Mr. David Hargett, chair; Mr. Jerry Barrett, Mr. Jack Gadd, Ms. Diana Grist, Mr. Sammy Higdon
This manual contains state and institutional polices regarding the governance and organization of Northwest Mississippi Community College. Specifically, it contains regulations regarding the organization and operation of the Board of Trustees, the organization of the College's administration, and policies and procedures governing the selection, supervision and common expectations of the employees of the College. Policies contained in this manual supersede those contained in all other publications distributed by the College.

While this manual contains a number of fundamental polices of Northwest Mississippi Community College, this manual is not the sole source of regulations governing the operation of the College. The Northwest Bulletin, the Student Guide, the Faculty Handbook, the NWCC Foundation Policy Manual and other official publications contain many policies and regulations pertaining to students, faculty, staff, administration, and guests of the College. Individuals are encouraged to consult the appropriate publication pertaining to their area of concern.

Northwest Mississippi Community College is an at-will employer. These policies outline the terms and conditions of employment; however, no one set of policies can cover every situation that may arise, and nothing in this manual should be considered a guarantee of continued benefits or employment.

The Board of Trustees of Northwest Mississippi Community College

2.1 Statutory Authority

The creation, establishment, maintenance and operation of community and junior colleges in the State of Mississippi is addressed and defined in Section 37-29-1 through Section 37-29-501 of the General Laws of Mississippi (Mississippi Code of 1972, Annotated). In Section 37-29-31, paragraph (I), the Northwest Mississippi Community College District is created and defined as being comprised of the eleven Mississippi counties of Benton, Calhoun, DeSoto, Lafayette, Marshall, Panola, Quitman, Tallahatchie, Tate, Tunica, and Yalobusha. The statutes establishing the community and junior colleges prescribe the power, authority, and responsibility of the Board of Trustees. Additionally, in Section 37-29-65 of the Mississippi Code of 1972, the selection of trustees, their terms of office, and their compensation for service on the Board of Trustees is defined. Section 37-29-67 of the Code addresses and specifies the general powers and duties of the Board of Trustees.

2.2 Organization of the Board of Trustees

2.2.1 Principles of Organization

1. The members of the Board of Trustees have legal authority only when the Board is in formal session and when a quorum is present.

2. The control over the College by the Board of Trustees is not by individual members but through the majority votes of the Board whereby rules, regulations, policies, and other pertinent matters are adopted when the Board is in lawful session.

2.2.2 Officers of the Board of Trustees

The officers of the Board of Trustees of Northwest Mississippi Community College shall be Chairperson, Vice Chairperson, and Secretary. The Chairperson and Vice Chairperson offices are elected by a simple majority of the membership of the Board of Trustees present and voting at each January regular meeting of the Board. The Chairperson and Vice Chairperson may succeed themselves. The office of Secretary shall be held by the Tate County Superintendent of Education in their capacity as a member of the Board of Trustees. If an inadvertent vacancy in the Officers of the Board of Trustees occurs, such vacancy shall be filled through a special election of the Board at the next regular meeting after the vacancy occurs.

Specific duties and powers of the Officers of the Board are presented later in this manual.

2.3 Philosophy of the Board of Trustees

A. The Board of Trustees shall function as a legislative body, developing policies and approving the means by which these policies are to be executed and implemented.

The procedure to be followed by any public body in declaring an executive session, according to Section 25-41-7 of the Code, shall be as follows: Any member shall have the right to request by motion a closed determination upon the issue of whether or not to declare an executive session. Such motion, by majority vote, shall require the meeting to be closed for a preliminary determination of the necessity for executive session. No other business shall be transacted until the discussion of the nature of the matter requiring the discussion has been completed and a vote (requiring 3/5 majority as described above) has been taken on the issue.

1) An executive session shall be limited to matters allowed to be exempted from open meetings as specifically defined in subsection(4) of Section 25-41-7 of the Mississippi Code of 1972, Annotated. Included in matters allowed to be exempted from open meetings are the following:

One year contracts are therefore executed between the Board and members of the faculty. b. To improve the effectiveness of the instructional program
c. To review individual performances
d. To meet the requirements of the Southern Association of Colleges and Schools and other accrediting agencies

3.4.2 Evaluation of Instructors

Each faculty member will be evaluated according to the following procedures:

1. Student Survey - A student survey will be conducted at least annually in two or more of the faculty member's classes. The results from the student survey will be made available to the faculty member after final grades have been issued. This information will also be made available to the immediate supervisor.

2. Self-Evaluation – The faculty member will annually evaluate teaching and professional responsibilities.

3. Faculty Member Evaluation and Conference
   a. The supervisor will review the student surveys, faculty self evaluation, other relevant information, and will complete the Faculty Evaluation Form and the Faculty Evaluation Follow-up Form.
   b. During the conference, the supervisor and the faculty member will discuss strengths and deficiencies, short and long-range goals to improve any strengths and remediate any deficiencies, and make other recommendations for professional growth and development.
   c. The faculty member will be asked to sign the written report to indicate participation in the conference and will be provided a copy of the written report. The signature of the faculty member on the report does not mean that the faculty member necessarily agrees with the contents of the report, only that the conference was held as required. A written report of the conference will be submitted to the appropriate supervisor for review.

4. Review of Evaluation

   Level 1
   The appropriate supervisor will review the written evaluation report for each faculty member. If no other action is necessary, the appropriate supervisor will notify the Vice President for Education that the faculty member has completed the evaluation process satisfactorily.

   Level 2
   When the report indicates the need for additional review of the faculty member's performance, the
appropriate supervisors will hold a conference with the faculty member to discuss the report and other relevant matters. A written report of this conference with recommendations for further action will be made to the Vice President for Education, with copies to both the supervisors and the faculty member.

5. **Vice President's Review**

The Vice President for Education will review the written report submitted with recommendations for further action. The Vice President for Education may elect to have a conference with the appropriate Dean or Director concerning the information contained in the reports. Following the review, the Vice President for Education will make a recommendation to the President for termination, renewal or non-renewal of the faculty member's contract.

### 3.4.3 Evaluation of Professional Librarians

Professional Librarians holding faculty status will be evaluated annually according to the following procedure:

1. **Student Survey** - Students will be surveyed annually on library services. The results of the student survey will be provided to the Director of Learning Resources.

2. **Self-Evaluation** - Librarians will annually evaluate their job performance.

3. **Director of Learning Resources’ Evaluation of Librarian** - The Director of Learning Resources will evaluate the job performance of each librarian annually.

4. **Librarian - Director of Learning Resources Conference**

   After the librarian's self-evaluation, the student survey, and the Director of Learning Resources’ evaluation of the librarian have been completed, a conference will be held and the librarian and Director of Learning Resources will review the evaluation and discuss strengths and deficiencies, short and long-range goals, and recommendations for professional growth and development. A written report of the evaluation results will be submitted to both the Academic and Career-Technical Deans.

5. **Review of Evaluation**

   **Level 1**

   The appropriate supervisor will review the written evaluation report for each librarian. If no other action is necessary, the appropriate supervisor will notify the Vice President for Education that the librarian has completed the evaluation process satisfactorily.

   **Level 2**

   When the report indicates the need for additional review of the librarian's performance, the appropriate supervisor will hold a conference with the librarian to discuss the report and other relevant matters. A written report of this conference with recommendations for further action will be made to the Vice President for Education, with copies to both the supervisor and the librarian.

6. **Vice President's Review**

The Vice President for Education will review the written evaluation with recommendations for further action. The Vice President for Education may elect to have a conference with the appropriate Dean and/or Director concerning the information contained in the reports. Following the review, the Vice President for Education will make a recommendation to the President for termination, renewal or non-renewal of the professional librarian's contract.
3.5 NON-RENEWAL OF CONTRACT, TERMINATION, AND RESIGNATIONS OF FACULTY

3.5.1 Non-renewal of Contract

a. Faculty members are evaluated annually. If, as a result of the evaluation process, non-renewal of a faculty member's contract is recommended and decided, the faculty member shall be notified in writing by the President no later than April 1. This written notification shall include reasons for non-renewal of contract. Reasons may include, but are not limited to:
   1) incompetence
   2) neglect of duty
   3) immoral or unprofessional conduct
   4) insubordination (refusal to carry out instructions or fulfill job descriptions reasonably given by one in authority)
   5) needs and requirements of the College

The April 1 deadline does not apply to new faculty members. The probationary period for new faculty concludes at the end of their first year of employment.

b. In all cases involving non-renewal of a faculty member's contract, said faculty member shall have the right to appeal this decision to the Personnel Council as outlined in the Due Process and Grievance Procedure section of this manual. The notice of right to appeal the decision will be included in the President's notification of contract non-renewal. New faculty members on probationary status do not enjoy the right to appeal a termination decision.

3.5.2 Termination of Faculty

a. At any time, the President may terminate a faculty member for cause. Cause is defined as conduct by the faculty member which indicates mental or physical incapacities, incompetency, dereliction of duty, immoral or unprofessional conduct, malfeasance, insubordination, or any crisis deemed urgent by the President. Decrease in total student enrollment or decreases in divisions, specific instructional programs, or classes shall be cause for faculty dismissal.

b. The faculty member's exercise of the right to academic freedom, in and of itself, as defined in Section 3.6.1, shall not be considered cause for termination.

c. Faculty who are to be terminated for cause will be notified in writing of this decision by the President. This written notification shall include the reason or reasons for the termination as well as notice to the faculty member of the right to appeal the decision to the Personnel Council as outlined in the Due Process and Grievance Procedure for this manual. New faculty members on probationary status do not enjoy the right to appeal a termination decision.

3.5.3 Resignations

Any faculty member who desires to resign at the end of their contract period may do so by submitting written notification to the Division Director or appropriate Dean. This notification should be submitted by April 15 of the current contract year.

3.6 INSTRUCTIONAL POLICIES

3.6.1 Course Outlines

Syllabi and outlines must include course goals, grading scales, methods of evaluation, college attendance and withdrawal policies, make-up work policy, office hours and office location, required textbooks and materials, and any other policies which individual instructors expect to execute within the regulation,
philosophy and aims of the College.

3.6.2 Grade Book

Instructor’s grade book must be kept on file in the Dean’s or Division Director’s office at the end of each academic year.

3.6.3 Grading Symbols

A final grade is the instructor’s evaluation of the student’s work and achievement throughout a semester’s attendance in a course. Factors upon which the final grade may be based are attendance, recitation, written and oral quizzes, reports, papers, final examination, and other class activities. The evaluation will be expressed according to the following letter system:

<table>
<thead>
<tr>
<th>Passing Grades</th>
<th>Grades with No Credit</th>
</tr>
</thead>
<tbody>
<tr>
<td>A=Excellent</td>
<td>F=Failure</td>
</tr>
<tr>
<td>B=Good</td>
<td>I=Incomplete</td>
</tr>
<tr>
<td>C=Satisfactory</td>
<td>W=Withdrawal</td>
</tr>
<tr>
<td>D=Lowest Passing Grade</td>
<td>N=Audit</td>
</tr>
</tbody>
</table>

Courses with a “W,” “N,” or repeated courses do not count in the grade point average. All other courses are counted.

When a student repeats a passed course (D or C) for grade improvement, the better grade becomes the official grade of record.

