative of global and historical diversity from the ancient world through the early modern world. Prerequisite: ENG 1123.

ENG 2433. WORLD LITERATURE II (3 hours credit) A survey of texts representative of global and historical diversity from the Enlightenment Period to the present. Prerequisite: ENG 1123.

ENG 2513. SURVEY OF AFRICAN-AMERICAN LITERATURE (3 hours credit) A survey of the literature of major African-American writers from its Vernacular Tradition to the present. Prerequisite: ENG 1113.

ENG 2613. THE FILM AS LITERATURE (3 hours credit) An introduction to the aesthetic elements of film through the study of current and classic motion pictures as forms of literary and cinematic expression. Elective. Prerequisite: ENG 1113.

ENG 2813. WRITING CENTER PEER TUTORING (3 hours credit) This course introduces students to writing center history, theory, and practices, preparing them to work in writing centers as peer tutors. Prerequisite: ENG 1123 English Composition II.

Family & Consumer Science (FCS)

FCS 1253. NUTRITION (3 hours credit) A study of nutrients required for growth and optimal health emphasizing recommended nutrient intake, food selection, digestion, absorption, transport, metabolism and body functions. (Same as BIO 1613)

Funeral Service Technology (FST)

FST 1113. MORTUARY ANATOMY I (3 hours credit) A study of human anatomical structure with orientation to the embalming process. Three hours lecture.

FST 1123. MORTUARY ANATOMY II (3 hours credit) Emphasis on circulatory, excretory, endocrine, and digestive systems. Three hours lecture. Prerequisite: Mortuary Anatomy I (FST 1113).

FST 1213. EMBALMING I (3 hours credit) Basic orientation to embalming. Included are the physical and chemical changes in the dying process; the study of the vascular system, or case analysis and the moral and ethical considerations in preparation of human remains; and a study of the chemical compositions of embalming fluid. Three hours lecture.

FST 1224. EMBALMING II (4 hours credit) Emphasis on special problems encountered in embalming. Procedures and techniques for preservation, disinfection, and restoration of the dead human body. Participate in 10 clinical embalming cases. Three hours lecture, one hour clinical lab which includes participation in at least 10 embalming cases. Prerequisite: Embalming I (FST 1213).

FST 1314. FUNERAL DIRECTING (4 hours credit) The total funeral service education environment. Includes duties, responsibilities, and skills required to be a funeral director. Three hours lecture.

FST 1413. FUNERAL SERVICE ETHICS AND LAW (3 hours credit) Comprehensive review of the legal aspects involved in funeral services. Three hours lecture.

FST 1523. RESTORATIVE ART/COLOR AND COSMETICS (3 hours credit) An in-depth study of anatomical modeling, including familiarization with instruments,
materials, and techniques of rebuilding human features. Study of color theory, cosmetics, and application of restorative techniques in the funeral setting. Three hours lecture.

**FST 2323. FUNERAL MERCHANDISING AND MANAGEMENT** (3 hours credit) Study of merchandising and general business procedures necessary to operate a successful funeral practice. Three hours lecture.

**FST 2623. MICROBIOLOGY** (3 hours credit) Microbiology is the study that concentrates on those organisms that are related to disease formation and in particular, those that are of interest to the mortuary service. Three hours lecture. Prerequisite: FST 1113.

**FST 2633. PATHOLOGY** (3 hours credit) Pathology is the study of disease—specifically, the study of the structure and function of the body as it is affected by disease. Three hours lecture. Prerequisite: FST 1113.

**FST 2713. PSYCHOSOCIAL ASPECTS OF GRIEF** (3 hours credit) A study of various groups as to their relationship to the funeral, death, and disposition. Includes psychological aspects of emotions with emphasis on counseling techniques and grief resolution. Three hours lecture.

**FST 2812. COMPREHENSIVE REVIEW** (2 hours credit) Review of entire curriculum, culminating with an exam designed to prepare students for the national board or various state board examinations. Two hours lab. Prerequisites: Student must be in their final semester, have a GPA of 2.0 or better, taking only one FST course and have permission from the program director.

**Geographical Information Technology (GIT)**

**GIT 2113. DATABASE CONSTRUCTION AND MAINTENANCE** (3 hours credit) A course designed to teach database concepts and goals of database management systems, and relational, hierarchical, and network models of data. Included are Structured Query Language (SQL) and methods of organizing and accessing data. (3,2,2).

**GIT 2123. FUNDAMENTALS OF GEOGRAPHICAL INFORMATION SYSTEMS** (3 hours credit) This course includes the use of computer mapping and database in multiple applications. Included are incorporation of imagery and data into a graphical oriented database system. Also included are the fundamentals of geographical information systems techniques, approaches, and applications. (3,2,2).

**GIT 2273. REMOTE SENSING** (3 hours credit) This course includes a discussion of a variety of remote sensing data collections methods. The course deals with manual interpretation data from photographs and other imagery (3,2,4).

**GIT 2333. INTRODUCTION TO ARCVIEW** (3 hours credit) This course provides the foundation for developing a geographic information system using ArcView software. The course gives students the conceptual overview and hands-on experience needed to take full advantage of ArcView software’s display analysis and presentation mapping functions. Students learn basic ArcView functionality and become familiar with the components of the ArcView graphical user interface.

**Geography (GEO)**

**GEO 1113. WORLD REGIONAL GEOGRAPHY** (3 hours credit) A regional survey of the basic geographic features and major new developments of the nations of the world. Three hours lecture.
GEO 1123. PRINCIPLES OF GEOGRAPHY (3 hours credit) A course which deals with the basic content of geography, planetary relationships of the earth, interpretation and use of maps, elements of weather and climate, regional distribution of climatic elements and the interrelationship of man's physical and cultural landscapes. Three hours lecture.

Graphic Design Technology (CAT)

CAT 1113. GRAPHIC DESIGN AND PRODUCTION I (3 hours credit) An introduction to the skills of layout, typography and the fundamentals needed for the graphic artist. The course will provide selected experiences involving layout, paste up, simple renderings, printing processes, camera ready layouts, mechanicals, and layout formats. Six hours lab.

CAT 1123. GRAPHIC DESIGN AND PRODUCTION II (3 hours credit) A continuation of Graphic Design and Production I with concentration on color printing, industry terminology and standards, corporate identity, and branding with continued emphasis on design, typography, and balance. The course will utilize current computer technology. Six hours lab. Prerequisites: CAT 1113, CAT 1143, CAT 1213, CAT 2313.

CAT 1143. TYPOGRAPHY (3 hours credit) A comparison of traditional uses of typography with those of a more contemporary approach. This is an in-depth exploration of type in relation to meaning and form with a refined application of drawing skills before final output on computer. Two hours lecture, two hours lab.

CAT 1153. DRAWING FOR DESIGNERS I (3 hours credit) This course is designed to introduce the student to the basics of beginning drawing as an aesthetic form utilizing a variety of mediums in black and white. The student will become aware of his or her own style and personality of his or her work while referencing other master artists. This course is designed to solve problems by providing suitable subjects for practicing each of five basic perceptual skills: the perception of edges, spaces, relationships, light and shadow, and gestalt. Two hours lab.

CAT 1163. DRAWING FOR DESIGNERS II (3 hours credit) This course introduces color media, continues to build observational skills, and pushes creative skills by exploring dynamic composition as it affects content. Two hours lecture, two hours lab.

CAT 1213. FUNDAMENTALS OF GRAPHIC COMPUTERS (3 hours credit) An introduction to graphic interface computers related to the graphic design/commercial art industry, utilizing current software and related hardware. One hour lecture, four hours lab.

CAT 2133. GRAPHIC DESIGN STUDIO (3 hours credit) A concentrated study in graphic design specifically related to regional industry needs. Emphasis will be placed on projects such as brochures, billboards, newsletters, flyers, newspaper ads, story boards, etc., according to industry needs. One hour lecture, four hours lab. Prerequisites: CAT 1113, CAT 1143, CAT 1213, CAT 2313.

CAT 2313. BASIC ADVERTISING DESIGN (3 hours credit) Concepts and methodology related to the graphic design/commercial art industry utilizing current software and related hardware. Six hours lab.

CAT 2323. ADVANCED ADVERTISING DESIGN (3 hours credit) A continuation of Basic Advertising Design with emphasis on graphic computers to develop and produce advanced graphic design/commercial art projects. This course utilizes equipment and software used in industry. Six hours lab. Prerequisites: CAT 1113, CAT 1143, CAT 1213, CAT 2313.

CAT 2334. PRACTICAL ADVERTISING TECHNIQUES (4 hours credit) Performance skills needed for productive employment in the graphic design/commercial
art field. Two hours lecture, four hours lab. Prerequisites: CAT 1113, CAT 1143, CAT 1213, CAT 2313.

CAT 291 (1-6). SPECIAL PROJECT IN GRAPHIC DESIGN TECHNOLOGY I (1-6 hours credit) Practical applications of skills and knowledge gained in other Graphic Design Technology courses. The instructor works closely with the student to ensure that selection of a special project enhances the student’s learning experience. Four to five contact hours.

CAT 292 (1-6). SUPERVISED WORK EXPERIENCE IN GRAPHIC DESIGN TECHNOLOGY (1-6 hours credit) This course is a cooperative program between industry and education and is designed to integrate the student’s technical studies with industrial experience. Variable credit is awarded on the basis of one semester hour per 45 industrial contact hours. Three to 18 hours externship. Prerequisites: Consent of instructor and the completion of two semesters of coursework in the Graphic Design Technology program.

WDT 1123. WEB DEVELOPMENT (3 hours credit) Introduces the Internet and its uses in the world of business, including basic and advanced features of the Internet, World Wide Web, browsers, and creating web pages. Upon completion of this course, students will be able to send e-mail messages, download files using a browser and an FTP program and create web pages using HTML.

WDT 1314. CLIENT SIDE PROGRAMMING (4 hours credit) This course offers an introduction to Javascript programming and CSS. Upon completion students will be able to create Javascript programs, insert them into web pages and use CSS to control the appearance of a web page. Prerequisite: WDT 1123.

WDT 1414. WEB DESIGN APPLICATIONS (4 hours credit) This course offers skills and strategies to create various professional web pages and complete websites using WYSIWYG editors (Dreamweaver, Wordpress). Upon completion the student will be able to construct and maintain professional standard websites. Prerequisite: WDT 1123.

WDT 2263. WEB GRAPHICS PRODUCTION (3 hours credit) An in-depth study of producing and utilizing graphic elements designed for Internet or web application. Emphasis is placed equally on aesthetics, technical requirements, and principles of interactive design. The course will provide a concentrated study related to color management, typography, graphic development and manipulation, digital imaging, and creating dynamic Web experiences. The focus is on the production and manipulation of individual elements and is recommended as a supplement to a web design application course or previous experience. One hour lecture, four hours lab.

WDT 2723. E-COMMERCE AND INTERNET MARKETING (3 hours credit) Provides the opportunity to develop strategies and skills to build e-commerce websites and understand their role in business infrastructures. Also offers an introduction into Internet marketing. On completion the student will be able to create an e-commerce website and develop an Internet marketing strategy.

WDT 2913. SPECIAL PROJECTS (3 hours credit) Practical applications of skill and knowledge gained in other Web Development Technology courses. The instructor works closely with the student to ensure that selection of a special project enhances the student’s learning experiences. (1–6 sch: 45 contact hours per sch)

Graphics and Drawing (GRA)

GRA 1140. GRAPHIC COMMUNICATIONS LABORATORY (0 hours credit) As a continuation of the GRA 1143 Graphic Communications course, the laboratory portion contains instruction and practical applications necessary for the utilization of CAD (Computer Aided Drawing) software to reinforce and apply the principles, stan-
dards and techniques to produce technical drawings as discussed in the lecture portion of the course.

GRA 1143. GRAPHIC COMMUNICATIONS (3 hours credit) Orthographic projections, multi-view projections, general use of instruments, points, lines, planes and identities. Computer-assisted design and drawing on computer.

Health Care Assistant (HCA)

HCA 1115. BASIC HEALTH CARE ASSISTING (5 hours credit) This course includes orientation to program policies, developing employability and job-seeking skills, applying legal aspects of health care, applying safety considerations, communication and observation skills, medical terminology, and basic health care procedures. Two hours lecture, four hours lab, three hours clinical.

HCA 1125. SPECIAL CARE PROCEDURES (5 hours credit) This course includes admitting, transferring, and discharging patients; assisting with diagnostic procedures for patients; assisting with treatments for patients; assisting with elimination needs of patients; basic knowledge and skills required to care for the long-term care resident; and CPR/first aid. Safety is emphasized throughout each procedure. Prerequisite: Basic Health Care Assisting (HCA 1115). Two hours lecture, two hours lab, six hours clinical.

HCA 1214. BODY STRUCTURE AND FUNCTION (4 hours credit) This course includes study of the structure, function, common disorders, and normal aging-related changes of the integumentary, musculoskeletal, nervous, circulatory, respiratory, digestive, urinary, reproductive, endocrine, and sensory systems; stages of human growth and development; and nutritional needs through the life cycle. Prerequisite: Basic Health Care Assisting (HCA 1115). Three hours lecture, two hours lab.

HCA 1312. HOME HEALTH AIDE AND HOMEMAKER SERVICES (2 hours credit) This course includes basic knowledge and skills required to care for the home-bound patient; and basic knowledge and skills required to provide homemaker services. Prerequisite: All core courses. One hour lecture, two hours lab.

Health, Physical Education and Recreation (HPR)

HPR 1111. GENERAL PHYSICAL EDUCATION ACTIVITIES I (1 hour credit) This course is designed to give students a current concept of physical education and recreation by developing body skills while engaging in various anaerobic and aerobic activities.

HPR 1121. GENERAL PHYSICAL EDUCATION ACTIVITIES II (1 hour credit) This course is designed to give students a current concept of physical education and recreation by developing body skills while engaging in various anaerobic and aerobic activities.

HPR 1131. VARSITY SPORTS I (1 hour credit) Participation in varsity sports, including Baseball, Men’s Basketball, Women’s Basketball, Cheer, Football, Golf, Rodeo, Men’s Soccer, Softball, Women’s Soccer, and Tennis.

HPR 1141. VARSITY SPORTS II (1 hour credit) Participation in varsity sports, including Baseball, Men’s Basketball, Women’s Basketball, Cheer, Football, Golf, Rodeo, Men’s Soccer, Softball, Women’s Soccer, and Tennis.

HPR 1213. PERSONAL AND COMMUNITY HEALTH (3 hours credit) Application of principles and practices of healthful living to the individual and community, major health problems and the mutual responsibilities of home, school, and health agencies.
HPR 1313. INTRODUCTION TO KINESIOLOGY/HEALTH, PHYSICAL EDUCATION, AND RECREATION (3 hours credit) Introduction to the various fields of study within kinesiology/health, physical education, and recreation. Discussion of the responsibilities and opportunities of professional personnel. Orientation of student to opportunities in the field.

HPR 1511(2). TEAM SPORTS I (1-2 hours credit) Rules, techniques, participation and equipment in team sports, including Volleyball Techniques, Tennis, and Badminton Techniques.

HPR 1521(2). TEAM SPORTS II (1-2 hours credit) Rules, techniques, participation and equipment in team sports, including Volleyball Techniques, Tennis, and Badminton Techniques.

HPR 1531(2). INDIVIDUAL AND DUAL SPORTS I (1-2 hours credit) Rules, techniques, participation and equipment in individual and dual sports, including Fundamentals of Golf.

HPR 1541(2). INDIVIDUAL AND DUAL SPORTS II (1-2 hours credit) Rules, techniques, participation and equipment in individual and dual sports, including Fundamentals of Golf.

HPR 1551. FITNESS AND CONDITIONING TRAINING I (1 hour credit) Instruction and practice of basic principles of fitness and conditioning through a variety of exercises and activities.

HPR 1561. FITNESS AND CONDITIONING TRAINING II (1 hour credit) Instruction and practice of basic principles of fitness and conditioning through a variety of exercises and activities.

HPR 2111. GENERAL PHYSICAL EDUCATION ACTIVITIES III (1 hour credit) This course is designed to give students a current concept of physical education and recreation by developing body skills while engaging in various anaerobic and aerobic activities.

HPR 2121. GENERAL PHYSICAL EDUCATION ACTIVITIES IV (1 hour credit) This course is designed to give students a current concept of physical education and recreation by developing body skills while engaging in various anaerobic and aerobic activities.

HPR 2131. VARSITY SPORTS III (1 hour credit) Participation in varsity sports, including Baseball, Men's Basketball, Women's Basketball, Cheer, Football, Golf, Rodeo, Men's Soccer, Softball, Women's Soccer, and Tennis.

HPR 2141. VARSITY SPORTS IV (1 hour credit) Participation in varsity sports, including Baseball, Men's Basketball, Women's Basketball, Cheer, Football, Golf, Rodeo, Men's Soccer, Softball, Women's Soccer, and Tennis.

HPR 2213. FIRST AID AND CPR (3 hours credit) Instruction and practice in methods prescribed in the American Red Cross or American Heart Association standard and advanced courses.

HPR 2511(2). TEAM SPORTS III (1-2 hours credit) Rules, techniques, participation and equipment in team sports, including Volleyball Techniques, Tennis, and Badminton Techniques.

HPR 2521(2). TEAM SPORTS IV (1-2 hours credit) Rules, techniques, participation and equipment in team sports, including Volleyball Techniques, Tennis, and Badminton Techniques.

HPR 2531(2). INDIVIDUAL AND DUAL SPORTS III (1-2 hours credit) Rules, techniques, participation and equipment in individual and dual sports, including Fundamentals of Golf.
HPR 2541(2). INDIVIDUAL AND DUAL SPORTS IV (1-2 hours credit) Rules, techniques, participation and equipment in individual and dual sports, including Fundamentals of Golf.

HPR 2551. FITNESS AND CONDITIONING TRAINING III (1 hour credit) Instruction and practice of basic principles of fitness and conditioning through a variety of exercises and activities.

HPR 2561. FITNESS AND CONDITIONING TRAINING IV (1 hour credit) Instruction and practice of basic principles of fitness and conditioning through a variety of exercises and activities.

Heating, Air Conditioning and Refrigeration Technology (ACT)

ACT 1004. INTRODUCTION TO HEATING AND AIR CONDITIONING TECHNOLOGY (4 hours credit) This course is designed to introduce students to the fundamentals skills associated with all HVAC courses. Safety, basic tools, special tools, and equipment, communication skills, employability skills, and materials handling topics are included.

ACT 1124. BASIC COMPRESSION REFRIGERATION (4 hours credit) An introduction to the field of refrigeration and air conditioning. Emphasis is placed on principles of safety, thermodynamics, heat transfer, recovery, and lubricants. Two hours lecture, four hours lab.

ACT 1134. BRAZING AND PIPING (4 hours credit) Various tools and pipe connecting techniques. Covers tools and test equipment required in heating, ventilation, air conditioning, and refrigeration. Two hours lecture, four hours lab.

ACT 1213. CONTROLS (3 hours credit) Fundamentals of gas, fluid, electrical, and programmable controls. Two hours lecture, two hours lab.

ACT 1313. REFRIGERATION SYSTEM COMPONENTS (3 hours credit) An in-depth study of the components and accessories of a sealed system including metering devices, evaporators, compressors, and condensers. Two hours lecture, two hours lab.

ACT 1713. ELECTRICITY FOR HEATING, VENTILATION, AIR CONDITIONING, AND REFRIGERATION (3 hours credit) Basic knowledge of electricity, power distribution, components, solid state devices, and electrical circuits. Two hours lecture, four hours lab.

ACT 2324. COMMERCIAL REFRIGERATION (4 hours credit) A study of various commercial refrigeration systems. It includes installation, servicing, and maintaining systems. Two hours lecture, four hours lab. Prerequisite: must complete freshman courses and have CORE and Type I EPA certification.

ACT 2413. HVAC I (3 hours credit) Various types of residential and commercial air conditioning, including hydronic, absorption, and desiccant systems. Two hours lecture, two hours lab. Prerequisite: must complete freshman courses and have CORE and Type I EPA certification.

ACT 2425. HVAC II (5 hours credit) An in-depth course in the installation, start-up, maintenance, and air quality of complete heating and air conditioning systems. Two hours lecture, six hours lab. Prerequisite: must complete freshman courses and have CORE and Type I EPA certification.

ACT 2433. REFRIGERANT, RETROFIT, AND REGULATIONS (3 hours credit) Regulations and standards for new retrofit and government regulations. Includes
OSHA regulations, EOA regulations, local, and state codes. Two hours lecture, four hours lab. Prerequisite: must complete freshman courses and have CORE and Type I EPA certification.

**ACT 2513. HEATING SYSTEMS** (3 hours credit) Various types of residential and commercial heating systems. Includes gas, oil, electric, compression, and hydroponic heating systems. Two hours lecture, four hours lab. Prerequisite: must complete freshman courses. Prerequisite: must complete freshman courses and have CORE and Type I EPA certification.

**ACT 2623. HEAT LOAD AND AIR PROPERTIES** (3 hours credit) Introduction to heat load calculations for residential and light commercial heating, ventilation, air conditioning, and refrigeration systems. Included are air distribution, duct sizing, selection of grills and registers, types of fans, air velocity, and fan performance. An introduction is provided to air testing instruments and computer usage. Two hours lecture, two hours lab. Prerequisite: must complete freshman courses and have CORE and Type I EPA certification.

**ACT 2912. SPECIAL PROJECT IN HEATING, AIR CONDITIONING AND REFRIGERATION TECHNOLOGY** (2 hours credit) A course designed to provide the student with practical application of skills and knowledge gained in the courses. The instructor works closely with the student to ensure that the selection of a project will enhance the student's learning experience. Two to six hours lab.

**History (HIS)**

**HIS 1113. WESTERN CIVILIZATION I** (3 hours credit) This is a general survey of Western Civilization from ancient times to mid-17th century.

**HIS 1123. WESTERN CIVILIZATION II** (3 hours credit) This is a general survey of Western Civilization since the 17th century.

**HIS 1163. CIVILIZATIONS I** (3 hours credit) This is a general survey of world history from ancient times to the 1500s.

**HIS 1173. CIVILIZATIONS II** (3 hours credit) This is a general survey of world history from the 1500s to modern times.