3.6.4 Examinations

a. All final examinations must be administered during the final examination period as defined by the College’s published schedule. Any deviation from this schedule must be approved in writing by the Associate Vice President or appropriate Dean’s office. No student may be exempt from an examination.

b. Proctoring of examinations is a required procedure.

c. Final examination papers and test papers are to be retained in the instructor’s files for one year following the time the examination was given.

d. If an instructor leaves at the end of the semester, final examinations must be retained by the appropriate Dean or Division Director. Therefore, the final examination should be administered in some written form so that the instructor and/or Dean can defend the grade if the grade is challenged by the student or referred to a court of law.

3.6.5 Grade Change

When an instructor’s grades are submitted to the Vice President and Registrar’s Office, they are considered permanent and are not subject to change except in the case of error. The request for a grade change is to be initiated by the student. Any change must be submitted by the instructor on the REQUEST FOR GRADE CHANGE FORM.

3.6.6 Cheating and Plagiarism

Students who wish to appeal the decision of their instructor with regards to an allegation of cheating or plagiarism should notify the Associate Vice President for Education or the appropriate Dean in writing within (1) week of the formal decision by their instructor. The Associate Vice President or appropriate Dean will, within a reasonable amount of time, convene an Ad Hoc Committee to hear the student’s appeal and will notify the student in writing of the date, time, and location of the hearing. The Ad Hoc Committee will be chaired by the Associate Vice President or appropriate Dean and may consist of up to two (2) faculty
members and two (2) students. The Committee will review all supporting documentation and hear from the accused student in person. The accused student may submit any documentation and present witnesses in his/her defense at that time. The Committee will render a decision following the hearing and the decision of the Committee is final.

3.6.7 Student Grade Appeal Procedure

The grade appeal procedure is designed to provide a student with a procedure for appealing the assignment of a course grade which is believed to be based on prejudice, discrimination, arbitrary or capricious action, or other reasons not related to academic performance. In all cases the student shall have the burden of proof with respect to the allegations in the complaint and in the request for a hearing. If the student fails to pursue any step of the procedure outlined below, the disposition of the student's complaint made in the last previous step shall be final. All correspondence and records shall be retained in the appropriate Dean's office. The grade appeal procedure involves the following steps:

1. The student shall submit the complaint in writing to the Division Director or appropriate administrator within fifteen (15) days from the date the grade was received.
2. The Division Director or appropriate dean will attempt to resolve the complaint in conference between the student and the instructor, to be held within fifteen (15) days from the date the complaint was received. If the Division Director/administrator was the instructor of the course involved in the complaint, the written complaint of the student shall be submitted to the appropriate supervisor.
3. If the matter is not resolved in step two, the student may request a hearing before the Student Grade Appeals Committee. This request must be submitted in writing to the Associate Vice President for Education or campus Dean within five (5) days of the decision rendered in step 2.
4. If the appropriate administrator does not resolve the complaint the student may appeal in writing to the Vice President for Education for a hearing within fifteen (15) days from the date of the dissolution of step 3.
5. If the complaint is not resolved in step 4, the student may request a hearing before the Student Grade Appeals Committee. This request must be submitted in writing to the Vice President for Education within fifteen (15) days following the Vice President's decision in the matter. The Northwest Mississippi Community College Student Grade Appeals Committee will be appointed by the Vice President for Education. The committee will be composed of the following: Chairperson, three faculty members, and three students who serve as officers of the Student Government Association. Alternate students may be chosen by the Vice President for Education. The decision of the committee is final.

3.6.8 Outside Speakers

When a speaker from outside the College faculty is considered for classroom lecture, the speaker must be approved in writing by the appropriate Dean well in advance of the date he/she is scheduled to speak. If there is doubt about the acceptability of the speaker, the Dean will confer with the President. This policy attempts to assure the best use of class time.

3.6.9 Student Field Trips

Instructional field trips involving students and/or instructional staff require the approval of the appropriate Dean. The instructor must present a written recommendation for such a trip to the appropriate supervisor. The recommendation should designate the class or group involved, the faculty member or members in charge, the mode of transportation, the estimated cost, and the purpose of the trip as related to the instructional program. If the trip is approved, the appropriate form must be filed in the Dean's office.
3.6.10 Curriculum Changes

Changes in curriculum may be initiated from students, faculty, administration, or individuals outside the College community proper. The initial requests for curriculum revisions are referred to the appropriate division for study, consideration and refinement. The request is then submitted to the appropriate administrator for approval. Pending the approval, the requested change is then submitted to the Curriculum Committee. The President will then review the recommendations of the Curriculum Committee. Major changes will be submitted to the President and Board of Trustees for approval.

After President and/or Board approval, the Division Director or appropriate Dean(s) will take the necessary action for implementing the curriculum change. In the case of Career-Technical curriculum revisions, additional steps are followed for approval by the Mississippi Community College Board.

3.6.11 Textbook Selection

Textbook Policy

The selection of appropriate textbooks for classroom instruction is the responsibility of the academic and career-technical faculty. Both full-time and adjunct faculty in each division will participate in identifying and evaluating existing and proposed textbooks for their respective disciplines.

Full-time faculty in each course will make the final determination as to which text best meets the requirements of that particular course.

The Academic Division Directors and Deans are responsible for supervising the textbook selection for each course taught in their area. At least once per year these directors/Deans should schedule a meeting that involves all the teachers in each of the various disciplines under their supervision to discuss textbook adoption. They should coordinate this effort with satellite campuses, full-time and adjunct faculty, and e-Learning to ensure the participation of all faculty.

As one means of ensuring consistency across the different venues in which NWCC operates, all similar courses offered by the College should use the same textbook. Exceptions to this policy must be submitted to the instructor's immediate supervisor, approved by the appropriate administrator, and forwarded to the Vice President for Education. These exceptions are only granted for a one-year period. The various disciplines and programs may supplement the standard text with other reading materials at their discretion.

Textbooks will be adopted for a minimum of three years. However, instructors may request a change in textbooks sooner in unusual circumstances where rapidly changing technologies or major innovations in a discipline render a textbook obsolete. Likewise, a new edition of a book may warrant an exception. Exceptions to the three-year minimum must be approved by the instructor's immediate supervisor.

Textbook orders should be based on realistic figures based on past enrollment and valid projections. This will determine the actual number of textbooks ordered by the bookstore. Orders should be submitted on a textbook requisition form.

Textbook requisitions must be submitted in accordance with the established time schedule below:

For Summer Session........April 1
For Fall Session...............April 15
For Spring Session......October 15
3.7 INSTRUCTIONAL PROGRAM REVIEW

Instructional program review is an integral part of Northwest’s overall institutional effectiveness initiative. A self-study team made up of industry specialists, students, a member of the Northwest Community Board of Trustees, faculty, and administrators conducts a program review using established criteria. The self-study report is the final product of the Instructional Program Review process. The self-study report documents the need, cost and effectiveness of each program in order to answer the question, "Does the instructional quality of the program meet institutional standards?"

For purposes of instructional program review, a program is defined as any organizational unit within the College that provides instructional services.

3.7.1 Purpose and Goals

The purpose of program review and evaluation is to provide a system for continuous improvement in programs. Review and evaluation procedures provide recognition of the accomplishments of a program as well as identify interventions needed for improvement of the program.

1. To ensure the effectiveness of the College's programs
2. To improve the quality of instructional programs
3. To provide data for such intervention decisions as those regarding staff needs, admissions requirements, and curricular additions or deletions
4. To provide a system of regular data collection and analysis
5. To determine how specific programs serve the mission of the College and respond to student and community needs

3.7.2 Program Review Cycle

Each instructional program will be evaluated once in each five year period. Programs are reviewed by major functional areas and/or locations whenever possible.

3.7.3 Criteria for Evaluation

The program(s) under review must provide the following documents to the Committee:

1. **Program Outcomes** – The program’s outcomes as listed in the NWCC Strategic Plan, along with the data from the last five years’ annual reviews.
2. **Enrollment** – Longitudinal enrollment information must be obtained for each across the prior five (5) years.
3. **Performance** – This is gauged by assessing post-NWCC enrollment performance of students from each major. In academic divisions, this is determined by examining transfer performance of students at four-year institutions over the prior five (5) years. Career-Technical programs should look to the state mandated follow-ups with program graduates and (if required) passage rates on state board exams. This should be compiled for the prior five (5) years.
4. **Curriculum Alignment** – Each Board member will receive a copy of the Northwest Bulletin with course descriptions and curricular components. Academic programs should provide current articulation agreements and Career-Technical programs should provide any program certifications from the state.
5. **Student Learning Outcomes** – A general analysis of SLO performance per course over the past three (3) years.
6. **SACS Principles of Compliance Survey**
7. **Instructor Qualifications**
8. **SWOT (Strengths/Weaknesses/Opportunities/Threats)** – Using the data gathered above identify the SWOTs of the program.
9. **Final Assessment/Recommendations/Outcomes** – This section provides a summation to the Board
of the current status of your program based on the above analysis. The final assessment should include past progress, the current status, and future plans for the department.

Both hard copies and electronic copies of all the supporting documents listed above are maintained by the Office of Institutional Research and Planning.

3.7.4 Organization for Program Review

The program review process will be managed by the Coordinator Director of Institutional Research and Effectiveness who will coordinate the reviews and findings of the review committees. A Program Review Committee will be composed of:
- Appropriate Associate Vice Presidents or Deans
- Appropriate Program Directors/Supervisors
- Two (2) faculty members
- Four (4) additional members chosen from the student population, faculty, administration, members of the Board of Trustees, advisory committee members, or individuals from the community

The findings and recommendations of the review committee will be presented to the Vice President for Educational Affairs, the President’s Cabinet, and the Curriculum Committee. The report of findings will then be forwarded to the Academic Council for review.

3.7.5 Review of Centers

The College incorporates a review of its Centers into a comprehensive self-assessment through the following means:

- Student satisfaction survey instruments are administered system-wide and results are reviewed both system-wide and by campus;
- Center Deans serve on the President’s Cabinet, Academic Council, and Curriculum Committee;
- Center Deans or center representatives serve on every compliance standard writing team;
- Annual program reviews are conducted system-wide, and programs offered on multiple campuses are reviewed as a single unit;
- Branch campus representatives serve on program review committees;
- Student Learning Outcomes are conducted system wide at the end of each semester. Center Deans serve on the College’s Academic Council which is charged with reviewing the results and making recommendations.

3.8 LEARNING RESOURCES CENTERS

The Learning Resources Centers at the College strive to implement, enrich, and supplement the instructional program of the school as well as to provide for the independent study and personal reading of the students. Materials added to the Learning Resources Centers will adhere to the college’s Mission statement and will serve to support the faculty and students in the instructional process.

3.8.1 Responsibility for Selection

The task of materials selection rests with the Learning Resources Centers library faculty and with input from full-time teaching faculty. Requests for materials from adjunct instructors need to be submitted to and approved by the appropriate division head. While input is welcome from administrators, students, and adjunct faculty, the final decisions for selection will rest with the Director of Learning Resources and the library faculty.

3.8.2 Criteria for Selection

Materials selected for the Learning Resources Centers libraries will adhere to the American Library
Association’s Library Bill of Rights and statements on Intellectual Freedom and ALA’s Freedom to Read.