**HIS 2213. AMERICAN (U.S.) HISTORY I** (3 hours credit) This is a survey of American (U.S.) history to 1877.

**HIS 2223. AMERICAN (U.S.) HISTORY II** (3 hours credit) This is a survey of American (U.S.) history since 1877.

**Hotel and Restaurant Management Technology (HRT)**

**HRT 1114. CULINARY PRINCIPLES I** (4 hours credit) Introduction to the food service industry emphasizing sanitation and safety, tools and equipment, basic cooking principles, the recipe (its structure and use), the menu, and fundamentals of food preparation and cookery emphasizing high standards for preparation of, but not limited to such foods as stocks, sauces, soups, and meats. Four hours lecture, two hours lab.

**HRT 1123. HOSPITALITY AND TOURISM INDUSTRY** (3 hours credit) An introduction to the hospitality and tourism industry. Discussions and industry observations to discover the opportunities, trends, problems, and organizations in the field. Three hours lecture.

**HRT 1213. SANITATION AND SAFETY** (3 hours credit) Basic principles of microbiology, sanitation, and safety for a food service operation. The course studies the en-
environmental control application through the prevention of food-borne illnesses, cleaning material and procedures, general safety regulations, food processing methods, first aid, and fire prevention. Two hours lecture, two hours lab.

**HRT 1224. RESTAURANT AND CATERING OPERATIONS** (4 hours credit) This course focuses on principles of organizing and managing food and beverage facilities and catering operations. Four hours lecture, two hours lab. Prerequisite: Culinary Principles I (HRT 1114).

**HRT 1413. ROOMS DIVISION MANAGEMENT** (3 hours credit) A systematic approach to rooms division management in the hospitality industry including front office management and housekeeping operations. Two hours lecture, two hours lab.

**HRT 1511-1541. HOSPITALITY SEMINAR** (1 to 4 hours credit) Leadership and management skills necessary for success in hospitality and tourism management. The course addresses computer based management systems. Two hours lab.

**HRT 1833. TRAVEL AND TOURISM GEOGRAPHY** (3 hours credit) Location, currency, ports of entry, and form of governments in various countries around the world. Exercises involve itinerary planning, knowledge of time zones, and familiarity with the countries' natural, cultural, and entertainment attractions. Two hours lecture, two hours lab.

**HRT 2233. FOOD AND BEVERAGE CONTROL** (3 hours credit) Principles and procedures involved in an effective food and beverage control system, including standards determination, the operating budget, cost-volume-profit analysis, income and cost control, menu pricing, labor cost control, and computer applications. Two hours lecture, two hours lab.

**HRT 2323. HOSPITALITY FACILITIES MANAGEMENT AND DESIGN** (3 hours credit) Design and manage the physical plant of a hotel or restaurant and work effectively with the engineering and maintenance department. Two hours lecture, two hours lab.

**HRT 2423. SECURITY MANAGEMENT** (3 hours credit) Issues surrounding the need for individualized security programs. Examines a variety of security equipment and procedures and discusses internal security for food service and lodging operations. Two hours lecture, two hours lab.

**HRT 2613. HOSPITALITY SUPERVISION** (3 hours credit) Supervisory skills in leadership styles, communication skills, motivational techniques, employee training techniques, and evaluation methods. Two hours lecture, two hours lab.

**HRT 2623. HOSPITALITY MANAGEMENT** (3 hours credit) Principles of hospitality human resource management with an emphasis placed on the study of human behavior and human relations in the hospitality industry. Two hours lecture, two hours lab.

**HRT 2713. MARKETING HOSPITALITY SERVICES** (3 hours credit) Practical sales techniques for selling to targeted markets and developing strategic marketing plans for hospitality and tourism operations. Two hours lecture, two hours lab.

**HRT 2723. HOSPITALITY SALES AND MARKETING** (3 hours credit) Advertising, sales, and promotional techniques as related to the hospitality industry. Two hours lecture, two hours lab.

**HRT 2914. SUPERVISED WORK EXPERIENCE** (4 hours credit) A course which is a cooperative program between industry and education and is designed to integrate the student’s technical studies with industrial experience. Variable credit is awarded on the basis of one semester hour per 50 industrial contact hours.
CUT 2224. MENU PLANNING (4 hours credit) This course focuses on the principles and concepts of menu planning, menu formats, and layout with regard to a wide variety of eating habits and taste of the dining public. Emphasis will be on pricing, menu design, merchandising, tools, nutritional considerations, schedules, and profitability. Three hours lecture, two hours lab.

Industrial Electronics Engineering Technology (EET)

EET 1133. ELECTRICAL POWER (3 hours credit) This course covers electrical motors, electrical motor installation, and offers instruction and practice in using different types of motors, transformers, and alternators. Two hours lecture, two hours lab. Prerequisite: DC/AC Circuits (EET 1144).

EET 1144. DC/AC CIRCUITS (4 hours credit) Principles and theories associated with DC and AC circuits. This course includes the study of electrical circuits, laws and formulae, and the use of test equipment to analyze DC and AC circuits. Corequisite: Digital Electronics (EET 1214).

EET 1154. EQUIPMENT MAINTENANCE, TROUBLESHOOTING AND REPAIR (4 hours credit) A course of instruction in maintenance and troubleshooting techniques, use of technical manuals, test equipment, and inspection/evaluation/repair of equipment. One hour lecture, six hours lab. Corequisite: Hand Tools (MST 1523).

EET 1163. MOTOR MAINTENANCE AND TROUBLESHOOTING (3 hours credit) This course covers the principles and practice of electrical motor repair and includes topics on the disassembly/assembly and preventive maintenance of common electrical motors. Two hours lecture, two hours lab. Prerequisite: Electrical Power (EET 1133).

EET 1174. FLUID POWER (4 hours credit) A course that provides instruction in hydraulics and pneumatics. The course covers actuators, accumulators, valves, pumps, motors, coolers, compression of air, control devices, and circuit diagrams. Emphasis is placed on the development of control circuits and troubleshooting techniques. Three hours lecture, two hours labs.

EET 1214. DIGITAL ELECTRONICS (4 hours credit) A course designed to introduce students to number systems, logic circuits, counters, registers, memory devices, combination logic circuits, Boolean algebra, and a basic computer system. Three hours lecture, two hours lab.

EET 1334. SOLID STATE DEVICES AND CIRCUITS (4 hours credit) A course designed to introduce the student to active devices that include PN junction diodes, bipolar transistors, bipolar transistor circuits, and unipolar devices with emphasis on low-frequency application and troubleshooting. Two hours lecture, four hours lab. Prerequisite: DC/AC Circuits (EET 1144).

EET 1343. MOTOR CONTROL SYSTEMS (3 hours credit) This course covers installation of motor control circuits and devices. Emphasis is placed on developing the student’s ability to diagram, wire, and troubleshoot the circuits and mechanical control devices. Two hours lecture and two hours lab. Corequisite: Electrical Power (EET 1133).

EET 1353. FUNDAMENTALS OF ROBOTICS (3 hours credit) This course is designed to introduce the student to industrial robots. Topics to be covered include robotics history, industrial robot configurations, operation, and basic programming and how they relate to the industrial industry. Two hours lecture and two hours lab.

EET 1443. FUNDAMENTALS OF INSTRUMENTATION (3 hours credit) This course provides students with a general knowledge of instrumentation principles as they
relate to industrial devices and their application for the purpose of observation, measurement, and control of industrial processes. Two hours lecture, two hours lab. Prerequisite: DC/AC Circuits (EET 1144).

EET 2354. SOLID STATE MOTOR CONTROLS (4 hours credit) This course covers the principles and operation of solid state motor controls as well as the design, installation, and maintenance of different solid state devices for motor control. Two hours lecture, four hours lab. Prerequisite: Motor Control Systems (EET 1343). Corequisite: Programmable Logic Controllers (EET 2363).

EET 2363. PROGRAMMABLE LOGIC CONTROLLERS (3 hours credit) A course to provide instruction and practice in the use of programmable logic controllers (PLCs) in modern industrial settings. It includes instruction in the operating principles of PLCs and practice in the programming, installation, and maintenance of PLCs. Two hours lecture, two hours lab. Prerequisites: Motor Control Systems (EET 1343) and Digital Electronics (EET 1214).

EET 2383. ADVANCED PROGRAMMABLE LOGIC CONTROLLERS (3 hours credit) A course that provides instruction in the advanced features, programming functions and instructions, network communications, PLC report processing, and system troubleshooting of programmable logic controllers. Two hours lecture, two hours lab. Prerequisite: Programmable Logic Controllers (EET 2363).

EET 2433. PHYSICS FOR ELECTRONICS (3 hours credit) This course is designed to cover areas of physics that have applications in electronics. Two hours lecture, two hours lab.

EET 2514. INTERFACING TECHNIQUES (4 hours credit) A study of data acquisition devices and systems including their interface with microprocessors and other control systems. Two hours lecture, four hours lab. Prerequisite: EET 1214.

Information Systems Technology (IST)

IST 1123. IT FOUNDATIONS (3 hours credit) This course covers the diagnosis, troubleshooting, and maintenance of computer components and interpersonal communications for IT professionals. Topics include hardware compatibility, system architecture, memory, input devices, video displays, disk drives, modems, printers, safety and environmental issues, communication, and professional behavior. Two hours lecture, two hours lab.

IST 1133. FUNDAMENTALS OF DATA COMMUNICATIONS (3 hours credit) This course presents basic concepts of telephony, local area networks, wide area networks, data transmission, and topology methods. Two hours lecture, two hours lab.

IST 1143. SECURITY PRINCIPLES AND POLICIES (3 hours credit) This course is an introduction to the various technical and administrative aspects of information security and assurance. This course provides the foundation for understanding the key issues associated with protecting information assets, determining the levels of protection and response to security incidents, and designing a consistent, reasonable information security system with appropriate intrusion detection and reporting features. Two hours lecture, two hours lab.

IST 1163. DATABASE AND SQL CONCEPTS (3 hours credit) This course is an introduction to the design and manipulation of relational databases. Emphasis is placed on creation, manipulation, extraction, and display of data from existing databases. QBE and SQL are explored. Two hours lecture, two hours lab.
IST 1213. CLIENT INSTALLATION AND CONFIGURATION (3 hours credit) This course is designed to help the student install, support, and troubleshoot a current client operating system. Emphasis will be placed on common user operations as well as the network administrator's support of the client. Two hours lecture, two hours lab.

IST 1263. MICROSOFT OFFICE APPLICATIONS (3 hours credit) This course will introduce an operating system and word processing, spreadsheet, database management, and presentation software application. Two hours lecture, two hours lab.

IST 1223. NETWORK COMPONENTS (3 hours credit) This course presents local area network and wide area network connectivity. It focuses on architectures, topologies, protocols, and transport methods of a network. Two hours lecture, two hours lab. Prerequisite: Fundamentals of Data Communications (IST 1133).

IST 1244. NETWORK ADMINISTRATION USING MICROSOFT WINDOWS SERVER (4 hours credit) This course focuses on the management of a computer network using the Microsoft Windows Server network operating system. Emphasis will be placed on daily administrative tasks performed by a network administrator. Two hours lecture, four hours lab.

IST 1314. VISUAL BASIC PROGRAMMING LANGUAGE (4 hours credit) This introduction to the Visual BASIC programming language introduces the student to object-oriented programming and a graphical integrated development environment. Two hours lecture, four hours lab.

IST 1434. WEB DEVELOPMENT USING HTML & CSS (4 hours credit) This course involves the application of various professional and personal Web design techniques. Students will work with the latest WYSIWYG editors, HTML editors, animation/multimedia products, and photo editors. Two hours lectures, two hours lab.

IST 1714. JAVA PROGRAMMING (4 hours credit) This introduction to the Java Programming Language is to include sort, loops, arrays, and applets. Two hours lecture, four hours lab.

IST 2224. NETWORK PLANNING AND DESIGN (4 hours credit) Emphasis is placed on recognizing the need for a network, conducting an analysis, and designing a solution. Two hours lecture, four hours lab. Prerequisites: Network Components (IST 1223).

IST 2234. NETWORK IMPLEMENTATION (4 hours credit) This course is the culmination of all concepts learned in the network curriculum. Topics include planning, installation, evaluation, and maintenance of a network solution. Two hours lecture, four hours lab. Prerequisite: Network Planning and Design (IST 2224).

IST 2254. ADVANCED NETWORK ADMINISTRATION USING MICROSOFT WINDOWS SERVER (4 hours credit) A continuation of Network Administration Using Microsoft Windows Server. Emphasis is placed on installation, configuration, and implementation of a functional server. Two hours lecture, four hours lab. Prerequisites: Network Administration Using Microsoft Windows Server (IST 1244).

IST 2314. SYSTEMS ANALYSIS AND DESIGN (4 hours credit) This course introduces techniques used in systems analysis and design. Emphasis will be placed on the design, development, and implementation of an information system. Two hours lecture, two hours lab.

IST 2324. SCRIPT PROGRAMMING LANGUAGE (4 hours credit) This course is an introduction to the use of integrating scripts to add functionality to Web pages. Two hours lecture, four hours lab. Prerequisite: Web and Programming Concepts (IST 1154) or consent of instructor.
IST 2334. ADVANCED VISUAL BASIC PROGRAMMING LANGUAGE (4 hours credit) A continuation of the Visual BASIC programming language. Two hours lecture, four hours lab. Prerequisite: Visual BASIC Programming Language (IST 1314).

IST 2344. DATABASE PROGRAMMING AND DESIGN (4 hours credit) This course will introduce programming using a database management software application. Emphasis will be placed on menus and file maintenance. Two hours lecture, four hours lab. Prerequisites: Advanced Visual Basic Programming Language (IST 2334) or permission of instructor.

IST 2374. “C++” PROGRAMMING LANGUAGE (4 hours credit) This course is designed to introduce the student to the C programming language and its basic functions. Two hours lecture, four hours lab. Prerequisite: Successful completion of any IST programming language course or permission of instructor.

IST 2454. MOBILE APPLICATION DEVELOPMENT (4 hours credit) The emergence of a new generation of highly-capable mobile devices and platforms has opened up opportunities for application developers. However, mobile development differs from conventional desktop development in that mobile devices operate in a constrained world with smaller screens, slower network connections, as well as limited memory and processing power. Two hours lecture, two hours lab. Prerequisite: Visual BASIC Programming Language (IST 1314).

IST 291(1-6). SUPERVISED WORK EXPERIENCE IN INFORMATION SYSTEMS TECHNOLOGY (3 hours credit) This course is a cooperative program between industry and education designed to integrate the student’s technical studies with industrial experience. Variable credit is awarded on the basis of one semester hour per 45 industrial contact hours (3- to 18-hour externship). Prerequisites: Consent of instructor and completion of at least one semester of advanced coursework in Information Systems Technology.

IST 292(1–3). SPECIAL PROBLEM IN INFORMATION SYSTEMS TECHNOLOGY (1-3 hours credit) This course provides students with an opportunity to utilize skills and knowledge gained in other Information Systems Technology courses. The instructor and student work closely together to select a topic and establish criteria for completion of the project. Two-six hours lab. Prerequisites: Consent of instructor.

IST 293(1–3). SPECIAL PROBLEM IN INFORMATION SYSTEMS TECHNOLOGY (1-3 hours credit) This course provides students with an opportunity to utilize skills and knowledge gained in other Information Systems Technology courses. The instructor and student work closely together to select a topic and establish criteria for completion of the project. Two-six hours lab. Prerequisites: Consent of instructor.

IST 294(1–3). SPECIAL PROBLEM IN INFORMATION SYSTEMS TECHNOLOGY (1-3 hours credit) This course provides students with an opportunity to utilize skills and knowledge gained in other Information Systems Technology courses. The instructor and student work closely together to select a topic and establish criteria for completion of the project. Two-six hours lab. Prerequisites: Consent of instructor.

Journalism (JOU)

JOU 1313. NEWS WRITING AND REPORTING I (3 hours credit) An introductory course in journalism designed to teach news writing and reporting, the construction of the news article with an emphasis on source news, features, sports, and interview stories and editorials.

JOU 1323. NEWS WRITING AND REPORTING II (3 hours credit) An advanced journalism course designed to teach news writing and editing with an emphasis on news,
features, sports, and editorials. Prerequisite: News Writing and Reporting I (JOU 1313) or consent of the instructor.

Leadership (LEA)

LEA 1811. LEADERSHIP AND ORGANIZATIONAL SKILLS I (1 hour credit)
This course is designed for emerging leaders to participate in Student Government. Topics include a brief history of Northwest Mississippi Community College, the role of a student government on a college campus, studies of leadership skills, qualities, and philosophies, effective communication, time management and solution-focused proposals. Student must be in good academic and disciplinary standing.

LEA 1821. LEADERSHIP AND ORGANIZATIONAL SKILLS II (1 hour credit)
A study of leadership styles and continued study of LEA 1811. Topics include ice breakers, traits of members, non-verbal communication, role functions in groups, time management, stress management, role of the constitution and passing the gavel. Prerequisite: LEA 1811.

LEA 1831. LEADERSHIP AND ORGANIZATIONAL SKILLS III (1 hour credit) A study of leadership styles, skills, roles and functions of officers in student organizations. Students serve as officers/chairman of student government committee. Prerequisites: LEA 1811, LEA 1821.

Learning and Life Skills (LLS)

LLS 1311. ORIENTATION (1 hour credit) This course is designed to help the freshman adjust himself to college life. It includes a study of personal and social adjustments. It teaches effective study habits, reading methods, use of the library, note taking, report writing, and gives the student guidance in collegiate life. Required for new students with a Composite ACT score of 16 or below.

LLS 1321. CAREER EXPLORATION (1 hour credit) This course is designed to assist students in determining career goals. Interest tests, personality inventories and aptitude tests are given to help students determine career choices.

LLS 1331. INTRODUCTION TO HEALTH PROFESSIONS (1 hour credit) This course looks at specific allied health professions, describes the education necessary, certification requirements and expected salary. The course discusses all levels of health care professionals from those requiring a certificate or diploma to those requiring an associate, bachelor's or doctoral degree.

LLS 1411. IMPROVEMENT OF STUDY (1 hour credit) Effective study and reading techniques. Students who are on academic probation are required to take LLS 1411 Improvement of Study and are limited to 13 hours.

LLS 1423. COLLEGE STUDY SKILLS (3 hours credit) An advanced course in study skills that fosters insight and practice of critical reading skills and study techniques needed for efficient and effective mastery of college-level courses, both graduate and undergraduate. A required class if enrolled in MAT 0123 Beginning Algebra, ENG 0113 Beginning English and Reading, and REA 1213 Reading Enhancement I.

LLS 1721. EMPLOYMENT READINESS (1 hour credit) This course is designed to prepare students for employment by teaching the importance of interviewing skills, employer expectations, employability skills, work ethics and job retention skills.
Library and Information Science (LIS)

LIS 1121. BASIC LIBRARY RESEARCH (1 hour credit) This course is designed to provide information concerning the development of books and libraries and give instruction in and practice with the skills necessary for selecting, locating and using library materials in a variety of formats. Online library catalog searching, using MAGNOLIA and MELO databases, reading e-books, evaluating websites, and using style manuals, print resources and library databases will be covered.

Manufacturing Technology (MST)

MST 1523. HAND TOOLS (3 hour credit) This course provides instruction in safe and proper use of hand tools and mechanical components commonly used by industrial mechanics and technicians. Includes instruction in the selection, use, and care of common hand tools and in the identification and maintenance of mechanical components such as belts and pulleys, chains and sprockets, and bearings and seals used to transmit mechanical power.

MST 1413. BLUEPRINT READING (3 hour credit) Plans and specifications interpretation designed for machinists. Includes instruction and practice in reading plans and applying specifications Two hours lecture, two hours lab.

MST 1613. PRECISION LAYOUT (3 hour credit) Precision layout for machining operations that includes instruction and practice in the use of layout instruments Two hours lecture, two hours lab.

MST 1313. MACHINE TOOL MATH (3 hour credit) An applied mathematics course designed for machinists that includes instruction and practice in algebraic and trigonometric operations Two hours lecture, two hours lab.

MST 2714. CNC I (4 hour credit) An introduction of computer numerical control (CNC) and computer assisted manufacturing (CAM) techniques and practices. Includes the use of the Cartesian coordinate system, programming codes and command, and tooling requirements for CNC/CAM machines Two hours lecture, four hours lab.

MST 2223. INVENTORY CONTROL (3 hour credit) This course is designed to introduce the concepts of managing an inventory, including elements of shipping and receiving.

IMM 1935. MANUFACTURING BASIC SKILLS (5 hour credit) Manufacturing Skills is the initial course designed to provide the student with the basic skills needed to be successful in a high-performance manufacturing environment. The course covers five major areas of knowledge that are considered critical for employment in a high-performance manufacturing company. The topics covered include: Basic Computer Literacy, Safety and CPR, Blueprint Reading, Precision Measurement, and an introduction to manufacturing improvement methods that covers Lean Manufacturing, Quick Changeover, 5S, Teamwork and Problem solving. Prerequisite: Consent of instructor.

ENT 2443. PRINCIPLES OF MANUFACTURING MANAGEMENT (3 hour credit) This course will include a study of manufacturing processes and materials. A problem solving approach will be used, emphasizing the context of the manufacturing business and the complexities to be addressed. Three hours lecture.

ENT 2263. QUALITY ASSURANCE (3 hour credit) The application of statistics and probability theory in quality assurance programs. Various product sampling plans will be studied as well as the development of product charts for defective units. Three hours lecture.
ENT 1153. BASIC APPLICATIONS OF INDUSTRIAL SAFETY (3 hour credit) Basic Applications of Industrial Safety This course introduces the concepts of health and safety in both off-the-job training and in an industrial environment. It aims to make the students safety-conscious in relation to personal safety, accident prevention, and methods of compliance. Three hours lecture.

EET 1154. EQUIPMENT MAINTENANCE (4 hour credit) A course of instruction in maintenance and troubleshooting techniques, use of technical manuals, test equipment, and inspection/evaluation/repair of equipment.

Mathematics (MAT)

MAT 0123. BEGINNING ALGEBRA (3 hours credit) A course in algebra to include operations with real numbers, linear equations, the coordinate system, linear inequalities, laws of exponents, operations with polynomials, and factoring. The student may be counseled and/or tested prior to enrollment in this course. Placement is also made with ACT math sub-score of 16 or less. Hours do not count toward graduation and will not transfer.

MAT 1233. INTERMEDIATE ALGEBRA (3 hours credit) Topics include linear equations and their graphs, inequalities and number line graphs, rational expressions, factoring, laws of exponents, radicals and polynomials. Prerequisite: MAT 0123 with a grade of "C" or higher or MAT 1213 with a grade of "C" or higher or ACT math sub-score of 17 or 18.

MAT 1313. COLLEGE ALGEBRA (3 hours credit) This course includes the study of inequalities; functions; linear and quadratic equations, circles, and their graphs; rational, radical, and higher-order equations; applications; polynomial and rational functions; logarithmic and exponential equations. Prerequisite: High school algebra and ACT math sub-score of 19 or higher, or MAT 1233 with a grade of “C” or higher.

MAT 1323. TRIGONOMETRY (3 hours credit) This course includes trigonometric functions and their graphs; trigonometric identities; trigonometric equations; radian measurement; solutions of right and oblique triangles; inverse trigonometric functions; applications. Prerequisite: MAT 1313 with a grade of “C” or higher or ACT math sub-score of 20 or higher.

MAT 1343. PRE-CALCULUS (3 hours credit) A review of college algebra and trigonometry in preparation for Calculus I. Topics include functions; solving equations; logarithmic and exponential functions; trigonometric functions; solving trigonometric equations. Prerequisite: MAT 1313 with a grade of “C” or higher or ACT math sub-score of 20 or higher.

MAT 1513. BUSINESS CALCULUS I (3 hours credit) A study of functions, limits, continuity, derivatives, and their applications to business and economics. Prerequisite: MAT 1313 with a grade of “C” or higher or ACT math sub-score of 22 or higher.

MAT 1523. BUSINESS CALCULUS II (3 hours credit) A study of antiderivatives, techniques of integration, applications of the definite integral, extrema, and applications to business and economics. Prerequisite: MAT 1513 with grade of “C” or higher.

MAT 1613. CALCULUS I (3 hours credit) Includes limits, continuity, the definition of the derivative, differentiation, applications, and antiderivatives. Prerequisite: ACT math sub-score of 22 or higher and high school trigonometry or high school pre-calculus, or MAT 1313 and MAT 1323 with grades of “C” or higher, or MAT 1323 with a grade of “C” or higher, or MAT 1343 with a grade of “C” or higher.

MAT 1623. CALCULUS II (3 hours credit) This course includes a study of the definite integral, differentiation and integration of transcendental functions, techniques of integration, and applications. Prerequisite: MAT 1613 with grade of “C” or higher.
MAT 1723. REAL NUMBER SYSTEM (3 hours credit) Designed for elementary and special education majors, this course includes set theory, numeration systems, foundations of number theory, and properties and operations of real numbers. Prerequisite: ACT math sub-score of 17 or higher and two years of high school algebra, or MAT 1233 with a grade of “C” or higher, or demonstrated proficiency on a placement test.

MAT 1733. GEOMETRY, MEASUREMENT, AND PROBABILITY (3 hours credit) Designed for elementary and special education majors, this course includes study of geometric definitions, shapes and formulas; linear and angular measurements; unit conversions; statistics and probability. Prerequisite: ACT math sub-score of 17 or higher and two years of high school algebra, or MAT 1233 with a grade of “C” or higher, or demonstrated proficiency on a placement test.

MAT 2113. INTRODUCTION TO LINEAR ALGEBRA (3 hours credit) This course includes the study of systems of linear equations, matrices, vector spaces, determinants, linear transformation, Eigenvalues and Eigenvectors. Prerequisite: MAT 1623 with grade of “C” or higher.

MAT 2323. STATISTICS (3 hours credit) Introduction to statistical methods of describing, summarizing, comparing, and interpreting data to include probability distributions, sampling, estimation, confidence intervals, and hypothesis testing. Prerequisite: MAT 1233 with a grade of “C” or higher or ACT math sub-score of 19 or higher.

MAT 2513. ELEMENTARY MATHEMATICAL ANALYSIS (3 hours credit) Selected topics in quantitative methods with an emphasis on business applications. Topics include Gauss-Jordan elimination, simplex methods for linear programming models, and transportation and assignment algorithms. Prerequisite: MAT 1513 with grade of “C” or higher.

MAT 2613. CALCULUS III (3 hours credit) This course includes study in analytical geometry, parametric equations, polar coordinates, improper integrals, and infinite series. Prerequisite: MAT 1623 with grade of “C” or higher.

MAT 2623. CALCULUS IV (3 hours credit) This course includes the study of partial differentiation, multiple integration, vector calculus, quadric surfaces and line integrals. Prerequisite: MAT 2613 with a grade of “C” or higher.

MAT 2913. DIFFERENTIAL EQUATIONS (3 hours credit) This course includes study in solution of first and higher order differential equations, existence theorems, Laplace transforms, and applications. Prerequisite: MAT 2613 with grade of “C” or higher or permission of instructor.

Modern Foreign Language (MFL)

MFL 1113. FRENCH I (3 hours credit) This course is designed to develop the four basic language skills: listening, speaking, reading, and writing. Phonetic symbols are used to aid correct pronunciation, but the principal aid is to be found in the language laboratory.

MFL 1123. FRENCH II (3 hours credit) A continuation of MFL 1113. Special drill on verb forms and uses, as well as idiomatic vocabulary, by means of oral and written exercises.

MFL 1213. SPANISH I (3 hours credit) An oral-aural approach that stresses conversation, pronunciation, listening comprehension, reading, writing, and functional grammar with emphasis on communication.

MFL 1223. SPANISH II (3 hours credit) A continuation of MFL 1213 with wider vocabulary and more complex structures and functions. Prerequisites: MFL 1213 or the equivalent and consent of instructor. Three hours of lecture and six hours of outside assignments.
MFL 2113. FRENCH III (3 hours credit) A continuation of MFL 1123. A review of French grammar, and continued development of basic language skills. Reading materials of literary and cultural value are used.

MFL 2123. FRENCH IV (3 hours credit) A continuation of MFL 2113 with literary and cultural readings and compositions as well as a review of essential elements of grammar.

MFL 2213. SPANISH III (3 hours credit) A continuation of MFL 1223. Prerequisites: MFL 1223 or the equivalent and consent of instructor. Three hours lecture and six hours of outside assignments.

MFL 2223. SPANISH IV (3 hours credit) A continuation of MFL 2213. Prerequisites: MFL 2213 or the equivalent and consent of instructor. Three hours lecture and six hours of outside assignments.

MFL 2513. OCCUPATIONAL SPANISH (3 hours credit) This course is designed to teach basic oral communication skills in Spanish in an occupational setting. Specialized variations of this course include: Law Enforcement, Medical and Business.

Music Applied (MUA)

MUA 1141, 1151, 2141, 2151. BRASS FOR NON-MAJORS (1 hour credit) Elective Brass I, II, III, IV.

MUA 1172, 1182, 2172, 2182. BRASS FOR MUSIC EDUCATION MAJORS (2 hours credit) I, II, III, IV.

MUA 1211, 1221, 2211, 2221. CLASS GUITAR (1 hour credit) I, II, III, IV.

MUA 1241, 1251, 2241, 2251. GUITAR FOR NON-MAJORS (1 hour credit) Elective guitar, I, II, III, IV.

MUA 1272, 1282, 2272, 2282. GUITAR FOR MUSIC EDUCATION MAJORS (2 hours credit) I, II, III, IV.

MUA 1311, 1321, 2311, 2321. JAZZ IMPROVISATION (1 hour credit) A continued study of the techniques used in jazz improvisation with performance opportunities.

MUA 1441, 1451, 2441, 2451. PERCUSSION FOR NON-MAJORS (1 hour credit) Elective percussion, I, II, III, IV.

MUA 1472, 1482, 2472, 2482. PERCUSSION FOR MUSIC EDUCATION MAJORS (2 hours credit) I, II, III, IV.

MUA 1511, 1521, 2511, 2521. CLASS PIANO FOR MUSIC EDUCATION MAJORS (1 hour credit) I, II, III, IV.

MUA 1531, 1561. CLASS PIANO FOR NON-MAJORS I, II (1 hour credit) I, II.

MUA 1541, 1551, 2541, 2551. PIANO FOR NON-MAJORS (1 hour credit) Elective Piano, I, II, III, IV.

MUA 1572, 1582, 2572, 2582. PIANO FOR MUSIC EDUCATION MAJORS (2 hours credit) I, II, III, IV.

MUA 1672, 1682, 2672, 2682. STRINGS FOR MUSIC EDUCATION MAJORS (2 hours credit) I, II, III, IV.

MUA 1711, 1721, 2711, 2721. CLASS VOICE (1 hour credit) I, II, III, IV.

MUA 1741, 1751, 2741, 2751. VOICE FOR NON-MAJORS (1 hour credit) I, II, III, IV.
MUA 1772, 1782, 2772, 2782. VOICE FOR MUSIC EDUCATION MAJORS (2 hours credit) I, II, III, IV.

MUA 1841, 1851, 2841, 2851. WOODWINDS FOR NON-MAJORS (1 hour credit) Elective Woodwinds I, II, III, IV.

MUA 1872, 1882, 2872, 2882. WOODWINDS FOR MUSIC EDUCATION MAJORS (2 hours credit) I, II, III, IV.

Music (MUS)

MUS 1113. MUSIC APPRECIATION (3 hours credit) Listening course designed to give the student, through aural perception, understanding, and appreciation of music as a moving force in Western Culture.

MUS 1133. FUNDAMENTALS OF MUSIC (3 hours credit) Provides the student with basic knowledge of notations, scales, keys, rhythm, intervals, triads, and their inversions. For prospective music majors only.

MUS 1214. MUSIC THEORY I (4 hours credit) Recognition and part writing. Diatonic intervals, major and minor triads, and rhythmic and melodic patterns. Correlated keyboard harmony and dictation. Sight singing in bass and treble clefs. (For Music majors only or with permission of instructor.)

MUS 1224. MUSIC THEORY II (4 hours credit) A continuation of MUS 1214.

MUS 1413. BASIC COMPUTER SKILLS FOR MUSICIANS (3 hours credit) Designed to introduce students to the Macintosh Operating System. Students begin to work with MIDI, sequencing, software instruments, notation, CD creation, and basic editing tools in Garage Band.

MUS 1423. SURVEY OF POPULAR MUSIC (3 hours credit) Advanced listening course, designed to acquaint the Music Industry major with a broad overview of popular musical styles and repertoire from the beginnings of American Popular Music to the present.

MUS 1910. RECITAL CLASS Required performance of solo and ensemble literature by students majoring in music.

MUS 1920. RECITAL CLASS A continuation of MUS 1910.

MUS 2214. MUSIC THEORY III (4 hours credit) A continuation of MUS 1224.

MUS 2224. MUSIC THEORY IV (4 hours credit) A continuation of MUS 2214.

MUS 2413. COMPUTER RECORDING I (3 hours credit) Introduction to native recording software (Apple Logic). Students continue their study of MIDI, arranging, sequencing, software instruments, and basic knowledge of a native digital audio workstation.

MUS 2423. COMPUTER RECORDING II (3 hours credit) A continuation of Computer Recording I utilizing native and proprietary DAW recording systems. Additional topics covered include audio recording, digital effects, automation, performance, and nonlinear editing.

MUS 2443. AUDIO ENGINEERING I (3 hours credit) Introduction to basic principles of sound theory, audio electronics, microphone characteristics and applications, mixers, signal routing and processing. An overall view of engineering fundamentals and the recording studio.

MUS 2453. AUDIO ENGINEERING II (3 hours credit) Teaches proficiency in sig-
nal flow and signal processing. Lecture/Lab seating allows hands-on experience in recording and mixing instruments and vocalist. Recording sessions involving student performers, begin the study of Pro Tools digital audio workstation techniques.

**MUS 2910. RECITAL CLASS** A continuation of MUS 1920.

**MUS 2920. RECITAL CLASS** A continuation of MUS 2910.

**Music Organizations (MUO)**

**MUO 1111, 1121, 2111, 2121. BAND** (1 hour credit) I, II, III, IV. Prerequisite: Audition.

**MUO 1141, 1151, 2141, 2151. SMALL BAND GROUPS** (1 hour credit) Percussion Ensemble I, II, III, IV; Brass Ensemble I, II, III, IV; Woodwind Ensemble I, II, III, IV; Guitar Ensemble I, II, III, IV; Pep Band I, II, III, IV. Prerequisite: audition.

**MUO 1171, 1181, 2171, 2181. STAGE BAND** (1 hour credit) Jazz Band I, II, III, IV. Prerequisite: Audition and participate in NWCC Band.

**MUO 1211, 1221, 2211, 2221. CHOIR** (1 hour credit) Northwest Singers I, II, III, IV. Prerequisite: Audition.

**Nursing (NUR)**

**NUR 1118. FOUNDATIONS OF NURSING** (8 hours credit) This course introduces concepts required for the foundation of nursing knowledge, professional nursing practice and the nursing role on the health care team. The course focuses on the development of clinical reasoning to provide basic physiological and psychosocial patient-centered nursing care utilizing safety, teamwork and communication. This course provides students with didactic and clinical learning experiences in the nursing laboratory and selected clinical agencies. This course will also provide information for the calculations needed to accurately calculate fractional dosages and equivalencies as needed to safely implement medication administration for clients. A grade of “C” or above is required for the theory component with satisfactory completion of the clinical component in order to progress to NUR 1318. If this does not occur, both the theory and clinical component must be retaken together. Prerequisites: Admission to the Nursing Program, BIO 2513, BIO 2511, BIO 2523, BIO 2521, MAT 1313. Five theory hours and nine clinical hours per week. Clock hours: 75 theory/135 clinical.

**NUR 1318. ADULT HEALTH I** (8 hours credit) This course provides students with both didactic and clinical learning experiences designed to provide physiological and psychosocial nursing care to adult clients. Emphasis is placed on functioning as a client advocate and a member of the multidisciplinary team with appropriate prioritization and delegation of care. This course builds on the development of clinical reasoning presented in NUR 1117 to provide supervised learning experiences to prepare the student to provide compassionate, coordinated, age and culturally appropriate, safe and effective nursing care to adult medical-surgical clients. Supervised learning experiences in the college nursing laboratory and selected clinical agencies are provided. A grade of “C” or above is required for the theory component with satisfactory completion of the clinical component in order to progress to NUR 2128. If this does not occur, both the theory and clinical components must be retaken together. Prerequisites: BIO 2523, BIO 2521 and NUR 1118. Five theory hours and nine clinical hours per week. Clock hours: 75 theory/135 clinical.
NUR 1316. LPN-RN TRANSITION (6 hours credit) This course facilitates the transition of the licensed practical nurse (LPN) to the role of the registered nurse. The content augments knowledge gained in the LPN program and includes an overview of NUR 1118 and NUR 1318. This course is completed during an eight-week summer term and includes didactic and clinical components.

NUR 2128. MATERNAL-CHILD NURSING (8 hours credit) This course provides students with both didactic and clinical learning experiences designed to provide nursing care to the childbearing family and children with acute and chronic illnesses. This course builds on the development of clinical reasoning presented in NUR 1118 and NUR 1318 to provide compassionate, coordinated, age and culturally appropriate, safe and effective physiological and psychosocial nursing care. This course focuses on wellness, health promotion and prevention of illness to enhance health outcomes of individuals and families. Supervised learning experiences in the college nursing laboratory and selected clinical agencies are provided. A grade of “C” or above is required for the theory component and with satisfactory completion of the clinical component in order to progress to the next course. If this does not occur, both the theory and clinical components must be retaken together. Prerequisites: NUR 1318 and EPY 2533. Five hours of lecture and 9 hours clinical practice per week. Clock hours: 75 theory/135 clinical.

NUR 2222. NURSING SEMINAR (2 hours credit) This seminar course focuses on the knowledge, attitudes and skills associated with the nursing competencies of professionalism, patient-centered care, safety, nursing judgment, evidence-based practice, quality improvement, informatics, technology, leadership, communication, teamwork and collaboration. Prerequisite: NUR 2128. Co-requisite: NUR 2318. Two theory hours per week. Clock hours: 30.

NUR 2318. ADULT HEALTH II (8 hours credit) This course provides students with both didactic and clinical learning experiences and builds on the concepts and clinical reasoning skills in NUR 1118, NUR 1318 and NUR 2128. Emphasis is placed on psychosocial assessment, therapeutic communication, psychiatric treatment, advanced medical-surgical conditions, leadership, management, prioritization, and appropriate delegation of care while functioning as a client advocate and a member of the multidisciplinary team. Provides supervised learning experiences in the college nursing laboratory and selected clinical agencies developing skills in preparation to provide competent entry-level professional, compassionate, coordinated, age and culturally appropriate, safe and effective nursing care. A grade of “C” or above is required for the theory component and satisfactory completion of the clinical component for success in the course. If this does not occur, both the theory and clinical components must be retaken together. Prerequisites: NUR 2128, BIO 2923 and BIO 2921. Co-requisite: NUR 2222. 4 hours of lecture and 12 hours clinical practice per week. Clock hours: 60 theory/180 clinical.

NUR 2323. NURSE EXTERNSHIP (SUMMER) This elective course provides the sophomore nursing student with the opportunity to strengthen clinical skills by working with designated clinical preceptors within the hospital setting. This course is offered during the summer sessions under the guidelines of the Mississippi Office of Nursing Workforce. The student must be selected for employment in the Nurse Externship program by a participating agency prior to registration and work 320 hours at the affiliated agency during the summer term. Prerequisite: NUR 1318.

Paralegal Technology (LET)

LET 1113. INTRODUCTION TO LAW (3 hours credit) This course provides an overview of major principles and functions of the state and federal legal systems, introduces various legal fields for professional opportunities, presents legal vocabulary, gives an overview of different areas of law, and presents ethics. Three hours lecture.
LET 1213. LEGAL RESEARCH (3 hours credit) This course is an introduction to basic sources of law and the methods of legal research, including ethics. Two hours lecture, two hours lab.

LET 1513. FAMILY LAW (3 hours credit) This course is a study of the areas of law pertaining to domestic relations, emphasizing ethics. Three hours lecture.

LET 1523. WILLS AND ESTATES (3 hours credit) This course is an introduction to the laws of inheritance and estates, basic concepts of estates and wills, probate procedures, and preparation of documents while emphasizing ethics. Three hours lecture.

LET 1713. LEGAL WRITING (3 hours credit) This course includes composition of legal communications, briefs, memoranda, and other legal documents with an emphasis on ethical considerations. Two hours lecture, two hours lab.

LET 2313. CIVIL LITIGATION I (3 hours credit) This course is designed to study the litigation process. Emphasis is on the structure of the Mississippi court system and on gathering information and evidence, summarizing and arranging materials, maintaining docket and file control, developing a litigation case, and interviewing clients and witnesses, using ethical standards. Two hours lecture, two hours lab.

LET 2323. TORTS (3 hours credit) This course provides instruction in the area of law which deals with civil wrongs and injuries as distinguished from breach of contract. It concentrates on the elements of a tort, types of tort, damages, ethics, and remedies. Three hours lecture.

LET 2333. CIVIL LITIGATION II (3 hours credit) This course is designed to continue the study of the litigation process from discovery through appeal. Three hours lecture. Prerequisite: Civil Litigation I (LET 2313) with a grade of “C” or higher.

LET 2453. REAL PROPERTY I (3 hours credit) This course is an introduction to real property law including ownership and transfer, employing ethics. Two hours lecture, two hours lab.

LET 2463. REAL PROPERTY II (3 hours credit) This course examines legal documents related to real property as recorded in the chancery clerk’s office, the tax assessor’s office, and the circuit clerk’s office. It includes compiling a title abstract and completing an assignment to prepare a real estate file from transaction through closing and post-closing implementing ethics. Two hours lecture, two hours lab. Prerequisite: Real Property I (LET 2453) with a grade of “C” or higher.

LET 2523. BANKRUPTCY LAW (3 hours credit) This course is an introduction to federal bankruptcy law. Emphasis is placed on federal bankruptcy statutes, chapters, and forms. Three hours lecture.

LET 2633. LAW OFFICE MANAGEMENT (3 hours credit) This course provides practical application of daily legal office skills needed in the legal field, professional presentations, history of the profession, professional ethics through fact analysis, and an overview of law office management.

LET 2913. SPECIAL PROBLEMS (3 hours credit) A course to provide students with an opportunity to utilize skills and knowledge gained in other Paralegal Technology courses. The instructor and student work closely together and review in detail legal topics and competencies required in the work place. This course can only be taken in the semester that the student anticipates graduation.

LET 2923. INTERNSHIP FOR PARALEGAL (3 hours credit) Supervised practical experience in a private law office, courts, government offices, or businesses. Provides students the opportunity to apply theory presented in the classroom in a supervised work setting. 135 clock hours.
Philosophy (PHI)

PHI 1113. OLD TESTAMENT SURVEY (3 hours credit) The student will survey the Old Testament (Hebrew Bible) with regard to its worth as a literary work, along with significant dates, themes, concepts and contributions of its characters to that history and literature.

PHI 2113. INTRODUCTION TO PHILOSOPHY (3 hours credit) An introduction to the major themes and history of the discipline of Philosophy with an emphasis on the development of critical thinking.

PHI 2143. ETHICS (3 hours credit) An introduction to moral philosophy with the investigation of some selected moral problems.

PHI 2613. WORLD RELIGIONS I (3 hours credit) An introduction to the beliefs and development of Buddhism, Christianity, Hinduism, Islam, Judaism, and other religious traditions.

PHI 2623. WORLD RELIGIONS II (3 hours credit) A continuation of PHI 2613, World Religions I.

PHI 2713. LOGIC (3 hours credit) An introduction to the discipline of logic including formal and informal logic, as well as the development of critical thinking skills.

Physics (PHY)

PHY 1111. INTRODUCTION TO ASTRONOMY, LABORATORY (1 hour credit) A laboratory course that contains experiments and exercises that reinforce the principles introduced in PHY 1113, Introduction to Astronomy.

PHY 1113. INTRODUCTION TO ASTRONOMY (3 hours credit) A lecture course that includes surveys of the solar system, our galaxy and the universe. Three hours lecture.

PHY 1213. SURVEY OF PHYSICS I (3 hours credit) A lecture course covering the concepts of mechanics, sound, light, fluids, and waves. Non-calculus based. Three hours lecture.

PHY 2241. PHYSICAL SCIENCE I, LABORATORY (1 hour credit) A laboratory course that contains experiments and exercises that reinforce the principles introduced in PHY 2243, Physical Science I, Lecture. Corequisite: concurrent enrollment PHY 2243.

PHY 2243. PHYSICAL SCIENCE I, LECTURE (3 hours credit) A lecture course that includes studies of measurements and units, electricity, mechanics, heat, sound, light, and astronomy. Corequisite: MAT 1233, Intermediate Algebra or ACT math subscore of 19 or higher.