Materials selected will support and complement the curricula of the college, academic and career-technical. Formats will be selected to best deliver the information needed. Selection of material will be sensitive to cultural and religious differences. As far as is possible, materials selected will provide multiple viewpoints, be accurate and authoritative, and will be selected to consider the age, ability level, social and emotional development, and learning styles of the students.

A. Print Materials: Books, Newspapers

Library staff will make every effort to honor faculty requests for circulating and reference books and magazines/journals as the budget permits. Library staff will use standard reviewing sources and selection aids for materials selection. Generally textbooks will not be purchased and added to the collection, unless there is a specific need requested by faculty. Newspapers will be selected to include national, regional and local coverage. Magazines will be selected to support specific teaching areas of the college and for the general interests of the students and faculty. Every effort will be made to have print subscriptions complement the array of resources available through our various databases which include wide access to periodicals.

B. Audio-Visual Materials: DVDs, CDs, Cassettes, Other

The acquisition of multimedia materials will be for faculty instructional use in the classroom. Selection of these materials will be faculty-driven. Selection criteria will include:

- Relevance to specific coursework
- Faculty need for supplementing a specific course
- Cost

Emphasis in the purchasing of multimedia materials should be in the following formats:

- DVD – Digital video disc
- VHS – Video recording (if no other format is available)
- Compact discs

Preference will be given to materials which comply with ADA standards, including closed captioning. When audiovisual materials need to be replaced, they will be replaced or updated in the most current formats available.

C. Electronic: Subscriptions, Databases, Other

Databases will be selected and added with the input from all campuses. Whenever possible, a trial of the database will be shared with library staff and appropriate faculty. Due to expense, database selection will necessarily need to support areas of the curriculum and will need support of the faculty in order to be utilized by the students. Retention of databases will depend on budgets and cost per use. Other considerations will include:

1. Ease of use and support by technical staff will need to be considered
2. Access via a proxy server
3. Content that is current, authoritative and support the curriculum
4. Cost of material and current budget considerations

3.8.3 Gifts

The acceptance of gift materials will be judged in the same manner as items which were purchased.
Criteria for acceptance will include: need, quality, appropriateness for the overall library collection. Library staff will reserve the right to evaluate or reject any gifts, and are not bound by any conditions imposed by the donor. Donors should receive a letter, listing the items accepted by the library. The monetary value assigned to the gift is the responsibility of the donor, not the library. The Northwest Mississippi Community College Foundation is the official recipient of all gifts to the college. Any library gifts that are received are to be acknowledged to the donor with an email copy sent to the Director of the Foundation.

3.8.4 Archives

The Learning Resource Center on the Senatobia campus may serve as the main archive for campus publications. The following items should be kept in a staff area for easy retrieval when needed:

- RANGER ROCKETS (STUDENT NEWSPAPER)
- ROCKEТЕERS (ANNUALS)
- NWCC BULLETINS (CATALOGS)
- STUDENT GUIDES (HANDBOOKS)
- NORTHWEST NOW publications (Alumni/Foundation Office)

To a lesser extent, Senatobia and Tate County materials could also be archived. These might include:

- Locally produced histories
- Local publications such as centennial booklets, etc.

3.8.5 De-selection (Weeding)

In order to remain viable, library materials collections must remain current, accurate and authoritative. Materials must be examined on a regular basis, and deselected (weeded) as necessary. Factors to consider in this process include, but are not limited to:

- Material is out of date or inaccurate
- Poor physical condition
- Old edition now superseded by a newer edition
- Duplicates no longer needed for class use
- Lack of use for a period of time (certain areas, like literature classics, need to be retained even if use is minimal)

See Policy/Procedure Manual for more specifics on the de-selection process.

3.8.6 Challenges on Controversial Materials

The Learning Resources Centers of Northwest Mississippi Community College subscribe to the following American Library Association' statements:

- Library Bill of Rights; Freedom to Read Statement; Intellectual Freedom Statement

The complete statements are on file in each Learning Resource Center.

No material whose appropriateness is challenged shall be removed from the materials collection until it has been reviewed by the appointed library committee. Upon review of the challenged material, the Director of Learning Resources will contact the complainant in writing to discuss the committee's decision.

3.8.7 Faculty/Staff Privileges

Faculty and staff are granted extended loan privileges on books. Materials in demand at the circulation
desk are subject to recall. At the end of the school year, or when a staff or faculty member terminates employment, all materials must be returned and records cleared with the Business Office. Reference books do not circulate.

Audiovisual equipment and materials may be checked out by faculty and staff if arrangements are made with the Media Librarian or the Center Librarian. Equipment is limited and should be reserved in advance if at all possible.

3.8.8 Interlibrary Loan

Requests for materials that are not available in the Learning Resources Center must be requested from the Reference Librarian or Center Librarian. If charges to borrow or photocopy material are incurred, the faculty will be responsible for payment. Materials requested through inter-library loan will have to be returned on their due date; extended loan privileges do not apply to these materials.

3.8.9 Orientation

Faculty members who teach freshman English will schedule orientation sessions in the library through their department. Other faculty members who wish to schedule an orientation session are invited to call the Librarian and request a time. If there is a particular assignment that needs specialized orientation, please contact our Reference Desk and allow us to work with you in creating a special orientation session for that assignment.

3.8.10 Class Assignments and Viewing Room Usage

Instructors who wish to bring a class to the library to conduct research during a class period are asked to call the library circulation desk in advance and schedule the class on the library calendar. Scheduling will allow efficient use of the library's limited space and resource materials. Instructors need to accompany their classes when a research session is held in the Library.

In Senatobia, the viewing room in the Learning Resources Center will accommodate an average sized class. Requests for equipment or viewing should be submitted at least 24 hours in advance. This will allow the media center staff to have things ready for the scheduled class. Instructors must accompany classes that use the viewing room. The Learning Resources Center abides by the copyright laws in regard to taping copyrighted television programs for educational use.

3.8.11 Reserve Materials

Materials may be placed on reserve by instructors any time during the semester. Before making an assignment involving reserve books, the instructor should notify the librarian to place the books on reserve, and when the assignment is completed, the library staff should be advised to remove the books from reserve. Instructors should inform students of materials placed on reserve for their use and of regulations regarding the use of these books. At the end of the school year, all materials will be removed from reserve. An instructor's personal copies of books should be picked up at the circulation desk.

3.8.12 Multi-Media Resources

Personal computers are provided in the library for student use on a first come first served basis. Students must swipe their current student ID before they can use a computer. Students who wish to check out laptops from the circulation desk must fill out a form, adhere to the laptop usage policy, and surrender ID to librarian until the laptop is returned. Students may check out specialized software to use in the media lab, or software which has been placed on reserve by an instructor. Staff is available to assist users as needed.
Library Hours:

The Senatobia campus library is open from 7:45 a.m. to 9 p.m. Monday through Thursday, 7:45 a.m. to 3:30 p.m. on Friday, and 1 p.m. until 6 p.m. on Sunday. Summer hours are 8 a.m. to 3 p.m., Monday through Friday.

The DeSoto Center Library is open from 7:30 a.m. to 9 p.m. Monday through Friday, and 8:30 a.m. until noon on Saturday. Summer hours are 7:30 a.m. to 9 p.m. Monday through Thursday, and 7:30 a.m. to 4 p.m. on Friday.

The Lafayette-Yalobusha library is open from 8 a.m. to 9 p.m. Monday through Thursday, and 8 a.m. to 3:30 on Friday. Summer hours are 8 a.m. to 8 p.m. Monday through Thursday, and 8 a.m. to 3 p.m. Friday.

a. Applicants with completed application files will be referred to the appropriate administrators for interviews.
b. Administrators may schedule interviews at their discretion and have the option to interview only the applicants the administrator deems most qualified for the position. When an interview is completed, the administrator shall complete the Personnel Interview Form for the applicant's file.
c. The administrator conducting the interview shall not make a definite commitment at the time of the interview concerning the position or salary. Discussion of salary will be limited to a salary range rather than to a specific figure, pending verification of degree and experience.

4.2.4 Selection and Hiring

a. Once the interview process is completed, the administrator initiating the Personnel Requisition and Announcement Form shall carefully review the Personnel Interview Forms, qualifications of applicants, and other pertinent information. Documentation of this review shall be made on the Personnel Interview Form with the name of the recommended appointee. The administrator shall sign the form and forward the form to the Human Resources Office for approval.
b. The Vice President for Finance will review the selected applicant's file and shall recommend to the President the salary, specific position, and terms of employment. The President will review the recommendation, approve or disapprove the appointment, and notify Human Resources of the decision.
c. Human Resources will prepare a letter of employment and notify the administrator initiating the Personnel Requisition and Announcement Form of the President's approval. The applicant will be notified by Human Resources that a letter of employment has been prepared. The applicant will be required to come to Human Resources on or before the first day of employment to complete necessary employment forms.
d. Once Human Resources has prepared the letter of employment and the prospective employee has been notified that the letter of employment is available to be signed, the
prospective employee has seven (7) days in which to sign the letter. After seven (7) days the letter shall be null and void, and the position will be considered to be unfilled.

4.2.5 Employees

Upon being hired, the following information must be in Human Resources before the employee reports to work:

Administrative, Faculty and Professional Employees:
1. Application
2. Resume

The President of the College may change the nature, location, and specific duties of any non-faculty employee at his discretion whenever such action is in the best interest of the College.

4.2.8 Growth and Development (MOVED TO 5.24.1)

Each employee may register for one course per fall and/or spring semester at Northwest at no cost to the employee. Northwest students are given first priority when filling classes. Scheduling must be approved by the employee’s supervisor. Acceptable academic progress must be shown before approval will be granted to continue in ongoing education programs.

4.3 EVALUATION OF NON-FACULTY EMPLOYEES

4.3.1 Evaluation of Administrators, Professional, and General Staff

1. Each staff employee of the College will be evaluated annually by the employee’s immediate supervisor. The evaluation process must be completed by May 30 of each year. The purposes of the evaluation process shall be to:
   a. Improve the job performance of Northwest employees
   b. Recognize exemplary employees
   c. Remediate deficiencies in employee performance
2. Supervisors should complete the appropriate form for each of their employees.
3. Part-time employees should be evaluated as well as full-time employees, if it is a permanent position. (For example, the office worker who works for 15 hours a week every week would be evaluated, but the worker brought in on a temporary basis for a project.)

4. Once the form has been completed for an employee, the supervisor should schedule a meeting with the employee to review and sign the form. The employee can add any comments they might have regarding the evaluation in the appropriate box.

5. While this evaluation process shall occur annually for each non-faculty employee, the supervisor has the authority to evaluate the performance of any employee at any time deemed necessary.

6. Completed forms should be sent to the Office of Institutional Research and Effectiveness, and then will be placed on file in the Office of Human Resources.

4.4 TERMINATION OF EMPLOYEES

Full-Time Employees

The President has the right to terminate a full-time non-faculty employee at will upon thirty (30) days written notice to the employee with no cause required. Thirty days notice may not be required if termination is for cause. An employee against whom dismissal action is taken will be advised in writing by the President of such dismissal. See section 5.1.1 for procedures regarding employee termination or non-renewal of employee appointment.