PHY 2251. PHYSICAL SCIENCE II, LABORATORY (1 hour credit) A laboratory course that contains experiments and exercises that reinforce the principles introduced in PHY 2253, Physical Science II, Lecture. Corequisite: concurrent enrollment in PHY 2253.

PHY 2253. PHYSICAL SCIENCE II, LECTURE (3 hours credit) A lecture course that includes studies of chemistry, geology, and meteorology.

PHY 2411. PHYSICS LABORATORY I (1 hour credit) Laboratory experiments coordinated with lecture topics in PHY 2413.

PHY 2413. GENERAL PHYSICS I, LECTURE (3 hours credit) A lecture course covering mechanics, heat, waves, and sound. This is a non-calculus based course primarily for pre-professional majors. Prerequisite: Two years of high school algebra and
trigonometry or MAT 1313 and MAT 1323. Satisfies physics requirement for pre-pharmacy and pre-medical students. (PHY 2413 and 2411 must be taken concurrently.)

**PHY 2421. PHYSICS LABORATORY II** (1 hour credit) Laboratory experiments coordinated with lecture topics in PHY 2423.

**PHY 2423. GENERAL PHYSICS II, LECTURE** (3 hours credit) A lecture course covering electricity, magnetism, optics, and modern physics. This is a non-calculus based course primarily for pre-professional majors. Labs associated with this course contain experiments and exercises that reinforce the principles introduced in lecture classes. Prerequisite: A score of "C" or better in PHY 2413 and 2411 are required before taking this class.

**PHY 2511. PHYSICS LABORATORY FOR SCIENCE AND ENGINEERING I** (1 hour credit) This laboratory accompanies PHY 2513. Corequisite: PHY 2513.

**PHY 2513. PHYSICS FOR SCIENCE AND ENGINEERING I** (3 hours credit) A combined lecture and laboratory course covering mechanics, heat, waves, and sound. This is a calculus-based course primarily for students of engineering, science, or mathematics. Labs associated with this course contain experiments and exercises that reinforce the principles introduced in lecture classes. Prerequisite: MAT 1613 (PHY 2513 and PHY 2511 must be taken concurrently). Note: This course is alternatively entitled GENERAL PHYSICS I-A, Lecture, in the Uniform Course Numbering System.

**PHY 2521. PHYSICS LABORATORY FOR SCIENCE AND ENGINEERING II** This laboratory accompanies PHY 2523. Corequisite: PHY 2523.

**PHY 2523. PHYSICS FOR SCIENCE AND ENGINEERING II** (3 hours credit) A lecture course covering electricity, magnetism, optics, and modern physics. This is a calculus-based course primarily for students of engineering, science, and mathematics. Corequisite: MAT 1623 (PHY 2523 and PHY 2521 must be taken concurrently). Note: This course is alternatively entitled GENERAL PHYSICS II-A, Lecture, in the Uniform Course Numbering System. Prerequisite: A score of "C" or better in PHY 2513 and 2511 are required before taking this class.

**Political Science (PSC)**

**PSC 1113. AMERICAN NATIONAL GOVERNMENT** (3 hours credit) Survey of the organizations, political aspects of, and basis of national government.

**Practical Nursing (PNV)**

**PNV 1213. BODY STRUCTURE AND FUNCTION** (3 hours credit) This course is a study of body structure and function essential to safe and effective nursing care. Each system of the body is covered with applications to nursing. Three hours lecture.

**PNV 1426. FUNDAMENTALS OF NURSING** (6 hours credit) This course provides the student with basic knowledge and skills necessary to care for the individual in wellness and illness and is applicable across the life span. This course requires concurrent registration in PNV 1436 and requires a passing grade in PNV 1426 and PNV 1436 to receive credit for these courses. If a passing grade is not maintained, both courses must be repeated concurrently upon re-admission.

**PNV 1437. FUNDAMENTALS OF NURSING LAB/CLINICAL** (7 hours credit) This course provides demonstration of and supervised practice of the fundamental skills related to practical nursing. Concurrent registration in PNV 1426 is required. Nine hours lab, four 1/2 hours clinical. A passing grade in PNV 1426 and PNV 1437 is required in order to progress in the practical nursing program. If a passing grade is not maintained, both courses must be repeated concurrently upon re-admission.
PNV 1524. IV THERAPY AND PHARMACOLOGY (4 hours credit) This course is designed to prepare the practical nurse to perform the expanded role of IV therapy as outlined in the Mississippi Nursing Practice Law, Rules and Regulations. The student, upon completion of this course and the practical nursing program, will receive a certificate to indicate that he/she have completed this portion of the course and are ready for the clinical check-offs in the job setting as outlined in the Board of Nursing Requirements. Practical Nurse licensure will be required before completion of IV certification. Four hours lecture, two hours lab. Pre-requisites: all first semester courses.

PNV 1614. MEDICAL/SURGICAL NURSING (4 hours credit) This course provides the student with the basic nursing theory and skills to provide safe and effective care for a client experiencing an alteration in health in the following systems: vascular; respiratory; sensory and integumentary; musculoskeletal; gastrointestinal; blood, lymphatic and immunosuppressive; urinary; reproductive; endocrine; and neurological. The systems not covered in this course are taught in Alterations in Adult Health (PNV 1634). Pharmacological and nutrition therapy, as well as oncological considerations, for various disorders is included. Prerequisites: all first semester courses. Concurrent registration in PNV 1622 is required. A passing grade in PNV 1614 and PNV 1622 is required in order to progress in the practical nursing program. If a passing grade is not maintained, both courses must be repeated concurrently upon re-admission.

PNV 1622. MEDICAL/SURGICAL CLINICAL (2 hours credit) This course includes supervised clinical experiences for application of medical/surgical theory, the development of skills, and the use of nursing process. Six hours clinical. Prerequisites: all first semester courses. Concurrent registration in PNV 1614 is required. A passing grade in PNV 1614 and PNV 1622 is required in order to progress in the practical nursing program. If a passing grade is not maintained, both courses must be repeated concurrently upon re-admission.

PNV 1634. ALTERATIONS IN ADULT HEALTH (4 hours credit) This course provides the student with basic nursing theory and skills to provide safe and effective care for a client experiencing an alteration in health in the following systems: vascular; respiratory; sensory and integumentary; musculoskeletal; gastrointestinal; blood, lymphatic and immunosuppressive; urinary; reproductive; endocrine; and neurological. The systems not covered in this course are taught in Medical/Surgical Nursing (PNV 1614). Pharmacological and nutrition therapy, as well as oncological considerations, for various disorders is included. Prerequisites: all first semester courses. Concurrent registration in PNV 1642 is required. A passing grade in PNV 1634 and PNV 1642 is required in order to progress in the practical nursing program. If a passing grade is not maintained, both courses must be repeated concurrently upon re-admission.

PNV 1642. ALTERATIONS IN ADULT HEALTH CLINICAL (2 hours credit) This course includes supervised clinical experiences for application of medical/surgical theory, the development of skills, and the use of nursing process. Six hours clinical. Prerequisites: all first semester courses. Concurrent registration in PNV 1634 is required. A passing grade in PNV 1634 and PNV 1642 are required in order to progress in the practical nursing program. If a passing grade is not maintained, both courses must be repeated concurrently upon re-admission.

PNV 1714. MATERNAL-CHILD NURSING (4 hours credit) This course provides the student with basic knowledge and skills to provide safe and effective care for clients and families during pregnancy, postpartum, infancy, and childhood. Four hours lecture, one hour clinical. Prerequisites: all first semester courses.

PNV 1814. MENTAL HEALTH NURSING (4 hours credit) This course provides an introduction to mental health concepts. Clinical experience will provide application of learned theory. Two hours lecture, one hour clinical. Prerequisites: all first semester courses.
PNV 1914. NURSING TRANSITION (4 hours credit) This course promotes the development of clinical decision making skills and an interest in continued professional development. Legal aspects of nursing and employment opportunities and responsibilities as well as preparation for the State Board Exam are included. Two hours lecture, three hours clinical.

Precision Manufacturing and Machining Technology (MST)

MST 1116. POWER MACHINERY I (6 hours credit) This course provides instruction of general shop safety as well as the operation of power machinery, which includes instruction and practice in the safe operation of lathes, power saws, drill presses, and vertical mills. Two hours lecture, eight hours lab.

MST 1125. POWER MACHINERY II (5 hours credit) A continuation of Power Machinery I with emphasis on advanced applications of lathes, mills, and precision grinders. Two hours lecture, six hours lab.

MST 1313. MACHINE TOOL MATH (3 hours credit) An applied mathematics course designed for machinists that includes instruction and practice in algebraic and trigonometric operations. Two hours lecture, two hours lab.

MST 1413. BLUEPRINT READING (3 hours credit) Plans and specifications interpretation designed for machinists. Includes instruction and practice in reading plans and applying specifications. Three hours lecture.

MST 1423. ADVANCED BLUEPRINT READING (3 hours credit) A continuation of Blueprint Reading with emphasis on advanced features of plans and specifications. Includes instruction on the identification of various projections, views, and assembly components. Two hours lecture, two hours lab.

MST 1613. PRECISION LAYOUT (3 hours credit) Precision layout for machining operations that includes instruction and practice in the use of layout instruments. Two hours lecture, two hours lab.

MST 2134. POWER MACHINERY III (4 hours credit) A continuation of Power Machinery II with emphasis on safety and advanced applications of the engine lathe, milling, and grinding machine. Two hours lecture, four hours lab.

MST 2144. POWER MACHINERY IV (4 hours credit) A continuation of Power Machinery III with emphasis on highly advanced safe operations on the milling machine and engine lathe as well as discussion of advanced machining technologies. Two hours lecture, four hours lab.

MST 2714. CNC I (4 hours credit) An introduction of computer numerical control (CNC) and computer assisted manufacturing (CAM) techniques and practices. Includes the use of the Cartesian coordinate system, programming codes and command, and tooling requirements for CNC/CAM machines. Two hours lecture, four hours lab.

MST 2724. CNC II (4 hours credit) A continuation of Computer Numerical Control Operations I. Includes instruction in writing and editing CNC programs, machine setup and operation, and use of CAM equipment to program and operate CNC machines (CNC lathes, CNC mills, and CNC machine centers). Two hours lecture, four hours lab.

MST 2734. FUNDAMENTALS OF CAD/CAM (4 hours credit) This course is designed to provide the students with the fundamental knowledge and skills of Computer
Aided Design Manufacturing using various CAD/CAM software packages as they relate to Machine Tool Technology. Two hours lecture, four hours lab.

**MST 2813. METALLURGY** (3 hours credit) Concepts of metallurgy including instruction and practice in safety, metal identification, heat treatment, and hardness testing. Three hours lecture.

**Psychology (PSY)**

**PSY 1513. GENERAL PSYCHOLOGY** (3 hours credit) An introduction to the scientific study of human behavior and mental processes. This includes history and theories of psychology, research methods, biological bases of behavior, the principles of learning, personality, and abnormal behavior.

**PSY 1523. GENERAL PSYCHOLOGY II** (3 hours credit) A continuation of PSY 1513, emphasizing applied psychological methods and principles. Includes motivation and emotion, abnormal behavior, mental health and therapy, group processes, mass communication and persuasion.

**PSY 2513. CHILD PSYCHOLOGY** (3 hours credit) A study of the various aspects of human growth and development during childhood. Topics include physical, psychosocial and cognitive development from conception into emerging adolescence.

**PSY 2523. ADOLESCENT PSYCHOLOGY** (3 hours credit) A study of human growth and development during adolescence. This includes physical, cognitive and psychosocial development.

**PSY 2553. PSYCHOLOGY OF PERSONAL ADJUSTMENT** (3 hours credit) A course to aid in developing an understanding of personal adjustment with emphasis placed on personal issues through life, love and relationships, wellness, and career exploration.

**Reading (REA)**

**REA 1213. READING ENHANCEMENT I** (3 hours credit) A course provided to help students develop reading skills necessary for success in college. Diagnostic testing followed by practice in skills according to the needs of the student. Emphasis on spelling, pronunciation, vocabulary and study skills. Guidance in developing wide reading interests. Placement is based on the ACT Reading Sub-Score of 12 or below. A grade of “A”, “B”, or “C” advances the student to REA 1223. A grade of “D” or “F” in REA 1213 requires the student to repeat REA 1213.

**REA 1223. READING ENHANCEMENT II** (3 hours credit) A course provided to help students develop reading skills necessary for success in college. Diagnostic testing followed by practice in skills according to the needs of the student. Emphasis on spelling, pronunciation, vocabulary and study skills. Guidance in developing wide reading interests. Placement is based on the ACT Reading Sub-Score of 13-16. A grade of “A”, “B” or “C” exits the student from reading courses. A grade of “D” or “F” requires the student to repeat REA 1223.

**Respiratory Therapy (RCT)**

**RCT 1214. RESPIRATORY CARE SCIENCE** (4 hours credit) Designed to introduce the student respiratory care practitioner to fundamental elements important to the delivery of health care in a safe, efficient and professional manner. The holistic approach to patient care will be emphasized. Three hours lecture, two hours lab. Prerequisites: Anatomy and Physiology I and II (BIO 2513 and BIO 2523); program admission; or program director’s approval.
RCT 1223. PATIENT ASSESSMENT AND PLANNING (3 hours credit) Fundamental approach to subjective and objective evaluation, assessment, and care plan formation for the individual needs of the patient. An introduction to cardiopulmonary diseases including etiology, pathophysiology, complications, occurrences, clinical manifestations, treatment, and prevention.

RCT 1313. CARDIOPULMONARY ANATOMY AND PHYSIOLOGY (3 hours credit) A study of cardiopulmonary and renal physiology in relation to the practice of respiratory care. Three hours lecture. Prerequisites: Anatomy and Physiology I and II (BIO 2513 and BIO 2523); program admission; or program director's approval.

RCT 1322. PULMONARY FUNCTION TESTING (PFT) (2 hours credit) This course is an introduction to pulmonary function technique and testing equipment. Prerequisites: Respiratory Care Practitioner I (RCT 1414) or instructor's approval.

RCT 1415. RESPIRATORY CARE PRACTITIONER I (5 hours credit) A study of respiratory treatments and equipment design and operation related to the clinical objectives incorporating airway management, suctioning, and basic life support. Two hours lecture, eight hours lab. Prerequisite: program admission.

RCT 1424. RESPIRATORY CARE PRACTITIONER II (4 hours credit) A continuation of Respiratory Care Practitioner I. A study of respiratory failure, mechanical ventilation, pulmonary rehabilitation, and home care. Three hours lecture, two hours lab. Prerequisite: Respiratory Care Practitioner I (RCT 1414).

RCT 1516. CLINICAL PRACTICE I (6 hours credit) Patient assessment and care plan formation are presented in the hospital environment. A procedural guide is utilized to evaluate student competencies and performance of respiratory care procedures. Twelve hours clinical. Prerequisites: Anatomy and Physiology I and II (BIO 2513 and BIO 2523), Respiratory Care Science (RCT 1114), Patient Assessment and Planning (RCT 1213), and Cardiopulmonary Anatomy and Physiology (RCT 1313).

RCT 1523. CLINICAL PRACTICE II (3 hours credit) Students rotate through various respiratory care sub-specialty areas for evaluation of competency and performance of respiratory care procedures. A review of all aspects of respiratory care. Nine hours clinical. Prerequisites: Clinical Practice I (RCT 1516) and Respiratory Care Practitioner II (RCT 1424).

RCT 1613. RESPIRATORY CARE PHARMACOLOGY (3 hours credit) Designed to introduce the student to the pharmacology related to cardiopulmonary disorders. Three hours lecture. Prerequisites: Anatomy and Physiology I (BIO 2513) and Anatomy and Physiology II (BIO 2523); program admission; or program director's approval.

RCT 2333. CARDIOPULMONARY PATHOLOGY (3 hours credit) A study of the cardiopulmonary pathophysiology. Includes etiology, clinical manifestations, diagnostics, and treatment of various cardiopulmonary diseases. Case studies and/or clinical simulations will be utilized to enforce learning and evaluate progress. Three hours lecture. Prerequisites: Cardiopulmonary Anatomy and Physiology (RCT 1313), Respiratory Care Practitioner III (RCT 2434), and Clinical Practice III (RCT 2536), or instructor's approval.

RCT 2434. RESPIRATORY CARE PRACTITIONER III (4 hours credit) A study of respiratory care in the critical care setting. Topics include nonconventional modes of mechanical ventilation, hemodynamics, special procedures, and advanced cardiac life support. Three hours lecture, two hours lab. Prerequisites: Clinical Practice II (RCT 1523); program progression.

RCT 2534. CLINICAL PRACTICE III (4 hours credit) Students rotate through various clinical areas for evaluation of competency and performance of respiratory care procedures. Six hours clinical, no lecture. Prerequisites: Clinical Practice I (RCT 1516) and Clinical Practice II (RCT 1524); program progression.
RCT 2546. CLINICAL PRACTICE IV (6 hours credit) Students rotate through respiratory care specialty areas. A procedural guide is utilized to evaluate student competency and performance. Six hours clinical, no lecture. Prerequisites: Clinical Practice I (RCT 1516), Clinical Practice II (RCT 1523), Clinical Practice III (RCT 2536).

RCT 2613. NEONATAL/PEDIATRICS MANAGEMENT (3 hours credit) A study of fetal development and the transition to the extraterine environment. Includes the most common cardiopulmonary birth defects, neonatal and pediatric disease process, and the mode of treatment. Three hours lecture. Prerequisite: Respiratory Care Practitioner II (RCT 1424) or instructor's approval.

RCT 2712. RESPIRATORY CARE SEMINAR (2 hours credit) Designed to integrate the essential elements of respiratory care practice through the use of care plans, case studies, and clinical simulations in a laboratory environment. Students develop an analytical approach to problem solving. Critical thinking is emphasized. One hour lecture, two hours lab. Prerequisite: Respiratory Care Practitioner III (RCT 2434) or instructor's approval.

Social Work (SWK)

SWK 1113. SOCIAL WORK: A HELPING PROFESSION (3 hours credit) The course exposes students to a “helping” profession that plays a central role in addressing human needs. Students are exposed to personal/lived experiences of social work clients and successes of “real” social workers in respective practices such as mental health, child welfare, disaster, corrections, faith-based, military, international relief, and industry.

Sociology (SOC)

SOC 2113. INTRODUCTION TO SOCIOLOGY I (3 hours credit) This course introduces the scientific study of human society and social interaction. Social influences on individuals and groups are examined.

SOC 2133. SOCIAL PROBLEMS (3 hours credit) This course is designed to be a study of the major problems confronting American society and the conditions which have produced these problems. Current and relevant problems are selected as areas of study. Prerequisite: Introduction to Sociology I (SOC 2113).

SOC 2143. MARRIAGE AND FAMILY (3 hours credit) A study of the development of marriage and family as cultural units in society.

Speech and Theatre (SPT)

COM/SPT 1113. PUBLIC SPEAKING I (3 hours credit) Study and practice in making speeches for a variety of public forums. Major emphasis is placed on effective speech preparation and delivery. Topics include research and organization of materials for various types of speeches, process of human communication, listening skills, and delivery skills.

SPT 1153. VOICE, DICTION AND PHONETICS (3 hours credit) A study of the International Phonetic Alphabet and training in the phonetic transcription of speech for improvement of voice and diction. Includes physical characteristics and production of sounds in American English, auditory training, improvement of articulation and standard pronunciations, and voice production.

SPT 1163. ARGUMENTATION AND DEBATE (3 hours credit) The study and application of basic argumentative technique; integration of speech techniques through class debates; theory and practices of argument and debate. Prerequisite: Grade of “C” or better in SPT 1113 (Public Speaking I).
SPT 1213. FUNDAMENTALS OF THEATRE PRODUCTION (3 hours credit)
A basic course in the management of theatre arts to provide the student with the general knowledge of the collaborative process of mounting and marketing a theatrical production. Topics include season selection, performance, marketing and production and design and technical.

SPT 1233. ACTING I (3 hours credit) An introduction to the training of the voice, body and imagination as the foundations of the work of an actor through the study of acting theory, vocabulary, theatrical games, monologue, and scene work. Topics include utilizing the expressive use of the mind, body and voice in portraying a character; basic working vocabulary required of an actor to participate in a staged performance.

SPT 1241. DRAMA PRODUCTION I (1 hour credit) Participation in college drama productions. Required for theatre majors. Grade will be determined by the following factors: successful performance; evaluation of student's efforts in performance; participation in one or more of the following—theatre management, design, acting, technical theatre, maintenance.

SPT 1251. DRAMA PRODUCTION II (1 hour credit) Participation in college drama productions. Required for theatre majors. Grade will be determined by the following factors: successful performance; evaluation of student's efforts in performance; participation in one or more of the following—theatre management, design, acting, technical theatre, maintenance.

SPT 1273. THEATRICAL MAKEUP (3 hours credit) Techniques in the application of makeup for the stage, including color, contour, style, shape and texture.

SPT 2143. ORAL INTERPRETATION (3 hours credit) Training is given in the techniques of oral interpretative reading, its theories and practices. Topics include understanding and appreciating a variety of forms of literature, using voice and body as a means of communication, and forming storytelling skills.

SPT 2173. INTERPERSONAL COMMUNICATION (3 hours credit) Theory and analysis of dyadic relationships (one-on-one interactions). The course explores topics such as perception, listening, conflict management, relationship building and maintenance, and relational power. Prerequisite: Grade of “C” or better in SPT 1113 (Public Speaking I).

SPT 2223. STAGECRAFT (3 hours credit) An introduction to all technical elements of production design and operation, including set design, lighting, sound and costuming. Concurrent enrollment in Drama Production (SPT 1241, 1251, 2241, or 2251) is required.

SPT 2233. THEATRE APPRECIATION (Non-majors) (3 hours credit) An introduction of the cultural, historical and social aspects of drama. Class content provides an appreciation of theatre and performance art to develop audience standards through demonstration of the unique characteristics of theatre. Topics include theatre as an art form, theatre history, survey of dramatic literature, and theatre as a business. A Fine Arts elective.

SPT 2241. DRAMA PRODUCTION III (1 hour credit) Participation in college drama productions. Required for theatre majors. Grade will be determined by the following factors: successful performance; evaluation of student's efforts in performance; participation in one or more of the following—theatre management, design, acting, technical theatre, maintenance.

SPT 2251. DRAMA PRODUCTION IV (1 hour credit) Participation in college drama productions. Required for theatre majors. Grade will be determined by the following factors: successful performance; evaluation of student's efforts in performance; participation in one or more of the following—theatre management, design, acting, technical theatre, maintenance.
SPT 2283. ACTING II (3 hours credit) Continued training in the techniques of role preparation and character development through concentrated monologue and scene work. Prerequisite: Grade of “C” or better in SPT 1233 (Acting I).

Surgical Technology (SUT)
SUT 1113. FUNDAMENTALS OF SURGICAL TECHNOLOGY (3 hours credit) This is a basic introductory course including hospital and surgical suite organization and environment, history, legal responsibilities, terminology, interpersonal relationships, pharmacology, and anesthesia.

SUT 1216. PRINCIPLES OF SURGICAL TECHNIQUE (6 hours credit) This course is a comprehensive study of aseptic technique, safe patient care, and surgical techniques.

SUT 1314. SURGICAL ANATOMY (4 hours credit) Emphasis is placed on the structure and function of the human body as related to surgery. Application of the principles of surgical anatomy to participation in clinical experience.

SUT 1413. SURGICAL MICROBIOLOGY (3 hours credit) This is an introduction to pathogenic microorganisms related to surgery and their effect on wound healing and infection. It includes principles of sterilization and disinfection.

SUT 1518. BASIC AND RELATED SURGICAL PROCEDURES (8 hours credit) This course includes instruction in regional anatomy, pathology, instrumentation, and surgical techniques in general surgery, gynecology, obstetrics, and urology. It requires clinical experience in area hospital surgical suites and related departments. Prerequisites: CPR-Health Care Provider and all first semester courses.

SUT 1528. SPECIALIZED SURGICAL PROCEDURES (8 hours credit) This course includes instruction in regional anatomy, pathology, instrumentation, and techniques in surgical specialty areas of ear, nose, and throat; eye; oral and maxillofacial surgery, pediatrics and plastic. This course requires clinical experience in area hospital surgical suite and related departments. Prerequisites: CPR-Health Care Provider and all first semester courses.

SUT 1538. ADVANCED SURGICAL PROCEDURES (8 hours credit) This course includes instruction in regional anatomy, pathology, instrumentation, and techniques in surgical specialty areas of orthopedics, neurosurgery, thoracic, peripheral vascular, cardiovascular surgery, and employability skills. This course requires clinical experience in area hospital surgical suites and related departments, and a comprehensive final examination. Prerequisites: CPR-Health Care Provider and all second semester courses.

Technical Mathematics (TMA)
TMA 1833. TECHNICAL TRIGONOMETRY (3 hours credit) A study of the solutions of right and oblique triangle, identities, trigonometric equations, and polar and parametric equations. Three lectures per week.

TMA 2143. INTRODUCTION TO CALCULUS (3 hours credit) Broad coverage of the most widely accepted areas of college level calculus with special application for technicians. Topics covered are functions, analytic geometry, differential and integral calculus. Three lectures per week.

Welding and Cutting (WLT)
WLT 1114. SHIELDED METAL ARC WELDING I (4 hours credit) This course is
designed to teach students welding techniques using E-6010 electrodes. One hour lecture, six hours lab.

WLT 1125. GAS METAL ARC WELDING (GMAW) (5 hours credit) This course is designed to give the student experience in various welding applications with the GMAW welder including short circuiting and pulsed transfer. One hour lecture, 10 hours lab.

WLT 1135. GAS TUNGSTEN ARC WELDING (GTAW) (5 hours credit) This course is designed to give the student experience in various welding applications with the GTAW welder. One hour lecture, 10 hours lab.

WLT 1143. FLUX CORED ARC WELDING (FCAW) (3 hours credit) This course is designed to give the student experience in FCAW. One hour lecture, four hours lab.

WLT 1173. INTRODUCTION TO WELDING & SAFETY (3 hours credit) This course is designed to give the student an introduction to the welding profession and experience in safety procedures related to welding. One hour lecture, four hours lab.

WLT 1225. SHIELDED METAL ARC WELDING II (5 hours credit) This course is designed to teach students welding techniques using E-7018 electrodes. One hour lecture, eight hours lab.

WLT 1232. DRAWING AND WELDING SYMBOL INTERPRETATION (2 hours credit) This course is designed to give the student advanced experience in reading welding symbols. One hour lecture, two hours lab.

WLT 1313. CUTTING PROCESSES (3 hours credit) This course is designed to give the student experience in oxyfuel cutting principles and practices, air carbon cutting and gouging, and plasma arc cutting. One hour lecture, four hours lab.

WLT 292 (1-6). SUPERVISED WORK EXPERIENCE IN WELDING AND CUTTING (1-6 hours credit) This course is a cooperative program between the industry and education and is designed to integrate the student’s technical studies with industrial experience. Variable credit is awarded on the basis of one semester hour per 45 contact hours. Three to 18 hour externship.

Work-Based Learning (WBL)

WBL 191(1-3). WORK-BASED LEARNING I (3 hours credit) In this structured worksite learning experience, the student, program area teacher, Work-Based Learning coordinator, and worksite supervisor/mentor develop and implement an educational training agreement. It is designed to integrate the student’s academic and technical skills into a work environment. It may include regular meetings and seminars with school personnel and employers for supplemental instruction and progress reviews. Students must document 135 clock hours to receive three hours credit. Prerequisite: Concurrent enrollment in career-technical program area courses.

WBL 192(1-3). WORK-BASED LEARNING II (3 hours credit) A continuation of WBL I.

WBL 193(1-3). WORK-BASED LEARNING III (3 hours credit) A continuation of WBL II.

WBL 291(1-3). WORK-BASED LEARNING IV (3 hours credit) A continuation of WBL III.

WBL 292(1-3). WORK-BASED LEARNING V (3 hours credit) A continuation of WBL IV.

WBL 293(1-3). WORK-BASED LEARNING VI (3 hours credit) A continuation of WBL V.
Preventing Campus Crime

Important Telephone Numbers

Senatobia Campus
- Fire/Ambulance/Police: 911
- Campus Police: 562-3314
- Student Services/Housing: 562-3305

(9-911 if dialing from a campus extension)

DeSoto Center
- Main Desk & Campus Police: 342-1570
- Fire/Ambulance/Police: 911

Lafayette-Yalobusha Technical Center
- Main Office: 236-2023
- Fire/Ambulance/Police: 911

On November 8, 1990, President George H.W. Bush signed the “Student Right to Know and Campus Security Act of 1990.” The Act applies to every institution of higher education that receives federal financial aid. Title II of the Act was called the “Campus Crime Awareness and Campus Security Act of 1990.” It requires institutions of higher education to distribute to all current students and employees, and applicants for enrollment or employment, two types of information: (1) Descriptions of policies related to campus security, and (2) Statistics concerning specific types of crimes. Amendments enacted in 1998 renamed Title II, and it is now known as the “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.” The amendments require the disclosure of crimes that are reported to police and campus officials other than police, along with a breakdown of locations of criminal activity to be specified as on-campus, non-campus, residence hall, or public property.
The Campus Police

The Campus Police Office is part of the Division of Student Services and reports to the Vice President for Student Services. The Director/Chief of Campus Police is responsible for the management of the office and staff. All other public safety services are coordinated with key college and local officials.

The Campus Police staff consists of both full- and part-time officers who are certified through the Mississippi Law Enforcement Officers Training Academy and have constable powers under authority of state statute. All certified officers are armed and have arrest powers. They are responsible for enforcement of college rules and regulations and the laws of the state of Mississippi on the campuses of Northwest Mississippi Community College. Police jurisdiction includes all college-owned, rented or leased property. Campus Police officers are based on the Senatobia campus, DeSoto Center and Lafayette-Yalobusha Technical Center. NWCC Campus Police works closely with local, state, and federal law enforcement agencies, such as the City of Senatobia Police Department, Tate County Sheriff’s Department, City of Southaven Police Department, DeSoto County Sheriff’s Department, Benton County Sheriff’s Department, City of Oxford Police Department, and the Lafayette County Sheriff’s Department, in investigations of shared concern and have a written Memorandum of Understanding with these departments concerning the investigations. The staff is also composed of security guards who perform parking patrols, vehicle boosts, residence hall room and vehicle unlocks and other related functions.

The Campus Police telephone number (562-3314) is monitored 24 hours a day by a dispatcher or by an officer operating a cell phone. Dispatchers can contact the fire department, other law enforcement agencies or emergency medical services by direct phone line or radio. Personnel also monitor the National Weather Service radio network.

Authority of Campus Police

Mississippi Code of 1972 (As Amended): Section 37-29-275. Application of general criminal laws of state; security officers vested with powers of constables; authorization to bear arms if certified.

Any act, which, if committed within the limits of a city, town, or village, or any public place, that would be a violation of the general laws of this state, shall be criminal and punishable if done on the campus, grounds, or roads of any of the state supported junior colleges. The peace officers duly appointed by the boards of trustees of state-supported community or junior colleges, or officers of private security firms licensed by the State of Mississippi contracted by the boards of trustees of state-supported community/junior colleges, are vested with the powers and subject to the duties of a constable for the purpose of preventing and punishing all violations of law on state-supported junior college grounds and for preserving order and decorum thereon. Peace officers appointed by the boards of trustees or officers of private security firms licensed by the State of Mississippi contracted by the boards of trustees shall have authority to bear arms in order to carry out their law enforcement responsibilities if such officers have been certified according to the minimum standards established by the Board on Law Enforcement Officer Standards and Training. The peace officers duly appointed by the boards of trustees of public community/junior colleges are also vested with the powers and subjected to the duties of a constable for the purpose of preventing all violations of law that occur within five hundred (500) feet of any property owned by the college, if reasonably deter-
mined to have a possible impact on the safety of students, faculty or staff of the college while on said property. Provided, however, that nothing in this section shall be interpreted to require action by any such peace officer appointed by a college to events occurring outside the boundaries of college property, nor shall any such college or its employees be liable for any failure to act to any event occurring outside the boundaries of property owned by the college. If a law enforcement officer is duly appointed to be a peace officer by a college under this section, the board of trustees of the public community/junior college may enter into a Memorandum Of Understanding with other law enforcement entities for the provision of equipment or traffic control duties; however, the duty to enforce traffic regulations and to enforce the laws of the state or municipality off of college property lies with the local police or sheriff's department which cannot withhold its services solely because of the lack of such an agreement.

Procedures for Reporting Campus Crime and Other Emergencies
Campus crime is a reality, and preventing it is a responsibility shared by all members of the campus community. Public apathy is a criminal's greatest ally. If you see or suspect criminal activity, you cannot assume that someone else has reported it. Whether you are a victim or an observer, you should report any possible crime, suspicious activity or emergency to the Campus Police. If you are suspicious, you may report a crime to the following areas:

**SENATOBIA CAMPUS**
Senatobia Campus Police 562-3314
Vice President for Student Services 562-3305
Dean of Students 562-3305
Assistant Director of Campus Life & Housing 562-3305

**DESO TO CENTER**
DeSoto Center Campus Police 280-6191
Dean of DeSoto Center 280-6122
Associate Dean of DeSoto Center 280-6125
Assistant Dean of DeSoto Center 280-6167

**LAFAYETTE-YALOBUSHA TECHNICAL CENTER**
Lafayette-Yalobusha Technical Center Campus Police 236-1951
Dean of Lafayette-Yalobusha Technical Center 238-7945

In an emergency, should you be unable to contact the Campus Police, simply dial 9-911 from your campus phone. Our office is located in the McLendon Student Center on the Senatobia campus. At DeSoto Center the information desk is located in the main lobby or at Lafayette-Yalobusha Technical Center at the Campus Police Office.

Students, faculty and staff should report all crimes and medical or fire emergencies to Campus Police. When a report is received, a police officer will go to the caller's location for investigation. When necessary, a follow-up investigation will be conducted by the department and coordinated with the local police agencies. In the case of a medical or fire emergency, the Campus Police will notify the appropriate emergency personnel.

When you call the Campus Police, please provide the following information:
• Your name;
• The location of the incident you are reporting;
• A description of any vehicles involved in the incident, especially a license plate number; and
• The nature of the incident.

Response to Reports of Crime
All crimes reported to the Campus Police are considered serious and are treated with the appropriate concern and attention toward solving the crime. Each officer is trained to perform investigations. All reasonable avenues of investigations will be pursued concerning a complaint. The complainant will be notified in a timely manner of the results of the investigation.

A public crime log of reported crimes is maintained by the department and shared with interested people or organizations on a daily basis. The public log will not include any personally identifying information about the victim of reported crimes. Additionally, the campus community will be notified immediately about any pattern of crimes or incidents that seriously threaten campus safety. Individuals who regularly receive information concerning reported crimes include:

- Vice President for Student Services 562-3305
- Dean of Students 562-3305
- Dean of DeSoto Center 280-6122
- Dean of Lafayette-Yalobusha Technical Center 238-7945

Individuals who become aware of incidents or individuals that threaten the safety of the campus community, should immediately contact Campus Police or one of the individuals listed above.

Individuals who wish to report incidents of inappropriate behavior by students, but who do not want the incident investigated as a criminal offense, should make such report to the Dean of Students.

Individuals who wish to report incidents of inappropriate behavior by staff or faculty, but who do not want the incident investigated as a criminal offense, should make such report to the appropriate department chairperson or supervisor.

Northwest Mississippi Community College Policy Addressing the Issuance of Timely Warnings
In the event that a situation arises, either on or off campus, that, in the judgment of the Chief of Campus Police and the Vice President for Student Services, constitutes an ongoing or continuing threat, a campus-wide “timely warning” will be issued. The warning will be issued through the college e-mail system to students, faculty and staff, Ranger Alert, and social media (Twitter, Instagram and Facebook).

Depending on the particular circumstances of the crime, but especially in all situations that could pose an immediate serious threat to our campus community, the Department of Campus Police may also post a notice on the campus police department’s Web page at www.northwestms.edu/index.php/?page_id=989.html.

Anyone with information warranting a timely warning should report the circumstances to the Campus Police Department immediately by phone at (662) 562-3314 or in person at the McLendon Student Center.
General Policies and Regulations

Missing Persons Policy
All concerns regarding a possible missing person (student, faculty, or staff) should be immediately directed to the Campus Police Office. Upon receipt of a missing person report, the Campus Police will initiate a priority investigation. An investigating officer will meet with the individual(s) making such a report and will gather the following information:

1. Essential information about the missing person—description, clothes last worn, possible location including last known destination, individuals the missing person might be with, known associates, and vehicle description. A recent photograph will also be secured.
2. The investigating officer will also gather information about the physical and mental well-being of the missing person. A current class schedule, class attendance information, job information and work schedule, or residence hall information sheet (if applicable), will be obtained.
3. Based upon information gathered in steps one and two, appropriate campus staff will be contacted and either questioned or notified regarding the missing person’s status.
4. If after the completion of steps one through three it appears that the person is actually missing, parents or an emergency contact person will be notified by the Vice President for Student Services or the Director of Campus Police. Each student may identify a contact person to be notified if the student is determined missing by Campus Police. The parents or guardian and contact person will be notified if the missing student is under 18 and not emancipated. Contact will be registered and maintained confidentially.
5. After consultation with the family of the missing person, the Campus Police will issue a regional welfare alert for the missing person through the National Crime Information Center. Further investigatory measures will be taken or additional notifications made based upon the circumstances of the individual case.
6. The Vice President for Student Services and/or Director of Campus Police will keep family apprised of the status of the investigation.

If You are Assaulted
If you are assaulted, call the Campus Police as soon as possible. Try to remember as much about the assailant as possible. Characteristics important in locating and identifying suspects include sex; race; hair color; body size; clothing; scars and other noticeable markings; mode of travel; and vehicle color, type and license plate number. In some incidents, the victim may already know the name of the person committing the assault. If you report an assault, the campus will be searched immediately for suspects, and neighboring police agencies may be notified.

If You See a Suspicious Person
If you see anyone acting suspiciously, call the Campus Police at once. Do not approach the person yourself. Report the type of activity you observed and describe the person or persons involved. Provide as much information as you can, such as the person’s sex, race, location, type of clothing and type of vehicle. The Campus Police will investigate your report immediately. If all members of the campus community become security-conscious and report suspicious activity, thefts and related incidents will be reduced. Remember, preventing crime is your responsibility, too!

If You Receive a Bomb Threat
If you receive a bomb threat by telephone, obtain as much information from the
caller as possible. Do not panic. Ask for (1) the location of the bomb, (2) the expected time of explosion, and (3) the type of bomb. Listen carefully to the caller's voice and any background noises. Such information may assist in identifying the caller. Call the Campus Police immediately. Campus Police, together with the building officials, will determine whether evacuation is required.

The most important thing to remember about preventing crime is that you should call police whenever you suspect that a crime has been or may be committed. You don't need proof in order to call. If you suspect a crime, call the Campus Police immediately.

**Campus Security and Access to Campus Facilities**

Although all Northwest campuses are open to the public, facility use is limited to educational and administrative activities and programs, and student or public events, approved by appropriate college authorities. Anyone requesting after-hours access to facilities must have the approval of the appropriate authority prior to the Campus Police allowing access. Unless authorized or attending an ongoing campus event, all non-students and commuter students must depart the Senatobia campus by 10 p.m.

College facilities and landscaping are maintained to minimize hazardous conditions. Malfunctioning lights and other unsafe conditions should be reported immediately to the Physical Plant Department by calling 562-3438, or, after business hours, by calling Campus Police.

Residence halls are a special concern. The on-campus residence halls and apartments currently house nearly 1,100 men and women during the academic year. Each resident is provided with a key to his or her own room. Main entrances of the residence halls are locked in the evening. After closing time, students may enter residence halls with main entrances, by using an ID card in the card access reader system installed in the main door. Only designated exits may be used after hours. Windows are equipped with locks operable by the room occupants.

**Residence Hall Door Security**

1. A student who enters or leaves the residence hall after closing hours is responsible for securing the outside door.
2. A student may not prop open or alter a door so that it will not properly close and lock.
3. A student may not admit unauthorized or uninvited persons after hours.
4. Any maintenance deficiencies that may compromise building security should be reported immediately to a residence hall supervisor. When a supervisor is not on duty, potential security problems should be reported to the Campus Police.
5. Security systems and security procedures are provided for your protection. You should follow these procedures at all times.
6. The first meeting of resident students each semester is designated as a time to review safety information and residence hall rules. Other topics related to safety and security issues are discussed with residents as needed.

**Crime Prevention**

Crime prevention at Northwest Mississippi Community College is a community-based program. Its main goal is to improve the quality of life for members of the campus community; and involvement by all members of the campus community is essential to its success.

At Northwest positive measures and up-to-date crime prevention efforts complement reactive measures. A variety of proactive crime prevention efforts are in use.
by the Campus Police. Visible patrol units either walk the campus or patrol in golf carts or in marked vehicles. Police officers will provide walking or riding escorts upon request at the Senatobia, DeSoto Center and Lafayette-Yalobusha Technical Center campuses.

**Weapons on Campus**
The Northwest Board of Trustees recognizes that the possession of pistols, firearms or other weapons on college premises or at college functions by persons, other than duly authorized law enforcement officials, creates unreasonable and unwarranted risk of injury or death to the college’s employees, students, visitors and guests. Because of such dangers, the Board hereby prohibits the possession of pistols, firearms or weapons in any form by any person, other than duly authorized law enforcement officials and the college’s security officials, on the college’s premises or at college functions, regardless of whether any such person possesses a valid permit to carry such pistols, firearms or weapons.

**Alcohol and Illegal Drugs**
Northwest Mississippi Community College prohibits the possession, use, manufacture or distribution of controlled substances; illegal drugs; or alcohol on college property, or as part of any college-sponsored or authorized activity. Any student or employee failing to observe the drug and alcohol policy will be subject to sanctions by the college in accordance with established disciplinary procedures found in the Bulletin or the Northwest Policy Manual. For students, sanctions may include fines, probation, suspension or expulsion. For employees, sanctions may include termination of employment. In addition to college sanctions, any student or employee found in violation of the drug and alcohol policy may be referred to the appropriate authorities for prosecution. Legal sanctions under local, state and federal laws may include fine and/or imprisonment. Information about drug education, counseling and rehabilitation programs may be found in the Bulletin.

**Drug-Free School Policy**
The possession, use, manufacture, or distribution of alcohol, unauthorized or illegal drugs, or the misuse of any legal drugs on college premises or at any college activity, is strictly prohibited and will constitute grounds for disciplinary action, which may include expulsion.

**K-9 Drug Dogs on Campus**
In seeking to maintain a drug-free campus, canine (K-9) drug detection dogs may be utilized to search all public and common areas in all campus parking lots and buildings for the purpose of detecting illegal drugs and narcotics.

The Director of Campus Police will arrange supervision and coordinate all canine searches with the assistance of campus police officers, appropriate housing personnel, administrators, and other local law enforcement agencies. Searches will be performed by handlers and canines trained and certified in the detection of illegal drugs/narcotics.

Canines will be allowed to search areas such as residence hall rooms, offices, and vehicles after the canine alerts to one of these areas, thus developing probable cause. Once probable cause is established, the canine will be allowed to enter the room/office/vehicle in accordance with law and college policy and continue searching.

Upon any discovery of suspected illegal drugs/narcotics, persons who are determined to be in violation of state or federal law and/or college rules and regulations may be arrested and may face college disciplinary charges.
Disciplinary Action and Sanctions
Appropriate disciplinary actions will be taken in all cases in which a student violates provisions of the Northwest Drug-Free School Policy. Penalties and/or sanctions may include any one or a combination of the following:
1. recommended professional counseling;
2. letter of probation;
3. fine;
4. mandatory participation in an organized drug treatment program;
5. denial or termination of financial aid or scholarships; and/or
6. withdrawal, suspension, or expulsion from Northwest.

The circumstances surrounding the offense and the facts as determined by appropriate investigation will be fully reviewed prior to a decision on the action being taken.

Legal Sanctions
Local, state, and federal legal statutes contain sanctions for violations of laws concerning the use, distribution, manufacture, and/or possession of alcohol and illegal drugs. These sanctions include imprisonment for a period of time up to a term of life imprisonment, fines, supervised release, or any combination of the above.

In Mississippi the legal drinking age is 21. It is unlawful for a person under 21 years of age to possess alcoholic beverages, and the selling, giving, or serving of alcoholic beverages to persons under 21 is unlawful. In some counties of the state (designated as dry counties) the possession of any alcoholic beverages by any person regardless of age is prohibited.

Specific legal sanctions for violations of these laws are contained in the United States Code, the Mississippi Code 1972 Annotated, and local city and county laws and ordinances.