Adjunct Employees

The President has the right to terminate, at will, employees in the following categories: Part-time and temporary with no cause required. Employees against whom dismissal action is taken will be advised in writing by the President of such dismissal.

4.5 RESIGNATIONS

1. Administrative or professional staff employees who desire to resign may do so by submitting written notification to the President with copies to their supervisor and Human Resources at least thirty (30) days prior to the desired termination date.

2. General staff members may resign by submitting written notification to the President with copies to their supervisor and Human Resources at least two (2) weeks prior to the effective date of termination.

3. In all cases involving the resignation of employees, the President has the authority to set the actual termination date and other conditions of separation in accordance with the needs of the College.

4.6 NON-RENEWAL OF APPOINTMENT

Supervisors may recommend to the President the non-renewal of appointment of an administrative, professional, or general staff employee. Should the President approve such non-renewal of appointment, the employee shall be notified in writing by the President no later than thirty (30) days before the conclusion of the fiscal year.

4.7 TERMINATION CHECKOUT

Proper checkout must occur for all employees ending their position with the College before Human Resources will issue the last check to the employee. The Employee Termination Checklist must be secured from Human Resources by the employee and distributed to the College personnel who must certify that the employee has complied with the necessary requirements. Once the Checklist has been signed by the appropriate persons, it shall be returned to Human Resources by the employee. Retirement papers cannot be processed until the checkout process has been completed.
SECTION V:
GENERAL POLICIES

5.1 DUE PROCESS AND GRIEVANCE PROCEDURES

1. The administration of Northwest Mississippi Community College recognizes the right of each employee to a fair hearing with regard to any grievance concerning employment, retention, employee evaluation, dismissal, promotion, salary, working conditions, or assigned duties. The grievance procedure shall consist of three progressive steps:

   Step 1. The complainant files a written grievance using the Personnel Grievance Form to his immediate supervisor. The grievance is to be filed within five working days after the act causing the grievance or when the facts pertaining thereto become known or should have been known by the employee. (If the complaint involves the complainant's immediate supervisor, the grievance procedure should begin at Step 2.) The complainant's immediate supervisor shall respond to the complaint within three college work days of receipt of the grievance. If the supervisor's response does not resolve the matter to the complainant's satisfaction, the complainant may initiate Step 2 of this process.

   Step 2. The grievance, as presented on the Personnel Grievance Form, is forwarded to the administrator who is immediately superior to the complainant's supervisor. This administrator shall respond to the complaint within three college work days of receipt of the complaint. If this administrator's response does not resolve the matter to the complainant's satisfaction, the complainant may present his grievance to the Personnel Council. This grievance must be filed within three college work days after completion of Step 2, using the procedure outlined further in this policy.

   Step 3. To insure the protection of the rights of every employee in employment matters, the College has established the Personnel Council. In all employment related matters every employee has a right to a hearing before the Council in accordance with the procedure herein stated. The employee is responsible for initiating the request for a hearing before the Personnel Council. Such request should be made in writing to the Vice President for Finance, who serves as Chairperson of the Personnel Council.

2. The Personnel Council shall be composed of: (1) the Vice President for Finance, Council Chairperson, (2) the Vice President for Education, (3) the Vice President for Student Services/Chief of Staff, (4) the Director of the Learning Resources Center, (5) and (6) members of the faculty, managerial staff, or administration, and (7) member of the staff as appointed by the chair and confirmed by a majority of the above members to hear a particular grievance. One of the three appointees shall be a Division Director or appropriate Dean. If one or more of the standing membership of the Personnel Council is unable to attend, an alternate shall be appointed by the majority of the other members to serve for the particular grievance. The Chairperson shall vote only in the event of a tie among the other members.

3. In matters involving termination of employment without cause, the employee may present the grievance directly to the Personnel Council. Such a request must be presented in writing to the office of Human Resources within three college work days from the receipt of the termination notice.

4. In matters involving employee dismissal for cause, the employee may request an appeal hearing of the dismissal directly to the Personnel Council. Such a request must be presented in writing to the Chairperson of the Personnel Council through the office of Human Resources within three college work days from the receipt of the termination notice.

5. The following policies, procedures, and rights shall be in effect for all cases heard by the Personnel Council:

   a. The complainant having a grievance and wishing to be heard by the Personnel Council shall request a hearing in writing to the Chairperson of the Council. Upon receipt of this request, the Chairperson will arrange this hearing as expeditiously as possible.

   b. The complainant shall be notified in writing at least three (3) college work days in advance of the hearing as to the time of the hearing, the right to have witnesses in his behalf at the hearing, and the right to have an advisor or counsel present at the hearing. The advisor or council will be of the complainant's own hiring and is only to advise the
complainant and may not address the Council and may not question or cross-examine witnesses.

c. The complainant shall be allowed to present his evidence and the witnesses in his behalf.
d. The complainant shall be allowed to confront and question adversary witnesses.
e. The College reserves the right to have the assistance of counsel present at the hearing.
f. The hearing will be conducted as an administrative hearing without restrictions as to the technical rules concerning evidence and burden of proof.
g. The decision of the Council shall be transmitted to the complainant in writing within three (3) college work days of the hearing. The decision of the Personnel Council will be final, subject to review by the President, in all cases involving employees who are not faculty members or who do not have faculty status at the College.
h. The decision of the Council may be appealed to the Board of Trustees in cases involving employees who are faculty members or who have faculty status. Such employees wishing to appeal the decision of the Council to the Board of Trustees shall notify the President in writing within three (3) college work days of the receipt of the Council's decision in the case.
i. The Board of Trustees shall act as a court of final appeal for all cases within the College involving faculty members or employees with faculty status. Before the Board of Trustees will consider the complaint of any person or group of persons, the complaint must be stated in writing, signed, dated, and presented to the President of the College who will forward the complaint to the Chairperson of the Board of Trustees. The Chairperson of the Board of Trustees shall present the written complaint to the Board of Trustees at the next regular meeting of the Board, where it will be promptly acted upon. The Board of Trustees may, in its sole discretion, allow the complainant to appear or to not appear before the Board to present the appeal.

5.1.1 EMPLOYEE REPRIMANDS AND OTHER DISCIPLINARY ACTIONS

1. Faculty, non-faculty, administrative, professional and general staff employees of the College are required to abide by the policies and procedures included in this Manual as well as other rules and regulations, which may be established by the administration of the College. Any employee who violates or disregards a policy, procedure, rule or regulation of the College may be subject to disciplinary action.

2. The specific actions that may warrant disciplinary action include, but are not limited to, the following list:
   a. Insubordination or willful disregard of a directive
   b. Willful falsification of college records
   c. Willful disregard of safety instructions
   d. Unauthorized, unreported or excessive absences, and/or tardiness
   e. Falsifying a time card, including clocking another employee's time card
   f. Unauthorized removal, possession or destruction of college property
   g. Poor work performance
   h. Use of profane or abusive language
   i. Violation of any policies set forth within this manual
   j. Working in an unsafe manner which results in an accident or injury
   k. Other actions deemed by the supervisor to require disciplinary action.

3. Possible disciplinary actions include reprimands, formal warnings, suspension without pay, suspension pending investigation, and termination of employment. The specific action(s) taken will depend on the nature of the offense, the employee's previous record, and the at-will authority of the President.

4. Reprimands – Reprimands, which are normally issued for minor offenses, are to be issued in private in an effort to correct the employee's actions. They are to be documented in writing, setting forth the date and details of the deficiency, then retained by the appropriate supervisor.
5. **Formal Warnings** - Formal Warnings are to be used for recurring or more serious deficiencies or where there is a future possibility of more serious action including termination. They are to be issued in writing and must indicate to the employee the specific nature and date(s) of the deficiencies, what action is required to improve the deficiencies, and that more severe action may result if the employee does not correct the deficiency. The formal warning will be completely documented in writing by the appropriate Dean or Director. After review, the employee, Dean or Director, will sign the formal warning. A copy of the warning will be issued to the employee and the Dean or Director. The original copy of the formal warning and supporting documentation shall be forwarded to Human Resources for retention.

6. **Suspension Without Pay** - Suspension without pay may be utilized as a form of discipline. The reason for the suspension must be documented in writing by the supervisor and must have prior approval by the appropriate Dean or Director before being issued to the employee. The original documentation for the suspension shall be retained in Human Resources with a copy to the appropriate Dean or Director's office.

7. **Suspension, Pending Investigation** - This action should be taken in cases when the alleged infraction is of such serious nature (theft, willful damage to property, harassment, discrimination, threat of bodily harm, or any other such infraction) that it may warrant discharge, pending review of the facts. After consulting with Human Resources or a Vice President, the suspension can be authorized by the appropriate Dean or Director and should be followed immediately by a thorough investigation of the case. The investigation will be coordinated by the appropriate Dean or Director. Any employee suspended, pending investigation, may be asked to vacate college property until after the investigation but may be allowed supervised access to support the case. The pay status of the employee suspended, pending investigation, will continue until the investigation is complete and the College decides on the appropriate sanction, if any.

8. **Termination Without Cause** - The President has the right to terminate at will and without cause a non-faculty employee upon thirty (30) days written notice to the employee.

9. **Termination for Cause** – At any time the President may terminate an employee for “cause”. Cause is defined as conduct by the employee, which indicates mental or physical incapacities, incompetency, dereliction of duty, immoral or unprofessional conduct, malfeasance, insubordination, or any crisis deemed urgent by the President. Employees terminated for cause will be advised in writing by the President, and thirty (30) days notification may not be given. The written notice of dismissal will inform the employee of the right to appeal the decision to the Personnel Council as outlined in the Due Process and Grievance Procedure of this manual. An employee who desires to appeal the termination to the Personnel Council shall make this request in writing to the Human Resources Office within five (5) college work days of the receipt of the dismissal notice. The matter shall be considered settled should an employee fail to request a hearing within this stated time.

10. **Non-Renewal of Appointment** – Supervisors may recommend to the President the non-renewal of appointment of an administrative, professional, or general staff employee. Should the President approve such non-renewal of appointment, the employee shall be notified in writing by the President no later than thirty (30) days before the conclusion of the fiscal year.

11. Unauthorized absences of three (3) consecutive work days without proper notice to the employee's immediate supervisor shall be considered voluntary resignation.

5.1.2 **SEXUAL HARASSMENT POLICY**

1. It is the policy of the College that harassment of applicants, employees, or students on the basis of race, religion, color, national origin, ancestry, medical condition, disability, marital status, age, sexual orientation and sex, including sexual harassment (all as defined and protected by applicable law) is unacceptable and will not be tolerated.

This policy applies to all employees. It covers harassment by employees of the College (including management and faculty), customers, vendors, students, or other third parties with whom the College has business dealings.

Sexual harassment has been defined generally as including unwelcome sexual advances, requests
for sexual favors, and other verbal or physical conduct of a sexual nature whenever:

(1) Submission to the conduct is either an explicit or implicit term or condition of employment
(2) An employee's reaction to the conduct is used as a basis for employment decisions affecting that employee
(3) The conduct has the purpose or effect of interfering with the employee's work performance or creating an intimidating, hostile, or offensive working environment.

No employee or applicant should be subjected to any form of sexual overtures. Nor should any employee or applicant be led to believe that an employment opportunity or benefit will in any way depend upon "cooperation" of a sexual nature.