Health Risks Associated with Alcohol and Drug Use
Abuse of alcohol and illegal drugs, and the misuse of any legal drugs, can result in serious health consequences. Some health risks associated with the most common mood-altering substances include: organ damage; impairment of brain activity, digestion, and blood circulation; addiction; increased likelihood of accidents; increased risk of contracting hepatitis, AIDS, and other infections; various birth defects; respiratory paralysis; and death. The use of alcohol can lead to: loss of muscle control, poor coordination, and slurred speech; fatigue, nausea, and headache; impaired judgment; increased likelihood of accidents; alcoholism; damage to brain cells; hallucinations; personality disorders; increased risk of cirrhosis, ulcers, heart disease, heart attack, and cancer; and death.

Commonly abused mood-altering drugs include: narcotics (including heroin, morphine, codeine, hydrocodone, hydromorphone, oxycodone, methadone, fentanyl, Demerol, Percodan and others); depressants (including chloral hydrate, barbiturates, benzodiazepines, gluethimide, Valium and others); stimulants (including cocaine, amphetamine/methamphetamine, methylphenidate and others); cannabis (including marijuana, tetahydracannabinol, hashish, and hashish oil); hallucinogens (including LSD, mescaline and peyote, amphetamine variants, phencyclidines, and others); anabolic steroids (including testosterone, nandrolone, oxymethalone, and others); and designer drugs (including synthetic heroin, ecstasy, and other chemically modified forms of drugs).

Resources
The College employs professional counselors, and the Student Development Center is prepared to help students find appropriate assistance in dealing with alcohol
and drug-related problems. It is each student’s responsibility to seek assistance before the problem affects judgment, performance, or behavior.

Telephone numbers of some of the agencies providing counseling, treatment, education, and other alcohol and drug-related services are:
Northwest Student Development Center (562-3320)
Regional Mental Health Center (562-5216)
Tate County Health Department (562-4428)
Parkwood Hospital (895-4900)
National Hotline Numbers:
1-800-COCAINENational Hotline Numbers:
1-800-662-HELP
1-800-342-2437
1-800-729-6686 (National Clearinghouse for Alcohol and Drug Abuse)

**Reporting Requirement**

Any student who is convicted of a drug-related offense must inform the college within five (5) college working days of such a conviction. This notice must be in writing to the Vice President for Student Services. A student with such a conviction may be subject to disciplinary action and may jeopardize the receipt of financial aid and scholarships.

**Annual Distribution**
The Drug-Free Workplace Certification Policy is included in the college’s *Policy Manual*.

The Drug-Free School Policy is included in the college’s *Policy Manual* and *Bulletin*. Distribution is the responsibility of the Vice President for Student Services and Center Deans.

**Biannual Review**
A biannual review (every 2 years) of the drug prevention program will be conducted to determine its effectiveness, implement needed changes, and ensure that disciplinary sanctions are consistently enforced. The Vice President for Student Services will have the responsibility of appointing a committee to conduct the review.

A sample of students and employees will be surveyed to determine the effectiveness of the current policy and recommend any changes.

**Recordkeeping**
The President will appoint persons to be responsible for keeping and maintaining records of violations of this policy and the Drug-Free Workplace Certification Policy, including records of any penalties and/or sanctions imposed on students or employees. Student records will be maintained in the Student Services Office, and employee records will be maintained in the Human Resources Office.

**Public Intoxication**
The College forbids the possession and/or consumption of alcoholic beverages (including beer) on the campus and/or at any activity sponsored by a student organization at the College on college owned or controlled property. Drunkenness or evidence of intoxication is a violation of law on college property. Drunkenness can be caused by alcohol, drugs, narcotics, or other intoxicating substances.

The College will take additional steps with students who appear impaired to the point where they are drunk (not in control of themselves) on campus in order to protect that student and the campus community. Therefore, if in the opinion of ap-
propriate college officials a student is impaired (public drunk), then the following action will be taken:

1. The student’s parents or legal guardian will be called to come and take custody of the student (if the student is under the age of 18);
2. If the parent or legal guardian cannot be contacted, or if the parent or legal guardian refuses or is unable to take custody of the student, then the student will be arrested and transported to the county jail.

Endangerment Policy
Students who endanger their own physical well-being or disrupt the campus community, including threatening or attempting suicide, may be administratively suspended from the residence halls and/or the College. To be considered for reinstatement to the residence halls and/or the College, the student may be required to provide the Vice President for Student Services documentation signed by the student’s physician or licensed mental health professional indicating that the student is not a threat to him/herself or the campus community.

Hazing
Hazing is forbidden. Hazing means any intentional, knowing, or reckless act, occurring on or off the campus, by one person alone or acting with others, directed against a student that endangers the mental or physical health or safety of a student for the purpose of affiliating with, holding office in, or maintaining membership in any organization which includes students.

Gang Related Activity
Northwest Mississippi Community College recognizes the need for rules and regulations that create a safe and healthy environment conducive to teaching and learning. As such, the College recognizes the importance of deterring students from emulating or contributing to the proliferation of gangs. A gang is defined by the College as “any ongoing organization, association or group of three or more persons, whether informal or formal, having as one of its primary activities the commission of criminal acts and having a common name or common identifying signs, colors, and/or symbols.”

The College prohibits the following gang-related activities at the College or at College-related events:
1. Initiating, advocating, or promoting a gang or gang-related activity.
2. Defacing College property with gang names, slogans, or insignias.
3. Conducting initiations.
4. Threatening another with bodily injury and/or inflicting bodily injury in connection with a gang or gang-related activity.
5. Inciting, soliciting, or recruiting others for gang membership or gang-related activity.
6. Aiding or abetting any of the above activities by personal presence or support.

Any allegation of involvement in gang-related activity as described above will be adjudicated using the Student Conduct Procedures described in this Bulletin. A finding that any violation of the Code of Student Conduct was gang-related will be considered an aggravating factor in determining appropriate sanctions.

Curfew and Guest Policy
Curfew Policy
1. All visitors (non-students) and commuters must leave campus by 10 p.m. un-
less they are attending a campus event which is open to the public, such as an athletic event, dance, etc.

2. Unauthorized persons present after 10 p.m. are subject to disciplinary action or arrest.

3. Resident students are not permitted to visit other residence halls between the hours of 10 p.m. and 10 a.m.

4. Students may not loiter or engage in athletic or social activities on campus after 10 p.m. unless attending an official campus event.

**Guest Policy**

1. Students are responsible at all times for the conduct of any guest whom they bring to the campus.
2. Campus Police may ask any person on campus for identification. Persons who do not have legitimate business on the campus may be asked to leave campus.
3. Students or visitors are not to bring small children to classroom buildings, residence halls, intramural facilities, or organized activities unless permission is granted by the Student Services Office.
4. Overnight guest permits for the residence halls must be obtained from the Housing Office by 4 p.m. on the day of the visit.
5. All visitors must leave campus by 10 p.m. unless they are attending a campus event which is open to the public, such as an athletic event, dance, etc.

**Search and Seizure**

Students of Northwest Mississippi Community College are protected, as is any citizen, against unreasonable search and seizure. However, in an exercise of the College’s duty to maintain discipline as well as a safe and educational atmosphere, a college official may search a student’s room and/or vehicle when a reasonable cause exists.

1. A reasonable cause exists when a college official has sufficient reason to believe that a campus regulation has been violated or there may be an existing threat to the safety of individuals or facilities.
2. Such search by college officials must be approved by either the Dean of Students, the Director of Campus Police, or Center Deans or their designees after description of the reasonable cause leading to the search.

Normal inspections of resident rooms are conducted in order to maintain acceptable standards of health, safety, and physical maintenance and can be, if necessary, held in the absence of the student. The College reserves the right to enter a particular room at any time when it is deemed to be in the best interest of the institution and its students.

The College reserves the right to take disciplinary action for any violations of policy discovered in these inspections.

**The Campus Sex Crimes Prevention Act**

The Campus Sex Crimes Prevention Act (section 1601 of Public Law 106-386) is a Federal law enacted Oct. 28, 2000, that provides for the tracking of convicted sex offenders enrolled or employed by institutions of higher education.

In compliance with CSCPA, the Northwest Mississippi Community College community may find the required information in the sex offender registry on the Mississippi Department of Public Safety web site at http://state.sor.dps.ms.gov/.

**The Campus Sexual Violence Elimination (SaVE) Act**

The Campus Sexual Violence Elimination (SaVE) Act increases transparency on
campus about incidents of sexual violence; and, guarantees victims enhanced rights and sets standards for disciplinary 10, which addresses campus sexual assault policies within the Higher Education Act of 1965. President Barack Obama signed SaVE into law on March 7, 2013, as part of the Violence Against Women Act (VAWA) Reauthorization.

Sexual Harassment

Preventing Sexual Harassment

Northwest Mississippi Community College is committed to creating and maintaining an environment in which all persons who participate in college programs. Every member of the college community should be aware that the College is strongly opposed to sexual harassment and that such behavior is prohibited by law (Title IX of the Education Amendments of 1972) and by College policy.

Northwest views sexual harassment (as defined in this policy) as serious, and will not tolerate it in any form. It is the intention of the College to take whatever action is needed to prevent, correct, and if necessary, discipline behavior which violates this policy. Prosecution of employees or students for the crimes they commit, whether by state or federal prosecutors, is independent of, and in addition to, the charges or disciplinary proceedings instituted by the College.

What is Sexual Harassment?

Sexual harassment consists of unwelcomed sexual advances, requests for sexual favors, sexually motivated physical conduct, or other verbal or physical behavior of a sexual nature when:

1. Submission to that conduct or communication is made either explicitly or implicitly, a condition of the individual's education;
2. Submission to, or rejection of, such conduct by an individual is used as the basis for academic decisions affecting the individual's welfare;
3. Such conduct has the purpose and effect of substantially interfering with an individual's welfare, academic performance, or creates an intimidating, hostile, offensive, or demeaning educational environment.

Examples of Prohibited Behavior

Prohibited acts that constitute sexual harassment may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

1. Unwelcomed sexual propositions, invitations, solicitations, and flirtations.
2. Threats or insinuations that a person's employment, academic grade, promotional opportunities, classroom or work assignments, or other conditions of academic life, may be adversely affected by not submitting to sexual advances.
3. Unwelcomed verbal expressions of a sexual nature, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcomed use of sexually degrading language, jokes, or innuendos; unwelcomed suggestive or insulting sounds or whistles; and obscene phone calls.
4. Sexually suggestive objects, pictures, videotapes, audio recordings or literature, placed in the work or study area that may embarrass or offend individuals. Such material, if used in an educational setting, should be related to educational purposes.
5. Unwelcomed and inappropriate touching, patting, or pinching; and obscene gestures.

Reporting Sexual Harassment

The Title IX coordinator and assistant Title IX coordinators listed in the Resources
section of this report are designated as the Sexual Harassment Contact Persons (hereafter, Contact Person) to receive all reports of sexual harassment regarding students. Students who have a sexual harassment complaint or inquiry should notify the Contact Person immediately. He/she will maintain all information about applicable laws, College policies and procedures, options available for resolution of complaints, and confidentiality requirements. The Contact Person’s functions include the following:

1. Provide information about sexual harassment and options for addressing it;
2. Inform the complainant regarding applicable College policies and procedures and outline various options, both formal and informal, available for resolving the complaint;
3. Seek an informal resolution if so desired;
4. Maintain records necessary for handling active complaints.

In all investigations and complaint resolutions, the following procedures will be followed:

1. To the extent possible, the College will keep the complaint and investigation confidential.
2. College policy and Title IX prohibits retaliation against any individual who files a complaint under Title IX or participates in a complaint investigation.
3. The College will take all necessary steps to prevent recurrence of any discrimination, including sanctions such as expulsion, suspension, modified suspension, or behavioral restrictions.
4. The College will take steps necessary to remedy discriminatory effects, such as (but not limited to) class reassignment, residence hall reassignment, and special security precautions.
5. The timeframe for most investigations is no longer than two working weeks. An additional week may be needed for formal adjudication.
6. All parties will be notified in writing of the outcome of the investigation and adjudication.

Informal Resolution
Students may seek advice, information, or counseling, on matters of sexual harassment without having to lodge a formal complaint. Persons who feel they are being harassed, or are uncertain as to whether what they are experiencing is sexual harassment, are encouraged to talk with the Contact Person. The student seeking information will be counseled as to the options available under the sexual harassment policy. To the extent possible, information disclosed through this advising session will be held in confidence, unless and until the initiating individual agrees that additional people must be informed in order to facilitate a solution. The complainant may request informal resolution. The aim of informal resolution is not to determine whether there was intent to harass, but to ensure that the alleged offending behavior ceases and that the matter is resolved promptly at the lowest possible level.

Formal Complaint
If an attempt at an informal resolution fails, or if after consultation with the Contact Person, a complainant believes that the nature of the alleged offense requires it, a formal complaint may be filed. The filing of a written complaint is required for a matter to be formally investigated and a determination made on whether the College policy prohibiting sexual harassment has been violated. The formal complaint will consist of a signed statement containing the name(s) of the accused, the nature and date(s) of the incident(s), and an assertion that the statement is a formal complaint.

1. Student complaint against student.
In instances where a student files a complaint against a fellow student, the Contact Person will refer the complaint for investigation. The procedures for handling this form of complaint are described and governed by Northwest’s Code of Student Conduct. The Code of Student Conduct and all applicable procedures are listed in this Bulletin.

2. Student complaint against faculty, staff, or third party.
In instances where a student files a complaint against a member of the Northwest faculty, staff, or third party the Contact Person will forward the complaint for investigation. The procedures governing this form of complaint are outlined in the Northwest Mississippi Community College Policy Manual.

3. Faculty or staff complaint against student.
In instances where a faculty or staff member files a complaint against a student, the Contact Person will refer the complaint for investigation. The procedures for handling this form of complaint are described and governed by Northwest’s Code of Student Conduct. The Code of Student Conduct and all applicable procedures are listed in this Bulletin.

Sexual Assault, Domestic Violence and Stalking Prevention
Northwest Mississippi Community College is committed to creating and maintaining a community in which students, faculty, and staff can work together in an atmosphere free of threats. Every member of the college community should be aware that the college considers personal physical safety of students and employees to be a minimal prerequisite for the establishment of a learning environment.

Northwest views any form of sexual assault, domestic violence, dating violence, and stalking (as defined in this policy) as a serious offense, and such behavior is prohibited by state law and by college policy. It is the intention of the College to take whatever action is needed to prevent, correct, and if necessary, discipline behavior that violates this policy. Prosecution of students for crimes they commit, whether by state or federal prosecutors, is independent of, and in addition to, the charges or disciplinary proceedings instituted by the College.

What Constitutes Sexual Assault?
Sexual assault (including but not limited to rape) is defined as any kind of sexual physical contact that involves force or any form of coercion or intimidation. Sexual contact with a person who is unable to consent is prohibited.

Sexual physical contact includes the intentional touching of another person on the area of the body generally recognized as a private part of the body, or touching any part of another person’s body with a private part of one’s own body. An unwarranted touch may be considered sexual physical contact, no matter how slight it is.

A person who is unable to consent includes, but is not limited to, any unmarried person generally under the age of 18, anyone who is physically helpless, or anyone who is mentally incapacitated. A physically helpless person is considered to be one who is unconscious, or for any other reason, unable to communicate unwillingness to engage in any act. A mentally incapacitated person may be one who is under the influence of alcohol or a drug, or who is mentally incapable of understanding the implications and consequences of any act.

What Constitutes Domestic Violence?
Domestic violence simple assault: Miss. Code Ann. § 97-3-7 (3)
(3) (a) When the offense is committed against a current or former spouse of the defendant or a child of that person, a person living as a spouse or who formerly lived
as a spouse with the defendant or a child of that person, a parent, grandparent, child, grandchild or someone similarly situated to the defendant, a person who has a current or former dating relationship with the defendant, or a person with whom the defendant has had a biological or legally adopted child, a person is guilty of simple domestic violence who:

(i) Attempts to cause or purposely, knowingly, or recklessly causes bodily injury to another;

(ii) Negligently causes bodily injury to another with a deadly weapon or other means likely to produce death or serious bodily harm; or

(iii) Attempts by physical menace to put another in fear of imminent serious bodily harm.

Upon conviction, the defendant shall be punished by a fine of not more than Five Hundred Dollars ($500.00) or by imprisonment in the county jail for not more than six (6) months, or both.

(b) Simple domestic violence: third. A person is guilty of the felony of simple domestic violence third who commits simple domestic violence as defined in this subsection (3) and who, at the time of the commission of the offense in question, has two (2) prior convictions, whether against the same or another victim, within seven (7) years, for any combination of simple domestic violence under this subsection (3) or aggravated domestic violence as defined in subsection (4) of this section or substantially similar offenses under the law of another state, of the United States, or of a federally recognized Native American tribe. Upon conviction, the defendant shall be sentenced to a term of imprisonment not less than five (5) nor more than ten (10) years.

Aggravated domestic violence: Miss. Code Ann. § 97-3-7 (4)

(4) (a) When the offense is committed against a current or former spouse of the defendant or a child of that person, a person living as a spouse or who formerly lived as a spouse with the defendant or a child of that person, a parent, grandparent, child, grandchild or someone similarly situated to the defendant, a person who has a current or former dating relationship with the defendant, or a person with whom the defendant has had a biological or legally adopted child, a person is guilty of aggravated domestic violence who:

(i) Attempts to cause serious bodily injury to another, or causes such an injury purposely, knowingly, or recklessly under circumstances manifesting extreme indifference to the value of human life;

(ii) Attempts to cause or purposely or knowingly causes bodily injury to another with a deadly weapon or other means likely to produce death or serious bodily harm; or

(iii) Strangles, or attempts to strangle another.

Upon conviction, the defendant shall be punished by imprisonment in the custody of the Department of Corrections for not less than two (2) nor more than twenty (20) years.

(b) Aggravated domestic violence; third. A person is guilty of aggravated domestic violence third who, at the time of the commission of that offense, commits aggravated domestic violence as defined in this subsection (4) and who has two (2) prior convictions within the past seven (7) years, whether against the same or another victim, for any combination of aggravated domestic violence under this subsection (4) or simple domestic violence third as defined in subsection (3) of this
section, or substantially similar offenses under the laws of another state, of the United States, or of a federally recognized Native American tribe. Upon conviction for aggravated domestic violence third, the defendant shall be sentenced to a term of imprisonment of not less than ten (10) nor more than twenty (20) years.

(5) Sentencing for fourth or subsequent domestic violence offense. Any person who commits an offense defined in subsection (3) or (4) of this section, and who, at the time of the commission of that offense, has at least three (3) previous convictions, whether against the same or different victims, for any combination of offenses defined in subsections (3) and (4) of this section or substantially similar offenses under the law of another state, of the United States, or of a federally recognized Native American tribe, shall, upon conviction, be sentenced to imprisonment for not less than fifteen (15) years nor more than twenty (20) years.

(6) In sentencing under subsections (3), (4) and (5) of this section, the court shall consider as an aggravating factor whether the crime was committed in the physical presence or hearing of a child under sixteen (16) years of age who was, at the time of the offense, living within either the residence of the victim, the residence of the perpetrator, or the residence where the offense occurred.

What Constitutes Dating Violence?
Dating Violence is defined as a pattern of behavior where one (1) person intentionally threatens or actually uses physical, sexual, verbal or emotional abuse to harm, intimidate or control another person with whom that person has a dating relationship.

What Constitutes Stalking?
Stalking: Miss. Code Ann. § 97-3-107
(1) (a) Any person who purposefully engages in a course of conduct directed at a specific person, or who makes a credible threat, and who knows or should know that the conduct would cause a reasonable person to fear for his or her own safety, to fear for the safety of another person, or to fear damage or destruction of his or her property, is guilty of the crime of stalking.

(b) A person who is convicted of the crime of stalking under this section shall be punished by imprisonment in the county jail for not more than one (1) year or by a fine of not more than One Thousand Dollars ($1,000.00), or by both such fine and imprisonment.

(c) Any person who is convicted of a violation of this section when there is in effect at the time of the commission of the offense a valid temporary restraining order, ex parte protective order, protective order after hearing, court approved consent agreement, or an injunction issued by a municipal, 26 justice, county, circuit or chancery court, federal or tribal court or by a foreign court of competent jurisdiction prohibiting the behavior described in this section against the same party, shall be punished by imprisonment in the county jail for not more than one (1) year and by a fine of not more than One Thousand Five Hundred Dollars ($1,500.00).

(2) (a) A person who commits acts that would constitute the crime of stalking as defined in this section is guilty of the crime of aggravated stalking if any of the following circumstances exist:

(i) At least one (1) of the actions constituting the offense involved the use or display of a deadly weapon with the intent to place the victim of the stalking in reasonable fear of death or great bodily injury to self or a third person;

(ii) Within the past seven (7) years, the perpetrator has been previously convicted of stalking or aggravated stalking under this section or a substantially similar law of another state, political subdivision of another state, of the United States, or

Annual Security Report • 299
of a federally recognized Indian tribe, whether against the same or another victim; or

(iii) At the time of the offense, the perpetrator was a person required to register as a sex offender pursuant to state, federal, military or tribal law and the victim was under the age of eighteen (18) years.

(b) Aggravated stalking is a felony punishable as follows:

(i) Except as provided in subparagraph (ii), by imprisonment in the custody of the Department of Corrections for not more than five (5) years and a fine of not more than Three Thousand Dollars ($3,000.00).

(ii) If, at the time of the offense, the perpetrator was required to register as a sex offender pursuant to state, federal, military or tribal law, and the victim was under the age of eighteen (18) years, by imprisonment for not more than six (6) years in the custody of the Department of Corrections and a fine of Four Thousand Dollars ($4,000.00).

(3) Upon conviction, the sentencing court shall consider issuance of an order prohibiting the perpetrator from any contact with the victim. The duration of any order prohibiting contact with the victim shall be based upon the seriousness of the facts before the court, the probability of future violations, and the safety of the victim or another person.

(4) Every conviction of stalking or aggravated stalking may require as a condition of any suspended sentence or sentence of probation that the defendant, at his own expense, submit to psychiatric or psychological counseling or other such treatment or behavioral modification program deemed appropriate by the court.

(5) In any prosecution under this section, it shall not be a defense that the perpetrator was not given actual notice that the course of conduct was unwanted or that the perpetrator did not intend to cause the victim fear.

(6) When investigating allegations of a violation of this section, law enforcement officers shall utilize the Uniform Offense Report prescribed by the Office of the Attorney General in consultation with the sheriffs' and police chiefs' associations. However, failure of law enforcement to utilize the Uniform Offense Report shall in no way invalidate the crime charged under this section.

(7) For purposes of venue, any violation of this section shall be considered to have been committed in any county in which any single act was performed in furtherance of a violation of this section. An electronic communication shall be deemed to have been committed in any county from which the electronic communication is generated or in which it is received.

(8) For the purposes of this section:

(a) “Course of conduct” means a pattern of conduct composed of a series of two (2) or more acts over a period of time, however short, evidencing a continuity of purpose and that would cause a reasonable person to fear for his or her own safety, to fear for the safety of another person, or to fear damage or destruction of his or her property. Such acts may include, but are not limited to, the 27 following or any combination thereof, whether done directly or indirectly: (i) following or confronting the other person in a public place or on private property against the other person’s will; (ii) contacting the other person by telephone or mail, or by electronic mail or communication as defined in Section 97-45-1; or (iii) threatening or causing harm to the other person or a third party.
(b) “Credible threat” means a verbal or written threat to cause harm to a specific person or to cause damage to property that would cause a reasonable person to fear for the safety of that person or damage to the property.

(c) “Reasonable person” means a reasonable person in the victim’s circumstances.

(9) The incarceration of a person at the time the threat is made shall not be a bar to prosecution under this section. Constitutionally protected activity is not prohibited by this section.

Reporting Violations and Receiving Assistance
The Campus Police Office is the principal office designated to receive reports of violations. The Police will assemble trained investigators, counselors, emergency medical technicians, outside law enforcement agencies, and others as needed to respond to particular incidents. Crisis intervention, assessment, direct support, and referral for the victim and the accused will be provided by appropriate staff members.

Any employee receiving a report of an alleged violation should refer the matter to the Campus Police or the Dean of Students. The person receiving the report will discuss options and resources with the person reporting the alleged violation.

Procedures for Reporting Violations
1. Go to a safe place as soon as possible.
2. Try to preserve all physical evidence. If you are reporting a violation that has occurred within the previous 72 hours, it may be possible to collect trace evidence of the offense. This evidence is important, particularly if you wish to prosecute the offender. Do not shower or bathe, wash your hands, use the toilet, change clothing, or wash your clothing or bedding.
   If you changed clothes, please place all of the clothing that was worn at the time of the incident in a paper (not plastic) bag.
3. Seek medical attention. Medical personnel will provide any necessary treatment and collect important evidence during a physical examination. Campus Police are available to arrange transportation for victims to a local hospital where appropriate examinations may be conducted.
4. Call the Campus Police. To report an incident that has just occurred, or to report an incident at a later date, call the Campus Police. Victims are encouraged to bring a friend or family member for support. If the incident occurred off of NWCC controlled property, the NWCC PD will assist the victim in reporting the incident to the proper law enforcement entity.

Reporting an incident is a separate step from choosing to prosecute. We are concerned with the victim’s welfare and want to ensure that the appropriate treatment and support are provided. When individuals file a report with the Campus Police, they are not obligated to continue with legal proceedings or disciplinary action.

Reporting an incident to Campus Police helps:
- Identify and apprehend the alleged assailant;
- Maintain future options regarding criminal prosecution, campus disciplinary action, and/or civil action against the perpetrator; and
- Protect the victim and others from future assaults by the same assailant.

When an incident is reported, a police officer will complete an incident report. An investigator/supervisor will be summoned to begin a prompt, fair, and impartial investig-
gation into the offense. This process is important if the victim wishes to bring criminal charges at this or a later time. The victim will be asked questions about the incident, to identify any witnesses, and to tell what happened before and after the incident. Generally, the police work to safeguard the identity of the victim.

Campus Police will assist the victim in obtaining a restraining order, no-contact order (behavioral restriction), or any other valid court issued protective order. After a valid order is issued NWCC Police will enforce the order as instructed by law.

A victims’ rights packet will be provided to each victim of domestic violence, sexual assault, stalking, and other victim related crimes. A copy of the victims’ rights packet is available at campus police or through any Campus Security Authority/Responsible Employee. The victim’s rights packet will contain information about services available to the victim through the institution and through outside organization.

It is the victim's decision whether to involve the police in an incident. Deciding not to involve the police does not prevent the victim from seeking assistance from a counselor or other appropriate staff or faculty members.

5. A complainant may report a sexual assault to a “Campus Security Authority” (as defined by the Clery Act), or to a “Responsible Employee” (as defined by Title IX). The campus security authority/responsible employee may subsequently report the incident to the NWCC PD, or assist the victim in reporting the assault to NWCC PD. Campus security authorities and responsible employees on campus are governed by NWCC Policy and they are asked to immediately report any crimes reported to them to the NWCC PD for the purpose of assessing the crime for the potential distribution of a timely warning notice.

6. Seek counseling or other support. A victim who wishes to speak to someone confidentially is encouraged to contact the Student Development Center. Staff at the center are responsible for coordinating treatment and additional services including re-locating the victim’s on-campus living quarters, changing the victim’s academic schedule, work situation, or school related transportation, if requested. The reason for requested accommodations will be kept confidential and not shared with faculty, support staff, etc.

Adjudicating Violations

In responding to alleged violations, the College seeks to provide redress for the victim/accuser, to provide due process for the accused, and to protect the campus community from the threat of such incidents.

Charges against a student will be handled by the Office of Student Services using the college disciplinary process described in this Annual Security Report. The Vice President for Student Services has the authority to temporarily suspend a student accused of sexual assault, domestic violence, dating violence or stalking, pending a hearing. Upon completion of any necessary investigation, the Dean of Students will formally notify the accused student of any alleged violations of college policies and set a hearing date.

The accused and the accuser have certain rights throughout the hearing process. The rights of an accused student are listed on page 305 of this Annual Security Report. The person filing the complaint (victim/accuser) has the following rights:

1. The accuser (alleged victim) may bring additional supporters, proportionate to the accused, in consultation and with permission of the appropriate disciplinary authority. Supporters may be an attorney, faculty member, another student, a parent, or a citizen at large. Should the accuser invite an attorney to be present at the hearing, the student must notify the Vice President for Student Services of such an invitation within 48 hours of the hearing. Supporters may address the committee only with the
permission of the Chairman.

2. The accuser may submit a written impact report for consideration during the sanctioning phase of the proceeding.

3. The accuser will be simultaneously informed, in writing, the results of the informal or formal hearing.

4. The accuser will be further informed, in writing, of the right to appeal the decision and that they may utilize the same appeal process as the accused.

5. The accuser (alleged victim) will be informed of any change to the results that occurs prior to the time that such results become final.

6. The accuser will be informed of the final results.

Sanctions
A student found responsible of sexual assault, domestic violence, dating violence or stalking would receive a sanction ranging from expulsion to modified suspension with restrictions. A complete list of sanctions that could be assigned is listed on page 309 of this Annual Security Report.

Student Conduct Procedures
The President of Northwest Mississippi Community College has vested in the Dean of Students and designees, and the Student Disciplinary Committee, authority to determine if a student has violated a regulation of the College. After a hearing conducted according to the procedures outlined below, the proper disciplinary authority is authorized to determine if a student is responsible for the alleged violation and to determine the appropriate disciplinary sanction(s). All disciplinary hearings must be conducted according to Students’ Rights of Fundamental Fairness as described.

The Rights of Fundamental Fairness
1. The student has the right to confront and/or cross examine his or her accuser(s).
2. The student has the right to call witnesses in his or her behalf.
3. The student has the right to present evidence in his or her behalf.
4. The student has the right to remain silent during the proceeding.
5. The student shall be presented a written statement of alleged violation(s).
6. The student has the right to counsel/adviser. Counsel/adviser is defined as a faculty member, relative, friend, or legal counsel.
7. The student defendant has the right to appeal the ruling of the respective authority according to the procedures herein described.
8. The student defendant has the right to request a formal hearing before the Student Disciplinary Committee or waive the right to a formal hearing and accept the proposed sanction of the Dean of Students or designee.
9. As provided by policy (cases involving domestic violence, sexual assault, and stalking, etc.) the accusing student will receive the same rights of fundamental fairness as the accused.

Disciplinary Authorities
1. Dean of Students—The Dean of Students has the responsibility to enforce the disciplinary policies of Northwest Mississippi Community College. The Dean is the principal hearing officer of the College regarding disciplinary violations. The Dean shall coordinate all investigations, prepare written reports, bring specific charges, ensure proper distribution of official written notices of the institution, and report on the findings to the Student Disciplinary Committee if an appeal to that committee is requested. The Dean may also recommend sanctions to be imposed and receive any student appeal of decisions and forward them to the proper authority. The Dean shall provide an audio recording and or transcript of the Student Disciplinary Committee hearing to the appeal authority and serve in an advisory capacity. The Dean shall enforce the final decision in all disciplinary action.
   The Dean of Students is responsible for ensuring adherence to the Student Conduct Procedure regarding formal and informal hearings, for notifying appropriate campus offices of disciplinary actions when warranted, and for ensuring the appropriate maintenance, safety and security of all discipline records.
2. Assistant Director of Campus Life and Housing—The Assistant Director of Campus Life and Housing is designated by the Dean to assist in the enforcement of the Code of Student Conduct. The Assistant Director has the responsibility to notify the student of the charges, notify the student of hearings by the Student Disciplinary Committee, and convene the Student Disciplinary Committee. The Assistant Director is authorized to act as a hearing officer to conduct informal hearings, to present cases to the Student Disciplinary Committee, and to coordinate all recordkeeping, formal notices, etc. connected with disciplinary actions.
3. Student Disciplinary Committee—The Student Disciplinary Committee
has the responsibility of hearing all cases involving violations of college policy, determining responsibility, and imposing sanction. The committee shall be composed of four faculty members, two staff members, and one student. An alternate will be named for each member should that member be unable to attend. The President of the College or his designee shall appoint all members. All committee members receive annual training on conducting their role in the hearing process, including such topics as domestic violence, sexual assault, stalking, victim safety, and standard of evidence. All members shall serve a term of one year or until their successors are chosen.

4. **Vice President for Finance**—The Vice President for Finance shall receive student appeals of Student Disciplinary Committee decisions forwarded by the Dean of Students. The Vice President for Finance will hear formal hearing appeals of Student Disciplinary Committee decisions only when the sanctions imposed do not include external suspension, residence hall dismissal, dismissal, or expulsion. His decision in such appeals will be final.

5. **President of the College**—The President of Northwest Mississippi Community College is the final authority on all disciplinary action taken by the institution. The President shall receive student appeals of Student Disciplinary Committee decisions forwarded by the Dean of Students. The President will hear appeals of Student Disciplinary Committee decisions only when the sanctions imposed include expulsion, external suspension, residence hall dismissal, or dismissal. His decision in such appeals will be final.

**Student Conduct Adjudication Procedures**

Listed below are procedures to be used by members of the College community and by disciplinary authorities in adjudicating such complaints. Complaints against a student organization shall be resolved using these same procedures. Reasonable deviations from these procedures by the College will not invalidate a decision or proceeding unless significant prejudice results from such deviation.

**Filing a Complaint**

Disciplinary action shall be commenced with the filing of a written complaint by the Campus Police, Campus Security Authority/Responsible Employee, or any member of the College community or guest of the College with the Assistant Director of Campus Life and Housing or designee. This report shall be filed stating the charge against the accused as well as facts supporting such a charge.

**Informal Hearings**

Upon receipt of a written complaint, the Assistant Director of Campus Life and Housing shall direct the accused student by letter, telephone, or campus appearance ticket to schedule within two (2) working days, an appointment with the Assistant Director or other hearing officer for an informal hearing. At the informal hearing, the hearing officer will:

1. Provide the student with the charge as well as the facts supporting the charge.
2. Review the charge and facts with the student. After review, the hearing officer may dismiss the charge should he determine that the charge is not valid. Should the hearing officer determine the charge is valid, the student has two hearing options:
   a. to accept responsibility for the charge, waive his or her right to a formal hearing, and request that the informal hearing continue; or
   b. to plead not responsible for the charge and request a formal hearing before the Student Disciplinary Committee.

The hearing officer has the right to decline to hold an informal hearing and forward
the case to the Student Disciplinary Committee for a formal hearing.
If in an informal hearing the student accepts responsibility for the charge and
waives his/her right to a formal hearing, the hearing officer will follow the following
procedure:
1. The hearing officer will discuss the violations with the student and determine
appropriate sanctions. In determining sanctions, the hearing officer will review and
consider any previous violations of policy by the student. The hearing officer will
then complete an Informal Discipline Hearing Action Form. The form shall specify
both the violations and the assigned sanctions.
2. Should the student decide to accept responsibility for the violations and the
sanctions specified, he/she should then sign the form. The hearing officer will pro-
vide the student with a copy of the signed form. The student has three (3) working
days in which to revoke, in writing, his/her acceptance of responsibility and request
a formal hearing.
3. Should the student accept responsibility for the violations but not the sanc-
tions, the student may request a formal hearing with the Student Disciplinary Com-
mittee. The student and hearing officer will then both complete a Request for
Formal Hearing Form.
Should a student fail to schedule an informal hearing, the hearing officer will sched-
ule the informal hearing and send notice of such hearing to the student’s campus or
permanent address. The hearing may be no earlier than four (4) working days from
the sending of the notice. Should the student fail to appear for the hearing the hear-
ing officer may hear the case in the student’s absence. Results of the hearing will
be sent to the student’s campus or permanent address. The student may appeal the
decision according to Informal Hearing Appeal Procedures.

Formal Hearings
Notice of Hearing
The accused student shall be given notice of his/her hearing before the Student
Disciplinary Committee. This notice should be in writing and shall state the regu-
lations allegedly violated as well as the facts underlying each alleged violation. The
student shall be notified of the date, time, and place of the hearing.
Notice of the hearing will be presented to the student 48 hours prior to the hearing,
when possible.
The accused student may request a delay in the hearing from the Dean of Students.
The Dean may grant such requests as he deems appropriate. At the beginning of a
hearing, the accused student may also request a delay from the Student Disciplinary
Committee. Such requests will be granted only in the most unusual circumstances.

Hearing Procedures
1. Disciplinary hearings are of a private and confidential nature involving the
student and the Student Disciplinary Committee. They are closed to the public.
2. All proceedings will be conducted promptly on a fair and impartial basis.
Both the accused and accuser are each permitted to challenge up to two members
of the committee on the basis of partiality. The committee as a whole shall rule by
majority vote on all challenges. A committee member is obligated to excuse them-
selves from the proceedings if they are unable to remain impartial.
3. The order of the hearing is as follows:
a. presentation of the charge(s);
b. a call for the accused’s response to the charge(s);
c. supporting testimony and information and/or witness on the charge(s);
d. presentation of the accused’s testimony, witnesses, and supporting informa-
tion; and,

e. examination and questioning by members of the committee both during and following the presentation of charges and the accused's defense.

f. The accused may only question their accuser and opposing witnesses through the Committee Chair.

4. The accused may bring an adviser of his/her own choice to the hearing. This adviser may be an attorney, faculty member, another student, a parent, or a citizen at large. Should a student invite an attorney to be present at the hearing, the student must notify the Dean of Students of such an invitation within 48 hours of the hearing. The adviser may address the committee only with the permission of the Chairman.

5. The first decision to be made by the committee is a finding on the question of whether or not the student is responsible for the alleged violation. When determining responsibility, the committee will use a preponderance of the evidence standard (i.e., it is more likely than not that the violation occurred). If a student is found responsible for the charges, a decision on the application of sanction must be made. These are distinctly separate decisions.

6. Committee deliberations on the questions of responsible or NOT responsible will be closed to all but committee members. They will consider only information pertinent to the charge(s).

7. The President of the College will advise the accused student of the committee's decision and its application of sanction in writing.

8. The accused will be further informed in writing of his/her right to appeal and how to pursue the appeal process.

9. A record of the hearing will be made and stored in the office of the Dean of Students. Recordings may be disposed of immediately following the conclusion of the appeal process.

10. The presiding officer at any hearing may modify, amend, or change these recommended procedures in order that the accused student may have a hearing more fully in compliance with principles of basic fairness.

11. In cases related to domestic violence, sexual assault, and stalking:

a. The accuser (alleged victim) may bring additional supporters, proportionate to the accused, in consultation and with permission of the appropriate disciplinary authority. Supporters may be an attorney, faculty member, another student, a parent, or a citizen at large. Should the accuser invite an attorney to be present at the hearing, the student must notify the Vice President for Student Services of such an invitation within 48 hours of the hearing. Supporters may address the committee only with the permission of the Chairman.

b. The accuser will be simultaneously informed, in writing, the results of the informal or formal hearing.

c. The accuser will be further informed, in writing, of the right to appeal the decision and that they may utilize the same appeal process as the accused.

d. The accuser (alleged victim) will be informed of any change to the results that occurs prior to the time that such results become final.

e. The accuser will be informed of the final results.

**Appeal Procedures**

**Appeal of Formal Hearing**

1. After a formal hearing the student has the right to appeal the decision of the Student Disciplinary Committee.

2. The appeal must be made to the Dean of Students in writing within three (3) days after the student has received written notice of the decision of the Student Disciplinary Committee.
3. The Dean shall forward all appeals not involving the sanctions of external suspension, dismissal, or expulsion to the Vice President for Finance.

4. All appeals involving sanctions of external suspension, dismissal, or expulsion must be forwarded to the President.

5. All appeals must be forwarded within two (2) working days.

6. The Vice President for Finance or President shall notify the student in writing as to their decision within a reasonable amount of time. Simultaneous notification to the accuser will be made as per policy. Their individual decisions are final.

**Disciplinary Sanctions**

The range of disciplinary sanctions includes, but is not limited to, the following:

- **Expulsion**—Permanent separation from Northwest Mississippi Community College, with denial of right of student to participate in any academic or other activity. The student is never allowed to visit any of the college's premises. The expulsion notice must be signed by the President of the College.

- **Dismissal**—Separation from Northwest, with the student not allowed to reapply for admission. The student is not allowed on college premises without specific written permission from the Vice President for Student Services.

- **External Suspension**—Separation from Northwest for a specific period of time. The student is not allowed on college premises without specific permission from the Vice President for Student Services.

- **Interim Suspension**—Temporary suspension from Northwest while awaiting a hearing (see interim suspension procedures).

- **Modified Suspension**—All privileges, except to attend class and use learning resources, are suspended for a period of time. The student is allowed on campus only to attend class and use learning resources. Student must observe all other stipulations specified under his or her suspension. Student must leave campus no later than 4 p.m. unless otherwise specified.

- **Withdrawal**—Student is withdrawn from school. No entry is made on official records other than withdrawal. He/she may return to school at the end of a specified time.

- **Disciplinary Probation**—Student is no longer considered in good standing in terms of conduct. Further violations of regulations during a probationary period may result in suspension, dismissal, or expulsion. Certain student privileges are suspended during a probationary period.

- **Restitution**—Student must replace any private or public property that has been damaged or destroyed.

- **Restriction**—Student is restricted from entering certain facilities or from specified student privileges.

- **Behavior Restriction**—Student is restricted from having any contact with a specific student, staff, or faculty member while on any campus of Northwest Mississippi Community College. Contact is defined as any verbal communication, electronic communication, physical touching or close physical proximity. This includes harassing phone calls and e-mails.

- **Community Service**—Specified work hours with a campus office or community service.

- **Mandatory Counseling/Educational Sessions**—Behavioral counseling or educational sessions on a stated regular basis.

- **Residence Hall Dismissal**—Required to vacate a residence hall for violation(s) of residence hall policies and/or other institutional policies. Students are not allowed to visit any residence hall when assigned this sanction.

- **Fine**—Student is fined for violations of policy; amount of fine will vary depending upon the nature and severity of offense.
Warning—Issued for minor infraction of policy. Further violations will result in more serious sanctions.

Parental Notification—Northwest reserves the right to notify parents of disciplinary infractions according to law.

Resident students appealing the sanctions of expulsion, dismissal, suspension, modified suspension, or residence hall dismissal may be required to temporarily vacate the residence halls while the appeal is pending.

Northwest Mississippi Community College does not utilize corporal punishment as a discipline or behavioral sanction. The use of such is prohibited.

Alternative Resolution
A student may be given the opportunity for an alternative resolution when a policy violation (certain residence hall regulations, tobacco policy, dress code, etc.) occurs for the first time and in which an educational sanction is a more appropriate resolution. Most alternative resolutions would mean attendance by the student at an educational or information session regarding the subject of the violation. Once the student has attended the session, no fines or other sanctions will be assessed regarding the violation. No formal student conduct record will be created. Records of attendance will be kept for the duration of the academic year (fall-spring) and then destroyed. During that time period, attendance records may be referred to in the case of a second violation. Participation by a student in an alternative resolution is voluntary.

Interim Suspension Procedures
Any student charged with or convicted of a violation of the law or college regulation injurious to the health and welfare of the college community, shall be subject to immediate administrative suspension with or without prejudice, depending upon the nature and circumstances of the case, by the President of the College or his delegate. A hearing regarding the student’s conduct and the appropriateness of the suspension must be held as soon as practicable.

Should the administrative suspension be of such duration as to cause a violation of the class absence policy, the College, at its discretion, may withdraw the student from classes with a grade of “W” to avoid failing grades being entered on the student’s permanent record. Such a withdrawal will normally be made in consultation with the student.

The conviction of a student for a criminal offense which interferes with the orderly educational operation of the College or of a nature that, if the student were allowed to remain enrolled, would endanger the health, safety, or property of the college community, shall be sufficient grounds for disciplinary action consistent with the College’s policies and procedures.

Involuntary Withdrawal Procedures
The College is responsible for taking reasonable steps to foster a campus environment conducive to learning. Some students may, because of a medical or other condition, engage in behavior that presents a direct threat of harm to others, or substantially disrupts the learning or working environment. A direct threat means a significant risk of harm to health or safety.

In such cases, as an alternative to disciplinary action, the Dean of Students or designee may require a student to withdraw from the College, take a leave of absence, or vacate a residence hall. Such a decision shall be communicated in writing to the student and must specify the terms of the decision, including reasonable conditions for re-entry.