Sexual harassment is not limited to demands for sexual favors. It may also include such actions as:

(1) Sexually-oriented verbal "kidding", "teasing", or jokes
(2) Repeated offensive sexual flirtations, advances, or propositions
(3) Continued or repeated verbal abuse of a sexual nature
(4) Graphic or degrading comments about an individual's appearance
(5) The display of sexually suggestive objects or pictures
(6) Subtle pressure for sexual activity
(7) Physical contact or blocking movement.

Other prohibited forms of harassment include jokes, verbal abuse and epithets, degrading comments, the display of objects and pictures and other offensive conduct relating to an individual's race, religion, color, national origin, ancestry, medical condition, disability, marital status or age, all as defined and protected by applicable law.

1. The Vice President for Finance is responsible for handling all complaints of sexual harassment and for ensuring that all are investigated fully and fairly, regardless of the manner in which they are made or the individuals involved. Mr. Gary Mosley is the Vice President for Finance. His office is on the upper level of the McCormick Administration Building, and may be reached by phone at (662) 562-3216. He may be reached by electronic mail at gtmosley@northwestms.edu.

3. The President or a designee will review every case to ensure that the complaint has been fully and impartially investigated. If the evidence shows a pattern of sexual harassment or inappropriate conduct as described in this policy, the Vice President for Finance will recommend appropriate disciplinary action. The College will take all necessary steps to prevent recurrence of any discrimination, including sanctions such as expulsion, suspension, modified suspension or behavioral restrictions. The College will take steps necessary to remedy discriminatory effects, such as (but not limited to) reassignment of duties, relocation of workspace, and/or special security precautions.

5.1.3 HARASSMENT REPORTING PROCEDURE

Any employee who feels that they have been the subject of harassment (or who has reason to believe that someone else has been the subject of harassment) has the obligation to notify the College's Human Resources Department at 562-3211 or the supervisor. The complainant is expected to provide information that the College requests, including a detailed account of the incident(s) complained of, witnesses (if any), dates, and other information considered relevant by the College. A prompt investigation of the matter will be made. All employees - whether complainant, witness, or accused - are required to be truthful, accurate, and cooperative during the investigation. College policy and Title IX prohibits retaliation against any individual who files a complaint under Title IX or participates in a complaint investigation.

Harassment is considered a form of employee misconduct. Disciplinary action, up to and including
termination, will be taken against any employee engaging in this type of behavior. Any supervisor or manager who has knowledge of such behavior, yet takes no action to end it, is also subject to disciplinary action.

To the extent possible, the College will keep the complaint and investigation confidential. Any employee involved in an investigation has the obligation of confidentiality for all matters related to the allegation. Confidential matters should only be discussed with individuals involved in conducting the investigation.

The timeframe for most investigations is no longer than fifteen (15) working days. An additional week may be needed for formal adjudication. All parties will be notified in writing of the outcome of the investigation and adjudication.

5.1.4 DRUG FREE WORKPLACE CERTIFICATION

The welfare and success of the College depends on the physical and psychological health of all its employees. The abuse of drugs and alcohol poses a serious threat to both the College and its employees. Commonly abused or improperly used drugs and substances include, among others, alcohol, pain killers, sedatives, stimulants, and tranquilizers, as well as marijuana, cocaine, heroin, and other illegal drugs. It is the responsibility of both the College and the employee to maintain a safe, healthful, and efficient working environment. For that purpose, the College has adopted these policies:

1. The manufacture, distribution, possession, use or sale of alcohol, unauthorized or illegal drugs, or the misuse of any legal drugs on College premises or while on College business is prohibited and will constitute grounds for disciplinary action, which may include termination.
2. Any employee under the influence of drugs or alcohol which impairs judgment, performance, or behavior while on the College premises or while on College business will be subject to disciplinary action, which may include termination.
3. Any employee reasonably suspected of being under the influence of drugs or alcohol will be required to be tested periodically for the use of these substances. An employee with positive test results will be subject to disciplinary action, which may include termination.
4. In all cases involving an on-the-job injury, a mandatory drug and alcohol screening is required. Positive test results may affect the right to receive workers compensation benefits that are allowed by law.
5. Each employee is responsible for promptly reporting to the College any use of prescribed medication which may affect the employee's judgment, performance, or behavior.
6. Any employee who is convicted of a drug-related offense must inform the College within five (5) college work days of such conviction. This notice must be made in writing to the President with an additional copy sent to Human Resources. An employee with such a conviction will be subject to disciplinary action. Failure to make such notification may constitute grounds for termination.
7. The College is required by federal law to notify the federal funding agency within ten (10) days of an employee's conviction of a drug-related offense for any employee whose salary is partially funded with any federal program monies.
8. Each employee's continued employment with the College is conditional upon the employee's willingness to abide by this policy.
9. Disciplinary action taken against an employee in violation of any of the specific policies contained herein may include:
   a. referral to a drug treatment counselor or rehabilitation program, and/or
   b. required drug screening at the employee's expense, and/or
   c. termination of employment
10. The College will take such steps as necessary to effectively enforce this policy. This may include a requirement that employees cooperate in personal or facility searches when their performance is impaired or when their behavior is erratic. Refusing to cooperate with these procedures may be cause for disciplinary action, which may include termination.
11. The Counseling Center offers confidential assistance and referrals for employees who wish help with alcohol or drug problems. It is each employee's responsibility to seek assistance before a problem affects judgment, performance, or behavior.
5.2 LEAVE POLICY

It shall be the responsibility of Human Resources to maintain and certify leave records for each college employee in accordance with the provisions below. It is the responsibility of immediate supervisors to inform persons under their supervision of the policies on personal and sick leave. Any employee who has been terminated and later reemployed by the College will begin a new period of employment for leave purposes. In computing months of service for leave purposes, employees who begin work from the first to and including the fifteenth of the month will receive credit for a full month. Those who begin work on the sixteenth or later earn credit beginning on the first of the next month. Leave will accrue while an employee is on paid Personal or Sick Leave, but not during leave without pay.

5.2.1 Accrual and Use of Personal Leave

a. Twelve-month full-time employees may accrue personal leave in increments as follows:

<table>
<thead>
<tr>
<th>Continuous Service</th>
<th>Accrual Rate (Annually)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 month to 1 year</td>
<td>10 days per year</td>
</tr>
<tr>
<td>13 months to 3 years</td>
<td>18 days per year</td>
</tr>
<tr>
<td>37 months to 8 years</td>
<td>21 days per year</td>
</tr>
<tr>
<td>97 months to 15 years</td>
<td>24 days per year</td>
</tr>
<tr>
<td>Over 15 years</td>
<td>27 days per year</td>
</tr>
</tbody>
</table>

Accumulation amounts are unlimited.

b. Personal leave may be used for vacations and personal business as scheduled by the immediate supervisor. Personal leave may also be used for an illness in the employee's immediate family. For the purpose of this policy, the immediate family is defined as spouse, parent, step-parent, sibling, child, step-child, grandchild, grandparent, son- or daughter-in-law, mother- or father-in-law, or brother- or sister-in-law. There shall be no limit to the accumulation of personal leave. Upon termination of employment each employee shall be paid only for those days earned in the current fiscal year, assuming the funding source so allows. Unused personal leave in excess of those days earned in the current fiscal year shall be counted as creditable service for the purpose of the state retirement system as provided in Sections 25-11-103 and 25-13-5 of the Mississippi Code 1972 Annotated.

c. Personal leave shall be used in minimum increments of one-half (1/2) or more days for leave related to personal business, the illness of a member of the immediate family, leave of an emergency nature, vacation, or other approved purpose. Exceptions to this policy may be approved by the immediate supervisor where the taking of such leave will not interfere with the operation of the College.

d. The time for taking personal leave shall be determined by the immediate supervisor. Requests for personal leave should be submitted to the immediate supervisor at least two (2) weeks in advance of the requested leave dates. The supervisor will consider the requested leave and depending on the College schedule, availability and workloads of other employees and other factors, may approve or disapprove the requested leave. Employees may not use more than thirty (30) days of earned personal leave in any fiscal year.

e. Nine, ten, and eleven-month employees (faculty and non-faculty) will earn personal leave as follows:

- 9 and 10-month employees: 2 days per year
- 11 month employees: 3 days per year

The personal leave days earned in a fiscal year must be taken as personal leave during the fiscal year they are earned. Any unused personal leave days for nine, ten and eleven-month employees will convert to sick days at the end of the current fiscal year.
f. For the purpose of implementing this policy, personal leave will accrue at the rates indicated from July 1, 1989.

5.2.2 Sick Leave

a. All twelve-month full-time employees shall accrue sick leave in increments as follows:

<table>
<thead>
<tr>
<th>Continuous Service</th>
<th>Accrual Rate (Annually)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 month to 3 years</td>
<td>12 days per year</td>
</tr>
<tr>
<td>37 months to 8 years</td>
<td>10.5 days per year</td>
</tr>
<tr>
<td>97 months to 15 years</td>
<td>9 days per year</td>
</tr>
<tr>
<td>Over 15 years</td>
<td>7.5 days per year</td>
</tr>
</tbody>
</table>

Sick leave must be taken in a minimum of half-day increments. Sick leave for twelve-month full-time employees may only be used in times of employee illness.

b. All nine, ten, or eleven-month employees shall accrue sick leave in increments as follows:

<table>
<thead>
<tr>
<th>Continuous Service</th>
<th>Annual-Accrual Rate Nine Ten Eleven</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 month to 3 years</td>
<td>15  16.5  18</td>
</tr>
<tr>
<td>37 months to 8 years</td>
<td>16    17.5  19</td>
</tr>
<tr>
<td>97 months to 15 years</td>
<td>17    18.5  20</td>
</tr>
<tr>
<td>Over 15 years</td>
<td>18    19.5  21</td>
</tr>
</tbody>
</table>

Sick leave must be taken in a minimum of half-day increments. Sick leave for nine, ten, and eleven-month employees may be used in times of employee illness and illness of immediate family with approval of supervisor. Immediate family is defined in Section 5.2.1.b.

c. The employee is requested to:
   1) Notify the employee's supervisor of the reason for absence
   2) Keep the supervisor informed of the employee's expected date of return to duties

d. Sick leave that causes absences beyond two (2) weeks will require a doctor's Fitness for Duty Report. When deemed advisable, the immediate supervisor may require a doctor's Fitness for Duty Report for sick leave absence of any duration.

e. Abuse of the sick leave policy by any employee shall be cause for disciplinary action.

f. Unused sick leave days shall be counted as creditable service for the purposes of the state retirement system as provided in Sections 25-11-103 and 25-13-5 of the Mississippi Code 1972 Annotated.

g. Any employee who presents medical evidence that their physical and mental condition is such that the employee is disabled and cannot return to work may not use more than 120 days of unused paid sick leave from date of disability. This precludes a lump sum payment for this time.

h. Unpaid leaves of absence for illness will not be granted until all paid leave is exhausted.

i. An employee may use up to six weeks of earned sick leave for the placement with the employee of a child for adoption or foster care and to care for the newly placed child within one year of placement.

5.2.3 Family and Medical Leave Policy

The Family Medical Leave Act (FMLA) of 1993 requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to eligible employees for certain family and medical reasons. Northwest Mississippi Community College employees are eligible if they have worked for the College a total of 12 months and 1,250 hours in the previous fiscal year.

Unpaid leave, up to 12 weeks, may be granted to care for the employee's child after birth, or placement for
adoption or foster care; to care for the employee's spouse, son, daughter, or parent who has a serious health condition; or for a serious health condition that makes employees unable to perform their job. The use of eligible paid leave will be required before unpaid leave is granted. FMLA leave will run concurrently with any qualified paid or unpaid leave.

It should be noted that the College fiscal year is from July 1 to June 30. This is the twelve month period referred to for purposes of this policy. Employees must provide 30 days advance notice when the leave is "foreseeable". Medical certification to support a request for leave because of a serious health condition is required, and a fitness for duty report is required in order to return to work.

FMLA defines serious health conditions as an illness, injury, impairment, or any physical or mental condition that causes the employee to miss work for more than three (3) consecutive days and that requires inpatient medical care or continuing treatment by a health care provider. The following ailments do not qualify for FMLA leave, unless complications occur requiring significant medical care:

*common cold
*ear infection
*routine dental problems
*minor ulcers
*cosmetic conditions (plastic surgery)
*headaches other than migraine
*flu
*stress
*allergies
*nausea

NWCC requires medical certification of the need for the leave and of the employee's ability to return to work following the leave.

Certification supporting the need to take Family Medical Leave should include the date on which the serious health condition commenced, the probable duration of the condition, and medical facts about the condition. If the employee is not the individual who is sick, then the statement should include that it is necessary for the employee to care for the child, spouse or parent. If we have reason to doubt the validity of the certification, we may, at the expense of the College, require that the eligible employee obtain the opinion of a second independent health care provider of our choosing. The College may not designate a doctor who works in any capacity for the College. If the two doctors disagree, the employee and Northwest Mississippi Community College must jointly choose a third health care provider whose opinion is binding.

Northwest Mississippi Community College will continue to pay the employer's share of the insurance on the employee for the 12 week period of Family Medical Leave. Employees are responsible for their share during this 12 week period. It is the employee's responsibility to verify coverage with the benefit's office prior to leave. The employee will be required to reimburse the College for any health care benefits provided while the employee was on leave, if that employee decides not to return to work. This payback requirement is not required if the failure to return from leave is for reasons beyond the employee's control.

Accumulated leave will not continue to accrue while the employee is absent on unpaid Family and Medical Leave.

5.2.4 Injury Leave

When an employee is injured in the course of employment, the employee may use earned sick leave, personal leave, or leave without pay (if no personal leave has been accrued) to cover all or part of the period of absence from duty to the extent of the employee's full accumulated leave.

Please read additional information under Worker's Compensation section.

5.2.5 Leave for Death in Immediate Family

Employees may use up to three (3) days of earned sick leave because of a death in the immediate family requiring the employee's absence from work. No qualifying time or use of personal leave will be required prior to the use of sick leave for this purpose. Immediate family is defined in Section 5.2.1.b.

5.2.6 Jury Duty/Elections/Summons to Court

a. Jury duty is recognized as a civic responsibility. Regular full-time employees when summoned for jury duty shall be given leave with pay. The employee shall attach a copy of the summons to jury duty to the absence report. The employee is also required to return any pay received for jury duty to Human Resources.

b. Most employees work or live close enough to the polls to vote before or after working hours. Should this not be possible, an employee may request time off to vote in a county, state, or federal election.

c. An employee summoned to appear in court to testify as a witness in any civil or criminal trial not related to the employee's personal business may be granted time off with pay at the discretion of the respective Vice President.

5.2.7 Military Leave

The College will comply with the regulations of the United States Government and the State of Mississippi as it relates to military leave for employees.

The rights of these reservists or persons called to active military duty and the obligations of their employers are provided in state law in sections 33-1-19 and 33-1-21 of the Mississippi Code of 1972, Annotated, as amended and in federal law in the Uniformed Services Employment and Reemployment Act (USERRA) of 1994.

Under state law all officers or employers of the state, county, municipality, or other political subdivision when ordered to military duty are entitled to fifteen (15) calendar days per year of leave from their job without loss of pay, time, annual leave, or efficiency rating. Further, these soldiers are also entitled to leaves of absences in excess of fifteen (15) days without loss of time, annual leave, or efficiency rating. A soldier on military leave in excess of fifteen (15) days may use accrued personal leave concurrent with military leave if approved by the appointing authority of the agency.

Under federal law, the USERRA of 1994 requires employers to allow up to five (5) years of leave to a soldier who is on military duty, performs that duty satisfactorily, and requests their job back with the time limits provided in the statute. The soldier must be re-employed without regard to whether the military duty was voluntary or involuntary.

Employees are advised that being placed in a military leave status may affect other employee benefits such as insurance and retirement withholdings. Employees taking military leave are advised to consult with Human Resources for specific guidance on these matters.
5.2.8 Miscellaneous Leave Without Pay

Leave of absence without pay may be granted to non-faculty employees by the President upon recommendation of the appropriate Vice President. Leave of absence without pay may be granted to faculty by the President with the approval of the Board of Trustees. Such leave shall be for a specific period of time to attend to personal business.

An employee granted leave without pay will be reinstated to the same or a similar position at the expiration of the leave if the employee is then able to perform the duties required of the position at the time such leave expires, and the same or a similar position still exists and is vacant at the College.

5.2.9 Administrative Leave

The President of the College is authorized to grant discretionary administrative leave with pay to any employee.

5.2.10 Transfer of Leave Policy

Northwest Mississippi Community College’s Leave Transfer Program permits Northwest employees to donate accrued leave for the use of other Northwest employees for personal catastrophic medical conditions or immediate family emergencies.

A Leave Transfer Committee, appointed by the President of the College, will assess the validity of requests for leave and will make sure that all criteria of the Leave Transfer Program are met. The Leave Transfer Committee will consist of one (1) member of the Human Resources staff, two (2) administrative personnel, one (1) faculty member, and one (1) staff member.

All annual personal leave and sick leave must be exhausted before using any leave from a donor.

A maximum number of sixty (60) days can be received per emergency during a fiscal year. This leave may be intermittent if so needed.

When administering the Leave Transfer Program the immediate family will be defined as spouse or child.

Request

Before an employee may receive donated leave, he or she must provide the Personnel Office with a physician’s statement that states the beginning date of the catastrophic injury or illness, a description of the injury or illness, and a prognosis for recovery and the anticipated date that the recipient employee will be able to return to work. The form for this request can be found in the Personnel Office and can be filled out by the person needing the leave. If an employee is not able to make application on his/her behalf, the immediate supervisor may make application on behalf of the potential leave recipient.

Evaluation of Request

The Leave Transfer Committee will review all requests for donated leave time. Consideration will be given to the nature of the emergency and the past leave history of the employee. If the request is approved, the Personnel Office will notify Northwest employees of the recipient’s request so that employees who wish to donate leave time may do so. If the potential recipient does not wish to inform all employees of the existence of a personal emergency, a memorandum will not be distributed campus-wide but donations can be accepted from those employees who are aware of the emergency.
Donation of Leave Time

The person or persons donating leave will come to the Personnel Office to complete a Donation of Leave Form on which they will designate the employee who is to receive the leave and the amount of earned personal leave and medical leave that is to be donated. The maximum amount of earned personal/medical leave that an employee may donate to any other employee may not exceed five (5) days total. The donor employee may not donate more than a number of days that would leave the donor employee with fewer than seven (7) days of personal leave, and the maximum amount of earned medical leave that an employee may donate to any other employee may not exceed fifty percent (50%) of the earned medical leave of the donor employee.

Prohibition of Coercion

No employee may intimidate, threaten or coerce any other employee, directly or indirectly, to donate leave time to another employee. This includes promising to bestow or withhold any benefit to any employee.

Restoration of Donated Leave

Leave will be credited on a first donated basis, and will be applied to the recipient before payroll is processed at the end of each month. When the personal emergency affecting a leave recipient terminates, the employee or his/her immediate supervisor should promptly notify the Leave Transfer Committee. Once the personal emergency ends, no more transfers of leave can be made. The recipient can retain no leave in excess of the time used for the personal emergency. Any donated time not used will be credited back to the employee(s) donating the time.

5.3 ABSENCE REPORTS AND TARDINESS

5.3.1 Sick Leave

a. If an employee must be absent because of illness, accident or other unavoidable cause, the employee must telephone or otherwise advise the immediate supervisor in advance of the regular workday. This notification will be required for each day absent unless it is understood that the absence will be for a specific number of days.

b. Whenever an employee is absent from the job, the immediate supervisor shall complete an Absence Report Form within twenty-four (24) hours of the employee returning to work and submit the report to Human Resources. If the employee is off for more than three or more days, Human Resources should be notified immediately. If at all possible, advance notice of absences is required, with the Absence Report completed and submitted to the immediate supervisor as far in advance as possible.

c. The granting of sick leave benefits will be governed by the policy concerning leave included in this manual. Any questions concerning the reporting of absences should be directed to Human Resources.

d. The supervisor may require a physician's statement concerning the employee's illness and/or fitness to return to work.

5.3.2 Personal Leave

Each full-time employee accrues personal leave under the conditions contained in the Leave Policy section of this manual. Personal leave must be reported on the Absence Report Form. Prior approval of the supervisor is required for personal leave, and the supervisor may consider work-loads, schedules, and other factors in determining leave requests. The Absence Report Form shall be received in Human Resources no later than the next work day after the employee’s return.
5.3.3 Tardiness and Unauthorized Absences

Each employee's regular attendance on the job is important to the operation of the College and is considered an essential function of each College job. More than three occurrences of tardiness in reporting to work during any 30 calendar days or any unexplained absences will seriously impair the value of an employee's services to the College and will be considered sufficient cause for disciplinary action, which may include termination.

5.4 INCLEMENT WEATHER/NATURAL DISASTER POLICY

In the case that Northwest Mississippi Community College is closed due to inclement weather conditions the following procedure is followed:

- School administrators make a decision based on weather conditions at all campus locations
- As soon as possible, Communications staff notifies all Memphis TV stations
- An updated message will be placed on the main campus switchboard (662) 562-3200
- An announcement will be posted on the college Web site: www.northwestms.edu
- Notification will be placed on the Northwest Rangers Facebook page: http://www.facebook.com/northwestms
- Employees are notified through the Ranger Alert system

Please note that if school reopens following inclement weather, some TV stations will not post an “open” status. If you do not see Northwest listed as “closed,” then classes will be held. However, an “open” status can be noted on the Web site and on the phone recording.

If the College closes for inclement weather or natural disaster, only designated personnel from the following departments will be required to report to work:

a. Food Service  
b. Housekeeping  
c. Housing  
d. Physical Plant  
e. Campus Police

Employees from these departments who are required to work will be designated and so notified by their supervisors.

Employees from DeSoto Center, Lafayette-Yalobusha Center, Technical Centers and other off campus sites who need to report in cases of inclement weather will be designated and so notified by their respective Center Deans.

Employees required to report for work during this time will receive additional time off equal to the number of hours worked. This additional time off must be taken before the end of the fiscal year in which it was earned. Time not taken will be forfeited by the employee. Employees provided with campus housing will be excluded from receiving the additional time off under this policy.