A student who threatens to commit, or attempts to commit, suicide shall not be subject
to disciplinary action or involuntary withdrawal for simply that threat or attempt.
If a student’s behavior presents an immediate, severe and direct threat to others, or is
substantially disrupting the learning or working environment, the Dean of Students or
designee may impose an interim suspension before a final determination of the matter.
Should a student dispute the decision of the Dean of Students or designee regarding
withdrawal or leave of absence, a student may appeal the decision to the Involun-
tary Withdrawal Appeal Committee. The Committee, appointed by the President,
shall consist of two members of the faculty, one of whom shall serve as chair, a mem-
er of the faculty or staff who possesses counselor credentials, and a member of the
staff. Written notice of the time or date of the hearing shall be given to the student
at least two working days in advance, unless the student consents to an earlier hear-
ing. The student may request a reasonable delay of the proceeding.
At the hearing, the Dean of Students or designee shall present a statement of the
reasons for the withdrawal or leave of absence. The student has the right to present
their reasons for disputing the withdrawal, to present witnesses and evidence on his
or her behalf, to cross examine witnesses, to remain silent without assumption of re-
 sponsibility, and to be assisted by legal counsel or an adviser.
After the evidence is presented at the hearing, the Committee shall determine
whether the College has reasonably proven that the student’s behavior presents a
direct threat of harm to others, or has substantially disrupted the learning or work-
ing environment, and presents a significant risk of threatening further substantial
disruption. The Committee may uphold or overturn the decision of the College,
or alter it by imposing other reasonable remedies or set other appropriate conditions
for re-entry. The decision of the Committee is final.

Recordkeeping
The Dean of Students shall keep on file all official records pertaining to disciplinary
actions. These records are open to examination only according to the College’s pri-
vacy regulations. Victims of acts by other students are allowed access to the sanc-
tions of the perpetrator but are forbidden to share such information with others.
Records on students who have received external suspensions, expulsions, or dis-
missals will be permanently maintained. All other records will be destroyed four
years after an individual ceases to be a student.

Expulsion Sunset Provision
After five (5) years, an expelled or dismissed student may petition for the removal
of the sanction. The request should be mailed or delivered to the Dean of Students
and must include the following:
   1. An outline of the individual’s educational plan;
   2. Reasons for the request of reinstatement of educational privileges; and
   3. A signed release allowing school officials to check criminal history.
Upon receipt of a complete petition, the Dean of Students will review and forward
the petition to the Admissions Committee with his recommendation. The Admis-
sions Committee meets regularly prior to each semester.

Crime Statistics
Northwest Mississippi Community College reports campus crime statistics using the Uniform Crime Reporting system. Crime statistics for the most recent three-year period follow.

Northwest Mississippi Community College is committed to creating and maintaining a community in which students, faculty, and staff can work together in an atmosphere free of the threat of sexual assault. Every member of the college community should be aware that the college considers personal physical safety of students and employees to be a minimal prerequisite for the establishment of a learning environment.

Definitions of Crimes
Pursuant to the Clery Act, crimes must be classified based on the Federal Bureau of Investigation’s (FBI’s) Uniform Crime Reporting Handbook (UCR).

Criminal Offenses
Murder and Non-Negligent Manslaughter: The willful (non-negligent) killing of one human being by another. Deaths caused by negligence, attempts to kill, assaults to kill, suicides, and accidental deaths are excluded.

Forcible Sex Offenses: Any sexual act directed against another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent (i.e., forcible rape, forcible sodomy, sexual assault with an object, or forcible fondling).

Non-Forcible Sex Offenses: Unlawful, non-forcible sexual intercourse (i.e., incest or statutory rape).

Robbery: The taking, or attempting to take, anything of value from the care, custody, or control of a person or persons by force, or threat of force or violence, and/or by putting the victim in fear.

Aggravated Assault: An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. Simple assaults are excluded.

Burglary: The unlawful entry of a structure to commit a felony or a theft. Attempted forcible entry is included.

Motor Vehicle Theft: The theft, or attempted theft, of a motor vehicle. A motor vehicle is self-propelled and runs on the surface and not on rails. Motorboats, construction equipment, airplanes, and farming equipment are specifically excluded from this category.

Arson: Any willful or malicious burning, or attempt to burn, with or without intent to defraud; a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Hate Crimes
Any criminal offense (as listed above) committed against a person or property which is motivated, in whole or part, by the offender’s bias. Bias is a preformed negative opinion or attitude toward a group of persons based on their race, gender, religion, disability, sexual orientation, or ethnicity/national origin.

The Clery Act Categories of Bias
Race: A preformed negative attitude toward a group of persons who possess common physical characteristics (e.g., color of skin, eyes, and/or hair; facial features, etc.) genetically transmitted by descent and heredity which distinguish them as a distinct division of humankind (e.g., Asians, blacks, whites).
Gender: A preformed negative opinion or attitude toward a group of persons because those persons are male or female.

Religion: A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe, and the existence or nonexistence of a supreme being (e.g., Catholics, Jews, Protestants, atheists).

Sexual orientation: A preformed negative opinion or attitude toward a group of persons based on their sexual attraction toward, and responsiveness to, members of their own sex or members of the opposite sex (e.g., gays, lesbians, heterosexuals).

Ethnicity/national origin: A preformed negative opinion or attitude toward a group of persons of the same race or national origin who share common or similar traits, languages, customs, and traditions (e.g., Arabs, Hispanics).

Disability: A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments/challenges, whether such disability is temporary or permanent, congenital, or acquired by heredity, accident, injury, advanced age or illness.

In conjunction with the Clery Act, hate crimes include any of the offenses listed above and the offenses motivated by bias below:

- Larceny-Theft: The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another (larceny and theft mean the same thing in the UCR). Constructive possession is the condition in which a person does not have physical custody or possession, but is in a position to exercise dominion or control over a thing.
- Simple Assault: An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.
- Intimidation: To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.
- Destruction/Damage/Vandalism of Property: To willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

Arrests and Referrals for Disciplinary Actions

The Clery Act requires reporting of arrests and referrals for disciplinary actions for the following violations:

- Liquor Law Violations: State and/or local liquor law violations except drunkenness and driving under the influence. Federal violations are excluded.
- Drug Law Violations: State and/or local offenses relating to the unlawful possession, sale, use, growing, and manufacturing of narcotic drugs. The following drug categories are specified: opium or cocaine and their derivatives (morphine, heroin, codeine); marijuana; synthetic narcotics—manufactured narcotics that can cause true addiction.
- Weapons Violations: All violations of regulations or statutes controlling the carrying, using, possessing, furnishing, and manufacturing of deadly weapons or silencers. Attempts are included.

Policy: Fire Safety Reporting and Disclosures

Introduction
As required by the Higher Education Opportunity Act ("HEOA"), Northwest Mississippi Community College has established the following reporting and disclosure procedures with respect to fire safety in on-campus student housing for the Senatobia Campus. The reporting and disclosure requirements described below apply only to fires that occur on the Senatobia on-campus student housing, which is defined as student housing that is owned or controlled by Northwest Mississippi Community College or located on property that is owned or controlled by Northwest Mississippi Community College, and located within the reasonably contiguous geographic area that makes up the Senatobia Campus.

The goal of the Northwest Mississippi Community College and Campus Police is to provide students in on-campus housing with the information and training necessary to keep them safe from fires.

Reporting Fires to Campus Authorities
Northwest Mississippi Community College students and employees should report all fires that occur in Senatobia on-campus student housing to the Senatobia Campus. The Northwest Mississippi Community College Police Department is located at 103 Union Drive (1st Floor), and can be contacted by calling 662-562-3314. Any reports that may be made to other personnel, such as a Residence Hall Supervisor or other resident staff, should be referred to the Campus Police Office. Northwest Mississippi Community College has an incident report form in which all information pertaining to the fire incident is documented. After a report of a fire has been made to the Campus Police Office, the Campus Police Office will complete an incident report form for the fire, and the report will be included in the Daily Fire Log referred to below.

All fires should be immediately reported to the Senatobia City Fire Department by dialing 911 or 662-562-4434.

Fire Safety Disclosures
With respect to fires on the Senatobia Campus and other on-campus student housing, the Northwest Mississippi Community College makes three disclosures. It publishes an annual fire safety report for each campus, it annually reports its fire statistics to the U.S. Department of Education (the “Education Department”), and it makes, keeps, and maintains a daily fire log for each campus. The procedures for each of these three disclosures for the Senatobia campus are described below.

The Senatobia Fire Department
The Senatobia Fire Department is a full-time, professional, full-service fire department, on duty 24 hours per day, 365 days per year. The department responds to all types of fire, medical, and hazardous material emergencies both in the town of Senatobia and on the Northwest campus. The Senatobia Fire Department is comprised
of a chief, four captains, 14 full-time firefighters, and a fire inspector. The department also provides EMS first response from the EMT level. The Fire Station is located off of Main Street in Senatobia at 137 Front Street. Their direct number is 562-5631.

**Annual Fire Safety Report**

Each Northwest Mississippi Community College campus publishes an Annual Fire Safety Report. The Chief of Police is responsible for collecting the required information and publishing the report for the campuses. The Annual Fire Safety Reports are published concurrently with each campus’ Annual Campus Police Report as permitted by the HEOA regulations so long as the title of the report states that the report contains both the fire safety and campus security information. This is the Annual Fire Safety Report for the Senatobia Campus, and contains the information described below.

**Statistics**

On the following pages are statistics for each Senatobia on-campus student housing facility, for the three recent calendar years for which data is available.

Relevant Fire Safety Definitions
For the purposes of the reporting and disclosure described herein, Northwest Mississippi Community College defines the relevant terms as follows.

- “Fire”: Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.
- “Cause of Fire”: The factor or factors that give rise to a fire, including intentional action, unintentional, mechanical failure, or an act of nature.
- “Fire-related injury”: Any instance in which a person is injured as a result of fire. This included injuries sustained from natural or accidental causes and injuries sustained while involved in fire control attempting a rescue, or escaping from a fire.
- “Fire-related death”: Any instance in which a person is killed as a result of a fire, or dies within one year of injuries sustained as a result of a fire.
- “Value of property damage”: The estimated value of the loss of the structure and its contents, including contents damaged by fire, smoke, water, and overhaul.

Residence Hall/Fire Safety Equipment Descriptions
Northwest Mississippi Community College owns and operates the following nine residence halls on the Senatobia campus, which are used exclusively for residential living.

Benton Apartments • 4811 Highway 51 N., Senatobia
Description—Completed in 1971, Benton was converted in 1989 to a women’s residence hall. The three building complex houses 78 female students in two, four or six bed apartment units.
Fire Safety Equipment—one fire extinguisher in each apartment, smoke detectors in each bedroom and kitchen, exterior video surveillance.

Bobo Hall • 172 Alumni Drive, Senatobia
Description—Built in 1965, Bobo is a two-story women’s residence that houses approximately 59 female students. Comprehensive renovations were completed in 1996 and 2014. Students are housed in a suite environment where two bedrooms share one bathroom located between the two units.
Fire Safety Equipment—A central fire alarm system, smoke detectors in every bedroom and in hallways and lounges, six fire extinguishers, emergency lighting, controlled/monitored building access, and video surveillance.

DeSoto Hall • 230 Northwest Drive, Senatobia
Description—built in 1968, DeSoto was renovated in 1999 and converted from faculty housing to student residences. The four building complex houses 59 male and female students in three to four bed apartments.
Fire Safety Equipment—Smoke detectors in every apartment kitchen and every apartment bedroom, carbon monoxide detectors in every apartment, a fire extinguisher in every apartment, common exterior doors equipped with alarms to discourage door propping, and video surveillance at apartment entrances.

Gainey Hall • 272 Alumni Drive, Senatobia
Description—Gainey was built in 1966 and renovated in 1995 and 2014. The two-story residence houses approximately 88 male students in a suite environment where two bedrooms share one bathroom located between the two units.
Fire Safety Equipment—A central fire alarm system, smoke detectors in every bedroom and in lobbies and hallways, six fire extinguishers, emergency lighting, controlled/monitored building access, and video surveillance.
Marshall Hall • 410 Thompson Street, Senatobia
Description—Completed in fall 2003, Marshall houses 160 male and female students in four bed apartments located in four buildings, with an additional building containing a central office/lounge area.
Fire Safety Equipment—One smoke detector in each apartment, one fire extinguisher in each apartment, and an exterior video surveillance system.

Panola Hall • 405 Thompson Street, Senatobia
Description—Completed in 1974 and renovated in 2004, Panola houses approximately 84 female students in suite style accommodations, with each suite containing three rooms with two beds each, and a suite bath.
Fire Safety Equipment—A central fire alarm system, smoke detectors in each suite hallway, video surveillance, one fire extinguisher in each suite, controlled/monitored access system into each suite, and exterior video surveillance system.

Quitman Hall • 282 Alumni Drive, Senatobia
Description—Quitman is a three-story residence hall built in 1968 and renovated in 1991 and 2015, housing 258 men in two, three, and four bedroom suites. The building has community baths.
Fire Safety Equipment—A central fire alarm, smoke detectors in each bedroom and in hallways, video surveillance, nine fire extinguishers, emergency lighting, and a controlled/monitored building access system.

Tallahatchie Hall • 420 Thompson Street, Senatobia
Description—Tallahatchie is a three building complex built in 1973 and renovated in 1990. 96 male students are housed in one, two, and three bedroom apartments.
Fire Safety Equipment—Smoke detectors in every bedroom and kitchen, a fire extinguisher in every apartment, and exterior video surveillance.

Taylor Hall • 162 Alumni Drive, Senatobia
Description—Taylor is a three-story residence hall housing 172 women in two bed student rooms, with community baths. The hall was built in 1968 and renovated in 1994.
Fire Safety Equipment—A central fire alarm system, nine fire extinguishers, a smoke detector in every bedroom and in hallways and lobbies, emergency lighting, video surveillance, and a controlled/monitored building access system.

Number of Fire Drills Held on Campus
Northwest Mississippi Community College holds semi-annual fire evacuation drills in each of the Senatobia residence halls. Student residents participate in two (2) fire evacuation drills per year. Drills are also held during the summer session.

Rules on Portable Electrical Appliances, Smoking, and Open Flames in a Housing Facility
In general, residents are expected to maintain adequate standards of cleanliness to avoid fire hazards and must not obstruct sidewalks, entrances, passages, fire escapes, elevators, lobbies, stairways, corridors, or halls with personal property. The following items are prohibited in the residence halls and will be confiscated:
• Flammable decorations
• Natural or artificial trees
• Electric heaters, air conditioners, hot plate burners, toasters, toaster ovens or any appliance that would generate a direct heat source
• Halogen lighting equipment
• Candles*, incense, outdoor grills, or any other type of open flame or open coil device
• Explosives, fireworks, firearms, or ammunition

* This applies to all candles, including Shabbat and Hanukkah candles. Shabbat and Hanukkah candles may be kindled only in officially designated areas. An incandescent electric light should be utilized in student rooms for Shabbat candle lighting purposes.

Refrigerators are permitted only in accordance with official specifications.

Smoking is prohibited everywhere on all Northwest Mississippi Community College campuses.

Students found in possession of prohibited items will be subject to disciplinary action. If you have any questions or concerns regarding fire safety, please contact the Northwest Mississippi Community College Housing Office at 662-562-3305.

Deliberate fires of any size will not be tolerated; the deliberate setting of a fire will be treated as arson. False alarms are dangerous and will be treated seriously.

Housing Procedures for Evacuation in Case of a Fire

EMERGENCY EVACUATION: General Emergency Fire Safety Instructions

• Keep calm. Do not panic. Notify the Fire Department as soon as possible. Fire Department personnel will be on the scene of a fire within minutes of receiving an alarm.

• If your building is equipped with a fire alarm and that alarm is sounded, you should evacuate the building in accordance with the procedures outlined in the Fire Safety Notice affixed to the back of the room/suite entry door. WHEN A FIRE ALARM SOUNDS, ALWAYS EVACUATE THE BUILDING.

• Because flame, heat, and smoke rise, generally a fire on a floor below your room or apartment presents a greater threat to your safety than a fire on a floor above. Do not overestimate your ability to put out a fire. Most fires cannot be easily or safely extinguished alone. Do not attempt to put a fire out once it begins to quickly spread. If you attempt to put a fire out, make sure you have a clear path of retreat from the room.

• When exiting the building during a fire, close all doors as you exit to confine the fire.

• Heat, smoke, and gases emitted by burning materials can quickly choke you. If you are caught in a heavy smoke condition where visibility is poor, get down on the floor and crawl. Take short breaths, breathing through your nose.

• If your clothes catch fire, don’t run. Stop where you are, drop to the ground, cover your face with your hands to protect your face and lungs, and roll over to smother the flames.

Campus Policies Regarding Fire Safety Education and Training Programs, Which Include the Procedures that Students and Employees Should Follow in the Case of a Fire

Periodic evacuation drills in the Senatobia on-campus residence halls are conducted in conjunction with the Campus Police. These drills are an important means of preparing residents to respond to the sounding of the fire alarm. Residents must evacuate the building immediately upon hearing the fire alarm. Residents who do not evacuate the building during an evacuation drill are subject to disciplinary action.

Residents of the Senatobia on-campus residence halls also receive residence hall-specific information about fire safety and evacuation procedures at the beginning of each semester. Residents and their guests are responsible for knowing the fire pro-
tection features of the building (i.e. fire exits, stairways, alarm pull stations), as well as the fire safety procedures for the building.

Residents should report any problems or inappropriate behavior observed, including damaged or tampered with fire alarms, removal of fire exits signs, missing fire extinguishers, and behavior that compromises the safety of the community.

List of the Titles of Each Person or Organization to Which Students and Employees Should Report that a Fire Occurred

At the onset of a fire, students and employees should immediately report all fires to the Senatobia City Fire Department by dialing 911 or 662-562-4434. The Northwest Mississippi Community College Campus Police Department should be notified as well by calling 662-562-3314.

Any Plans for Improvements in Fire Safety, Should Northwest Mississippi Community College Determine that Improvements are Necessary

The installation of new fire evacuation plans in each room and other new safety signage is being completed.

Annual Report to the U.S. Department of Education

As required by federal law, Northwest Mississippi Community College reports annually to the Education Department the fire statistics listed herein for Senatobia on-campus student housing as well as fire statistics for on-campus student housing for its other campuses. Northwest Mississippi Community College reports these statistics through the Education Department web-based data collection system.

Daily Fire Log

As required by federal law, each Northwest campus maintains an easily understood written Daily Fire Log. Each Campus Police Office is responsible for maintaining the Daily Fire Log.

The Daily Fire Log lists the following information for each fire that occurs in on-campus student housing: the date the fire occurred, time of occurrence, general location and nature of fire.

Each Campus Police Office makes entries in the Fire Log within two business days of receiving a report of a fire and updates those entries within two business days anytime it receives additional information about the fire. The entries in the Daily Fire Log are eventually used to generate the Annual Fire Safety Report. Each campus maintains its own Daily Fire Log in its Campus Police Office. The Daily Fire Log is kept separate from the Crime Log. The most recent 60 days of each campus’ Daily Fire Log are available upon request in the Campus Police Office for inspection by the public Monday through Friday during business hours. Portions of the Daily Fire Log that are older than 60 days will be made available within two business days of a request for public inspection. Northwest Mississippi Community College maintains each Daily Fire Log for three years following the publication of the last Annual Fire Safety Report to which that Daily Fire Log applies. Thus, Northwest maintains each Daily Fire Log for a period of at least seven years.

Annual Security Report

The Annual Security Report is prepared in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. Copies are available during business hours at the Campus Police Office or Department of Campus Life and Housing. The Daily Crime Log is also available for inspection at each Campus Police Office during business hours.

Emergency Procedures

Medical Emergency

Any person encountering a potentially dangerous medical situation must determine immediately if it is an actual emergency. If it is, do not hesitate; contact your instructor, the building front desk, the building supervisor, or Campus Police immediately. If you cannot leave the situation, send someone who is nearby to call.

Do not delay by referring to other persons for consultation. In a true medical emergency situation, precious time may be lost conferring with others. It is better to call for help and not need it than wait and regret the decision later.

If other people are near, it may be possible to use them to contact campus personnel who may be better trained to handle emergencies. It is imperative that the primary concern always be for the emergency at hand. Never leave the emergency until you are relieved by trained, competent personnel.

When requesting assistance, make sure that you give your name, address, phone number (if possible), and any other information requested by college personnel. Allow the staff member to terminate the phone conversation, thus assuring all essential information has been received correctly.

Fire

1. If you discover a fire:
   a. If the fire is small (e.g., trash can), put it out with a fire extinguisher.
   b. With all other fires, exit the building, pulling the local alarm in the corridor. If there is no alarm, inform your instructor, the building supervisor, or Campus Police.
   c. Staff should contact the Fire Department and/or Campus Police immediately.

2. If you hear a fire alarm:
   a. Pull windows and doors closed.
   b. Exit the building using the nearest unblocked staircase.
   c. Move away from the building. Follow the directions of the College staff or the Fire Department.

Severe Weather

If there is severe weather:

1. Move indoors.

2. The National Weather Service issues severe weather information in the form of WATCHES and WARNINGS.
   a. TORNADO WATCH—means there is a possibility of one or more tornadoes in the area. Continue normal activity but watch for tornadoes.
   b. TORNADO WARNING—means a tornado has been sighted or detected by radar and may be approaching. SEEK SHELTER IMMEDIATELY as directed by College staff. If outside, go to the nearest building or lie down in a ditch or depression. If inside, go to an interior room or hallway away from windows.

Earthquake

If there is an earthquake:

1. During the shaking:
   a. If indoors, take cover under a desk, table, etc., or in doorways, halls and against inside walls.
   b. If outdoors, stay outside and move away from buildings and utility wires.
c. Do not use candles, matches, or other flames during or after a tremor.

2. After the shaking:
   a. Listen to radio/television broadcasts for emergency bulletins and stay off the telephone except to report emergencies.
   b. Stay out of severely damaged buildings. Do not go sightseeing. For more specific information, please refer to the chart on the back of the entrance door to your residence hall or classroom.

**School Closing**

In the case that Northwest Mississippi Community College is closed due to inclement weather conditions the following procedure is followed:

1. School administrators make a decision based on weather conditions at all campus locations.
2. As soon as possible, the Office of Communications notifies all Memphis TV stations.
3. An updated message will be posted on the main campus switchboard (662) 562-3200.
4. An announcement will be posted on the college Web site: www.northwestms.edu.
5. Notification will be placed on the Northwest Rangers Facebook page: www.facebook.com/northwestmscc and on the Northwest Twitter page: www.twitter.com/NorthwestMSCC.
6. Employees and students will be notified through the RangerAlert System via e-mail or text. Students should opt in via text to receive text messages and e-mail alerts about school closings and safety concerns. Text RangerAlert to 955-77 to opt in.

Please note that if school reopens following inclement weather, some TV stations will not post an “open” status. If you do not see Northwest listed as “closed,” then classes will be held. However, an “open” status can be noted on the website, Facebook page, Twitter, Canvas and on the phone recording.