5.4.1 DECLARATION OF EVACUATION/CLOSURE

In the event of a natural or man-made disaster, emergency or a special circumstance that poses a danger to the faculty, staff, or students of Northwest Mississippi Community College the President or his designee will make the decision as to whether or not to order the evacuation or closure of the College or a campus of the College.

The President will consult with campus administrators, Campus Police, and community assets as necessary to determine the extent and terms of the closure, and the segments of the campus community
who will receive the notification. The President will, without delay, and taking into account the safety of the community, determine the content of the notification and inform the Vice-President of Student Affairs or the Director of Communications, who will initiate the notification system. The President may delay the issue of a notification if, in his professional judgment, the notification could reasonably be expected to compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. The President may direct that all available campus resources assist in an evacuation or closure. The President may further request the assistance of community resources. These resources may include but are not limited to Law enforcement agencies; college administrators, faculty or staff; county emergency management staff; or media outlets and weather services.

Notification of Evacuation/Closure

Evacuation/Closure of the College may be communicated to the faculty, staff, students and others in the following ways.
- The Ranger alert system to faculty and staff.
- Announcements made on radio and television stations.
- Information by calling 562-3314 or 562-3200
- Loudspeakers on Campus Police vehicles
- NWCC web page

Evacuation

In the event of an emergency and it is determined the campus is to be evacuated/closed all non-emergency personnel are asked to evacuate as quickly as possible by way of the nearest exit. Evacuation maps are available in the emergency plan.

Evacuation Drills

The evacuation test procedures (these procedures may be simulated)
- The Vice-President of Student Affairs will initiate the test by use of the notification system.
- Building directors will clear their buildings of responsibility.
- Campus Police will clear the common areas of campus and assist in removing people from the campus.
- Campus Police will also lock the gates after the evacuation and prevent reentry on to campus.
- The test will continue until the Vice-President gives an all-clear message.

Each test will be documented with a description of the exercise, the date, time and whether it was announced or unannounced.

5.5 FITNESS FOR WORK POLICY

The College may require that an employee undergo a fitness for work examination. Such an examination may be required when it appears that (1) an employee may no longer be able to perform essential job functions; or (2) because of comments or behaviors exhibited by the employee, the employee may be a personal threat or a threat to others.

A fitness for work examination will ordinarily be conducted by a licensed medical or mental health professional approved by the College. The employee will be required to sign an authorization allowing an appropriate College official to be informed as to the employee's fitness to return to work. An employee may be terminated for refusing to undergo a fitness for work examination.
5.6 TRANSMISSION OR STORAGE OF DATA

5.6.1 Definition of the Northwest Network

The computing facilities at Northwest Mississippi Community College consist of a network that encompasses all three campuses. The network provides connectivity for Northwest-owned computers, personal computers, and peripherals. Users consist of ALL students, faculty, staff, and guest users. These facilities are provided to users for educational and administrative activities. All users must utilize these systems in an efficient, ethical, and legal manner. Use of these facilities must be consistent with Northwest policies as well as all existing federal and state laws. Access to computing facilities is a privilege, not a right. Failure to abide by these guidelines may result in disciplinary action as described in the Northwest Student Guide or the Northwest Policy Manual.

5.6.2 Privacy

- Data files or messages being sent via the network are not private or secure communications.
- Northwest reserves its right, as owner of the network, to examine, capture, and archive any messages transmitted over the network and to review any data stored on Northwest-owned computers under the direction of the Network Administrator or Director of Management Information Systems.
- If the security of the network is threatened, Northwest’s requirement to maintain the network’s integrity and protect the rights of users may supersede the individual user’s privacy.

5.6.3 Safety from Threats

While unwanted or unsolicited contact cannot be controlled within the network, users who receive threatening communications should notify Northwest Campus Police. Electronic threats are not tolerated. The college will respond to alleged threats consistent with policies in the Student Guide or the Policy Manual.

5.6.4 User Responsibilities

Responsibilities are a part of the privilege of network access. Users are expected to adhere to these responsibilities. Users who violate these regulations will be subject to disciplinary action as specified in the Student Guide or Policy Manual. Violators may have their network access suspended, and depending on the seriousness of the violation, their actions may have further consequences. Furthermore, actions that violate federal or state laws may result in referral to the appropriate legal authority. Violations should be reported to the Help Desk Coordinator, the Director of Campus Life and Housing, or the Director of Management Information Systems.

- Users are responsible for the security of all logins/passwords and all assigned computer accounts. Access to logins, passwords or computer accounts may not be given to or obtained by any other party. Applications and services by unauthorized parties must be approved by the Network Administrator or by the Director of MIS.
- Users may not misrepresent themselves or their data on the network.
- Users may not use the Northwest networks resources to gain or attempt to gain unauthorized access to remote computers.
- Users may not install/uninstall any software/hardware/network devices on any Northwest-owned computer or on the Northwest network. Any software/hardware changes or requests should be submitted to the Help Desk Coordinator.
- Users may not deliberately perform an act which will seriously impair the operation of computers, terminals, peripherals, or networks. Such acts include but are not limited to: tampering with components of a local area network, blocking communication lines, or interfering with the operational readiness of any computer.
- Users may not run or install any unauthorized program on any component of the network, including but not limited to, the classes of programs known as computer viruses, Trojan horses, and worms.
- Personal equipment connected to the network in the residence halls must have proper virus prevention software installed.
- Users may not attempt to circumvent data protection or exploit security loopholes.
- Unauthorized wireless access points are prohibited on campus.
- Northwest is bound by Title 17 of the United States Code on Copyright and supports the provisions contained therein; therefore, users must abide by the terms of all software licensing agreements and copyright laws. Users do not have the right to receive or use unauthorized copies of software or make unauthorized copies of software for others. Users do not have the right to download materials subject to copyright laws using the Northwest campus wide network. Users may not duplicate or post another party’s copyrighted material (such as music, movies software, written materials), unless permitted by a license or within the fair use doctrine.
- Users may not use the Northwest Network to send, print, request, view, display or store fraudulent, illegal, harassing, racial, obscene, pornographic, indecent, profane or inappropriate materials.
- Users may not deliberately perform acts that are wasteful of computing resources or that unfairly monopolize resources to the exclusion of others. Any person operating a network-intensive application or a defective computer that overloads the Northwest network will be notified, and steps will be taken to protect the overall network. This may include disconnecting the offending computer system from the network until the problem is resolved. If the condition is an imminent hazard to the network or disrupts the activities of others, the offending computer system or the subnet to which it is attached may be disconnected without advance notice.
- Users may not attempt to monitor another’s data communications, nor may they read, copy, change, or delete another user's files or software without permission of the owner.
- Computing and networking resources are provided to support the mission of Northwest Mississippi Community College and may not be used for commercial purposes by any user.
- All network traffic exiting Northwest is subject to the policies of the network through which it flows, as well as to all Northwest policies.
- All Northwest computing and networking facilities are provided for use by the faculty, staff, and students for relevant academic, research, or administrative pursuits. Open Computer Labs in the Union may be reserved through the Help Desk Coordinator. Like all other Northwest facilities, private use must be approved in advance through the Student Affairs Office.
- The content of any information made available to others via the Northwest Network is the sole responsibility of the person who created that information. It is their responsibility to be aware of all applicable federal laws, state laws, and Northwest policies. That person is liable for any violations of federal laws, state laws, or Northwest policies.
- The Network Administrator and the relevant authorities should be notified about violations of computer laws and policies and potential loopholes in or breaches of the security of its computer systems and networks.

In addition to the above user responsibilities, regulations for administrative use are as follows:

- Users must observe all provisions of the Family Educational Rights and Privacy Act (FERPA) when accessing student records. Northwest strives to maintain all sensitive and confidential data in a secure environment. The user of sensitive or confidential reports is responsible for ensuring policy compliance.
- All computer software written in-house, purchased by or licensed to Northwest, is college property and may only be used on college equipment and by employees or other authorized persons.
- Maintenance of the college’s Web page on the Internet is the responsibility of the MIS Department. Approval for changes to the site must be obtained via the regulations set forth in the Information Systems Web Site Policy.
5.6.5 Information Systems Security Policy

The Administrative Computer System is an IBM iSeries Power System P720, 8402-E4B, and is currently running at security level 30. This means that all users must have a valid user ID and password to be able to sign onto the system. This also means that objects on the system may be secured with access granted by the Computer Center based upon user requirements and security clearance.

Each department and/or individual that needs SIS access is assigned a User ID and Password upon request and approval from the appropriate supervisor. Passwords must be changed every 120 days. In the event that someone leaves a department, a new ID and password are assigned. Passwords may also be changed by the Computer Center at the request of the department and/or individual. All users are advised to sign-off of the system when their office is unoccupied.

Access to specific menus, libraries and files are assigned on an individual basis by user profile. The employees' supervisor or director must request any access granted.

Student ID's are randomly generated by the system when a student application for admission is entered. Their social security number is stored in the student record, but can only be viewed by the departments who have a need to access it (Vice President and Registrar and Financial Aid). Employee ID's are randomly generated when job applications are entered into the system. Their social security number is stored in the employee record, but can only be viewed by the Personnel and Payroll offices. This is done in an effort to limit the possibility of identity theft.

Credit card processing is done through the iSeries. Partial credit card transaction information can be displayed by the Business Office for balancing purposes.

Backups of all system libraries are made each weekday on magnetic tape and are kept off-site. These tapes are rotated every four weeks. A total system backup tape is made whenever major changes are made to the computer system software. Secure backups are also done off-site nightly to a secure data center in Louisiana through a contract with My Solutions Team.

The Northwest Network consists of a fiber backbone installed across the main campus. The backbone originates in the basement of the McClendon Center, where the core network equipment, phone system equipment and servers are also located. In addition to the Union, other hub buildings include Berry, Tunica, McCormick Administration, and the Coliseum. Phone service, television service, climate control functions, video surveillance and building access runs over the same backbone on the main campus. On the other campuses, each building is wired to provide data, video, and phone service using the same equipment that we have on the main campus.

All network equipment and phone equipment is protected by UPS systems. A full backup of all network servers is done weekly and stored off-site.

Each employee that needs network access is assigned a User ID and Password to login to the network upon request and approval from the appropriate supervisor. Access to specific items on the network is assigned on an individual basis by user profile. The User ID for the network is also the Username for email. Usernames are traditionally the users' first initial and last name, in the case of a duplicate the middle initial is added. Passwords are provided by the user. They must be at least 8 characters in length and include at least three of the following: numbers, upper case letters, lower case letters or special characters. Passwords may not be reused until the password history reaches 15 and must be changed every 90 days. Users are locked out of their account for 15 minutes after 3 invalid login attempts. Users should not use passwords that would be easily guessed such as children's or pet's names.

All students are assigned a User ID and Password when they register. Student User ID's are the students' first initial, last name, and last 4 digits of their 9-digit Student ID number. Their password is a random number and is system generated. The network will not allow students to login to the network from an
employees’ computer. When residence hall students attempt to attach their computer to the Northwest Network, they are required to allow a scan of their computer to verify that all virus protection and security updates are current. Once they pass the scan they are allowed use of the network.

The college uses a McAfee appliance on the network and McAfee Anti-Virus software in order to limit potential virus threats to the network. McAfee and Microsoft patches are pushed to every machine that is attached to the network as they are made available.

When replacing equipment, computers taken from employees’ offices or computer labs are ‘rebuilt’ to include only the software that will be needed by the employee who will receive the machine. When obsoleting equipment, the hard drive on the computer is erased before turning the machine over to the Inventory Clerk.

As stated in our Acceptable Use Policy for Computing, any email, document or other data saved on equipment that is the property of Northwest is not private. Servers and other equipment are not accessed to retrieve this type of information unless requested to do so by the administration or by law enforcement officials.

When employees leave Northwest, the MIS Department is notified as part of the Personnel exit process. Network, long distance, and system access is terminated. Any information saved to the server under their network User ID will be deleted. Email accounts and messages will also be deleted. Retirees are allowed to keep their email account upon request.

### 5.6.6 Information Systems Usage Policy

The college’s Student Information System (SIS) is real-time administrative computer systems of the college such as the accounting system and the student information system are available to all designated users all hours of the day via web access. Access to these systems is extended during normal working hours. Access to these systems is extended during peak processing times such as registration, grade processing and other priority applications.

Batch processing falls into two separate groups. The first consists of jobs that are run during the day by various areas such as payroll, accounts payable, and accounts receivable, instructor evaluations and selective labels. Payroll, monthly ledger processing and grades always have top priority. Other special requests not accommodated by the SIS are processed by the computer center on a first come first serve basis by submission of a work request form unless there are extenuating circumstances. The request forms must have approval of the appropriate Dean.

The second group consists of jobs that must be run at night due to the need to access files that are active during normal working hours. There are some jobs that are run nightly to maintain file integrity. Other jobs are scheduled weekly or on a time available basis as needed. Certain times of the year special processes such as grades or year end processing occur that must take priority. During these times some rescheduling may be required and requests must be put on hold until computer time is available. If a conflict occurs as to what has priority, the Vice President for Fiscal Affairs will determine the need and set the priority. It is the intent of this department to provide timely service for all requests.

The campus wide network allows for access to the SIS records kept on the administrative computer system for academic needs as well as other applications on campus. The network also allows for Internet access and electronic mail, which enhances communications within the college. The college’s Web Page is managed by our Webmaster. Northwest does not host websites for entities which are not a part of the college.

There are several learning resource labs provided for instructional use. In addition to the classroom computer labs and video conferencing classroom currently used for instructional purposes, there are open computer labs in each campus library for student use as well as additional open computer labs on the main

5.6.8 Information Systems Website Policy

The Northwest Web site is maintained in-house through the Network Support Department. The site is a consolidated site for all areas of the college. Departments are not permitted to host their own sites or publish information on outside servers. Outside agencies are asked to place a link to the page on the Northwest site with the information they request to make available, so that the information provided about Northwest will be current.

Day to day expected updates are submitted directly to the Webmaster. All verbiage updates to current departmental information on the Web site must be submitted to the Webmaster, proofed by Communications and approved by the Vice President over that department. Any department that desires to enhance or expand their pages must first get approval from the Dean or Director of that department to request that the site be updated with the information. They must then work with the Webmaster to develop the updated pages by submitting their information, and/or verbiage, and/or image(s) to the Webmaster. If there are concerns about specific information, images, or verbiage, the Webmaster will contact the department and discuss all changes that must be made before the page can continue through the approval process. Once the pages have been developed they must be submitted to Communications for proofing and then to the Vice President over that department for approval. If the change is a major one, approval must be obtained from the Executive Council.

All Northwest personnel are responsible for notifying the Campus Police and their supervisor of any threats which they have witnessed, received, or have been told that another person has witnessed or received. Even without an actual threat, personnel should also report any behavior they have witnessed which they regard as threatening or violent when that behavior is job related, might be carried out on the campus, or is connected with Northwest employment. of the College, the College's employees, students, visitors, and guests. Because of such dangers, the Board hereby
prohibits the possession of pistols, firearms, or weapons in any form by any person other than duly authorized law

Before an employee shall become a candidate for any public office which is a salaried position, the employee is required to obtain a leave of absence without pay from the President of the institution. The following procedures and interpretations are established to implement this policy:

a. The phrase "which is a salaried position" is interpreted as meaning a job that is essentially full-time with commensurate salary or commission. Questions as to whether candidacy for a particular office requires leave without pay will be referred to the Vice President for Finance.

b. The employee must not use the College insignia, seal, or logo in any way to campaign; nor use College facilities (telephones, computers, mail, supplies, equipment, etc.) in the campaign. The employee must not state that the candidacy has the endorsement of the College.

This insurance provides medical, surgical, and hospital treatment in addition to loss of earnings from work-related injuries.

If you are injured while working, please report it immediately or within 24 hours of the injury to your supervisor, regardless of how minor the injury may be. If a work-related injury requires medical attention by a physician or any other medical facility, a claim must be made out within 24 hours by the Personnel Officer. When a claim is filed, the injured employee must submit to a mandatory drug and alcohol screening. Failure to comply with the procedures may affect your right to receive workers compensation benefits that are allowed by law.

For employees who qualify, the Family Medical Leave Act will run concurrently with the workers compensation claim. FMLA paperwork should be obtained by contacting the Human Resources office.
Employees will be granted all provisions of FMLA; however, the employee may use sick and/or personal leave while on workers compensation. Use of such benefits does not impact workers compensation paid under state law.

If you have any questions regarding the workers compensation insurance program, please contact the Human Resources Office.

Northwest Mississippi Community College and its insurance carrier shall not be responsible for the payment of workers compensation benefits for any injury which arises out of an employee's voluntary participation in any off-duty recreational, social or athletic activity which is not part of the employee's work-related duties.

The supervisor may request that the employee be paid for hours worked in excess of the normal workweek in lieu of accruing compensatory time.

5.26 COMMUNICATIONS POLICY AND COLLEGE PUBLICATIONS

To insure that all newsworthy events are reported to the public, and that all information and publications are consistent with institutional standards of accuracy and presentation, faculty and staff are asked to comply with the following guidelines:

1. Public Information - Information about Northwest is mailed or e-mailed to newspapers, radio and television stations in the college's 11-county district, Tupelo, Memphis, and Jackson. Material must be received in the Communications Office by Wednesday of each week. An estimated timetable for publicity is two weeks prior to an event, and immediately following an event (not more than one week after it has taken place). Press releases are also posted at the online newsroom on the College's Web site.

2. Special Events Coverage - The Communications Office provides coverage of special events on campus such as tournaments, Bull-A-Rama, and Fine Arts productions. At least one week prior notice is required for coverage of a special event. The Communications staff assists with Homecoming, building dedications, and special events as requested by the President.
3. **Sports Coverage** - Sports press releases and radio PSAs are e-mailed to all media on the regular mailing list; special pre-game stories are faxed or called in to daily newspapers, radio and TV stations. Following all home athletic events, scores and statistics are reported to newspapers and television stations in Memphis, Tupelo, and Jackson. Press releases are sent to hometown newspapers of out-of-district and out-of-state athletes. Game stories, scores and statistics are also post on the college's Web site.

4. **Photography** - Photographs are made of student events, special awards, sports events, etc. The purpose of making these photographs is to send them to area newspapers for publicity purposes. At least two days' notice is required for scheduling photography services. The Communications Office does not make photos for scrapbooks and displays. There is, however, a camera that may be checked out for those purposes. Processing is to be provided by the person or department requesting the display photos.

5. **Clearinghouse** - All college materials including programs, invitations, and publications for dissemination to the public are channeled through the Communications Office for proofreading and assisting with the communication process.

### 5.26 Social Media Policy

Thousands of current and future students, faculty, staff, alumni, and donors are utilizing mediums such as Facebook, Twitter, LinkedIn, YouTube, Vine, Instagram and many others to stay connected. Northwest believes that having a presence in these areas will allow the College to broadcast information and interact with the public. In order to operate within these mediums effectively, Northwest has developed a social media policy to ensure that any and all interactions on behalf of Northwest or otherwise represent the College’s and students’ best interests.

These guidelines are broad in nature to accommodate any differences in online venues while maintaining a universal code of conduct.

**College Officially Recognized Social Media Accounts**

1. The Office of Communications operates and mediates the College’s official Facebook (both general college and Athletic), Twitter (both general college and Athletic), Instagram, YouTube, Vine and LinkedIn accounts. Links to official college social media pages can be found on the Northwest website at www.northwestms.edu/socialmedia.

2. Northwest clubs, organizations, groups, departments, programs, entities, etc. can be recognized by the College as an Official Social Media account and advertised as such on the Northwestern website.

3. For a group to be recognized by the College as an official social media account, the group administrators must seek approval from the Office of Communication. Student Organizations must be officially recognized.

4. Members of the Communications Office will review all social media inquiries. This office should also be used as a resource for the college community for any social media needs. The Director of Communications will make the final decision in any situation regarding the use of social media. The Communications Office will ensure the pages are set up properly according to social media site’s policy.
Account Administrators

- All social media accounts officially recognized by Northwest must have Northwest faculty or staff member as an administrator at all times.
  - Should a Northwest employee administrator of an account leave the College for any reason or no longer wish to be an account administrator, it is that individual's responsibility to designate another Northwest employee to be an account administrator prior to removing himself or herself from that role. The Director of Communications should be notified when a new administrator takes over.
- Northwest employees identified as administrators of accounts are held responsible for managing and monitoring content of their officially recognized accounts. Administrators are responsible to remove content that may violate any college policy or rules of conduct.

Content

- Use good judgment about content and respect privacy laws. Do not include confidential information about the College, its staff, or its students.
- You may post any content that is not threatening, obscene, a violation of intellectual property rights or privacy laws or otherwise injurious or illegal. Laws and Northwest policies governing inappropriate conduct such as sexual harassment, bullying, discrimination, defamation, infringement of copyright and trademark rights, and unauthorized disclosure of student records and other confidential and private information apply to communications by Northwest students, faculty and staff through social media.
- Representation of your personal opinions as being endorsed by the College or any of its organizations is strictly prohibited. You may not use the Northwest name to promote any opinion, product, cause or political candidate.
- By posting content to any social media site, you agree that you own or otherwise control all of the rights to that content, that your use of the content is protected fair use, that you will not knowingly provide misleading or false information, and that you hold the College harmless for any claims resulting from the content.
- Northwest has the right to remove any content for any reason, including but not limited to, content that it deems threatening, obscene, a violation of intellectual property rights or privacy laws, or otherwise injurious or illegal.
- When using or posting online material that includes direct or paraphrased quotes, thoughts, ideas, photos, or videos, always include citations. Provide a link to the original material if applicable.
- Refrain from using information and conducting activities that may violate local, state, or federal laws, and regulations.
- Questions about this policy should be directed to the Director of Communications.

5.28 PROCEDURE TO ADD OR ALTER THE OUTDOOR CAMPUS ENVIRONMENT

Any organization, office, employee or entity who wishes to place a permanent outdoor element on any Northwest campus must first complete the appropriate form and receive approval from the Physical Plant Director and then from the President’s Office. These items would be under the dollar limit that requires approval by the Board of Trustees.
